2	Ratify KPMG LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	For
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Following the failed say-on-pay vote in 2019, the company engaged with a significant portion of its shareholder base, and made changes to address certain concerns, which primarily focused around the structure of the pay program for 2020. Further, the company discontinued the use of one-time awards to NEOs. However, new concerns are raised with regard to FY19 pay programs. First, the long-term incentive target allows the CEO to earn a target payout for EBITDA growth of 0 percent and a portion of the award, even if growth is negative. This concern is magnified as the run rate goal is the only metric in the current LTI program and makes up a significant portion of the CEO's total pay. A portion of the performance award vesting in 2019 was also based on EBITDA run rate and awards were earned well above target, for EBITDA run rate growth of over 7 percent. Goal rigor concerns are also raised in the annual incentive program, where the free cash flow goal was set below last year's performance, and then achieved above target. The company did provide a supplemental filing on May 4, 2020, with additional details surrounding the lowered goals. The filing states that the target was lower than the previous year's result "because 2018 Free Cash Flow results included one-time benefits from \$674 million of one-time tax refunds and lower incentive bonus payments." While the company will make positive changes to incentive programs for 2020, including moving to a three-year performance period for long-term incentives, forward-looking goals will not be disclosed for the cumulative EBITDA goal for 2020, which may make it difficult for shareholders to assess if the goal rigor issue is limited to 2019 awards. In light of the concerns, support for this proposal is not warranted.

13	Amend Rules and Procedures Regarding Meetings of Board of Directors	For	Against
<i>Blended Rationale: A vote FOR Item 12 is warranted given the following:- The proposed amendments aim to reflect the company's actual situation and such amendments are in line with the relevant laws and regulations governing the company; and- The company does not have a track record of calling a shareholder meeting with short notice and thus can reasonably be expected not to abuse the authority to call a meeting to approve a resolution within a short notice period.A vote AGAINST Items 13 and 14 is warranted because the proposed amendments would not address the governance risks concerning the party committee, and the amendments are not considered to adequately provide for accountability and transparency to shareholders.</i>

	<i>Blended Rationale: A vote AGAINST the remuneration granted to the CEO is warranted as:- The overall level of disclosure on the bonus (regarding payout per criterion, weighting at cap level, and achievement of qualitative criteria) lies below market standards; and- The LTIP performance conditions raise concerns as the TSR-based criterion is not challenging and there is a lack of disclosure around the CSR-based criterion.</i>		
8	Approve Remuneration Policy of Laurent Mignon, Chairman of the Board	For	For
9	Approve Remuneration Policy of Francois Riah, CEO	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration policy is warranted as:- The derogation provision is too vague and does not set any limit over the board's discretionary power;- The performance conditions of the severance agreement raises concerns due to a potential risk of pay for failure; and- It is impossible to ascertain whether unvested shares would be pro-rated to time served within Natixis in case the executive leaves the company but remains within the BPCE group.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns continue to be raised regarding the approach for determining the CEO's total incentive pay, which is guided by performance assessments but ultimately determined discretionarily. While annual and long-term pay outcomes are now guided by the same scorecard assessment, the majority of the assessment is based on individual performance, and the change does not appear to reduce the discretionary nature of the program. Total incentive awards were below target for a second consecutive year and, although company performance improved in the second half of the year, awards increased significantly from last year's below-target awards amid declining financial performance in several key financial metrics year-over-year. Moreover, the new internally-promoted CEO's total target compensation was set at the same level as his long-tenured predecessor's pay in the prior year, with a significantly greater maximum LTI award opportunity, and company disclosure indicates his salary and total target compensation will increase in 2020.</i>

2	Approve Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factor(s):- The plan cost is excessive;- The three-year average burn rate is excessive;- The disclosure of change-in-control ("CIC") vesting treatment is incomplete; and- The plan allows broad discretion to accelerate vesting.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment is underscored by several concerns regarding pay for the CEO. Total compensation his relatively high, as is base salary. Further, the CEO receives guaranteed annual cash and equity awards of \$1 million each. Equity awards for 2019 were entirely time-based, and investors may question the incentive and retentive value of continued large option grants to the executive given his existing ownership level.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. While PSUs vest based on multi-year goals and were forfeited for the most recent award cycle, the forward-looking LTI targets are not disclosed. The lack of fulsome disclosure of individual performance considerations in the AIP, as well as details of payouts under the Risk Management Contribution program, also raises concerns as the limited disclosure inhibits an informed assessment of the programs. Further, the additional award opportunity under the latter program increases the participating NEOs' target awards and emphasizes short-term performance in the incentive plan rather than long-term performance. In addition, significant concerns are raised regarding a problematic pay practice during the year in review. The company made separation payments to three NEOs whose departures were not clearly stated as qualifying terminations. In the case of the former CEO, the company also awarded a \$3 million bonus along with continued base salary payments for approximately five months after his resignation date.</i>

<i>Blended Rationale: A vote AGAINST Michael Harrington, Deborah Kochevar, and Kirk McDonald is warranted given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter and the classified board, each of which adversely impacts shareholder rights. A vote AGAINST Governance Committee members Deborah Kochevar and Kirk McDonald is further warranted for a material governance failure. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Below-target incentive payouts align with recent underperformance and both programs are based on objective measures; however, concerns are raised regarding goal rigor and transparency. Annual incentive targets were set below actual performance last year without rationale and target opportunities were not adjusted. Further, forward-looking performance equity targets are no longer disclosed. There are also transparency concerns raised regarding severance paid during the year in review. Both the Chief Legal Officer and the President of the Harley-Davidson Brand received severance pay upon departures which were not clearly described as qualifying terminations under the executive severance plan. While one of the NEOs' payments was consistent with prior disclosure under that program, the other's severance payment differed from what would have been expected under the plan, without a clear explanation. Severance is generally intended as a protection against involuntary job loss and is viewed as inappropriate for terminations that are voluntary in nature. Finally, while the CEO's termination was involuntary and his severance is viewed as reasonable, the interim CEO's pay level approaches median CEO pay in the peer group. The proxy does not explain the rationale for the relatively high pay level for an interim position.

In the absence of any significant issues concerning other nominees, a vote FOR their election is warranted.</i>

1a	Elect Director Jeffrey Jordan	For	Against
	<i>Blended Rationale: A vote AGAINST incumbent directors Jeffrey Jordan and Jeremy Levine is warranted given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights. A vote AGAINST incumbent directors Jeffrey Jordan and Jeremy Levine is also warranted given the outsized one-time grant of equity in connection with the IPO which lacks performance conditions. A vote FOR Gokul Rajaram is warranted.</i>

3	Approve Omnibus Stock Plan	For	Against

Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors:- The plan permits repricing and exchange of grants without shareholder approval (overriding factor);- The plan cost is excessive; and- The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or otherwise is considered to be discretionary).

4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While OIBDA goals are disclosed for incentive awards and CEO pay declined, the compensation program is heavily dependent on a single annual performance metric, and no aspect of the regular-cycle pay program is tied to long-term performance. In addition, equity awards generally vest after one year. Finally, payouts under both the cash and equity incentive programs are heavily dependent on subjective individual performance assessments, for which limited disclosure is provided.

1.1	Elect Director Sharon Osberg	For	Against
<i>Blended Rationale: A vote AGAINST director nominees Benjamin Schall and Sharon Osberg is warranted for the following material governance failure:- The company's governing documents prohibit shareholders' ability to amend the bylaws; and- The board has failed to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter and the classified board, each of which adversely impacts shareholder rights.</i>			
1.2	Elect Director Benjamin Schall	For	Against
<i>Blended Rationale: A vote AGAINST director nominees Benjamin Schall and Sharon Osberg is warranted for the following material governance failure:- The company's governing documents prohibit shareholders' ability to amend the bylaws; and- The board has failed to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter and the classified board, each of which adversely impacts shareholder rights.</i>			
2	Ratify Deloitte & Touche LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted as the pay-for-performance misalignment has not been mitigated for the year in review. As with the previous year, annual incentives appear to be largely determined by the discretion of the compensation committee. While the proxy provides rationale for the use of operational goals and certain achievements that were considered, the lack of detail surrounding performance metrics and quantified target goals impedes shareholders ability to reasonably evaluate the program's rigor. Additionally, concerns are raised regarding the CEO's equity incentives, as the relative TSR metric merely targets median performance and payouts are not capped in the event absolute TSR is negative.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. In response to relatively low support for the 2019 say-on-pay proposal, the company engaged with a significant portion of shareholders, disclosed the feedback received, and made changes to the FY20 pay program to address investors' concerns. The LTI performance period will be lengthened to three years and the proportion of performance-based equity will increase to 30 percent. While LTI awards continue to be majority time-vesting, the proxy indicated shareholders preferred to make a gradual transition to performance-conditioned equity awards. Annual incentives are based on performance under pre-set, objective goals. Although some concerns are noted with regard to the majority time-vesting LTI structure and the magnitude of the CEO's FY19 award, pay and performance are reasonably aligned for the year in review. Continued monitoring is warranted as the company transitions to a more performance-contingent LTI structure.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as pay and performance are reasonably aligned at this time. The significant increase in CEO pay for the year under review was largely driven by an increase in the CEO's pension value which was driven by lower discount rates, among others variables. Furthermore, payouts under both the short- and long-term incentive programs were commensurate with operating performance and shareholder outcomes.</i>

	<i>Blended Rationale: A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.</i>		
5	Report on Corporate Tax Savings Allocation	Against	Against
	<i>Blended Rationale: The board has adopted a balanced, and well-articulated approach for capital allocation that prioritizes research and development and capital investments before returning excess cash to shareholders. Further, the company has recently expanded its focus on strategic business developments to fuel innovation in 2019, while decreasing cash spent on share repurchases. This suggests that the company is seizing opportunities as they become available, rather than having a singular focus with regards to its capital allocation priorities. Given the lack of concerns regarding the board's capital allocation approach, a vote AGAINST this proposal is warranted.</i>

2	Ratify Ernst & Young LLP as Auditor	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: Compensation for NEOs consists primarily of relatively low base salaries and (excluding the CEO) periodic sizable time-vesting equity grants with lengthy vesting schedules. No new equity awards were granted during 2019. Some investors may have concerns with the lack of performance-vesting criteria for NEO equity awards, notwithstanding the fact that the company provides a thorough explanation of its compensation philosophy. However, the company has provided enhanced disclosure in this year's proxy of the board's specific performance considerations when determining the last cycle of equity awards made in 2018. One NEO, Jeffrey Blackburn, had reported compensation of approximately \$57 million relating to the modification of his unvested equity awards to suspend their forfeiture during a one-year leave of absence. The company does not disclose the board's rationale for this decision or whether the company has a broad policy regarding the treatment of equity relating to such leaves of absence. Given the significant value of the modified awards, and the potential disruption to the company when a top executive takes an extended leave of absence, shareholders may expect a more robust explanation from the board going forward. In light of recently improved disclosure around performance assessments, and that no new equity awards were made in 2019, a vote FOR this proposal is warranted, with caution.</i>		
4	Reduce Ownership Threshold for Shareholders to Call Special Meeting	For	For
	<i>Blended Rationale: The reduction of the ownership threshold for shareholders to call special meetings from 30 percent to 25 percent of outstanding shares would enhance the rights of shareholders, and the likelihood of abuse would remain limited given the company's ownership structure. As such, a vote FOR this proposal is warranted.</i>		
5	Report on Management of Food Waste	Against	For
	<i>Blended Rationale: A vote FOR this resolution is warranted, as a report on the company's efforts to reduce food waste would allow shareholders to assess the effectiveness of the company's food waste programs, as well as provide a better understanding of the company's food waste reduction strategy. In addition, a number of the company's peers have set goals to reduce the amount of food waste that is sent to landfills.</i>		
6	Report on Customers' Use of its Surveillance and Computer Vision Products or Cloud-Based Services	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations would allow shareholders to better gauge how well Amazon is managing human rights related risks</i>		
7	Report on Potential Human Rights Impacts of Customers' Use of Rekognition	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations would allow shareholders to better gauge how well Amazon is managing human rights related risks, specifically around new technologies like facial recognition.</i>		
8	Report on Products Promoting Hate Speech and Sales of Offensive Products	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as a report assessing the enforcement of its content policies could help provide shareholders with information on the effectiveness of the company's processes, given that the company continues to face controversies related to hate speech on its site.</i>		
9	Require Independent Board Chairman	Against	For

11	Report on Reducing Environmental and Health Harms to Communities of Color	Against	For
	<i>Blended Rationale: A vote FOR this resolution is warranted, as a report on the company's efforts to reduce the environmental and health harms of its operations on communities of color would allow shareholders to better assess the effectiveness of the company's efforts to evaluate the environmental and social impacts of its activities.</i>		
12	Report on Viewpoint Discrimination	Against	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted as the company already provides sufficient information for shareholders to understand the company's rationale for its content guidelines.</i>		
13	Report on Promotion Velocity	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as greater disclosure about the company's retention and promotion velocity rates could increase accountability for the company's diversity efforts.</i>		
14	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as the proposed threshold would enhance shareholders' right to call a special meeting, while presenting very little risk of abuse in light of the company's market capitalization and the composition of its shareholder base.</i>

Items 7, 8, 12 & 14 Despite potential concerns due to their non-independence, a vote FOR the election of Jose Comenge Sanchez-Real, Francisco Crespo Benitez, Alvaro Gomez-Tenor Aguilar, and Alfonso Libano Daurella is warranted because they are not members of the Audit and Remuneration Committees. <p><i>Blended Rationale: A vote AGAINST this proposal is warranted. The current CEO entered into a problematic transition arrangement with a subsidiary of a company that will allow his 2018 "re-boot" equity awards valued by Sustainability Advisory Services at \$120 million to continue to vest through the end of the applicable performance period while serving in an advisory capacity. While the CEO will remain employed with the company group during the transition period, shareholders may scrutinize this vesting treatment, given the magnitude of the awards. Further, neither the proxy nor the advisory agreement provides fulsome disclosure of the contemplated transition services. A quantitative pay-for-performance misalignment is also not sufficiently mitigated for the year in review. The current CEO received sizable equity awards in 2019 that exceed the median total pay of Sustainability Advisory Services-selected peer CEOs, following the year in which his "re-boot" equity awards were granted. Given the magnitude of the 2018 re-boot equity awards, it is concerning that such awards do not cover multiple years of equity pay. In addition, notwithstanding that the re-boot awards were granted in 2018, there is concern surrounding the lack of disclosure of the performance goals attached to the re-boot awards, particularly given that the CEO's \$120 million in re-boot awards will continue to vest while he serves in an advisory role. Goal rigor concerns are also raised regarding 2019 LTI awards, as the sole performance-based metric targets merely the median of peers.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted given the committee's poor responsiveness to last year's low support for this proposal. In addition, a quantitative pay-for-performance misalignment is not mitigated for the year in review. The long-term program consists solely of stock options that lack any pre-set performance criteria. The magnitude of the grants also raises concerns, as every NEO received an award that exceeds the median total pay of peer CEOs. The magnitude of the awards for the CEO and former executive chairman and CEO is particularly concerning as both NEOs received awards that are more than double the median total pay of peer CEOs. Of additional concern is former CEO Blickenstaff's 2019 pay as executive chair, as his salary, STI payout and option grant were each substantially the same magnitude as the CEO's.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. While the proxy provided additional disclosure regarding annual incentive awards, long-term incentive awards are not sufficiently performance-conditioned. This concern is heightened given the magnitude of one-time awards granted to the new CEO. While a portion of the one-time awards are performance-based, the majority of the CEO's sign-on awards consisted of time-vesting stock options. Further, details on the milestones connected to the special equity grants are lacking, and the absence of disclosed vesting requirements impedes an assessment of goal rigor.</i>

4	Revoke Authorization on Repurchase of Shares	For	For
5	Approve Free Share Scheme for Employees 2020	For	For
6.1	Approve Remuneration Policy	For	For
6.2	Approve Second Section of the Remuneration Report	For	Against

Blended Rationale: Item 6.1 warrants a vote FOR because the proposed remuneration policy is overall well described and aligned with market practice. This is however not without concerns because termination payments might theoretically exceed 24 months' pay if including non-compete agreements. Note that the executive chairman and the new CEO have waived 25 percent of their 2020 fixed salary, to be allocated to the company's fund raising for the most needing citizens of Genoa city. A vote AGAINST Item 6.2 is recommended due to the excessive termination package granted to resigning CEO Castellucci.

8	Approve Compensation of Alexandre Bompard, Chairman and CEO	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report of chair/CEO is warranted because:- Non-financial criteria weight 40% of the bonus structure, which is quite substantial;- Compensation effects between bonus criteria allowed to reach maximum bonus;- The company does not provide any target for each performance criterion under the 2019 LTIP; and- The disclosure on performance achievement underlying awards that vested during the period under review is below market standard. It is not possible to assess the stringency of these conditions.</i>			
9	Approve Remuneration Policy of Chairman and CEO	For	Against
<i>Blended Rationale: A vote AGAINST this remuneration policy is warranted because:- Under the 2020 LTIP, the company decided to grant at maximum cap of 50% of gross remuneration without any rationale, while it used to grant it at a lower level. - The performance conditions attached to the 2020 LTIP enable compensation effects between criteria- The potential payment attached to the non-compete clause could exceed twice the last cash compensation earned; and- The new defined benefit scheme is no longer conditional to a presence condition at retirement but allows for similar annual benefit acquisition and with an increased cap.</i>

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks.- Votes AGAINST board chair Anthony (Tony) Hayward are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.Votes FOR Peter Coates are warranted though it is not without concern for shareholders:- Concerns are raised around the Company's safety performance over recent years. In 2019 the Company incurred 17 fatalities. Further, the Company's target of zero fatalities has not been met in a single year since the Company's listing in 2011. As Chair of the health, Safety, Environment & Communities Committee the concern around the Company's safety performance is raised under Peter Coates' re-election.The main reasons for support:- The Company has taken a number of actions during the year under review to prevent further fatalities, including the implementation of fatality reduction programs at Mopani Copper Mines in Zambia and Kazzinic in Kazakhstan.Votes FOR remaining director nominees are warranted.</i>

1.10	Elect Director K. Ram Shriram	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for Compensation Committee members L. John (John) Doerr, Robin Washington, and K. Ram Shriram for poor stewardship of the company's pay programs as evidenced by recurring and significant executive compensation concerns. WITHHOLD votes are warranted for Alan Mulally for failing to attend at least 75 percent of his total board and committee meetings held during the fiscal year under review without an acceptable reason for the absences. A vote FOR the remaining director nominees is warranted.</i>		
1.11	Elect Director Robin L. Washington	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for Compensation Committee members L. John (John) Doerr, Robin Washington, and K. Ram Shriram for poor stewardship of the company's pay programs as evidenced by recurring and significant executive compensation concerns. WITHHOLD votes are warranted for Alan Mulally for failing to attend at least 75 percent of his total board and committee meetings held during the fiscal year under review without an acceptable reason for the absences. A vote FOR the remaining director nominees is warranted.</i>		
2	Ratify Ernst & Young LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors:- The plan provides for the transferability of stock options without shareholder approval (negative override);- The plan cost is excessive;- The three-year average burn rate is excessive;- The disclosure of change-in-control ("CIC") vesting treatment is incomplete;- The plan permits liberal recycling of shares; and- The plan allows broad discretion to accelerate vesting.</i>		
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Newly appointed CEO Sundar Pichai received outsized equity awards totaling nearly \$250 million. His grants are majority time-based, and disclosure around the rationale for an award of this magnitude is limited. In addition, the portion of his grant that is performance-conditioned targets merely median TSR performance, which is not particularly rigorous. Such sizable award opportunities should carry rigorous performance criteria. Despite the recent introduction of PSUs, there continue to be significant concerns around pay magnitude and overall pay that is not strongly performance-based (particularly in the context of mega awards). These recurring concerns evidence poor stewardship of the company's pay programs by the compensation committee.</i>		
5	Approve Recapitalization Plan for all Stock to Have One-vote per Share	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as it would convey to the board nonaffiliated shareholders' preference for a capital structure in which the levels of economic ownership and voting power are aligned.</i>		
6	Report on Arbitration of Employment-Related Claims	Against	For
	<i>Blended Rationale: A vote FOR this resolution is warranted because additional information on the policies of the company's subsidiaries and controlled affiliates regarding mandatory arbitration for wage theft or sexual harassment cases could shed light on the practice and allow shareholders to better assess the risks associated with the use of mandatory arbitration agreements.</i>		
7	Establish Human Rights Risk Oversight Committee	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted because continued controversies call into question the extent to which the existing board structure provides adequate oversight on risks the company's technologies present to human rights, which, in turn, creates risks for the company in terms of retaining high-level employees and retaining a good reputation in the eyes of users and advertisers.</i>

9	Assess Feasibility of Including Sustainability as a Performance Measure for Senior Executive Compensation	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted because Alphabet's compensation program mostly lacks performance-based pay elements, and the adoption of this proposal may promote a more strongly performance-based pay program for executives.</i>			
10	Report on Takedown Requests	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as shareholders would benefit from a better understanding of the constraints the company faces when handling government takedown requests, as well as its management of related risks.</i>			
11	Require a Majority Vote for the Election of Directors	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as it would give shareholders a more meaningful voice in the election of directors and further enhance the company's corporate governance.</i>			
12	Report on Gender/Racial Pay Gap	Against	Against
13	Require Independent Director Nominee with Human and/or Civil Rights Experience	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted, as a director with a high level of experience in human rights or civil rights related matters relevant to the company's business could enhance the board's oversight of such related risks and concerns.</i>			
14	Report on Whistleblower Policies and Practices	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as shareholders would benefit from assessing the company's existing policies and practices on whistleblower protections. Additionally, adoption of this proposal should serve to further strengthen the company's existing whistleblower protection initiatives.</i>

Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors:- The plan cost is excessive;- The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is considered to be discretionary)- The plan permits liberal recycling of shares; and- The plan allows broad discretion to accelerate the vesting of outstanding awards.

4	Amend Restricted Stock Plan	For	For
5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. While pay and performance were reasonably aligned for the year in review, problematic above-market interest payments continued to increase NEO pay by many millions in 2019. The company did take certain steps to address the issue by eliminating sizable company contributions in 2020 and imposing a cap on the portion of deferred compensation that can be invested in the "above-market" interest accruing account. However, while the company states this will significantly lower benefits under the program, the potential impact of this change is not clear from the disclosure. The company also has discretion to waive or modify the cap and the program has not been closed to new participants. Above-market interest payments are not a performance-based benefit and are inconsistent with market practice. Shareholders may question the need for supplemental benefits for highly paid executives, particularly as many companies have frozen or eliminated such programs. Lastly, although NEO Burke is expected to retire in 2020, the company continued to have a structure where there are two highly-paid NEOs for 2019, which can be costly to shareholders in terms of overall compensation expense.</i>			
6	Report on Lobbying Payments and Policy	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted, as additional reporting on the company's lobbying-related practices and policies, such as its trade association memberships and payments, would benefit shareholders in assessing its management of related risks.</i>			
7	Require Independent Board Chair	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair.</i>			
8	Report on Risks Posed by Failing to Prevent Sexual Harassment	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as additional information on the company's evaluation of risks associated with potential failures of its sexual harassment policies could help shareholders better assess the company's management of related risks.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. The company provided additional years of age credit in the pension plan to one NEO in connection with his retirement and to a second NEO in connection with his promotion. Providing additional years of age credit is considered to be a problematic pay practice by many investors, as this enhancement to benefits can produce a significant cost to shareholders that is not performance-based. Further, pay-for-performance concerns are not sufficiently mitigated for the year in review. The CEO received an above-target payout under an STI program for which certain target goals were set below last year's attained performance results without a corresponding reduction in payout opportunity. In addition, goal rigor concerns are noted under the LTI program, as the relative TSR metric does not maintain a cap on payouts if absolute TSR is negative.

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While CEO pay and performance were reasonably aligned for the year in review, the newly promoted CFO was granted two separate special equity awards in 2019. While the proxy provided detailed rationale regarding retention concerns and his role in the Rattler IPO, the magnitude of these grants, which in total were nearly double the median CEO pay in the peer group, and the lack of performance criteria for a majority of the shares, raise significant concern.</i>

1.1	Elect Director Mark Garrett	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for director nominees Mark Garrett, Ryan Roslansky, and Lee Wittlinger given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>		
1.2	Elect Director Ryan Roslansky	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for director nominees Mark Garrett, Ryan Roslansky, and Lee Wittlinger given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>

2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Annual incentives primarily depend on objective metrics, and the bulk of the payout was based on rigorous goals. It is noteworthy that there is no disclosed cap on annual incentives; however, payouts for FY19 were slightly below target. Concerns are noted with regard to the FY19-22 LTI program structure as well as the CEO's equity awards. The first tranche of regular-cycle PSUs depended on the same goals and measurement period as the FY19 STI program, which provided two awards for the same annual achievements. PSUs will comprise 50 percent of NEOs' equity awards for FY 2020; however, this award will not apply to the CEO. Only one-third of the CEO's \$20 million sign-on equity award is performance based, and this majority-time-based award mix will apply to his FY21 and subsequent LTI awards. Pay tables display only the time-based portion of this award due to a change in accounting practices. Given the overlapping payout structure in the LTI program for the year in review, as well as the majority time-vesting equity pay mix for the CEO, the pay-for-performance misalignment is not sufficiently mitigated.</i>

2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While the majority of NEO pay is granted in the form of equity, concerns are noted regarding the magnitude and structure of LTI awards. The CEO's FY19 equity grant value alone is significantly higher than the median for total CEO pay in the company's peer group. The sign-on awards to the incoming chief product officer are also sizable, totaling \$29.76 million per Sustainability Advisory Services valuation. The concern surrounding award magnitudes is magnified given that no part of the LTI program is based on performance conditions. Additionally, while the CEO's salary is relatively low, the COO's and CFO's salaries exceed the medians for CEO peers.</i>

Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Gregory (Greg) Penner are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. Votes FOR the remaining director nominees are warranted.

<i>Blended Rationale: A vote FOR this proposal is warranted because:- There are industry and regulatory trends to move towards antibiotic-free meat and poultry as the science more clearly shows that the routine use of antibiotics in food farms is contributing to the global problem of antibiotic resistance; and- Walmart does not provide shareholders with sufficient analysis and disclosure on the policies, initiatives/procedures, and oversight mechanisms related to product safety for these potentially harmful substances to in the Walmart supply chain.</i>

	<i>Blended Rationale: The board's enhanced transparency on its corporate governance philosophy and shareholder engagement efforts do not rise to a level that meaningfully addresses years of inaction on the part of the board on critical governance issues. As such, WITHHOLD votes are warranted for all incumbent director nominees. In the absence of the full-board WITHHOLD recommendation, a cautionary vote FOR incumbent director compensation committee member Mathias Doepfner would be warranted, as the degree of responsiveness to last year's low say-on-pay support appears limited. Shareholders may expect more robust responsiveness going forward should say-on-pay opposition remain significant.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: While the compensation committee has demonstrated a degree of responsiveness by improving proxy disclosure following last year's low vote support, shareholders' feedback and concerns are disclosed in vague terms. As such, it is unclear whether disclosure improvements alone have sufficiently addressed shareholder concerns. There are significant concerns regarding the magnitude and structure of pay programs at Netflix. NEO pay consists of base salaries and grants of fully-vested option awards. While the board sets NEO total pay levels for the year, the NEOs themselves select the form in which their pay is delivered (allocated at their choosing between base salary and vested options). This has resulted in excessive base salaries for the year in review one NEO's base salary alone totaled \$18 million, which alone is comparable with the median of total pay of CEO peers. CEO Hastings received vested options totaling more than \$39 million. While the company improved disclosure of its stock option grant mechanics, there are no safeguards in place that would prevent NEOs from receiving the majority of their compensation in cash, which was the case for certain NEOs in FY2019. The lack of any time- or performance-vesting criteria on incentive pay eliminates the at-risk nature of pay and diminishes its incentive value. In light of these ongoing concerns, a vote AGAINST this proposal is warranted.</i>

5	Report on Political Contributions	Against	For

	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Annual incentives and the majority of long-term awards are tied to objective performance metrics, and program outcomes are consistent with recent performance. However, the company entered into multiple employment agreement amendments with the CFO during 2019. This resulted in payment of new retention awards following the vesting and payment of previous "one-time" retention awards granted in December 2017. Investors typically expect the payment of retention awards to be infrequent. The amendments also provided the executive with severance payments prior to the termination of his employment, and a large cash payment for employment in the first half of 2020 which value exceeds the target value of his full-year 2019 incentive awards.</i>

<i>Blended Rationale: WITHHOLD votes are warranted for director nominee Mark Saad given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter and the classified board, each of which adversely impacts shareholder rights.</i>

3.6	Elect Raimundo Morales Dasso as Director	For	For
3.7	Elect Irzio Pinasco Menchelli as Director	For	For
3.8	Elect Luis Enrique Romero Belismelis as Director	For	Against
<i>Blended Rationale: A vote AGAINST the election of incumbent board chair, significant shareholder, and former CEO, Dionisio Romero Paoletti (Item 3.8), is warranted given the material concerns regarding egregious governance practices with potential conflict of interests carried out by the incumbent chairman involving political cash donations, made with the company's resources, that had neither been previously approved by the board nor disclosed to the board and the company's shareholders. A vote FOR the remaining director nominees is warranted because:- The company has disclosed the names of the director nominees; and- The proposed board is 50-percent independent under Sustainability Advisory Services voting guidelines, meeting the growing expectations of institutional shareholders.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST the proposal is warranted due to insufficient responsiveness to last year's failed say-on-pay vote. While the compensation committee engaged with shareholders and disclosed the feedback they received, the company only made limited changes to pay programs in response. Although the new CEO's pay was lower and the committee acknowledged concerns regarding overlapping metrics and discretionary payments, the proxy does not disclose a commitment not to repeat the actions investors found concerning. Given the failed vote, many investors may have expected a more robust response to these issues. However, concerns regarding the pay-for-performance misalignment were mitigated for the year in review. The short-term incentive program was based on rigorous performance metrics and consisted entirely of pre-set financial goals. The long-term incentive program was largely performance-conditioned, utilized forward-looking goals, and the grant value to the new CEO was lower. However, continued monitoring is warranted regarding the annualized performance periods in the LTI program as well as the overlapping metrics between the short- and long-term programs.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The year-over-year increase in CEO pay was driven by a special equity award with a target value of \$18 million, more than double the median total pay in the Sustainability Advisory Services peer group. While certain aspects of the award are positive, including clear disclosure of pro-active shareholder feedback, the special award provides for a substantial compensation opportunity in addition to regular incentive programs. While the committee partially offset the CEO's STI and LTI award values, and indicated that the award is expected to replace a portion of performance-based pay over at least three years, shareholders may expect the special award to replace equity-based pay entirely for a predetermined period of time, particularly given the magnitude. Concerns are also raised regarding goal rigor for the special grant, as the target ROE goal for the majority of the award was set below the target ROE goal for the annual cycle awards. Concerns are also noted under the annual and long-term programs. While the CEO's annual incentive payout and LTI grant value were both lower than last year's values, the decrease was entirely due to a reduction to partially offset the value of the one-time equity award, and without such offset, both values increased year-over-year. In addition, there are concerns over the use of discretion and goal rigor under the annual incentive performance assessment, as half of the assessment is based on performance metrics that ultimately appear discretionary, while certain financial target goals were set lower than last year's attained performance without a corresponding reduction in payout opportunity.</i>

Blended Rationale: A vote FOR Item 16 is warranted given that:- the proposed amendments aim to reflect the company's actual situation and such amendments are in line with the relevant laws and regulations governing the company; and- the company does not have a track record of calling a shareholder meeting with short notice and thus can reasonably be expected not to abuse the authority to call a meeting to approve a resolution within a short notice period. While the proposed amendments to the Rules for General Meetings and Supervisory Committee Rules aim to reflect the company's actual situation and such amendments are in line with the relevant laws and regulations governing the company, the proposed amendments to the Board Rules are not considered to adequately provide for accountability and transparency to shareholders. 2.1	Elect Bernido H. Liu as Director	For	Withhold

Blended Rationale: A WITHHOLD vote on the election of Bernido H. Liu (Item 2.1), Artemio V. Panganiban (Item 2.2), and Pedro E. Roxas (Item 2.3) is warranted because they serve on the audit committee and the company does not put an audit fee resolution for shareholders' approval at the AGM. The absence of an audit fee resolution at the AGM significantly reduces the accountability of auditors to shareholders and their say on audit issues. 3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay exceeded that of company-defined peers for the second consecutive year, and while mitigating factors were identified in the past, there were negative changes made to the pay program as well as the decline in short-term performance for the year in review. Although annual incentives were based on pre-set goals and the committee exercised discretion to reduce the NEOs' corporate performance result, the company decreased the portion of equity that vested based on performance criteria. Additionally, details on the milestones required for PSU vesting are lacking. The absence of disclosed vesting requirements impedes an assessment of the goal rigor.

	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The STI program is entirely based on pre-set financial metrics, and goal targets are rigorous. The LTI program is predominately performance-conditioned and based on multi-year performance goals. A concern is noted regarding the lack of disclosure of forward-looking goals, though the company does provide incentive program goals at the end of the performance period.</i>

5	Report on Animal Welfare	Against	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because:* the company is taking appropriate steps to guard against risks associated with the use of fur and other animal welfare issues; and* the company does not lag its peers regarding oversight of animal welfare related policies.</i>		
6	Report on Pay Disparity	Against	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company's required disclosure of the pay ratio between the CEO and the median employee and the Compensation Discussion and Analysis give shareholders sufficient information to assess the company's pay philosophy and internal alignment.</i>		
7	Stock Retention/Holding Period	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. While the CEO beneficially owns a meaningful stake in the company and the NEOs are subject to ownership guidelines, the increased disclosure and changes suggested by this proposal would result in an enhancement in the company's ownership and share retention policies.</i>

WITHHOLD votes are warranted for Maffei for serving as a non-independent member of a key board committee. WITHHOLD votes are further warranted for Maffei for serving on more than three public boards while serving as a CEO of an outside company. WITHHOLD votes from Gregory Maffei, Jay Hoag, and Betsy Morgan as members of the compensation committee in light of the unmitigated pay-for-performance misalignment and lack of say-on-pay proposal on the ballot. The annual bonus was half discretionary, while the other half of the annual bonus lacked robust disclosure around performance metric targets, achievement, or payout formula. In addition, other NEOs received special one-time retentions grants and annual long-term incentives that were predominately time-based. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted as mitigating factors have not been identified for the pay-for-performance misalignment. While annual incentives were determined by pre-set objective metrics and half of the CEO's equity award is performance-conditioned, concerns are raised regarding goal rigor and the structure of the equity awards. First, PRSUs are measured over annual periods, which limits the long-term nature of equity awards. Generally, shareholders prefer that long-term incentives are measured over multi-year periods. Additionally, PRSUs utilize a metric that appears to overlap the annual incentive, which may provide duplicative payouts. Further, target goals for certain metrics were set below the previous year's achieved results, while NEOs earned payouts above target. Although the proxy provides rationale for goal setting, it is expected that award opportunities are reduced accordingly.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay increased substantially, which is attributable to a large option grant. The CEO has received large stock option awards annually, since the company had its IPO in 2017. While large stock options are common in connection with an IPO, it is typically expected that pay levels would normalize following the IPO. In addition, no portion of the compensation program is conditioned on pre-set performance goals. Finally, NEO Ozgen received a sign-on equity award valued at \$11 million, which was not performance-conditioned, and above the median of total pay of peer CEOs.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. A large portion of the CEO's annual incentive is based on strategic objectives, and while performance in this metric translated to below-target payouts, the lack of any disclosure for such a large portion of the award makes it difficult for shareholders to assess the pay for performance linkage. Such disclosures are particularly important given the CEO's relatively large base salary and target STI opportunity. In addition, the majority of the CEO's sizable 2019 equity awards, which exceeded the median total pay of peer CEOs, lacked performance vesting criteria, while goal rigor and disclosure concerns are noted for the performance-based component of the award. Additionally, the CEO's legacy employment agreement provides numerous overlapping pay opportunities, which raise concerns over potential excessive payouts in the future. Finally, the company provided an NEO with a significant cash inducement award in connection with an internal appointment, which vested within a year of grant and was over four times the NEO's salary.</i>			
3	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
4	Report on Political Contributions Disclosure	Against	For

Blended Rationale: A vote FOR this resolution is warranted, as increased disclosure of the company's direct political contributions and indirect political contributions through trade associations and other tax-exempt organizations, as well as its management- and board-level oversight of electoral spending, could help shareholders more comprehensively evaluate the company's management of related risks and benefits.

2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The CEO received a large front-loaded option grant in early 2020, as part of his 2019 compensation. While the company states that the exercise price was intended to be set at a premium to the price of a tender offer in August 2019, the exercise price of \$67.80 was significantly below the closing price of \$80.50 on the date that the equity plan amendment allowing the award to be made was approved by shareholders. The exercise price was only 10 percent above the closing price on the date the grant was approved by the board, which is not a significant premium in light of the award's size and front-loaded design. In addition, the grant value is large and the five-year front-loaded structure locks in a high level of compensation for a relatively long period of time.</i>			
4	Approve Omnibus Stock Plan	For	Against
<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factor(s):- The equity program is estimated to be excessively dilutive (overriding factor);- The plan cost is excessive;- The three-year average burn rate is excessive;- The disclosure of change-in-control ("CIC") vesting treatment is incomplete;- The plan permits liberal recycling of shares; and- The plan allows broad discretion to accelerate vesting.</i>			
5	Report on Political Contributions	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted, as increased disclosure of the company's direct political contributions and indirect political contributions through trade associations and other tax-exempt organizations, as well as its management- and board-level oversight of electoral spending, could help shareholders more comprehensively evaluate the company's management of related risks and benefits.</i>

5	Adopt Policy that Adjust Financial Performance Metrics to Exclude The Impact of Share Repurchases for Executive Officers	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted. The long-term incentive program relies significantly on an adjusted EPS metric which is dependent upon the number of shares outstanding. While the proxy statement indicates the committee is aware of the company's specific stock repurchase authorization and historical share repurchases when setting EPS targets, the proxy does not disclose the potential magnitude of the impact on incentive plan results. While buybacks are reported quarterly, detailed incentive program disclosure, including any adjustments made to financial results for incentive plan purposes, is generally provided annually in the proxy and investors would benefit from this information being accessible in the proxy statement.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns are also raised regarding the design of the new PSUs, as the awards provide for multiple opportunities for payouts to be earned. Providing additional opportunities for a single award to be earned reduces the at-risk nature of the award. Lastly, annual incentives remain determined at the discretion of the compensation committee, and equity grants to other NEOs remained entirely time-vesting.</i>

Concerns are also raised regarding the design of the new PSUs, as the awards provide for multiple opportunities for payouts to be earned. Providing additional opportunities for a single award to be earned reduces the at-risk nature of the award. Lastly, annual incentives remain determined at the discretion of the compensation committee, and equity grants to other NEOs remained entirely time-vesting.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. After the 2019 say-on-pay proposal received relatively low support, the company disclosed certain engagement efforts and feedback received. The proxy indicated investor conversations were primarily focused on the special compensation arrangements made with the CEO and COO but does not disclose changes made to these arrangements, though it does note the committee considered the feedback when extending the CEO's employment term. Additionally, the company granted the new CEO two sizable equity grants in 2019 in addition to a potential \$20 million bonus opportunity. While new hire awards are a common market practice, the term of the CEO's initial and secondary employment arrangements were relatively short given the magnitude of the grants. Further, the first equity grant, valued at over \$17 million and the cash bonus have already vested or been deemed earned. Lastly, continued monitoring is warranted as the company disclosed the addition of a co-CEO in 2020, which may serve to increase the total compensation cost to investors.</i>

Votes AGAINST the individual remuneration reports of Francois-Henri Pinault, Chairman and CEO, and Jean-Francois Palus, Group Managing Director, are warranted, as the following concerns are raised:- The KMU vested under the 2016 plan correspond to 100% of the initial grant as the full acquisition was only subject to an increase in one of three performance criteria, which is not deemed stringent enough.- The KMU granted in 2019 are subject to performance conditions, which would allow for a final acquisition of 50% of the plan, if only one performance condition is met.- The first tranche of the exceptional remuneration attributed under the plan 2018 to the Chairman and CEO and Group Managing Director is paid this year. Following the remarks disclosed in previous analysis, Sustainability Advisory Services emits concerns over the adequacy of this remuneration.</i>			
12	Approve Compensation of Jean-Francois Palus, Vice-CEO	For	Against
<i>Blended Rationale: A vote FOR the global remuneration report is warranted but qualified as the company did not provide reaction to the level of dissent some of the resolution faced at the AGM taking place on April 24, 2019. Votes AGAINST the individual remuneration reports of Francois-Henri Pinault, Chairman and CEO, and Jean-Francois Palus, Group Managing Director, are warranted, as the following concerns are raised:- The KMU vested under the 2016 plan correspond to 100% of the initial grant as the full acquisition was only subject to an increase in one of three performance criteria, which is not deemed stringent enough.- The KMU granted in 2019 are subject to performance conditions, which would allow for a final acquisition of 50% of the plan, if only one performance condition is met.- The first tranche of the exceptional remuneration attributed under the plan 2018 to the Chairman and CEO and Group Managing Director is paid this year. Following the remarks disclosed in previous analysis, Sustainability Advisory Services emits concerns over the adequacy of this remuneration.</i>

<i>Blended Rationale: A vote AGAINST this item is warranted because the weights and vesting schedule for each of the performance criteria, to which are subjected the final acquisitions of the share awards, are not disclosed. The levels of adjustment that can be expected is not disclosed.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted as CEO pay and company performance are misaligned, and sufficient mitigating factors have not been identified. Annual incentives appear to be determined primarily by subjective measures as pre-set objective targets are not provided for most corporate goals. While the largest portion of the annual incentive is measured against a quantifiable financial metric, the target goal was reduced during the performance period. And although rationale is provided for this adjustment, shareholders generally expect award opportunities to be reduced proportionately with lowered targets. In addition, the total value of the CEO's equity award increased significantly, a majority of which was time-vesting. While PSUs were introduced in FY19, performance is measured over a relatively short one-year period without forward looking-targets provided.

1.1	Elect Director Willie L. Brown, Jr.	For	Withhold

1.2	Elect Director Philip A. Pizzo	For	Withhold

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Some concerns noted in the previous analysis remained in FY19, including the absence of performance conditions for LTI awards and the inclusion of outsized peers in the compensation peer group. While stock options may be considered more strongly performance-based in clinical-stage pharmaceutical companies, high CEO pay relative to company-defined peers is driven in part by large grants of time-vesting restricted stock. Additionally, although the committee approved above-target STI awards, there is no disclosure regarding the maximum payout opportunity, nor are NEOs' individual assessments described. This lack of disclosure inhibits an informed assessment of pay and performance linkage.</i>

<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because:- The company would be authorized to issue new preferred shares and not common voting shares; and- The extension of a multi-class capital structure perpetuates the disparity between economic interests and voting power at Henkel AG & Co. KGaA, and it would give the Henkel family (majority shareholder) the ability to lower its direct economic exposure while preserving its voting control over the company; and- Different share classes complicate the company's capital structure and are not in the best interest of existing shareholders (except for those belonging to the Henkel family).</i>

10	Elect Director Appointed by Minority Shareholder	None	Abstain
<i>Blended Rationale: Minority shareholders may present the names of their nominees up to the time of the meeting. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, primarily due to the magnitude of the new CEO's total pay for the year in review. His new-hire awards were large, half were time-based, and this portion of the award was valued at \$20 million, which exceeds both the company and Sustainability Advisory Services' median total pay for peers. His FY19 grant value also did not include certain make-whole payments, a portion of which are still outstanding, and the company may have to pay. The company did provide a supplemental filing on June 4, 2020, which states that his previous employer has acknowledged its obligation to make these payments and has begun making payments. While the company improved its disclosure of incentive programs in FY2019, there are still concerns regarding potential duplicative payouts, given that the annual grant of equity was based on the same financial goal and one-year performance period as in the STI program. Further, investors may note that the CEO's anticipated annual LTI grant in FY20 is also set above the company's peer median total CEO pay.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee disclosed details of its engagement efforts with shareholders, and feedback received, the committee did not make any positive changes to the pay program in response to shareholders concerns as evidenced by last year's low vote result. Further, the value of the CEO's equity awards was large, notwithstanding a significant year-over-year decrease in grant value, and the LTI program lacks any performance-based vesting conditions, which was a primary concern expressed by shareholders during engagement. Finally, the company provided the former chief strategy officer with continued vesting of equity awards during the term of consulting agreement that became effective following his resignation. The company does not disclose details of the consulting agreement, including the length of the term, making it impossible for shareholders to assess the magnitude of this benefit, which would not otherwise be provided to executives who voluntarily resign. Given the lack of disclosed details surrounding the consulting agreement, and the fact that the continued vesting benefit appears to be an enhancement that the executive would not otherwise be entitled to, this arrangement is viewed as problematic.

1.2	Elect Director John C. Malone	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for all director nominees given the company's persistent poor compensation practices, which have consistently driven a misalignment between pay and performance. A WITHHOLD vote is also warranted for John Malone for serving as a director on more than five public company boards.</i>			
1.3	Elect Director David M. Zaslav	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for all director nominees given the company's persistent poor compensation practices, which have consistently driven a misalignment between pay and performance. A WITHHOLD vote is also warranted for John Malone for serving as a director on more than five public company boards.</i>			
2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, given several recurring poor compensation practices that underscore a pay-for-performance misalignment. CEO Zaslav's base salary remains large, and his annual incentive opportunities are oversized, which resulted in an annual incentive payout that is very large. In addition, only half of his annual incentive award is linked to objective financial metrics, and certain financial target goals were set below the prior year's achievement levels. Moreover, the company continues to benchmark CEO pay above the 75th percentile of the peer group. This practice has the effect of increasing compensation without providing a sufficient link to company performance. The LTI program for other NEOs was entirely time-based in 2019, which is contrary to a pay-for-performance philosophy.</i>			
4	Adopt Simple Majority Vote	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given that eliminating the supermajority vote requirements in the company's existing governing documents would enable shareholders to have a more meaningful voice in various board and corporate transactions that impact their rights.</i>

<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors:- The plan cost is excessive;- The estimated duration of available and proposed shares exceeds six years; and- The plan allows broad discretion to accelerate vesting.</i>

Blended Rationale: A vote AGAINST all director nominees is warranted for demonstrating poor responsiveness to shareholder concerns following failed say-on-pay proposals for consecutive years. The severity and persistence of concerns evidences the board's entrenchment and poor stewardship of executive compensation. AGAINST votes are further warranted for compensation committee members Barbara Duncan, Peter Hutt, and Khalid Islam, in their capacity as members of the committee responsible for reviewing director pay arrangements. The committee awarded sizable performance-based awards to two non-employee directors. A vote AGAINST governance committee chairman Peter Hutt is further warranted for a material governance failure given the unilateral amendment to increase the vote requirement to amend certain provisions of the bylaws without sufficient rationale.

3	Approve Discharge of Management Board for Fiscal 2019	For	Against

Blended Rationale: A vote AGAINST the discharge of management and supervisory boards is warranted for the following reasons:- Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board and executive management to proficiently guard against and manage material environmental, social and governance risks.- Withholding formal discharge of management and supervisory board members should be construed as sending a strong message to the board on the need to more effectively supervise the management of ESG risks to the company and its shareholders, as well as enable shareholders to pursue legal action for, among other topics, inadequate oversight of ESG risk exposures.

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Michael Kaschke are warranted for the following reasons:- Given that board chair, Ulrich Lehner, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members, with the exception of new nominees, should be held accountable for poor board and management oversight of ESG risk exposures at the firm.</i>
