Blended Rationale: A vote AGAINST this proposal is warranted. While the company demonstrated sufficient responsiveness to last year's low say-on-pay vote result, other concerns are raised for the year in review. The company recently amended the severance agreements with the CEO and CFO, each of which contain a problematic good reason definition provision that provides the executive with severance benefits upon a resignation in connection with the company's bankruptcy or insolvency. In addition, the company also amended the supplemental executive retirement plan to provide the CEO with substantially larger benefits in retirement.

1	Elect Director Kawabe, Kentaro	For	Against

*Blended Rationale: A vote AGAINST this nominee is warranted because: * Kentaro Kawabe is the president of ZOZO's parent Z Holdings, whose problematic behavior was manifested in the case of another subsidiary, ASKUL, in August 2019 where Z Holdings removed the top executive of ASKUL without providing alternate candidates and removed three independent director candidates, causing the governance profile of ASKUL to deteriorate. * The board of ZOZO has only one independent director, and the addition of Kawabe to the board only raises minority shareholder concern that their interests would not appropriately be protected given Z Holdings' questionable track record of subsidiary management.*

2	Ratify Deloitte & Touche LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A pay-for-performance misalignment is sufficiently mitigated for the year in review. The STI program is based primarily on an objective financial metric, and no payouts (or individual performance adjustments) under the program were made when achievement was below the threshold performance requirement. Also positive is that the board increased the proportion of performance-conditioned equity incentives. While there are concerns regarding the lack of forward-looking long-term target disclosure and the increase in value of the CEO's equity awards, retrospective goal disclosure indicates reasonable targets in the prior cycle and long-term realizable pay aligns with negative returns over the period. Accordingly, on balance, a vote FOR this proposal is warranted.</i>		
4	Require Independent Board Chairman	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair.</i>		
5	Adopt a Policy on Bonus Banking *Withdrawn Resolution*		
	<i>Blended Rationale: On Jan. 3, 2020, the company filed a DEFA 14A indicating that proposal 5 had been withdrawn by the proponents. Accordingly, no votes will be counted with respect to this proposal, and the vote recommendation is "NONE".</i>		
6	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as the proposed 10 percent ownership threshold would make the special meeting right more easily exercisable by institutional investors, while still providing protection against abuse.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee has demonstrated only a degree of responsiveness to the previous year's failed say-on-pay vote. While the committee provided detailed disclosures regarding engagements, shareholder feedback, and some program improvements, certain aspects of executive pay were not adequately addressed. These include no changes to the CEO's significant off-cycle award made in 2018 or to a problematic catch-up feature in the equity incentive program. Shareholders should expect a robust response by the company following a failed say-on-pay vote.</i>

5	Approve Grant of Performance Rights to Trevor Croker	For	Against
<i>Blended Rationale: A vote AGAINST the grant of performance share rights to Trevor Croker is warranted due to the persisting concerns identified in prior years, that 40 percent of the LTI is subject to an undisclosed, non-financial performance hurdle. This represents a significant portion of the LTI which could be a bonus for doing the day job and not directly linked to an objective measure of materially improved shareholder outcomes. This practice is inconsistent with the majority of ASX300 companies. Specifically: * 40 percent of the LTI is identified as subject to "objective-balanced scorecard KPOs", the specifics of which are not disclosed to shareholders. The company discloses these to be aligned with supporting longer-term strategy and driving continued sustainable growth. However, the company has not presented what these targets are and how they are objectively aligned with improved shareholder results. * Given the absence of sufficient disclosure, it is unclear how these objectives drive growth and support strategy and how they are assessed. * The company has not made its case how this undisclosed non-financial performance metric is something other than a bonus for the CEO's day job requirements in relation to strategy and growth, and worthy of additional remuneration. * The quantum of the LTI attributable to the undisclosed non-financial performance measure is excessive, representing 40 percent (US\$1.2 million) of the total US\$3 million LTI grant. The quantum of this grant has again increased significantly over the prior from US\$2.5 million.</i>

Blended Rationale: A vote AGAINST Items 1.1a and 1.2a is warranted because the proposed capital authorizations are considered excessive. 3	Authorize Repurchase of Up to 20 Percent of Issued Share Capital	For	Against

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Ratify Past Issuance of Tranche 1 Placement Shares to Institutional Investors	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted given that the dilution of 14.7 percent is high and many existing shareholders were scaled back from what would have been their pro-rata entitlement, with the company issuing shares to new investors and proposing to issue more shares to one substantial shareholder. If this resolution is not approved, the share issuance will remain valid, however, these shares will be counted towards the 15 percent placement cap in 12 months under ASX Listing Rule 7.1. Any further issuance in excess of 15 percent in the 12-month period which is not made on a pro-rata entitlement basis would require shareholder approval in advance.</i>

2	Approve Issuance of Major Shareholder Placement Shares to ICM Limited	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted. Existing shareholders are generally concerned if preferential treatment is given to certain shareholders which has an impact to reduce the pro-rata percentage ownership interests of existing investors. In this matter, the placement structure appears to provide for a significant shareholder, ICM with the ability to acquire a higher percentage of shares compared to other existing shareholders, which were scaled back in an over-subscribed capital raising from what would have been their pro-rata entitlement, with new investors being permitted to participate.</i>		
3	Approve Issuance of Director Placement Shares to Martin Botha	None	For
	<i>Blended Rationale: A vote FOR this resolution is warranted because the approval of these resolutions will allow directors to subscribe for new shares on the same terms and conditions as other investors in the Placement using own funds and thereby increase their 'skin in the game' and alignment with shareholder interests. At the same time, it is observed that the quantum of shares to be allotted to non-executive directors is not significant, which the 300,000 shares to the CEO further increases his alignment with investors.</i>

<i>Blended Rationale: A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.</i>			
5	Adopt Policy on Bonus Banking	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as the proposal's request is not fully addressed by mechanisms in place and the proposal does not appear to be overly prescriptive. Although pay and performance were aligned for the year in review and the company maintains stock ownership guidelines and a clawback policy, the current ownership guidelines are not considered to be robust and the company does not maintain any holding requirements after the guideline is met. The proposal's banking feature may provide additional safeguards for investors and is not overly prescriptive, giving the board sufficient flexibility in implementation.</i>

4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. For FY2019, the CEO received a \$3.6 million special, fully vested equity award in connection with the settlement and multi-year license and supply agreements entered into with Apple and related parties. While the rationale for the special award is compelling, there are insufficiently mitigated concerns surrounding both the decision to grant special equity awards in two consecutive years and the absence of any performance- or service-vesting criteria attached to this year's award. Concerns are also noted with respect to the magnitude of the CEO's annual LTI awards. While the company's long-term performance has trailed peers as of the end of FY2019, the CEO received a \$2 million increase to the annualized value of his target LTI opportunity for the second consecutive year, bringing the target annual value of his long-term incentives in line with median total pay of company-selected peers.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although meaningful improvements were made to address shareholders' concerns, including the elimination of certain compensation increases the CEO would otherwise be contractually entitled to, there remain significant concerns regarding CEO pay magnitude and structure. Specifically, the CEO's base salary is more than double that of company peers at \$3 million. The CEO's target and maximum annual incentive pay opportunities remain set at \$12 million and \$24 million, which is 400 percent and 800 percent of base salary, respectively. This resulted in an annual incentive award for 2019 that exceeded the CEO total pay peer median. In addition, performance awards under the LTI program continue to target merely median performance, while goals under the STI program are only disclosed as a range, with specific target goals undisclosed.</i>

<i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure of the company's indirect lobbying-related oversight mechanisms, along with its trade association payments, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</i>

	Ordinary Business		
	Appoint Directors (Slate Election) - Choose One of the Following Slates		
1.1.1	Slate Submitted by Telecom Italia SpA	None	Against
	<i>Blended Rationale: Vote AGAINST this slate because the slate under Item 1.1.2 is better positioned to represent the long-term interests of minority shareholders and carry out an independent oversight of the management's action.</i>		
1.1.2	Slate Submitted by Institutional Investors (Assogestioni)	None	For
	<i>Blended Rationale: This resolution warrants a vote FOR because:- This slate has been put forth by minority shareholders, and these nominees could therefore be the best positioned to represent the interests of minority shareholders and carry out an effective oversight on the management's behavior.- Candidates on this list have agreed to adhere to the chart of corporate governance principles adopted by Assogestioni.- Details on the candidates on this slate have been disclosed in English, which favors scrutiny from global investors.</i>		
	Shareholder Proposals Submitted by Telecom Italia SpA		
1.2	Fix Board Terms for Directors	None	For
	<i>Blended Rationale: This item warrants a vote FOR as it is routine and non-contentious.</i>		
1.3	Approve Remuneration of Directors	None	For
	<i>Blended Rationale: This item warrants a vote FOR because the company has disclosed the proposed non-variable director remuneration, which is overall in line with the remuneration paid at comparable companies. However, this is not without concerns considering that this proposal implies a 58-percent increase that has not been justified.</i>

A vote AGAINST Peter Spuhler is warranted due to excessive board mandates at listed companies. 9	Approve Remuneration Report (Non-Binding)	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because the company's equity compensation system does not provide sufficient long-term alignment with shareholders' interests. We note in particular that:- From 2015-2019, the CEO was eligible for fixed grants of restricted shares that were not subject to performance conditions. The company considers these shares to be a component of the basic salary.- The other forms of equity-settled executive compensation do not measure performance over a multi-year period.</i>

9.1	Elect Shareholder Director Nominee Nicholas E Benes	Against	For
<i>Blended Rationale: A vote FOR this shareholder nominee is recommended because:- While Kirin should be credited for a successful turnaround and return to profitability, the company's strategy does not make intuitive sense at first glance, and in the absence of proof of concept, the board's credibility is key to convincing shareholders that its strategies are the product of healthy internal debate.- Adding an independent voice to the board (not denying there are some already there) by electing one of the two dissident nominees would bolster this credibility and induce a healthy debate on strategy.</i>

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO In-hwa Chang are warranted for the following reasons:- Given that board chair, Shin-bae Kim, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, CEO In-hwa Chang should be held accountable for poor board and management oversight of ESG risk exposures at the firm. Robinsons Retail Holdings, Inc.

Meeting Date: 03/27/2020

Country: Philippines

Meeting Type: Written Consent

Ticker: RRHI

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Written Consent Amend Articles of Incorporation to Reflect Reduction in the Number of Seats in the Board of Directors from 11 to 9	For	Against

Blended Rationale: A vote AGAINST this resolution is warranted given that the proposed amendment to the company's articles of incorporation to place a cap on the number of directors on the board will place a limit on the rights of shareholders to appoint any directors. This proposal represents an increased limitation on shareholder rights and may allow the board to invoke a 'no vacancy' in certain director elections. This represents an inconsistency with good governance which ordinarily allows shareholders to determine the composition of the board by voting on each director's election irrespective of the number of incumbent directors. Furthermore, approval of the amendment will result in the company's continued non-compliance with the requirements of the SEC's Code of Corporate governance on independent director representation on board.

Blended Rationale: A vote AGAINST this proposal is warranted. Concerns are raised regarding the multi-year equity grants to certain NEOs that are intended to equate to four years of annual equity awards. While the grants are half performance-based, they include multiple vesting opportunities and the goals are not particularly rigorous. Multi-year grants can limit the compensation committee's ability to adjust pay levels over the period.

Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Tak Jeong and Min-yong Noh are warranted for the following reasons:- Given that board chair, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members, with the exception of new nominees Jong-ho Hong, Si-bo Ju and In-suk Shim, should be held accountable for poor board and management oversight of ESG risk exposures at the firm.</i>

7.1	Approve Remuneration Report (Non-Binding)	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because:- The company does not currently cap its short-term variable compensation opportunities for members of executive management.- The final determination of executive bonus levels is highly discretionary.</i>			
7.2	Approve Fixed Remuneration of Directors in the Amount of CHF 4.9 Million	For	For

<i>Blended Rationale: Fixed compensation (Item 7.3)A vote FOR this proposal is warranted because the board has not proposed an increase in the maximum potential fixed compensation for executive management, and the proposal does not give rise to any significant concerns. Variable compensation (ex-post) (Item 7.4)A vote FOR this item is warranted because the proposed amount appears to broadly reflect the development in the company's performance during the year under review.Performance shares (Item 7.5)A vote FOR this item is warranted given the reduced envelope request and reasonable rationale provided to support the maximum allotment.Additional performance shares (Item 7.6)A vote AGAINST this proposal is warranted because the board has not provided a compelling justification for this additional compensation to the executive management team.</i>

6	SP 2: Set a Diversity Target of More than 40% of the Board Members for the Next Five Years	Against	Against
	<i>Blended Rationale: Vote AGAINST this shareholder proposal as the prescriptive nature of the proposal, which mandates an increase in the presence of women on the board to 40 percent over a five-year period, establishes a quota that could hinder the company from nominating the most suitable individuals and seems unnecessary because the bank already exceeds this target, demonstrating a strong commitment to board gender diversity.</i>

<i>Blended Rationale: A vote AGAINST the discharge of management and supervisory boards is warranted for the following reasons:- Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board and executive management to proficiently guard against and manage material environmental, social and governance risks.- Withholding formal discharge of the management and supervisory board members should be construed as sending a strong message to the board on the need to more effectively supervise the management of ESG risks to the company and its shareholders, as well as enable shareholders to pursue legal action for, among other topics, inadequate oversight of ESG risk exposures.</i>

5a	Approve the Amendments to the Company's Constitution	Against	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted, as the request to amend the company's constitution is potentially broad with no regulatory framework to oversee shareholder proposals. The board states that Santos regularly engages with its shareholders and wider stakeholder groups on the company's strategy, operations and activities, and performance. Moreover, it states that interest and advocacy groups have other avenues to engage with the company that are more appropriate, and the company welcomes and encourages that engagement.</i>			
5b	Approve Paris Goals and Targets	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted given that the company's current level of disclosure regarding its capital expenditure strategy and emissions do not appear to align with Paris goals, under reasonable assumptions.</i>			
5c	Approve Climate Related Lobbying	Against	For
<i>Blended Rationale: A recommendation FOR this proposal is warranted. The company and its shareholders are likely to benefit from a regular review and disclosure regarding the alignment between the company's stated policies and commitments to the Paris Agreement and the activities of various industry associations in which the company maintains a membership. The proposal does not require suspension of membership when it is misaligned but a remediation report which should help the company bring the trade association position more in line with its own.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Although the individual performance metrics are described in detail, the annual bonus program lacks clear disclosure of the level of achievement required for threshold, target, and maximum award payouts, such as through disclosure of pre-set goals and weightings, and appears largely based on the committee's discretion. Further, the financial metrics the program does include decreased goal transparency over prior years. In the long-term program, although the performance shares utilize a multi-year performance period, forward-looking goals are not disclosed, and are only known at the end of performance period. More concerningly, the equity grant value in FY19 to the CEO increased over 60 percent, and the proxy does not provide sufficient rationale into why such a large increase occurred.

3	Advisory Vote on Executive Compensation Approach Shareholder Proposals	For	For
4	SP 1: Disclose the Compensation Ratio (Equity Ratio) Used by the Compensation Committee	Against	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted as emphasis should be placed on establishing compensation programs which are designed to promote pay for performance, taking compensation risk into account, for generating long-term, sustainable growth for shareholders.</i>			
5	SP 2: Upgrade Computer Systems to Increase Competitiveness while Ensuring Greater Protection of Personal Information	Against	Against
<i>Blended Rationale: Vote AGAINST this shareholder proposal as many of the proponent's concerns are already being addressed by the bank and as the proposal goes well beyond a disclosure request, it appears to be highly prescriptive. BACKGROUND INFORMATIONPolicies: Social & Environmental (TSX)</i>			
6	SP 3: Set a Diversity Target of More than 40% of the Board Members for the Next Five Years	Against	Against
<i>Blended Rationale: Vote AGAINST this shareholder proposal as the prescriptive nature of the proposal, which mandates an increase in the presence of women on the board to 40 percent over a five-year period, establishes a quota that could hinder the company from nominating the most suitable individuals and seems unnecessary because the bank has consistently demonstrated a strong commitment to board gender diversity by exceeding its own targets, with representation of women on the board close to the 40 percent mark.</i>			
7	SP 4: Revise Human Rights Policies	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted due to the following reasons:- Adoption of the proposal should serve to further strengthen Scotiabank's commitment to universal human rights, as well as augment its existing human rights-related oversight mechanisms; and- It should enhance and complement the company's human rights strategy on its financing activities that may have potential impacts on human and indigenous rights.</i>

6.1	Elect Felipe Elias Ribeiro David as Fiscal Council Member and Marcello da Costa Silva as Alternate Appointed by Minority Shareholder	None	Abstain
<i>Blended Rationale: Minority shareholders have appointed competing nominees for the single fiscal council seat reserved for minority ordinary shareholders. While all candidates appear to be well-qualified, a vote FOR minority nominees Roberto Juenemann and alternate Alessandra Eloy Gadelha, presented under Item 6.2, is recommended because the candidates would likely bring greater diversity and minority representation to the company's fiscal council. Furthermore, the candidates appear to have no transactional relationship with the nominating shareholder. As minority shareholders can only elect a single fiscal council member, an ABSTAIN vote recommendation is warranted for candidates Felipe Elias Ribeiro David and Marcelo da Costa Silva (alternate), under Item 6.1. Vote Summary Report

Reporting Period: 01/01/2020 to 12/31/2020

Scentre Group

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted. The following matters given cause for this recommendation:- The level of the CEO's total pay has triggered a high level of concern for misalignment in quantitative pay for performance analysis.- There are continuing concerns regarding non-disclosure of STI targets.- There is a continued absence of complete disclosure of specific and quantified targets in the LTI.- The inclusion of a non-financial strategic metric (ie. the development hurdle) in the LTI is not disclosed, whereas strategic objectives are regarded to be part of the executive's day job, the success of which would ordinarily be rewarded through achievement of improved longer-term financial metrics which are conventionally seen in LTI plans in this market.- The board made the decision to retrospectively adjust the 2019 LTI performance hurdles by removing the "development return hurdle" from the 2019 LTI grant which was previously approved by securityholders at the 2019 AGM. The board determined that this would not be achieved and not in securityholder interests to proceed with, upon a change in the group's strategy during the year.- Whilst seeking to remove the development hurdle from the 2019 LTI, the 2020 LTI grant again includes a development performance measure for 15 percent of the total award (initially comprising 25 percent of the 2019 grant), calling into question the use of such strategic measures.</i>			
3	Elect Andrew Harnos as Director	For	For
4	Elect Michael Wilkins as Director	For	For
5	Approve Grant of Performance Rights to Peter Allen	For	Against

Blended Rationale: A vote AGAINST the grant of performance rights to CEO Peter Allen is warranted given that similar concerns raised in prior years have remained unaddressed, including:- The specific and quantified hurdles in the 2020 LTI grant are not disclosed, diminishing transparency and making it difficult for investors to determine if the targets are sufficiently demanding and if their achievement would reflect materially improved performance.- A portion of the LTI hurdles is subject to a non-financial strategic development hurdle which is considered to be part of an executive's day job and is not considered to be appropriate as an LTI performance measure noting concerns with the 2019 LTI.- The STI also includes disclosure of development objectives.- Securityholders are given a 'false choice' if the resolution to grant equity is not approved, then the LTI would be in the form of cash, effectively negating investors' opinions.

6	Approve Change to Terms of Grant of Performance Rights to Peter Allen	For	Against
---	---	-----	---------

Blended Rationale: A vote AGAINST this proposal is warranted. Changes to performance measures in prior year LTI grant that have been set by the board and approved by investors, in removing hurdles which are not likely to be achieved, is a matter which is typically not accepted by investors. Whilst the rationale for the change has been explained ie the strategy to redevelop Westfield Stirling was delayed in favour of Booragoon this may point to concerns that strategic development measures which are subject to change in the ordinary course of business are not appropriate for an LTI plan, where investors typically expect conventional financial measures which assess the alignment of financial and shareholder performance against bonuses. It is observed that the group also discloses development objectives in its STI plan.

2	Approve Allocation of Income and Dividends	For	For
3	Fix Number of Directors at 13	For	For
4	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. By the time this analysis was finalized on March 25, 2020, there was no publicly available information regarding a shareholder request for cumulative voting. As such, ABSTAIN vote recommendations are warranted for Items 4, 7, 8.1-8.11. Support FOR the independent nominees Eduardo Bunker Gentil (Item 8.12) and minority shareholder independent nominee Eliane Aleixo Lustosa de Andrade (Item 8.13) is recommended to increase the chances that the independent nominees would be elected to the board in the event of a cumulative voting election, which can be requested by shareholders up to 48 hours prior to the meeting date.</i>			
5	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST these items is warranted because:- The existence of ongoing concerns regarding egregious governance practices of the company's incumbent directors in the context of the approval of indemnification and remuneration payments to former executives who admitted knowledge and/or participation in corruption practices;- Growing concerns of board entrenchment, following recent bylaw amendments to establish mandatory slate elections and increase the board's term to two years and the relative low level of support of the incumbent candidates at the 2019 AGM.</i>			
6	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i>

<i>Blended Rationale: Board Elections (4.1.1-4.2) Votes AGAINST the non-independent nominees, Philipp Buhofer, Eugen Elmiger, Andreas Haerberli and Felix Thoeni, are warranted because of the failure to establish a majority-independent board. A vote AGAINST Ulrich Looser, the current chair of the nomination committee, is warranted for lack of gender diversity on the board. A vote FOR the independent director Jakob Bleiker is warranted due to a lack of concern. Committee Elections (4.3.1-4.3.2) Votes AGAINST the nomination of Felix Thoeni, Eugen Elmiger and Ulrich Looser to the compensation committee are warranted because their election to the board does not warrant support.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, with caution. Following last year's relatively low say-on-pay vote result, the committee engaged with shareholders and disclosed the feedback received. While some investors may have expected a broader commitment regarding entirely time-based equity awards to retirement-eligible NEOs, the committee did state that any additional equity grants made to Chairman Rohr would be performance-based. Further, pay and performance were reasonably aligned for the year in review.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the annual bonus is entirely based on a pre-set, objective metric, the target payout opportunity is outsized. This problem is compounded by the fact that another NEO is compensated at the CEO's level. Additionally, although the bonus program's threshold performance requirement went unmet, the compensation committee nonetheless paid discretionary bonuses, undermining the link between pre-determined performance goals and pay.</i>

4	Reelect Yannick Bollere as Supervisory Board Member	For	Against
	<i>Blended Rationale: - A vote FOR the (re)election of this independent nominee is warranted in the absence of specific concerns (Item 5).- Considering the multiple problematic practices authorized and implemented by the board of directors and notably relating to remuneration matters but also in terms of governance risks the re-election of Yannick Bollere, chairman of the supervisory board, warrants a vote AGAINST (Item 4)</i>

6	Authorize Repurchase of Up to 10 Percent of Issued Share Capital	For	For
7	Approve Auditors' Special Report on Related-Party Transactions	For	Against
	<i>Blended Rationale: Votes AGAINST those proposals are warranted because they can be considered as artificial increases of the defined-benefit pension plan just before its closure thanks to:- the grant of additional seniority to some management board members (Items 7, 21, 24, 25); and- the change in calculation of benefits for the management board (Items 7, 20-26)</i>		
8	Approve Compensation Report of Corporate Officers	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration report is warranted as:- The board of directors failed to explain the appointment of Vincent Bollere as censor maintaining an employment contract as advisor of the management board chairman including a remuneration package equivalent to management board members.- The supervisory board brought a very limited response to the high level of dissent faced by the remuneration reports of the chairman of the supervisory board, the chairman of the management board and the members of the management board at the 2019 AGM.- The board of directors authorized changes that are deemed to represent artificial increase of the defined-benefit pension plan just before its closure.</i>		
9	Approve Compensation of Yannick Bollere, Chairman of the Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration report is warranted. Yannick Bollere is considered as an executive of the group by Sustainability Advisory Services due to the level and structure of his remuneration, which are comparable to those of Vivendi's management board members. His remuneration report falls short of good market practice because notably as:- Information on his short-term variable remuneration as chairman and CEO of Havas is very limited; and- Yannick Bollere received performance shares while he serves as supervisory board chairman of the company. This type of remuneration for a supervisory board chairman is a highly uncommon practice with unclear added value for shareholders.</i>

<i>Blended Rationale: Items 11-12Votes AGAINST the remuneration reports of Alix and de Baillencourt are warranted because:- The remunerations that they receive as executives of the Bollere Group, main shareholder of Vivendi, create important conflict of interests. These are neither properly tackled by the company s procedures nor likely to be balanced out by the remunerations that they receive at Vivendi;- Given their executive functions in another listed group, the company failed to properly demonstrate the link between the activities carried out for Vivendi and the remunerations paid by Vivendi; and- There have been two executives serving on the company s remuneration committee.Items 10-16Votes AGAINST the remuneration reports of the management board chairman and all management board members:- The company failed to explain why it chose to use restated figures in the calculation of the bonus outcome;- The company has provided very poor information on the level of achievement of qualitative criteria attached to the bonus;- It is still impossible to assess the stringency of performance conditions attached to the shares granted during the FY in review as the company does not disclose any detailed information on the vesting schedule applied.- The company still has not explained why it has put so much weight in the EPS-based criterion (50 percent of the grant).</i>

12	Approve Compensation of Christophe Kullmann, CEO	For	Against
	<p><i>Blended Rationale: A vote AGAINST the remuneration report of the CEO (Item 12) is warranted since:- The limited disclosure on the achievement level for the non-financial quantitative criteria;- The substantial increase of grant in number and valuation under the ILT2019 plan, without any rationale; and- The additional conditions cannot be considered as in improvement of the LTI policy since they could trigger potential substantial below-median vesting under the long-term incentive plan. Votes FOR the remuneration reports of the vice-CEOs are warranted (Items 13 and 14), although the following concerns are raised:- The limited disclosure on the achievement level for the non-financial quantitative criteria;- The non-disclosure of shares acquired by Dominique Ozanne, vice-CEO, granted while he was only employee; and- The additional conditions cannot be considered as in improvement of the LTI policy since they could trigger potential substantial below-median vesting under the long-term incentive plan. The main reasons for support are:- The decrease of weighting on non-financial quantitative performance conditions at both on-target and cap levels;- The relative good level of disclosure on the annual bonus and the LTI plans; and- The absence of evidence of disruption between pay and performance.</i></p>

Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO/Chair James Quincey are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. <i>Blended Rationale: A vote FOR Item 6a is warranted because the proposed amendment are not considered contentious and would largely reflect legal updates related to the implementation of the Shareholder Rights Directive into Dutch law. 	<i>Blended Rationale: A vote FOR this proposal is warranted. The compensation committee made positive changes to the executive compensation program and compensation-related disclosure in response to shareholder feedback following low vote support in 2019. In addition, the misalignment between CEO pay and company performance is sufficiently mitigated. Some concerns are noted in the short-term program, which for 2019 was highly discretionary. The program was modified in response to shareholder feedback, and the annual bonus in FY20 will be formulaic and largely based on pre-set financial metrics. The majority of the long-term incentive program is based on performance-conditioned equity, and further improvement made in the FY20 program will strengthen the alignment between executive pay and the long-term performance of the company.</i>

2A	Re-elect Simon To as Director	For	Abstain
	<i>Blended Rationale: Item 2AAn ABSTENTION on the re-election of Simon To is warranted because:- He is an Executive Director and is currently a member of the Remuneration Committee, which is not in line with UK best practice recommendations.- Apart from his role as Executive Chair of the Company, he also serves as a Non-Executive Chair at another publicly listed company, which could compromise his ability to commit sufficient time to his role in the Company.A vote FOR this resolution is warranted for those shareholders in markets who have a fiduciary responsibility to vote either in favour or against and who do not recognise an abstention as a valid option.Items 2B-2JA vote FOR the re-election of Christian Hogg, Johnny Cheng, Weiguo Su, Dan Eldar, Edith Shih, Paul Carter, Karen Ferrante, Graeme Jack and Tony Mok is warranted because no significant concerns have been identified.</i>

4D	Authorise Market Purchase of Ordinary Shares	For	For
5	Amend 2015 Share Option Scheme	For	Against
	<i>Blended Rationale: Although the proposed increase in limits is not excessive, a vote AGAINST the proposed amendment is warranted for the following reasons:- The Scheme continues to allow grant of share options to certain NEDs which could further compromise their independence;- The vesting of the awards under the Scheme is not in line with recommended market practice;- The terms of the Scheme are not clear when it comes to inclusion of performance targets prior vesting; and- In the event of a change of control, the vesting of awards is not pro-rated for time and performance.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Company performance in both the short- and long-term has been strong, and short-term incentive targets were rigorous. However, despite strong performance, the large opportunity provided in the LTI program is not sufficiently performance-based, in the context of the large pay opportunities provided. Additionally, the performance equity in the long-term program does not appear to require sustained performance in the long-term, as the prior two performance equity grants each vested within two months of grant.
