<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO Vagit Alekperov are warranted for the following reasons:- Given that board chair, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, CEO Vagit Alekperov should be held accountable for poor board and management oversight of ESG risk exposures at the firm. Votes FOR Toby Gati, Roger Munnings, Pavel Teplukhin, Sergei Shatalov and Wolfgang Schuessel (Items 2.3, 2.5, 2.7, 2.10 and 2.11) are warranted because these nominees can be classified as independent, making them the most likely of all the candidates to act in all shareholders' interest.</i>

8	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST is warranted, because:- The overall disclosure level is below par in relation to market standards, not providing adequate, comprehensive compensation disclosure;- The company has granted one-off awards. Although not considered excessive and 2019 performance is not questions, the absence of a properly designed and disclosed short-term incentive plan does not enable shareholders to assess the stringency of the plan;- The different share grants are not subject to a minimum three-year vesting period and some of the grant are not subject to performance criteria.</i>			
9	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because:- The at-target and maximum award levels for the variable incentive plan(s) are not disclosed;- Relative weighting of performance metrics is not provided and it is unclear how share price performance is measured;- Shares granted under the variable incentive plan may vest before the third anniversary; and- The proposed fee structure for non-executive directors is not disclosed.</i>

4	Approve Auditors' Special Report on Related-Party Transactions	For	Against
	<i>Blended Rationale: - A vote AGAINST the auditors' special report is warranted as the company failed to provide any rationale and adequate information, notably on the price-setting process and fields of provided services, to support the continuation of the management services agreement entered into with its controlling shareholder and its chair/CEO. - A vote AGAINST the Management Services agreement with Rene Faber, non-executive director, is warranted as such agreement could be a source of conflict of interest. - A vote AGAINST the termination package granted to the chair/CEO is warranted. 4	Amend Articles to Add Provision on Abolition of Advisory Positions	Against	For
<i>Blended Rationale: A vote FOR this shareholder proposal is warranted because:- The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision making process.- Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.</i>

<i>Blended Rationale: A vote AGAINST this non-binding proposal is warranted because:- A classified board structure eliminates shareholders' ability to evaluate a director's performance on an annual basis; and- A classified board structure can entrench management and effectively precludes most takeover bids and proxy contests, even if they are beneficial to the shareholder base.</i>

4	Ratify Appointment of Zhang Zutong as Supervisory Board Member	For	Against
	<i>Blended Rationale: A vote FOR the reelection of this independent nominee is warranted in the absence of specific concerns (Item 5). A vote AGAINST the ratification of appointment of this non-independent nominee is warranted given the lack of independence at the board level (including all board members: 38.5 percent vs 33.3 percent recommended; excluding the employee representative and the employee shareholder representative: 45.5 percent vs 50 percent recommended) (Item 4).</i>		
5	Reelect Catherine Bradley as Supervisory Board Member	For	For
6	Approve Remuneration Policy of Carlos Tavares, Chairman of the Management Board	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration policy of the management board chairman is warranted because:- The bonus opportunity and the base salary substantially increased and the company failed to provide a compelling rationale;- The objectives of the exceptional remuneration related to the Opel Vauxhall recovery plan could be achieved under normal conditions with an annual bonus policy;- Carlos Tavares is also beneficiary of the retention plan while he is guaranteed to be present in the group PSA FCA merged structure. A vote AGAINST the remuneration policy of the management board members is warranted because:- The base salary substantially increased for Maxime Picat for the second time over a short period of time. Olivier Bourges' base salary also increased. The company failed to provide a compelling rationale.- Michael Lohscheller is beneficiary of the exceptional remuneration related to the Opel Vauxhall recovery plan while his bonus' personal targets already include the OV division. This makes the exceptional remuneration redundant.- With respect to the employment contracts of the management board members, the severance arrangements, could exceed twice their fixed and annual variable remunerations.</i>

11	Approve Compensation of Carlos Tavares, Chairman of the Management Board	For	Against
<p><i>Blended Rationale: Votes AGAINST these remuneration reports are warranted because:- The company awarded Tavares and Loscheller an exceptional remuneration related to the Opel Vauxhall recovery plan, with low disclosure around the quantum determination and the achievement of the performance metric that conditioned the award;- The company does not provide any achievement details or vesting scale to enable the understanding of the bonus payout;- Under the 2019 LTIP, the company does not provide the objectives ex ante, and there is no commitment to disclose them on a retrospective basis;- The first fraction of the 2016 performance share plan vested during fiscal year under review and the company did not provide any achievement levels or targets set for each performance criterion, even on a retrospective basis. This absence of disclosure falls short market standards; and- The absence of rationale on the determination of base salary for the management board members, which does not enable a clear understanding of their remuneration structure.</i></p>

<i>Blended Rationale: A vote FOR this shareholder proposal is warranted because:- The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision making process.- Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.</i>

11	Approve Alternative Allocation of Income, with a Final Dividend of JPY 1 Higher Than Management Proposal	Against	Against
12	Remove Incumbent Director Morimoto, Takashi	Against	For
<p><i>Blended Rationale: A vote FOR this shareholder proposal is recommended because:- Supporting this proposal seeking to oust Takashi Morimoto, who has been on the board for four years, would help show shareholder concerns over the utility's senior management's highly questionable practice of accepting money and gifts over a 30-year period from a local official.</i></p>			
13	Amend Articles to Require Individual Compensation Disclosure for Directors	Against	For
<p><i>Blended Rationale: A vote FOR this shareholder proposal is recommended because:- The proposed disclosure would promote accountability and help shareholders make better-informed decisions.- Although the individual compensation disclosure in the proxy circular this year is a welcome move, in order to make sure that the disclosure practice continues going forward in the future, the amendment is needed, in light of the utility's senior management's highly questionable practice of accepting money and gifts over 30 years from a local official.</i></p>			
14	Amend Articles to Add Provision on Abolition of Advisory Positions	Against	For
<p><i>Blended Rationale: A vote FOR this shareholder proposal is warranted because:- The proposal will add credence to the soundness of the utility's governance by trying to reduce the influence of former senior executives over the utility's ongoing strategic decision-making process.- Meanwhile, banning such advisory posts in the articles of incorporation will not prevent former senior executives of the utility from playing the role they currently have with the business community, without the title of advisors, if that is deemed to be reasonable.</i></p>

2.d	Approve Remuneration Report	For	Against

	<i>Blended Rationale: A vote AGAINST is warranted because discretionary bonuses are in deviation of best market practices.</i>		
4.c	Approve Interim Payment Under the Cash Performance Bonus of N. Marty	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted as the interim payment is based on predicted and expected performance instead of actual performance and is not in line with the pay for performance principle. Moreover, disclosure on all the performance metrics and level of achievement is not considered sufficient.</i>		
4.d	Amend Remuneration of N. Marty	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because a number of concerns are raised regarding the design of the package. There is not sufficient disclosure on the performance elements to understand the rigor of target setting and the stock options may vest before the third anniversary and the exercise price was set substantially below market price at the time of grant.</i>		
4.e	Amend Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted, as the proposed remuneration policy is below par in relation to market standards, both in terms of disclosure, the existence of sizable discretionary awards, and an LTI vesting in two years based on future earnings.</i>		
5.a	Grant Board Authority to Issue Shares and Restrict/Exclude Preemptive Rights	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted because:- The authorization to issue shares could be used as an antitakeover instrument, whereas shareholders cannot exert sufficient influence to redeem the preference shares;- The authorization is not in line with commonly used safeguards regarding volume because the authorization to issue shares would allow the company to issue shares up to 340 percent of the current outstanding share capital; and- The authorization is not in line with safeguards regarding duration, since the authorization to issue shares would last for 60 months.</i>		
5.b	Authorize Repurchase of Shares	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because:- This proposal is not in line with commonly used safeguards regarding volume;- The authorization would allow Altice Europe to repurchase up to 20 percent of the issued share capital.</i>

7	Amend Articles of Association and Authorize Each Lawyer and Paralegal Employed by De Brauw to Execute the Deed of Amendment of the Articles of Association	For	Against
<i>Blended Rationale: A vote AGAINST the amendments is warranted because the company proposes to lower the requirement for adoption of the remuneration policy from 75% to 50%. This does not warrant support because:- The new legal three-fourth majority requirement for the adoption of the remuneration policy is part of the package that implements the second Shareholder Rights Directive;- The majority requirement was included for the purpose achieving more responsible remuneration policies and empower minority shareholders and encourage shareholder engagement.- The company did not provide a compelling rationale why it would set this lower threshold or how this is considered in the best interest of shareholders.</i>

1.2	Re-elect Trix Kennealy as Director	For	For
1.3	Re-elect Nomgando Matyumza as Director	For	For
1.4	Re-elect Jacko Maree as Director	For	Against

Blended Rationale: Items 1.1-1.3, 1.5-1.7A vote FOR these items is warranted:- No issues have been identified in relation to the election or re-election of these Directors.Item 1.4: Jacko MareeA vote AGAINST his election is considered warranted because:- As Vice Board Chair, he is the senior-most Non-Executive Director standing for re-election at the AGM and is therefore accountable for the Company's reported refusal to table shareholder resolutions on climate change at the 2020 AGM.- There is an absence of sufficiently compelling rationale to justify the rejection of shareholder proposals from the AGM agenda, which should also be considered in context with the climate change resolutions submitted by shareholders at the 2019 AGM and the level of support these items received.

1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted:- With respect to the LTIP award that was performance-tested during the period under review, the Remuneration Committee has adjusted the comparator group attached to the relative TSR performance condition (50% of the award), which could be considered a retrospective change. This decision has allowed for vesting of approximately 67% of the award under this element, where performance against the original comparator group was below the threshold target. - It is unusual for a TSR comparator group to be amended in this manner after-the-fact, as the reference group is typically changed only to reflect M&A activity over the performance period. That this adjustment has been made to the benefit of executives as it provides a vesting outcome where awards would otherwise lapse is considered a matter of poor practice.</i>

1a	Elect Director Raymond Dwek	For	For

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While the company reached out to the majority of its shareholder base in 2019 and disclosed the feedback received, recent pay program changes occurred before the 2019 annual meeting and it does not appear that the committee has made changes to its compensation practices following the failed vote. In addition, pay-for-performance concerns are not sufficiently mitigated. STI targets were again lowered from the prior year's achievements, without a corresponding decrease to payout opportunities, and the proportion of performance-based equity decreased year-over-year. In addition, the commitment not to grant additional equity during the four-year period covered by the front-loaded awards was somewhat vague.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Following relatively low support for the 2019 say-on-pay vote, the compensation committee did not adequately respond to shareholder concerns. While the committee disclosed certain engagement efforts, the proxy does not detail shareholder feedback nor specific actions taken to address their concerns, as evidenced by last year's say-on-pay result. This marks the second consecutive year in which the company received relatively low support for the advisory compensation proposal and failed to adequately respond. Further, ongoing design concerns persist in both the annual and long-term incentive programs. First, both programs use a duplicative financial metric and the same performance period. Second, the long-term incentive program continues to provide multiple vesting opportunities and include a problematic retesting feature. Finally, while CEO pay declined year-over-year, concerns are noted with respect to the magnitude of pay for other NEOs, even after excluding sizable dividend equivalent payments.</i>

10	Approve Compensation of Sebastien Bazin	For	Against
	<i>Blended Rationale: Votes AGAINST these remuneration reports are warranted because:- The level of disclosure on the bonus lies below market standards;- The size of the 2019 LTIP grant is almost doubled, without any explanations;- The challenging structure of the 2019 LTIP raises serious concerns considering the overall lack of disclosure on the vesting scale, the decreased stringency of the TSR criterion, and the risk of compensation effect between criteria; and- The 2017 LTIP will vest at its maximum level while the TSR-based criteria have been fully missed.</i>

2.a	Discuss Report of Management and Supervisory Board Including Corporate Governance		
2.b	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because:- The company has not addressed the substantial level of shareholders dissent (free float dissent approximately 90 percent) at its Nov. 4, 2019 EGM to amend the remuneration policy;- The supervisory board decided to award the retention and risk compensation awards to the CEO and CFO and are considered a poor governance practice as the company already announced a change-of-control and is therefore considered opportunistic, lacks a compelling rationale, and is in excess of market practice; and- Lack of (retrospective) disclosure regarding the STI objectives and level of achievement, not enabling shareholders to fully assess the stringency of the objectives.</i>

6	Approve Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The remuneration policy is being submitted in accordance with U.K. regulation, where the company is incorporated. 7	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual incentives were primarily determined by pre-set objective metrics, significant concerns are raised regarding both incentive plans and the magnitude of the CEO's total compensation. Pay targets and upside opportunities remain relatively large compared to peers and are guaranteed to increase significantly every year of the CEO's employment agreement. Guaranteed increases may limit the compensation committee's ability to adjust pay during periods in which unforeseen circumstances arise. In addition, the CEO was granted a large cash bonus and an outsized sign-on award, which had a grant date fair value of greater than \$50 million. Further, he received a significant special off-cycle award, and although certain factors the committee may use to determine vesting were provided, disclosure of specific performance goals are limited.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. 1M	Elect Director Sjoerd S. Vollebregt	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: There is some concern raised over goal rigor under the annual program, as the target goal for each metric was set below last year's actual results and NEOs nevertheless received payouts well above target. However, this concern is mitigated for the year in review, as pay and performance are reasonably aligned. However, the company materially amended the employment agreements for the CEO, president and chief commercial officer without removing entitlements to excise tax gross-up payments, and without removing entitlements to modified single-trigger severance payments for the CEO and president. As such, a vote AGAINST this proposal is warranted.

<i>Blended Rationale: - Votes FOR Items 31 and 33 are warranted as the proposed amendments are deemed non-contentious and have a neutral impact on shareholders' interest. However, under Item 33, the adoption of the new articles does not allow piecemeal voting by shareholders, who are presented with an all-or-nothing choice.- A QUALIFIED FOR Item 32 is warranted as it would allow the CEO to remain in his functions after the expiry of his director's term, although the company sets up an age limit at 80.- A vote AGAINST Item 34 is warranted as the board would be able to implement bylaws' amendments that are neither mandatory nor necessary nor in compliance with shareholders' interest.</i>

7	Approve Remuneration Policy of Chairman of the Management Board	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration policy applicable to the management board chair is warranted (Item 7) as:- There is no cap on LTIP;- Post-mandate vesting is possible with no information on pro-rating of awards;- The derogation provision is too vague and does not set any limit over the board's discretionary power; and- Francois-Poncet is entitled to a severance agreement which is not in line with market standards regarding maximum amount and performance conditions.A vote FOR the remuneration policy applicable to the management board members is warranted (Item 8), although the following concerns are raised:- There is no cap on LTIP;- Post-mandate vesting is possible with no information on pro-rating of awards; and- The derogation provision is too vague and does not set any limit over the board's discretionary power. The main reasons for support are:- The characteristics of the severance agreement concluded with David Darmon are improved compared to past practice and now in line with recommended guidelines.</i></p>

The main reasons for support are:- No other concerns are raised since the level of disclosure on the bonus' qualitative criteria has been significantly improved.A vote AGAINST the remuneration granted to Bernard Gautier is warranted (Item 12) as:- His severance payments exceed twice his last cash compensation; and- Performance conditions attached to the stock options that vested in FY19 cannot be considered sufficiently challenging.A vote FOR the remuneration granted to David Darmon is warranted in the absence of serious concerns (Item 13).</i></p>

3	Reelect Azim H. Premji as Director	For	For
4	Elect Thierry Delaporte as Director and Approve Appointment and Remuneration of Thierry Delaporte as Chief Executive Officer and Managing Director	For	Against
<i>Blended Rationale: Items 3 and 5:A vote FOR these nominees is warranted given the absence of any known issues concerning the nominees and the company's board and committee dynamicsItem 4:A vote AGAINST the remuneration arrangements of Thierry Delaporte is warranted because of the following:- The pay structure comprises RSUs which have an exercise price at face value (INR 2) and are not subject to any performance conditions. These will follow time-based vesting and are only subject to continued employment.- The quantum of salary is considered to be aggressively positioned when compared to other domestic IT peers.- There is scope for improved reporting on the target-setting methodology for variable pay.- The overall framework is open-ended as it includes provisions for the board to modify the entire variable pay program and to make additional stock grants over and above the disclosed amounts. This makes the current proposal highly discretionary and provides no comfort to shareholders on the alignment of pay with performance.[3291]Policy : 1078 - Sustainability VoteRec : Not Equal to Management (True)</i>

1.1	Elect Director Raymond Svider	For	Withhold

Blended Rationale: WITHHOLD votes are warranted for non-independent director nominees Raymond Svider and James (J.K.) Symancyk for failing to establish a board on which a majority of the directors are independent. WITHHOLD votes are further warranted for Raymond Svider for serving as a non-independent member of certain key board committees. WITHHOLD votes are warranted for Raymond Svider, Sharon McCollam, and James (J.K.) Symancyk given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, classified board, and the pop-up supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights.

2	Ratify Deloitte & Touche LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. High NEO pay levels were driven by large equity awards granted in connection with the IPO. While the proxy indicates that the grants were made in connection with the forfeiture of previously awarded profits interest units, it is not clear how the new awards relate to the value and terms of the forfeited awards. In addition, while the STI program was largely based on objective metrics, the specific targets and achieved values were not disclosed, which precludes an informed assessment of pay and performance linkage.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	For
3	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST the proposed remuneration policy is warranted on account of:- The maximum variable pay opportunity will be increased from 375% of salary to 500% of salary for the CEO and from 300% of salary to 425% of salary for other executives. The remedial measures adopted by the Company to mitigate the impact of these higher award levels are not considered adequately robust to address shareholder concerns on the significant leverage in the new pay structure.</i>			
4	Amend Long Term Incentive Plan	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted as the proposed amendment will increase the maximum award limit under the LTIP for the CEO, which will create significant leverage in the overall pay structure.</i>			
5	Approve Final Dividend	For	For
6	Approve Global Employee Share Purchase Plan	For	For
7	Elect Olivier Blum as Director	For	Against
<i>Blended Rationale: Item 7: Elect Olivier Blum as DirectorA vote AGAINST this Director is warranted because:- Olivier Blum is a nominee of the controlling shareholder and thereby not considered to be independent. The composition of the Remuneration Committee does not comply with the recommendations of the UK Code as a result of this Director.Items 8, 10 - 15A vote FOR these Directors is warranted as no significant concerns have been identified.Item 9: Re-elect Peter Herweck as DirectorA vote FOR this Director is warranted although it is not without concern for shareholders:- Peter Herweck is a nominee of the controlling shareholder and thereby not considered to be independent. The composition of the Nomination Committee does not comply with the recommendations of the UK Code as a result of this Director.The main reason for support is:- Including the Board Chair, the Nomination Committee comprises a majority of independent directors. Some degree of flexibility is therefore considered appropriate. The composition of this Committee will be kept under review.</i>

4	Approve Reappointment and Remuneration of Rajeev Jain as Managing Director	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because:- The company has failed to specify the quantum of performance-linked pay and stock options he is entitled to receive.- There are inadequate disclosures on his previous performance-linked pay levels.- At the upper end of the range provided, the estimated remuneration for the executive is deemed to be aggressively positioned when compared to market standards and peers.</i>

<p><i>Blended Rationale: Item 19A vote FOR the remuneration policy applicable to the board chair is warranted in the absence of specific concern. Item 20A vote AGAINST the remuneration policy applicable to the CEO is warranted as:- The allocation of his remuneration between the company and the holding company is not transparent;- Share-based awards are subject to a minimum performance period which is not sufficiently long-term; and- It is impossible to ascertain whether he does not benefit from an excessive severance arrangement under his employment contract. Item 21A vote FOR the remuneration policies applicable to the vice-CEOs is warranted, although the following concerns are raised:- Share-based awards are subject to a minimum performance period which is not sufficiently long-term; and- It is impossible to ascertain whether they do not benefit from an excessive severance arrangement under their employment contracts. The main reason for support are:- In the light of past practice, the majority of shares granted is subject to a long-term performance period, and executives' current holding mitigates the risk of disconnection between their interests and long-term performance; and- This year, the company discloses a policy regarding LTIP's cap.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
5	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. Minority shareholders have disclosed the name of a board nominee to be elected under the cumulative voting process (Item 11). In total, the company disclosed 12 director candidates for the proposed 11-member board with management appointing eight director candidates (Items 9.1-9.8), two additional board nominees being appointed by minority ordinary shareholders, and two by minority preferred shareholders. However, not all minority shareholders nominees were included by the company in its remote voting card agenda. According to Petrobras' bylaws, one board seat is reserved for an employee representative who has already been elected under a separate election process to serve for the upcoming two-year term. Due to the greater number of director candidates than board seats, vote recommendations are as follows:- FOR Item 5 (Request Cumulative Voting) to allow minority shareholders to elect directors individually and concentrate their votes on specific board nominees who can potentially bring greater minority shareholder representation to the board;- AGAINST Item 8 (Equal Distribution of Votes Among Management Board Candidates) so to allow minority shareholders to concentrate their votes on the nominees who would bring greater minority representation to the board;- ABSTAIN Items 9.1-9.8 (Management Nominees) as the proposed management board nominees would likely be elected with the votes of Petrobras' controlling shareholder, the Brazilian federal government.- FOR Items 10 and 11 (Leonardo Pietro Antonelli) as the only minority ordinary shareholder candidate included by the company in its remote voting card agenda.</i></p>			
6	Elect Directors	For	Abstain
<p><i>Blended Rationale: Although there are no known concerns regarding the proposed management nominees presented under this slate election proposal, Petrobras has disclosed a greater number of board candidates than board seats due to the nomination of minority shareholder candidates both under a separate election, as well as under the cumulative voting process, in the event minimum regulatory quorum and ownership requirements are met. As management nominees presented under this slate election proposal will likely be supported by the company's controlling shareholder, the Brazilian federal government, to achieve greater minority shareholder representation at the board level, unaffiliated shareholder would likely benefit from concentrating their votes on the existing minority shareholder nominees presented under a cumulative vote and/or disclosed to be elected under a separate election. As such, an ABSTAIN vote recommendation for the management slate is recommended.</i></p>			
7	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i></p>			
8	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The STI program (for the CEO) is based entirely on pre-set quantitative performance goals, which appear to be rigorous, and below-target payouts are in-line with company performance. However, there is significant concern surrounding the magnitude of the value creation award granted to CEO Murphy in FY2020. While the award requires substantial increase in stock price over an extended period for it to be earned, there is potential for the CEO to earn a relatively large payout if the goal is achieved. In addition, while the company does not plan to grant these types of awards going forward, the company does not state that this grant was meant to replace multiple years of annual equity awards. Further, the relative TSR metric is not particularly rigorous, and there is no disclosure of a vesting cap if absolute TSR is negative over the performance period.</i>

4.1	Elect Tony Tan Caktiong as Director	For	For
4.2	Elect William Tan Untiong as Director	For	Against

Blended Rationale: Votes AGAINST incumbent Nominating Committee Chair Artemio Panganiban are warranted for lack of gender diversity on the board. A vote AGAINST the election of the following nominees is warranted because the board composition does not comply with the requirement of the Securities and Exchange Commission's Code of Corporate Governance on board independence:- William Tan Untiong (Item 4.2);- Joseph Tanbuntiong (Item 4.4);- Ang Cho Sit (Item 4.5);- Antonio Poe Eng Chua (Item 4.6); and- Artemio V. Panganiban (Item 4.7). A vote AGAINST the election of William Tan Untiong (Item 4.2), Antonio Poe Eng Chua (Item 4.6), and Cesar P. Consing (Items 4.8) is warranted because they serve on the company's audit committee and the level of non-audit fees paid to the auditor in FY19 cannot be determined due to lack of disclosure. Given that Executive Chairperson and Founder Tony Tan Caktiong (Item 4.1) and CEO Ernesto Tanmantiong (Item 4.3) are integral to the company, and in the absence of any corporate governance concerns in relation with independent director Cesar V. Purisima (Item 4.9), a vote FOR their election is warranted.

<i>Blended Rationale: Under a separate EGM, the company seeks shareholder approval to file administrative lawsuits against two former administrators after an internal investigation confirmed concerns regarding allegations of fraud. In light of the material concerns regarding governance failure, the restatement of the 2019 financial statements, the potential weaknesses in the company's internal controls, and the ongoing investigations, support for the management statements for fiscal year 2019 is not recommended at this time. As such, a vote AGAINST this item is warranted.</i>			
2	Accept Financial Statements for Fiscal Year Ended Dec. 31, 2019	For	Against
<i>Blended Rationale: Following concerns raised in the market, the confirmation of fraudulent acts revealed through an internal investigation, and the resignation of key executives and administrators, the company has restated its 2019 financial statements, which had been previously approved by the company's external auditor PricewaterhouseCoopers with an unqualified opinion. Although the company appears to be responding and bringing greater accountability with changes in its administration, investigations are ongoing and the full extent of the potential breach of fiduciary duty and the existence of weaknesses of its internal controls are still unclear at this time. In light of the ongoing concerns, support for this proposal is not recommended at this time..</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST this item is considered warranted:- An 'exceptional' bonus award was made to the Executive Chair for the fifth consecutive year, in addition to two of four instalments of the special one-off bonus award approved by shareholders at the 2019 AGM. This has significantly increased the single figure of Executive Chair's remuneration for the year under review, which is not supported by sufficiently compelling rationale. - The CFO received an award under the Company's LTIP in 2019. The performance targets of the award have not been disclosed on a prospective basis and the award will be wholly-settled in cash, vesting after a three-year performance period without being subject to a further holding period.</i>

	<i>Blended Rationale: A vote AGAINST this item is considered warranted:- Significant increases to variable pay quantum are proposed. Furthermore, material concerns remain regarding the operation of the variable pay schemes, such as the all-cash structure of both short-term and long-term incentive awards.- A number of other concerns also remain, namely the all-cash structure of the policy, the lack of shareholding guidelines and the default position that outstanding LTIP awards would vest upon a change of control.</i>		
4	Re-elect Peter Cowgill as Director	For	Against
	<i>Blended Rationale: Item 4A vote AGAINST the re-election of Peter Cowgill is warranted:- Peter Cowgill serves in the effective role of a combined Board Chair and CEO, which contradicts the provisions of the UK Corporate Governance Code;- Additionally, Peter Cowgill serves as chair on the boards of United Carpets Group plc and QUIZ plc. These are significant external time commitments, and may potentially undermine his effectiveness as the Executive Chair of the Company.Items 5 and 7-10A vote FOR these Directors is warranted as no overriding concerns have been identified.Item 6A vote AGAINST the re-election of Andrew Leslie is warranted:- The remuneration report resolution has consistently received significant levels of dissent from independent shareholders since the 2014 AGM, during which time Andrew Leslie has chaired the Remuneration Committee. Given the continued level of dissent, along with new and ongoing concerns over remuneration identified, there is limited evidence to indicate that the Committee has appropriately responded to shareholder feedback.</i>

9	As an Ordinary Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<p><i>Blended Rationale: A vote FOR this item is warranted because:- Minority shareholders have disclosed the name of a proposed board nominee; and- The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i></p>			
10	As a Preferred Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<p><i>Blended Rationale: A vote FOR this item is warranted because:- Minority preferred shareholders have disclosed a nominee for the separate minority board election; and- The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i></p>			
11	Elect Mauro Gentile Rodrigues da Cunha as Director and Tiago Curi Isaac as Alternate Appointed by Preferred Shareholder	None	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted because:- The company has disclosed the name and detailed biographical information on the minority shareholder nominee;- There is no indication of competing minority ordinary nominees; and- There are no known concerns regarding the proposed minority nominee.</i></p>			
12	In Case Neither Class of Shares Reaches the Minimum Quorum Required by the Brazilian Corporate Law to Elect a Board Representative in Separate Elections, Would You Like to Use Your Votes to Elect the Candidate with More Votes to Represent Both Classes?	None	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted because the combination of two classes of shares for the purposes of establishing a separate election for a minority board representative increases the likelihood of having minority representation at the board level.</i></p>			
13	Elect Fiscal Council Members	For	Abstain
<p><i>Blended Rationale: An ABSTAIN vote recommendation is warranted for management's fiscal council nominees, to allow minority shareholders to concentrate their votes on the election of a minority fiscal council candidate, as further discussed under Item 16 of this meeting agenda.</i></p>			
14	In Case One of the Nominees Leaves the Fiscal Council Slate Due to a Separate Minority Election, as Allowed Under Articles 161 and 240 of the Brazilian Corporate Law, May Your Votes Still Be Counted for the Proposed Slate?	None	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because lack of timely disclosure prevents international institutional investors from making an informed voting decision.</i></p>			
15	Elect Louise Barsi as Fiscal Council Member and Tiago Brasil Rocha as Alternate Appointed by Preferred Shareholder	None	For
<p><i>Blended Rationale: A vote FOR these items is warranted because:- The names of the fiscal council nominees and alternates appointed by minority ordinary and preferred shareholders have been disclosed;- There is no indication of competing minority ordinary or preferred nominees; and- There are no known concerns regarding the proposed nominees. Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Discuss Financial Statements and the Report of the Board		
2	Reappoint Ziv Haft & Co. and Somekh Chaikin as Joint Auditors and Authorize Board to Fix Their Remuneration	For	For
	Regarding Items 3.1-3.4 (Re) elect Three External Directors as defined in Directive 301 of the Proper Conduct of Banking Business Regulations Out of a Pool of Four Nominees		
3.1	Elect Shaul Kobrinsky as External Director	For	For
3.2	Elect Iris Avner as External Director	For	For
3.3	Elect Yaacov Lifshitz as External Director	For	For
3.4	Elect Mona Bkheet as External Director	For	Abstain

Blended Rationale: A vote FOR the reelection of Shaul Kobrinsky (Item 3.1), Iris Avner (Item 3.2) and Yaacov Lifshitz (item 3.3) is warranted due to lack of concern regarding their suitability to serve as directors for an additional term and as they possess relevant executive and public board experience, as well as financial and accounting expertise, and considering the low average board tenure. Considering that only three of the four candidates may be elected to serve on the board, and without providing a negative assessment of the candidate's skills and qualifications, or her ability to effectively serve as a director, a vote ABSTAIN the election of Mona Bkheet (Item 3.4) is warranted.

Regarding Items 4.1-4.3 (Re) elect Two External Directors Out of a Pool of Three Nominees

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual and long-term incentives are primarily performance-based, and CEO pay and company performance were reasonably aligned for the year in review, there are significant concerns regarding compensation practices at the company. Specifically, the committee granted special equity awards to certain NEOs notwithstanding that both NEOs were granted special awards in FY18, which have not yet vested. While recognizing the need to retain top executives, investors may expect special awards to be relatively infrequent and may question executives receiving multiple special awards in a relatively short period of time. Additionally, the committee continues to rely on above-median benchmarking, which has a ratcheting effect on executive compensation.</i>

5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Do Not Vote

Blended Rationale: A vote AGAINST this proposal is warranted. NEOs received substantial equity awards in FY19, and while PSUs were introduced to the equity mix, the performance goals may be achieved at any time prior to early 2029. Sustainability Advisory Services acknowledges that drug development timelines may extend for several years; however, the long performance period diminishes the at-risk nature of the PSUs.

	Annual Meeting Agenda		
1	Receive Report of Management Board (Non-Voting)		
2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted because:- The quantum of long term incentives awarded is high, with a large portion not subject to performance conditions.- The quantum of the overall realized package for FY 2019/2020 is considered excessive (USD 42 million) where this is mainly driven by the SAR plan that is not sufficiently transparent.- A substantial part of the LTI awards vest before the third anniversary in deviation of best practice recommendations.- Scope for increased disclosure of performance targets under the variable pay framework.</i>

4.a	Approve Dividends of EUR 0.602 Per Share	For	For
4.b	Approve Capital Increase and Capital Reduction	For	For
5	Approve Remuneration Policy for Executive Directors	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted:- The remuneration policy includes a significant proportion of long-term incentives that are not performance-related;- A substantial portion of the LTI vests before the third anniversary and start vesting after the first anniversary of the grant;- Absence of termination agreements with executives to mitigate risks of excessive termination payments;</i>

13	Authorize Repurchase of Shares	For	For
14	Amend Prosus Share Award Plan	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because:- The proposed Prosus share plan appears different from the current LTI plan based on granting shares in controlling shareholder Naspers. Instead, it is proposed that participants receive shares in Prosus. The proposed plan does not contain relevant details on how performance is measured for the applicable PSUs.- The vesting period is spread over four years, where one fourth vests each year and as such a substantial part may vest before the third anniversary and not necessarily subject to performance measure.- Under the plan it is also not clear what portion of the awards are either performance based or are merely time based.</i>

1	Approve Merger Agreement	For	Against
<i>Blended Rationale: The process that led to the buyer group's offer was flawed and the result of that process is questionable. The value offered to shareholders is out of sync with the company's historical valuation relative to peers and likely does not provide a control premium to the company's intrinsic value. As a result, a vote AGAINST the transaction is warranted.</i>			
2	Authorize Board to Ratify and Execute Approved Resolutions	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While the annual bonus is based entirely on a pre-set financial metric, the target bonus opportunity is high, resulting in a relatively high payout for merely target performance. Furthermore, the LTI program, though entirely performance-conditioned, overlaps a metric with the STI program and only utilizes a one-year performance period. Also of concern, CEO pay continued to climb in FY2020, with an equity grant value at target that exceeded total CEO pay for both the Sustainability Advisory Services- and company-selected peer groups. The company also utilizes a peer group which contains several larger companies.

<i>Blended Rationale: In line with the board's recommendation, a vote AGAINST Item 2 is warranted due to likely fraudulent activities carried out by corporate officers in 2018 and the associated lack of proper oversight by the board. A vote AGAINST Item 3 is warranted because the 2018 financial statements do not provide a fair view of the company's financial situation, as highlighted by the external auditors. This negative vote recommendation only addresses the board's failure to provide reliable financial information. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee awarded large discretionary bonuses to executives when payouts were not earned under the 2020 annual incentive program and 2018-2020 long-term incentive program, without sufficient explanation. While CEO Donahoe joined the company during the second half of fiscal 2020 he received a discretionary bonus of \$6.75 million, in part due to receiving a target payout opportunity of \$5 million for the 2018-2020 LTIP performance period. Donahoe has a similar \$5 million target payout opportunity for the 2019-2021 performance period. Awarding payout opportunities to newly hired executives for which a significant portion of the measurement period has already elapsed undermines the connection between pay and performance.</i>

2	Elect Joseph Gersh as Director	Against	For
<i>Blended Rationale: A vote AGAINST the election of Gary Weiss is warranted due to overboarding concerns given his extensive board commitments. This recommendation is based on overboarding concerns and does not reflect on the high regard in which Dr Weiss is held, or his skills and experience as a company director. A vote FOR the election Joseph Gersh is warranted. If elected, ARA would have one board representative on a seven-member board which is not considered unreasonable or disproportionate with its shareholding. The board would remain majority independent.</i>

<i>Blended Rationale: A vote AGAINST is warranted because the proposal merely functions to facilitate the issuance of loyalty voting shares and potentially increase the differential treatment of shareholders.</i>			
3	Approve Implementation of Clause 13.11 and Amend Articles of Association	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because:- The proposal would enable the company to issue special voting shares carrying 20 votes per share, in deviation of the one-share-one-vote principle;- The special ordinary shares to be introduced carry 20 votes per share. This is a more substantial differentiation of voting rights than normally seen in the market, further marginalizing minority shareholders.</i>			
4	Elect Fabio Facchini as Director	For	For
5	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because:- There is no clear disclosure on the short-term performance metrics. - Under the new derogation policy the company may award exceptional entry and retention awards. Although these awards are capped at one-year's base salary, the fact these will not necessarily be subject to performance or other conditions is reason for concern. - The company also introduces the possibility to grant a so-called last mile award, to additionally reward executives for long-term performance at the end of their mandates. The company has not disclosed how performance will be measured. More concerning is the award level, which is up to 15 times the annual remuneration (base salary + bonus), and can potentially lead to excessive remuneration.</i>

Blended Rationale: A vote AGAINST the proposed amendment to the remuneration policy is considered warranted because:- The amendment of the current remuneration policy is being proposed to allow the grant of a Co-Investment Award to Andy Bird following his prospective appointment as CEO. The proposed Co-Investment Award is significant in value, is outside the remuneration policy approved by shareholders in April 2020 and it is not considered that the Company has provided a compelling rationale for the award.- There are also concerns about the rigour of the performance underpins for the vesting of the awards.- Further, it is highlighted that the employment of Andy Bird as CEO is presented as subject to the approval of this resolution, presenting shareholders with an all-or-nothing decision which is itself considered poor practice.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Elon Musk	For	For
1.2	Elect Director Robyn Denholm	For	Against
<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Robyn Denholm are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. Votes AGAINST audit committee chair Robyn Denholm are warranted given concerns on the risk oversight function of the board, in light of the pledging of a significant amount of the company's common stock by certain directors and executives. Votes AGAINST compensation committee member Robyn Denholm are further warranted due to consecutive years of high director pay without a reasonable rationale disclosed. A vote FOR the remaining director nominees is warranted.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO Musk received less than \$30,000 in total pay for the year under review, after receiving a special performance-based stock option award valued by Sustainability Advisory Services at \$3.2 billion in the prior year. While CEO pay was minimal for the year in review, a review of the pay programs for other NEOs reveals concerning features. The company does not maintain traditional incentive programs, with NEO pay consisting entirely of base salary and sizable equity awards that lack performance vesting conditions. While stock options are appreciation-based and require an increase in the stock price in order to gain value, investors increasingly expect a meaningful portion of long-term incentives to be tied to pre-set performance goals. The magnitude of equity awards granted to an internally promoted NEO is also concerning, particularly as the proxy does not provide detail regarding how the committee determines the size of equity awards.</i>

4	Report on Paid Advertising	Against	Against
5	Adopt Simple Majority Vote	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given that elimination of the supermajority vote requirement enhances shareholder rights.</i>			
6	Report on Employee Arbitration	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted because more information on the impact that the company's standard arbitration provision has on Tesla's employees would allow shareholders to better assess the risks associated with the company's use of arbitration agreements; could result in improved recruitment, development and retention; and the company has been involved in several recent and related controversies.</i>			
7	Additional Reporting on Human Rights	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as additional information regarding policies and processes the company has implemented to address human rights impacts in its operations and supply chain would allow shareholders to better gauge how well Tesla is managing human rights related risks in light of current related controversies.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted due to the following:- Ongoing absence of specific and quantified disclosure of STI targets, which makes the independent assessment of bonus outcomes and targets difficult for shareholders and other stakeholders. Opaque disclosure raises questions regarding justification of STI bonuses. Outcomes against the underlying profit metric appear to be assessed as in the same range year-on-year (between target and max) despite a 21.5 percent decrease in the period under review. - Further reduction in the ROE threshold and maximum vesting range in the LTI grant. - Continued increases in the chairman's fees further increase his remuneration well above the market cap and peer medians. - The double quantum of the FY20 LTI grant which is significantly above market cap and ISS-selected peers. - The significant weighting of a newly-introduced carbon transition metric in the FY21 LTI grant, which represents an excessive weighting and increase the risk for misalignment between bonuses and shareholder outcomes and expectations. Shareholders may question the appropriateness of STI bonuses for FY20 given the poor overall performance of the company during the reporting period, the substantial fall in share price and weak shareholder outcomes. There appears an absence of downward board discretion being applied to STI outcomes given a misalignment of executive remuneration outcomes, financial performance and shareholder interests. After release of the company's FY20 financial results, the company's shares fell a further 9.6 percent to \$15.36 on 13 August 2020, suggesting investor concerns with the company's performance.</i>		
3a	Elect Peter Botten as Director	For	Against
	<i>Blended Rationale: A vote AGAINST the re-election of Peter Botten (Item 3a) is warranted. He is a member of the remuneration committee and problematic pay practices have been observed in FY19 and FY20. A vote FOR the election of new candidate Mark Bloom (Item 3b) is warranted. No material concerns have been identified regarding these director nominees in respect of board and committee composition.</i>		
3b	Elect Mark Bloom as Director	For	For
4	Approve Grant of Performance Rights under the AGL Long Term Incentive Plan to Brett Redman	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted to reflect concerns for:- The continued reduction in the ROE threshold and maximum vesting range in this LTI grant. - The excessive and significant weighting of 33 percent of a new carbon transition metric. The inclusion of the new carbon transition metric is inconsistent with Australian market practice and shareholder expectations. Such ESG metrics are typically seen in some STI structures for a smaller proportion of the total STI. Such performance measures increase the risk of misalignment in breaking the objective link between the executive bonus and improved company performance and shareholder value. Such objectives in an energy company may be regarded by shareholders as part of the "day job" of executives in executing strategy to transition the business to align with carbon emissions requirements of investors.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2b	Elect Simon Moutter as Director	For	For
3	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the company's remuneration report is warranted. Several items have been identified which highlight a misalignment of the problematic pay practices with shareholder outcomes and expectations.- The FY20 STI is weighting more heavily to non-financial measures resulting in high bonuses compared with the prior year and industry peers, which are designed to fix past problems and governance failings,- The FY20 STI financial targets were set at significantly lower levels than FY19, resulting in higher and misaligned bonuses with weaker results,- The Board's discretion to award the CEO an additional 10 percent in the STI bonus,- Bonuses appear to be awarded to improve and fix systemic "day job" items and cultural issues, with emphasis on fixing processes which have been and are in the control of management,- The bank's financial outcomes were lower for the fifth consecutive year, suggesting a misalignment with 84 percent of maximum vesting of the LTI-LTI vesting included 97 percent vesting of the "customer satisfaction" performance measure which may be regarded as flawed in light of significant poor customer practices identified at the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry,- Payment of excessive sign-on awards is not in shareholders' interests, and- The Chairman's fees are well above the median of similar sized companies and peers.Shareholders may have regard that the award of bonuses in focusing executive remuneration on remediation action plans, innovation, improved systems and strategy (70 percent of the award) has led to a misalignment with shareholder interests. At least some of these issues have been identified by the Australian Prudential Regulation Authority and the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry as the bank's failings. At least some of these issues are or have been within the control of management. While the bank's focus of correcting and addressing these issues is obviously necessary, shareholders may question whether this supports increased and high bonuses in the face of declining performance, including lower earnings, lower share price, lower dividends and a disconnect with customers, employees and other stakeholders.</i>			
4	Approve Grant of Restricted Share Units and Performance Rights to Matt Comyn	For	Against
<i>Blended Rationale: A vote AGAINST the grant of restricted share units (RSUs) and performance rights is warranted.- Concerns exist for the excessive quantum of RSUs proposed to be awarded to the CEO of \$1.6 million which represents an additional 70 percent of the CEO's fixed remuneration which is not subject to performance, and merely time-based vesting.- The removal of objective performance conditions in the RSUs is not consistent with market practice or shareholder expectations for long term equity grants to be subject to performance measures which permit vesting upon improved long-term shareholder outcomes.- The RSUs may be regarded as deferred fixed remuneration, and represent a material increase to the CEO's total fixed remuneration. There has not been any material reduction in the total remuneration opportunity.- The grant of RSUs is not consistent with the company's recent performance and negotiations on other employee remuneration arrangements, and does not represent an appropriate remuneration component for the CEO and executives at a company of the size, prominence and influence of Commonwealth Bank, as the second largest company on the Australian Stock Exchange.- The company provides shareholders with a false choice which has the effect of materially diminishing shareholder rights. If this resolution is not passed, the board discloses its intention to provide the benefit in an alternative form including the use of deferred cash payments. This may confirm that the RSUs are essentially in the nature of deferred fixed remuneration.</i>

22	Elect Ken MacKenzie as Director	For	Against

Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Kenneth (Ken) MacKenzie are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. Votes FOR the remaining nominees are warranted.

3	Approve Remuneration Report	For	For
4	Approve Grant of Performance Share Units to Paul Perreault	For	Against

Blended Rationale: A vote AGAINST the grant of Performance Share Units to CEO Paul Perreault is warranted.- The quantum of the award at 400 percent of fixed remuneration is excessive and three times higher than the market median,- The award structure has a rolling seven-year performance period which incorporates known and achieved prior year results, where prior year performance would have already been rewarded in the STI award,- There are four tranches in the grant that each have a mix of past and future year results in an overlap of performance periods when compared to other annual LTI grants. This may result in doubling up vesting for achieving the same outcomes as identified in the Remuneration Report resolution (refer vesting outcomes in Item 3),- Some tranches of the grant have short vesting periods of one and two years, which fall below the minimum expectation of at least three years for LTI awards,- Despite the high absolute returns expected, the ROIC hurdles have reduced in this FY21 grant from a range of 24-27 percent in the FY19 grant to 20-23 percent.

1	Approve Merger Agreement	For	For
	<i>Blended Rationale: Although the board did not conduct an auction or a market check, it negotiated with two strategic bidders to maximize deal certainty and succeeded in raising SHL's initial offer by nearly 11 percent. Valuation implied by the offer compares favorably to historical trading ranges of VAR and its peers, as well as precedent transactions. In addition, the cash form of consideration provides certainty of value to VAR shareholders. As such, support FOR the proposed transaction is warranted.</i>		
2	Adjourn Meeting	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, given support for the underlying transaction.</i>		
3	Advisory Vote on Golden Parachutes	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Equity awards will generally accelerate and be settled in cash on the effective date, regardless of the executive's employment status following the merger. Although cash severance is double trigger and of a reasonable basis, NEOs' change-in-control agreements were recently modified to provide certain excise tax gross-up eligibility. While the proxy states that mitigation actions could reduce the reported gross-up payments, the recent modification of CIC agreements to include the gross-up eligibility is problematic.</i>

Blended Rationale: A vote AGAINST the grant of performance rights to CEO David Attenborough is warranted. Persisting concerns with the LTI grant continue, noting also that 35 percent of votes against at the 2019 AGM were against the LTI grant at the time.- The quantum of the award of \$3 million is excessive compared to market median.- The CEO has announced his intentions to retire by the end of the first half of calendar year 2021. This grant is inconsistent with local and global market practices, in which LTI grants are not made to executives shortly before their planned retirements.

<i>Blended Rationale: Under these agenda items, the company proposes to amend its stock option plan, originally approved by shareholders in 2015. The amendments are being presented separately, therefore allowing shareholders to vote on each proposed change separately. Vote FOR Items 3, 4, and 6 are warranted since there are no known concerns regarding the proposed amendments. Under Item 5, the company proposes to grant the board authority to pay unvested awards in the case of termination. 3	Approve Participation of Alan Joyce in the Long Term Incentive Plan	For	Against
<i>Blended Rationale: A vote AGAINST the grant of performance rights to CEO Allan Joyce is warranted for the following reasons:- The relative TSR measures continue to permit vesting on a relative basis despite potential massive losses in shareholder value as seen in FY20, without board discretion or a positive TSR gateway, which may lead to a misalignment between pay and performance (refer Remuneration Report analysis),- The quantum of the CEO's LTI is excessive compared to market, which was increased from a \$4 million grant to \$5 million in line with the board's desire to increase the weighting of the LTI and corresponding reduction in the target weighting of the STI for FY21, and- The increased weighting of the LTI has resulted in the issuance of 81 percent more performance rights relative to the CEO's FY20 LTI, which provides a significant, asymmetrical upside opportunity for the CEO relative to shareholders, such as in a situation where the company's stock price merely recovers to near one-half of the level where the shares traded at prior to the COVID-19 pandemic.</i>			
4	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Problematic structural issues are observed in certain elements of the pay program, which have contributed to a high level of concern for misalignment in quantitative pay-for-performance in the year under review. While fixed remuneration reductions to CEO, executive KMP and directors is noted and the cancellation of STI bonuses is appropriately aligned with the \$1.96 billion loss reported for FY20, nevertheless, executive KMP have derived a misaligned bonus through vesting of 50 percent of the FY18 LTI. LTI vesting is inconsistent with the company terminating and standing down thousands of employees, cancellation of shareholder dividends, and \$500 million in Government assistance, including substantial JobKeeper subsidies, through which the government paid the wages of a large number of employees. Shareholder returns over the one- and three-year periods turned negative and there appears no positive TSR gateway prior to vesting or use of Board discretion to reduce LTI vesting where bonus outcomes are completely misaligned with shareholder and employee outcomes. Furthermore, there are additional concerns in the reweighting of the STI and LTI for FY21 and the associated grant of the FY21 LTI to the CEO which incorporates a material 81 percent increase in the grant of performance rights compared to the prior year. Given the lower share price and the high LTI opportunity as a percentage of the CEO's fixed remuneration, there is a disproportionate benefit in future LTI vesting compared with any potential recovery of shareholder value.</i>

This kind of representation would add two new independent directors that can contribute to the strategic debate without necessarily signaling an urgent need for a pivot in strategic direction.- Slate number 1 is adequately positioned to represent the long-term interests of minority shareholders and carry out an independent oversight of the management's action. 4	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because of the following shareholder concerns:- Excessive FY20 STI awards paid to the CEO and KMP are well above median and not aligned with the company's declining financial results for the last two years, despite applying a negative modifier;- High value of LTI award to the CEO at 300 percent of fixed remuneration is excessive at more than 50 percent higher than the median of industry peers and same size companies;- Inclusion of strategic and sustainability measures in the STI with poorly disclosed targets are considered to be part of the CEO and KMP's core job responsibilities and not justified as a basis for incentives;- Granting retention and transition awards to KMP is not in line with market; and- Director fees are above median and payment of travel allowances to directors is not in line with market practice. Notwithstanding, Shareholders may want to consider the company's remuneration structure is generally in line with market practice and the company disclosed that there will be no increase in fixed remuneration for the CEO, KMP and directors in FY21. The company also disclosed that the chairman will take a five-percent reduction in fees commencing in FY21.</i>		
5	Approve Grant of Rights to Graham Kerr	For	Against
	<i>Blended Rationale: A vote AGAINST the grant of rights to CEO Graham Kerr is warranted because to quantum of both the STI deferred rights and the LTI performance rights are excessive and well above median. It is noted, however, the framework of deferring half the STI award and the LTI plan structure is consistent with market practice. The vesting conditions for the LTI award is linked to improved share price performance, which is aligned with shareholders wealth outcomes.</i>

<i>Blended Rationale: A vote FOR this proposal is warranted. Lowering the threshold to call a special meeting would enhance the current shareholder right to call special meetings.</i>			
6	Require Independent Board Chair	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent chairman of the board. 1.13	Elect Director Naomi O. Seligman	For	For
1.14	Elect Director Vishal Sikka	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: The company made significant improvements to its disclosure surrounding shareholders' concerns and the board's contemplation of them. In addition, the board made a commitment to maintain the existing terms of the outstanding front-loaded awards despite no vesting of any tranches to date, in response to recent shareholder feedback. While the committee demonstrated sufficient responsiveness, pay-for-performance concerns remain at the company for the year in review. Specifically, there are ongoing concerns with the use of a discretionary bonus structure and entirely time-vesting equity awards for certain NEOs. Accordingly, the pay-for-performance misalignment is not mitigated and a vote AGAINST this proposal is warranted.</i>

7	Approve Renewal of Authority for Director to Issue Shares without Pre-emptive Rights	For	For
8	Approve the Amendments to the Company's Articles of Association	For	Against

Blended Rationale: A vote AGAINST this resolution is warranted. The proposed amendments to the articles of association do not raise any material concerns except for the provision relating to the possibility for virtual-only meetings. While there are benefits from "hybrid meetings" (with physical and virtual attendance), there is no benefit for shareholders supporting virtual-only meetings. This represents a corporate governance concern and may prevent shareholders from exercising their rights in holding directors publicly accountable at a physical meeting.

9	Approve 2020 Non-Executive Director Equity Plan and Issuance of Shares Thereunder	None	For
---	---	------	-----

Blended Rationale: A vote FOR this resolution is warranted because the proposal is intended to allow directors to salary-sacrifice their fees to build up their shareholdings and better align with shareholder interests. This is not considered to be a problematic practice and has been adopted by several larger ASX-listed entities.

<p><i>Blended Rationale: Item 1. Authorize Issuance of Equity or Equity-Linked Securities with Preemptive Rights up to Aggregate Nominal Amount of EUR 3.5 BillionA vote FOR Item 1 is warranted but it is not without any concerns for shareholders as:- There is a need to hold off on the proposed capital raise and provide an opportunity for a reconstituted board that includes direct shareholder representation to reevaluate its merits with access to non-public information. The main reasons for support are:- If, after reassessing available alternatives, the reconstituted board were to conclude that a capital raising is necessary, the company could proceed with the rights issue.- The highly uncertain market environment and the fact that a prolonged crisis that could severely impact the company's operations is not an entirely unrealistic scenario. It may therefore be prudent to grant the company the optionality to raise capital if conditions deteriorate drastically. 4	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because of several concerns in relation to FY20, including:- Despite changes to the CEO's remuneration structure he is still paid well above median of similar sized companies and peers;- Non-disclosure of STI targets prevents shareholders from assessing if they have been set at sufficiently challenging levels;- There is no disclosure of the weighting for STI performance measures many of the non-financial measures being considered part of the CEO's core job responsibilities for which fixed remuneration is paid; and- Not introducing a minimum shareholding requirement hinders alignment of senior executives and directors with shareholder interests.</i>			
5a	Approve Grant of Performance Rights and Share Appreciation Rights to Stuart Irving	For	Against
<i>Blended Rationale: A vote AGAINST the FY21 LTI grant of performance rights and share acquisition rights is warranted because:- The quantum of the award to the CEO is excessive compared to market,- Replacing the EPS measure with a share price growth measure is not sufficiently challenging,- Changing the structure of the LTI award is due to the company's assessment that setting an appropriate EPS measure is difficult and the likelihood of not vesting may disaffect executives. This appears to place the interests of executives above those of shareholders, and- It is unclear why the company has not considered other award structures such as applying the relative TSR performance condition to the entire award with a positive TSR gateway.A vote AGAINST the recovery equity grant of share acquisition rights is warranted because the grant split into two tranches was proposed because market factors are likely to render the EPS component of prior LTI grants in FY19 and FY20 as unlikely to vest. This is essentially a replacement of the original terms of grants approved by shareholders with new terms that may favour executives. Despite including a cap and offset arrangement the proposal appears to place the interest of executive well above those of shareholders.</i>

6	Approve Grant of Performance Rights to Elizabeth Gaines	For	Against
<i>Blended Rationale: A vote AGAINST the grant of performance rights to the CEO, Elizabeth Gaines, is warranted due to the following concerns:- Insufficient disclosure of performance metrics,- A score of 5 to 15 for the strategic performance objectives is meaningless and does not justify how the strategic measures warrant a significant bonus and the targets are objective referable to shareholder value,- Duplication of the same performance metrics in both the STI and LTI,- An opportunity is created for additional benefit to be gained from share price appreciation by granting FY21 STI rights to the CEO at the beginning of the FY21 performance period,- The high weighting to strategic measures is not in line with market, and- The Average Return on Equity metric is not sufficiently challenging.</i>

While there are benefits from allowing participation via electronic means in conjunction with a meeting including physical attendance, virtual-only meetings are presently not permitted in this market (except for the regulatory exemption in COVID environment) and concerns for shareholder rights, transparency and good governance are noted.

3a	Elect Peter Kahan as Director	For	Against
<i>Blended Rationale: A vote AGAINST the re-election of Peter Kahan (Item 3a) is warranted because he is a non-independent director on a board that is majority non-independent and The Gandel Group Pty's representation on the board (37.5 percent) is disproportionate to its current shareholding (15.2 percent). Additionally, Mr Kahan serves as chair of the remuneration committee and there are significant concerns with the company's remuneration practice in the FY21 LTI grant. A vote FOR the re-election of Karen Penrose (Item 3b) is warranted as no material issues have been identified regarding board and committee composition resulting from her nomination.</i>

4	Resolutions for Vicinity Limited and Vicinity Centres Trust Approve Grant of Performance Rights and Restricted Rights to Grant Kelley	For	Against
<i>Blended Rationale: A vote AGAINST the FY21 LTI grant to CEO Grant Kelley is warranted due to the introduction of restricted rights which appear to be effectively subject to tenure requirements only. Specific concerns with the restricted rights are as follows:- Introduction into the FY21 LTI grant of an excessive 33 percent component which provide an excessive opportunity for substantial bonuses in respect of undisclosed "financial, strategy, portfolio, leadership, risk, governance and other applicable objectives". Shareholders may recognise that part of the CEO's day job is to set and execute strategy, the achievement of which would be expected to appear in achievement or otherwise of long term financial performance metrics and conventional measures of shareholder returns;- The minimum vesting period for a portion of the restricted rights (25 percent) is only 26 months, which below market expectation of three years; and- The 50-percent discount to the restricted rights maximum opportunity is not sufficient. Over the past five years, when economic conditions have been relatively good for the company, the total revenue and prior EPS and ROCE hurdles have vested in full within four of the five years. As such, the average vesting outcome over the past five-years has been 80 percent. Given this and the substantially difficult uncertainty brought by the pandemic to the market, shareholders should expect the quantum to be more significantly reduced to factor in the guaranteed vesting under the restricted rights component.</i>

<i>Blended Rationale: Item 4aA vote AGAINST the grant of performance rights to the CEO under the LTI Plan 2023 is warranted due to the following problematic pay provisions:- A significant portion of the grant (75 percent) is subject to undisclosed EPS and Revenue growth target, and the short performance period of two years is inconsistent with LTIs of market cap and industry peers; and- The vesting provisions for remaining 25 percent of the grant being subject to a relative TSR metric provide for excessive vesting at various levels of performance which is inconsistent with market cap and industry peers.Item 4bA vote AGAINST the grant of performance rights to the CEO under the Recovery Incentive Plan is warranted because it is awarded on a look-back basis with the following problematic provisions:- This grant is being offered because the LTI Plan 2021 (subject to performance testing in FY21) and LTI Plan 2022 (subject to performance testing in two years) are disclosed as "highly unlikely to vest" this grant is essentially akin to re-pricing of prior grants;- An excessive 50 percent of this grant is linked to undisclosed strategic objectives raising concerns for excessive board discretion when "strategy" is regarded as part of the "day job" of the CEO;- The specific and quantified targets for the EBITDA metric (25 percent) are undisclosed; and- The relative TSR performance metric (25 percent) provide for excessive vesting at various levels of performance which is inconsistent with market cap and industry peers.</i>

2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the adoption of the remuneration report is warranted given the following concerns:- The absence of STI target disclosures for FY20 (particularly financial targets), which hinders shareholders ability to assess the outcomes against performance as well as the rigor of the performance hurdles and targets. This is retrograde disclosure compared to the prior remuneration report. - Given the absence of STI target disclosure, FY20 outcomes appear to be misaligned with the company's objectively poor financial performance over the reporting period. - Some shareholders may have concerns that safety performance is confined to only 5 percent of the overall STI opportunity and that the board has not exercised downward discretion outside of this weighting given the company's year-on-year fatalities at its worksites. Shareholders should expect robust disclosure when outcomes are relatively high when financial performance is objectively down as well as the context of COVID-19 pandemic. Shareholders should be concerned that the company's remuneration disclosure has diminished year-on-year.</i>

2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: The company received a 'first strike' of 25.7 percent of shareholders voting against adoption of the 2019 remuneration report. This follows 20.2 percent of the votes cast against the 2018 Remuneration Report. A vote AGAINST the remuneration report is warranted because the FY20 remuneration structure has not changed and the proposed changes for FY21 are minor and ignore the primary concerns of shareholders that remuneration is excessive and awards are not linked to substantive performance conditions. Ongoing concerns include:- The CEO's total remuneration is excessive at 3.25 times the Sustainability Advisory Services peer group as highlighted in the Sustainability Advisory Services Pay for Performance analysis and the CEO Pay Comparison chart;- Equity rights granted annually do not have any financial and non-financial performance conditions and vest subject only to one-year ongoing employment. The structure of this award is therefore considered to be deferred fixed remuneration which is inconsistent with the typical STI award in this market;- The LTI grant has insufficiently rigorous 'cliff' vesting performance condition;- The number of LTI rights granted is based on a heavily discounted fair value rather than face value; and- The granting of excessive sign-on awards and high fixed remuneration to the former CEO of Commonwealth Bank of Australia (CBA) has been defended as compensation for future rewards foregone, which appears to mislead shareholders given that CBA forfeited many of his unvested awards on termination for cause. Shareholders may also be concerned that the company's response to the "first strike" against the 2019 remuneration report is inadequate and serves to perpetuate the excessive remuneration arrangements with its CEO and other executives.</i>		
3a	Elect Julie Fahey as Director	For	For
3b	Elect Vanessa Wallace as Director	For	Against
	<i>Blended Rationale: A vote FOR the re-election of independent director Julie Fahey (Item 3a) and Linda Kristjanson (Item 3c) is warranted as no material issues have been identified regarding board and committee composition resulting from their nomination. A vote AGAINST the re-election of Vanessa Wallace (Item 3 b) is warranted given the problematic remuneration practices at SEEK Limited while she was a member of the Remuneration Committee as well as the governance and remuneration concerns raised by shareholders that led to her withdrawal from seeking re-election as a director at AMP Ltd in 2018.</i>

5	Approve Grant of Equity Right to Andrew Bassat	For	Against
<i>Blended Rationale: A vote AGAINST the equity right award (Item 5) is warranted on the basis that the grant has not changed and the proposals has the following shareholder concerns:- There are no performance hurdles apart from ongoing employment;- There is no link and insufficient transparency between executive reward and performance and alignment with shareholders; and- Awarding a short-term incentive without performance conditions, which are the norm in the Australian market, is essentially additional deferred fixed remuneration with exposure to short term share price fluctuation.A vote AGAINST the grant of LTI options and rights (Item 6) is warranted, despite some changes in response to shareholder concerns, because:- The quantum of the award is high;- The number of rights allocated has been determined using fair value which is discounted for the possibility that they may not vest;- Introducing a graduated vesting scale is preferable to a "cliff vesting" target, however the threshold has been set at an extremely low level of 3.3 percent compound annual growth, well short of the FY20 cliff vesting hurdle of 5.3 percent; and- The maximum stretch growth target of 6.0 percent (share price of \$22.16) is approximately 5 percent below the current trading price of the company's shares.It is concerning that shareholders are being asked to approve this proposal with inadequate performance hurdles that have already been exceeded and unlikely to drive executives to out-perform over the longer-term and create further shareholder wealth.</i>

<i>Blended Rationale: A vote FOR the election of Robert Welanetz is warranted as no material issues have been identified regarding his nomination in respect of board and committee composition, nor any wider corporate governance issues. A vote AGAINST the re-election of Phill Coffey and Jane Hemstritch is warranted. Both are members of the remuneration committee and problematic pay practices have been observed. Additionally, shareholders may have concerns in relation to Coffey's prior executive roles at Westpac and Hemstritch's prior non-executive roles at Commonwealth Bank, Tabcorp and Telstra where corporate governance concerns have been identified.</i>

3	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted due to the following concerns:- High remuneration paid to the CEO relative to market median and the company's poor performance;- High weighting to non-financial measures in the STI award with inadequate disclosure;- Awarding of STI bonuses for FY20 despite continued poor financial performance;- Award of additional LTI rights if stretch targets are achieved adding to an excessive quantum;- Awarding of restricted shares (RSUs) which are not subject to performance but tenure requirements only; and- Payment of cash equivalent dividends on unvested and vested performance rights.</i>			
4	Approve Issuance of Performance Rights to Stephen McCann	For	Against
<i>Blended Rationale: A vote AGAINST the grant of rights is warranted because:- The quantum of the award is excessive being much higher than market median;- Additional rights (up to an additional 50 percent) are awarded if stretch hurdles are met;- Dividend equalization payments are made on the minimum award prior to the three-year vesting date and on any additional rights that subsequently vest;- The ROE target at which 100 percent of the LTI will vest is not disclosed, whereas the stretch ROE of 11 percent allows much higher vesting; and- The equity grant is in addition to an annual grant of RSUs worth \$500,000 that the CEO (and other executives) receives, which are subject to tenure only. In the prior year, the RSUs were also included under the equity grant proposal for shareholder approval.</i>

<i>Blended Rationale: Item 1.1: Re-elect Colin BeggsA vote FOR this Item is considered warranted although it is not without concern:- In addition to the material weakness identified in the previous year relating to the capital cost estimation process at the LCCP, a further material weakness has been identified in relation to the impairment performed within one segment of the Company. As Audit Committee Chair, Colin Beggs holds a level of responsibility over the Company's internal controls.The main reasons for support:- Remediating actions to address weaknesses identified are being undertaken; and- It is stated that the Audit Committee, in conjunction with the Capital Investment Committee, will continue to closely monitor the embedment and maintenance of such controls.Items 1.2-1.4 & 2: Elect and Re-elect DirectorsA vote FOR these items is warranted:- No issues have been identified in relation to the election or re-election of these Directors.Item 1.5: Re-elect Stephen WestwellA vote AGAINST this item is considered warranted:- As Lead Independent Director, he is the senior-most Non-Executive Director standing for re-election at the AGM and is therefore partly accountable for the Company's refusal to table climate-related shareholder resolutions for the third consecutive year.</i>

In addition, performance equity awards rely on multiyear performance periods. A qualified vote FOR the re-election of Peter Cook (Item 3) is warranted because, whilst he is a non-independent director on a board that is not majority independent (only 50-percent independent), it is disclosed he will transition from an executive chair role to a non-executive chair role by the end of CY20. A vote AGAINST the re-election of Fiona Van Maanen (Item 4) is warranted as she is a non-independent director on a board that is not majority independent (only 50-percent independent). She is also a non-independent member of key board committees that are not fully independent, namely the Audit Committee (only 67-percent independent). Blended Rationale: A vote AGAINST is warranted because:- This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and- The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.

Blended Rationale: A vote FOR the proposed Non-Executive Director Share Rights Plan is warranted as this will allow non-executive director to take advantage of tax deferral opportunities and increase their holdings in the Company. Under this salary sacrifice arrangement, the director chooses the amount of NED fees to be allocated to the purchase of shares through the rights plan. The awards are not performance based and will not impair independence.

7	Adopt New Constitution	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted. Although there is a case for greater flexibility in meeting formats given the current global health pandemic, presently, the Australian Securities and Investment Commission has granted an exception from holding physical meetings in light of the current COVID-19 pandemic. Virtual-only meetings are not presently permitted under the Corporations Act, so there appears no benefit to shareholders in approving this proposal. Going forward, however, the amendments may allow the company to convene virtual-only meetings in place of physical meetings, which represents a corporate governance concern and may diminish shareholder rights to ask questions and hold directors accountable. Best practices for virtual-only meetings are still in consideration amongst investors and that the temporary amendments to the Corporations Act provide for virtual meetings.</i>

No compelling justification has been provided for these payments.- The new CEO has been awarded substantial awards on appointment and details of both the applicable performance conditions and the rationale for granting these particular awards are lacking.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Remuneration Report	None	For
	<i>Blended Rationale: A vote FOR the remuneration report is warranted given that no material disconnect between pay and performance has been identified. - Remuneration awards are consistent with market medians, - Award outcomes are sufficiently aligned with financial performance, and- The STI and LTI targets appear to be sufficiently rigorous. Concerns include the high weighting to non-financial performance measures in the STI which lack disclosure and are more in the nature of bonuses for a senior executive's core day job responsibilities and not worthy of additional incentive awards. Furthermore, the grant of a transition award to the Executive Chairman that vested at a high level in FY20 is excessive when considered in the context of his total remuneration.</i>		
2	Approve the Spill Resolution	None	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted on the basis the company has taken steps to address shareholder concerns which led to a "first strike" at the 2019 AGM and improve its remuneration to be more in line with market. Nevertheless, ongoing concerns for shareholders remain which will require continued scrutiny, including the continued use of strategic and core "day job" performance measures in the STI plan.</i>

A vote AGAINST the re-election of Tommy McKeith is warranted because:- He is classified as over-boarded,- There is potential for conflicts of interest to arise from his concurrent roles on the board of three other gold mining/exploration companies, and- As Chairman of the Nomination and Remuneration Committee he is accountable for problematic pay practices that led to a 'first strike' against the company's 2109 Remuneration Report.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Amend Articles and Consolidate Bylaws	For	Against

Blended Rationale: A vote AGAINST this request is warranted because:- The company has bundled unrelated article amendments under a single voting item, not allowing shareholders to vote on the proposed changes separately; and- There are ongoing concerns with the company's broad statutory provision for indemnification coverage, and the company has not provided sufficient information for shareholders to assess the impact of the proposed amendment to grant board discretion to approve "exceptionality" payments of variable remuneration, preventing shareholders from making an informed voting decision regarding this bundled article amendment proposal.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While the compensation committee added a share price performance goal to the CEO's periodic equity grant, this stock price goal does not need to be sustained through the vesting period nor in order for the CEO to exercise the options. The compensation committee also reduced the number of years the grant was meant to cover without reducing the grant value. Lastly, the equity award made to the other NEO was entirely in time-based RSUs and his bonus remained discretionary, both unusual features for large-cap companies which have mostly moved to more strongly performance-based incentive programs.

<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because:- Executives receive equity awards that vest in less than three years.- Executives receive equity awards that do not require the achievement of performance conditions.- Performance-related equity awards allow for vesting in the case of sub-median performance relative to peers.- Executives may receive an exceptional grant of PSUs, in addition to regular LTIP grants, and the company has failed to provide a compelling rationale. 	<p><i>Blended Rationale: A vote AGAINST this proposal is warranted, given the limited degree of responsiveness and pay-for performance concerns mentioned below. Following two years of failed say-on-pay votes, the company expanded its outreach efforts and held engagements with investors representing nearly one-third of shares outstanding. The company reconstituted most of the compensation committee and disclosed that FY21 equity grants will be 100 percent performance-based, which are improvements. However, the proxy did not disclose commitments regarding equity award magnitude, one of investors' cited concerns, and some may have expected outreach efforts to include a majority of the shareholder base. Additional pay-for-performance concerns are highlighted for the year in review. The incoming CFO received a sizable equity grant that is entirely time-based, and while the CEO did not receive additional equity grants due to the advanced timing of his and other NEOs' fiscal 2020 awards, the president and then-CFO received time-based awards in FY20. Annual incentive targets remain undisclosed, which raises concern surrounding goal rigor, and the committee made discretionary increases to payouts without a fulsome rationale of the considerations that led to the increase.</i></p>

1a	Elect Director Susan L. Bostrom	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for incumbent director nominees Susan Bostrom and Steven (Steve) Gomo given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights. WITHHOLD votes are further warranted for Susan Bostrom and Steven Gomo for failure to remove the problematic dual-class capital structure or subject it to a less onerous sunset requirement. A vote FOR new nominee Max de Groen is warranted.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The majority of CEO Rosenbaum's new-hire equity is performance-conditioned; however, a portion of his and other NEOs' equity awards utilizes an annual performance period, and the relative TSR portion can potentially be earned at target for below-median performance. In addition, the CEO's \$18 million equity grant is substantial relative to Sustainability Advisory Services- and company-selected peers, and the proxy lacks disclosure surrounding the proportion of the grant that is considered a make-whole award, which inhibits an informed assessment of the grant. Further, CEO Rosenbaum's base salary was set significantly higher than his predecessor's and peers', resulting in a higher STI target opportunity, while certain performance goals were lowered or remained undisclosed.</i>

1	Accept Financial Statements and Statutory Reports	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because the Company has not provided a copy of its latest annual report.</i>			
2	Re-elect Peter Niven as Director	For	Against
<i>Blended Rationale: Item 2Votes AGAINST incumbent board chair Peter Niven are warranted for lack of gender diversity on the board.Item 3A vote FOR the election of Brett Miller is warranted although it is not without concern for shareholders because:- A potential independence issue has been identified and he is considered to participate on Board discussions relating to audit, remuneration and management engagement, as the Company has not established formal Audit, Remuneration, and Management Engagement Committees. Such participation is not in line with UK best practice recommendations: and- Apart from his role as a NED of the Company, he also serves in various roles at other publicly listed companies, which could compromise his ability to commit sufficient time to his role in the CompanyMitigating, the main reason for support is:- The Company is in a managed wind down. Taking this factor into account, a degree of flexibility is considered appropriate.</i>

5	Ratify Deloitte LLP as Auditors and Authorise Their Remuneration	For	Against
