1c	Elect Director Arthur D. Collins, Jr.	For	Against
<i>Blended Rationale: Votes AGAINST longtime directors Collins, Giambastiani, Schwab and Williams are warranted due to the board's failure to exercise sufficient oversight of management strategy and corporate culture. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Lawrence Kellner are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR new CEO Calhoun is warranted, with caution, as he will need to demonstrate that he can be an effective agent of cultural change at Boeing. A vote FOR the remaining directors is warranted. Nikki Haley resigned from the board on March 16 and is not seeking reelection.</i>

	<p><i>Blended Rationale: A vote FOR this proposal is considered warranted, as concerns about corporate culture and management priorities, as well as the extent of board oversight of management in the past, are serious enough to suggest that shareholders would benefit from the most robust form of independent board oversight, in the form of an independent board chair; continuing the practice adopted by the company last year.</i></p>

7	Provide Right to Act by Written Consent	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given that the ability to act by written consent would enhance shareholder rights.</i>			
8	Adopt Share Retention Policy For Senior Executives	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted. While the company maintains stock ownership requirements and all NEOs have met them, the current guidelines are not particularly robust and the company does not disclose any further retention requirements for equity incentive awards. The request to hold at least 25 percent of after-tax shares is considered to be reasonable and shareholders may benefit from the implementation of an additional holding requirement for a reasonable portion of equity-based compensation.</i>			
9	Increase Disclosure of Compensation Adjustments	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted. While the company currently discloses the adjustments made to performance metrics from GAAP and the overall net impact on results, a line-by-line reconciliation of adjustments and explanations for them would provide greater transparency around each adjustment and the underlying rationale, which would benefit shareholders.</i>

3	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 3, 5, and 6.1-6.7 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i>			
4.1	Elect Roberto Balls Sallouti as Director	For	Against
<i>Blended Rationale: The company has presented unbundled elections, allowing shareholders to vote on each nominee individually. Although the company has met minimum regulatory requirements, the level of independence of the proposed board fails to meet the growing expectations of institutional shareholders. As such, a vote AGAINST non-independent director nominees Roberto Balls Sallouti, Claudio Eugenio Stiller Galeazzi, John Huw Gwili Jenkins, Eduardo Henrique de Mello Motta Loyo, and Guillermo Ortiz Martinez, presented under Items 4.1-4.3, 4.6, and-4.7, is warranted given the proposed board's lack of independence. A vote FOR independent nominee Mark Clifford Maletz, presented under Item 4.4, is recommended as it would be counter-productive to oppose the election of an independent board candidate. In addition, in light of the individual election, support FOR the chair nominee Nelson Azevedo Jobim, presented under Item 4.5, is recommended in the absence of known concerns regarding the proposed nominee.</i>

5	Approve Remuneration Policy	For	Against
	<p><i>Blended Rationale: A vote AGAINST is warranted, because:- The remuneration policy foresees in the possibility to award discretionary incentives without providing details or a cap;- There is insufficient disclosure on the applicable performance metrics under the short-term incentive plan;- Awards granted under the RSU retention plan may vest before the third anniversary;- The board approves of RSU plans with no performance objectives or fully under board discretion for the next year;- Although there is an award level under the annual LTIP, the board may award RSU under two additional RSU plans without a specific annual award limit provided for individual executives;However, this is not without noting a number of improvements to the policy compared to previous years:- Non-executive no longer participate in performance based warrant plans.- Inclusion of clawback provision</i></p>		
6	Approve Remuneration Report	For	Against

4	Approve Auditors and Authorize Board to Fix Their Remuneration	For	For
5a	Approve Remuneration Policy	For	For
5b	Approve Second Section of the Remuneration Report	For	Against
	<i>Blended Rationale: Cautionary FOR the remuneration policy (Item 5.a) is warranted considering the significant improvements the company is proposing to introduce in its policy for 2020. After a high dissent to the remuneration policy last year, the company has introduced several improvements to better align with investors' expectations and best market practices, namely:- Clear disclosure on performance criteria driving annual bonus for CEO, CFO and other executive officers.- Expanded disclosure on weightings, vesting schedules, and pay-mix.- Although no change has been made in 2020, the company is looking into the vesting period for its long-term incentive plan, which currently allows 25 percent of the awards to vest after only two years.However, we qualify our support as severance payments are in excess of 24 months' remuneration.A vote AGAINST the remuneration report (Item 5.b) for 2019 is warranted because:- CEO salary increased significantly in 2019 (+28.4 percent) without any compelling rationale. The increase in salary will result in an increase in pay opportunity under the annual bonus as the bonus is expressed as a percentage of annual salary.- Bonus opportunities for the CEO and CFO bonuses have been increased (from 100 percent to 117 percent of base salary for the CEO and from 40 percent to 75 percent of base salary for the CFO). These increases have not been explained by the company.</i>

4	Authorize Share Repurchase Program and Reissuance of Repurchased Shares	For	Against
	<i>Blended Rationale: This item warrants a vote AGAINST because:- The maximum volume of the share repurchase program exceeds 10 percent of outstanding issued share capital.- The holding limit of up to 10 percent of share capital in treasury may be exceeded.- The board would be granted the authorization to make use of derivatives for the share repurchase program, which exceeds our endorsed guidelines.- The company may use this authorization to strengthen antitakeover arrangements and the largest shareholder's position through share buybacks.</i>

	<i>Blended Rationale: A vote AGAINST is warranted because:- The company proposes that shareholders approve the remuneration policy that is largely similar to the policy proposed at the 2019 AGM, 33.5 percent of votes were cast against the policy;- Similar to last year we raise concerns with the increased award levels as it would increase the quantum of the package (close to 35 percent at-target and close to 50 percent at maximum) whereas we already raise concern over the size of the package relative to peers (6.91 times the median of peers);- The policy would maintain the supervisory board's discretion to grant additional shares to executives on the basis of one-off events, including for retention purposes (value of the 2019 grant was EUR 2.27 million);- Such discretionary grants are outside the framework of the current remuneration policy which should already aim to reward and motivate executives. - The TSR performance metric allows for payout below median performance</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns continue to be raised by both the heavy reliance on board discretion in determining total NEO pay as well as the relative magnitude of CEO performance year pay. The size of the CEO's performance share award for the 2019 performance year was large, although the awards are not reflected in proxy pay tables due to a change in equity grant timing. In addition, the company disclosed a negative change going forward; specifically, total pay determinations will no longer be based on pre-established target pay opportunities, which reduces transparency in pay decisions and provides for less year-over-year comparability.</i>

8.8	Percentage of Votes to Be Assigned - Elect Salo Davi Seibel as Director and Andrea Laserna Seibel as Alternate	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 4, 7, and 8.1-8.8 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i>			
9	As an Ordinary Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<i>Blended Rationale: A vote FOR this item is warranted because:- Minority shareholders can disclose nominees to the separate minority board election up to the time of the meeting; and- The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i>			
10	Elect Director Appointed by Minority Shareholder	None	Abstain
<i>Blended Rationale: Minority shareholders may present the names of their nominees up to the time of the meeting. Given the lack of timely disclosure regarding minority shareholder nominees, if any, to the board, an ABSTAIN vote recommendation is warranted at this time. Institutional shareholders should provide explicit voting instructions if they seek to elect a specific candidate.</i>			
11	Approve Remuneration of Company's Management	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted because the figure reported by the company for the total compensation of its highest-paid administrator does not appear inclusive of all elements of the executive's pay.</i>			
12	Do You Wish to Request Installation of a Fiscal Council, Under the Terms of Article 161 of the Brazilian Corporate Law?	None	For
<i>Blended Rationale: A vote FOR this item is warranted because the installation of a fiscal council could potentially improve the company's governance and bring greater corporate oversight.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: The company's executive pay opportunities and pay determinations rely heavily on compensation committee discretion and, for the year in review, the application of that discretion resulted in a significantly increased CEO bonus for a period when several key financial metrics were down year-over-year. The board explained that it viewed 2019 financial performance as reflective of a repositioning for future financial growth, although investors may have preferred to see increased incentive payouts reserved until returns on such investments are ultimately realized. The new Performance Assessment Framework provides additional clarity into the metrics assessed, but it does not address the main concerns around the discretionary pay determinations and the lack of clear safeguards that would provide assurances to investors, such as pre-set payout opportunities or reasonable limitations on discretion. Shareholders assessing pay-performance linkage can only rely on directional changes in award magnitude compared to directional changes in company performance, rather than a transparent evaluation of performance against pre-set targets and goals. This impedes shareholders' ability to assess the rigor of the bonus program, and in 2019 the directional changes in bonus award and in company performance metrics were not aligned. Lastly, certain NEOs received majority non-performance-conditioned equity incentives. In light of these concerns, a vote AGAINST this proposal is warranted.

---	---	---------	-----

Blended Rationale: A vote FOR this proposal is warranted as a board review of Goldman Sachs' governance documents, policies, long term plans, goals, metrics, executive and Board compensation, and stakeholder representation will enable investors to better understand the governance implications of Goldman Sachs' commitment to the Business Roundtable's (BRT) Statement on the Purpose of a Corporation.

2	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 2, 5, 6.1-6.12 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i>			
3	Elect Directors	For	Against
<i>Blended Rationale: The company has called a full board election following mid-term recent resignations of board members previously elected under the cumulative voting system at the 2019 AGM. The board had appointed two new directors in December 2019 to replace resigning members and is now seeking shareholder ratification of such appointments, as well as the reelection/election of the other board members to serve for the remainder of the current two-year term, until the 2021 AGM. Despite meeting the minimum independence requirement of the Novo Mercado listing segment of the Sao Paulo Stock Exchange (B3), the new board's level of independence fails to meet the expectations of institutional investors; and the proposed board's 23% level of independence fails to reflect the company's free float of 62.30 percent. In addition, two new members appointed by the company's board in December are former employees of Vale and Vale Fertilizer, which raises additional concerns regarding the company's overall board composition in a period that one of its independent committee created to investigate the Brumadinho disaster has called attention to the company's corporate culture. Moreover, significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - In this case, votes AGAINST board chair Jose Mauricio Pereira Coelho would be warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. However, the election of directors is bundled under this item, leaving shareholders with no option but to vote against all director nominees. As such, a vote AGAINST this bundled resolution is recommended.</i>			
4	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i>			
5	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. <i>Blended Rationale: A vote AGAINST this proposal is warranted as the company has failed to provide a compelling rationale for the material increase of 75 percent on a year-over-year basis. In addition, while the company registered net losses for 2019 in light of the recognition of the impacts of the collapse of the Brumadinho dam, is not distributing dividends to shareholders for the second year in a row, and investigations and legal cases are ongoing, under the 2020 global remuneration cap, Vale seeks shareholder approval to distribute the 2019 variable remuneration to its executives, which had been suspended in light of the January 2019 deadly dam disaster.</i>

2	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 2, 5, 6.1-6.12 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i></p>			
3	Elect Directors	For	Against
<p><i>Blended Rationale: The company has called a full board election following mid-term recent resignations of board members previously elected under the cumulative voting system at the 2019 AGM. The board had appointed two new directors in December 2019 to replace resigning members and is now seeking shareholder ratification of such appointments, as well as the reelection/election of the other board members to serve for the remainder of the current two-year term, until the 2021 AGM. Despite meeting the minimum independence requirement of the Novo Mercado listing segment of the Sao Paulo Stock Exchange (B3), the new board's level of independence fails to meet the expectations of institutional investors; and the proposed board's 23% level of independence fails to reflect the company's free float of 62.30 percent. In addition, two new members appointed by the company's board in December are former employees of Vale and Vale Fertilizer, which raises additional concerns regarding the company's overall board composition in a period that one of its independent committee created to investigate the Brumadinho disaster has called attention to the company's corporate culture. Moreover, significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. In this case, votes AGAINST board chair Jose Mauricio Pereira Coelho would be warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. However, the election of directors is bundled under this item, leaving shareholders with no option but to vote against all director nominees. As such, a vote AGAINST this bundled resolution is recommended.</i></p>			
4	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i></p>			
5	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain
<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 2, 5, 6.1-6.12 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i></p> <p>APPLIES ONLY IF CUMULATIVE VOTING IS ADOPTED - If You Vote FOR on Item 5, Votes Will Be Automatically Distributed in Equal % Amongst The Nominees voted FOR below. 7	As an Ordinary Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<p><i>Blended Rationale: A vote FOR this item is warranted because:- Minority shareholders can disclose nominees to the separate minority board election up to the time of the meeting; and- The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i></p>			
8	Elect Fiscal Council Members	For	For
9	In Case One of the Nominees Leaves the Fiscal Council Slate Due to a Separate Minority Election, as Allowed Under Articles 161 and 240 of the Brazilian Corporate Law, May Your Votes Still Be Counted for the Proposed Slate?	None	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because lack of timely disclosure prevents international institutional investors from making an informed voting decision.</i></p>			
10	Approve Remuneration of Company's Management and Fiscal Council	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted as the company has failed to provide a compelling rationale for the material increase of 75 percent on a year-over-year basis. In addition, while the company registered net losses for 2019 in light of the recognition of the impacts of the collapse of the Brumadinho dam, is not distributing dividends to shareholders for the second year in a row, and investigations and legal cases are ongoing, under the 2020 global remuneration cap, Vale seeks shareholder approval to distribute the 2019 variable remuneration to its executives, which had been suspended in light of the January 2019 deadly dam disaster.</i></p> <p>Extraordinary Business</p>			
1	Amend Articles and Consolidate Bylaws	For	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because:- The company has bundled unrelated article amendments not allowing shareholders to vote on the proposed changes separately; and- While the majority of the proposed amendments are positive in nature, among the bundled resolution, the company proposes to grant the board authority to appoint "other persons" to replace resigning board members, despite the existence of alternate members elected by shareholders, which raises potential concerns regarding material changes to the board composition that had been previously elected by shareholders.</i></p>

<i>Blended Rationale: A vote AGAINST the remuneration report is warranted. While remuneration outcomes are reduced to reflect lower performance, persistent concerns in the company's remuneration structure are identified as follows:- The company does not put a CEO equity grant resolution to a shareholder vote, which is contrary to accepted to governance practice and indicates that Woodside is in the minority among larger ASX-listed entities.- Poor disclosure, given the company does not disclose the majority of the performance hurdles at threshold, target, and stretch in the short-term performance conditions under the Executive Incentive Scheme (EIS).- Low percentage of the EIS bonus being linked to clearly disclosed financial objectives combined with an excessive percentage (50 percent) devoted to poorly disclosed "individual KPIs".- In the long-term component of the EIS, performance rights carry an entitlement to dividends on unvested shares - a dividend equivalent cash payment on shares during the performance period, when executives do not own those shares and do not have a present entitlement to shares or dividends.- The absence of positive TSR gateway in the performance rights may cause misalignment with shareholders if rights vest despite a negative TSR.- The board is allowed discretion to accelerate vesting upon cessation of employment for good-leavers.</i>

6	Elect Michelle McGrath as Director	For	For
7	Re-elect Charlotte Boyle as Director	For	Against
<i>Blended Rationale: Item 3: Re-elect Henry Staunton as a Director A vote FOR this Director is warranted, although it is not without concern:- Henry Staunton is the Board Chair and has served on the Board for nine years. He will further remain in post until at least 2022. The main reason for support:- It is acknowledged that he was only appointed as Chair in June 2018 and therefore has not been in the role for long. Succession planning will be kept under close review. Items 4-6 and 8-9A vote FOR these Directors is warranted as no significant concerns have been identified. Item 7: Re-elect Charlotte Boyle as a Director A vote AGAINST this Director is warranted:- Charlotte Boyle is the Chair of the Remuneration Committee and serious concerns around remuneration are being highlighted for the 2020 AGM.</i>

13	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted:- The Remuneration Committee has applied considerable discretion in determining bonus outcomes; resetting performance targets and determining other targets over the course of FY2019; and- This has resulted in significant bonus payouts to the Executive Directors that do not appear aligned with Company performance.- Concerns have been raised regarding the significant leaving arrangements of Executive Director, Gary Yardley, including the vesting arrangements of his outstanding LTIP awards, and the Remuneration Committee's use of discretion in determining the termination provisions.</i>

27	Amend Article 28 of Bylaws Re: Ordinary General Meeting Powers	For	Against
<p><i>Blended Rationale: Items 10-18, 20-26 and 28-35:Votes FOR these proposals are warranted since they are non-contentious.Item 19:A vote FOR is warranted but it is not without concern for the shareholders since as per item 9, there was no rationale provided about the exclusion of the remuneration of audit committee members from the limit of board members annual remuneration (SAR 500,000).Main reason for support is: the total remuneration received by board members is subject to the approval of shareholders at the annual general meeting. Item 27:A vote AGAINST this item is warranted since the company has not disclosed any rationale for the proposed deletion of the formation of the audit committee and fixing the remuneration of its members from the prerogatives of the ordinary general assembly.</i></p>

	<i>Blended Rationale: A vote AGAINST Michael Eskew is warranted for a material governance failure. The company's governing documents prohibit or restrict shareholders' ability to amend the company bylaws. A vote FOR the remaining director nominees is warranted.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted given that pay and performance are reasonably aligned for the year under review. Short- and long-term incentive programs are majority performance-based and equity awards rely on multiyear periods.</i>		
3	Ratify Ernst & Young LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
4	Declassify the Board of Directors	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as declassification would enhance board accountability to shareholders and the proposal demonstrates a commitment to shareholders' interests on the part of management.</i>		
5	Eliminate Supermajority Voting Provisions	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Eliminating the 80 percent supermajority voting requirements will enable shareholders to have a meaningful voice in various board and corporate transactions that impact their rights, thus enhancing the company's corporate governance structure. Further, by resubmitting this proposal after it failed to pass in prior years, the company is demonstrating a commitment to shareholders' interests.</i>		
6	Report on Lobbying Payments and Policy	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as additional disclosure on the company's lobbying and trade association activities, including management and board-level oversight, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</i>		
7	Report on Forced Swim Test	Against	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because the company appears to be taking appropriate steps to guard against risks associated with the use of contract animal laboratories. The company has standards similar to its peers, has published its animal welfare policies and reports that it monitors compliance.</i>

Eli Lilly and Company

8	Require Independent Board Chairman	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The lead director is not appointed solely by the independent directors and there are ongoing governance concerns with respect to the inability of shareholders to amend the bylaws. In addition, the proponent raises a compelling argument that Eli Lilly would be best served by adopting an independent chair policy in light of potentially material legal and reputational risks facing the company, particularly around drug pricing, further suggesting that shareholders would benefit from the most robust form of independent oversight, in the form of an independent chair.</i>		
9	Disclose Board Matrix Including Ideological Perspectives	Against	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted for the following reasons:* Eli Lilly provides information regarding the experience and qualifications of director nominees; and* The practice of disclosing ideological perspectives is not an appropriate topic of inquiry in the nomination or selection process because political ideology should play no role in the execution of board responsibilities.</i>		
10	Report on Integrating Drug Pricing Risks into Senior Executive Compensation Arrangements	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted due to the scope of the proposal, the company's current use of incentive program metrics that may be impacted by drug pricing, and the lack of comprehensive disclosure describing how risks related to public concern over drug pricing increases are taken into consideration in executive compensation programs.</i>		
11	Adopt Policy on Bonus Banking	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as the proposal's request is not fully addressed by mechanisms in place and the proposal does not appear to be overly prescriptive. Although pay and performance were aligned for the year in review and the company maintains stock ownership guidelines, holding requirements and a clawback policy, the current ownership guidelines and holding requirements are not considered to be robust. The proposal's banking feature may provide additional safeguards for investors and is not overly prescriptive, giving the board sufficient flexibility in implementation.</i>		
12	Clawback Disclosure of Recoupment Activity from Senior Officers	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as further disclosure regarding the circumstances of recoupment for senior executives below the NEO level would benefit shareholders.</i>

1.9	Elect Director John L. Thornton	For	Withhold
<i>Blended Rationale: WITHHOLD votes for incumbent Nominating Committee members Gustavo Cisneros, Christopher Coleman and Brian Greenspun are warranted for lack of diversity on the board. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. WITHHOLD votes for board chair John Thornton are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. Votes FOR the remaining nominees are warranted.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While the company demonstrated adequate responsiveness to shareholder concerns following low support for last year's say-on-pay proposal, significant concerns remain with the executive compensation program, including an outsized bonus opportunity and excessive incentive fee allocations. The CEO's bonus opportunity represents more than four times his base salary and incentive fee allocations represented nearly five times base salary. Therefore, the CEO, who will continue as executive chairman this year, may be receiving cash incentives nearing \$10 million on an annual basis.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Half of the annual incentives are based on individual performance criteria and the company has not disclosed a rationale for setting the targets for one objective measure below prior year's actual results. In addition, majority of the equity awards lack performance criteria. Shareholders may note that a portion of the equity awards was granted as a one-time retention award and is not expected to be recurring.</i>

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. WITHHOLD votes for board chair Gregory (Greg) Ebel are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. Votes FOR the remaining director nominees are warranted at this time.</i>

Blended Rationale: A vote AGAINST this proposal is warranted. While the CEO's pay declined significantly following his 2018 special new-hire award, an unmitigated pay-for-performance misalignment persists. The CEO's salary and target incentive opportunities remained elevated and, while his equity award is entirely performance-based, the annual bonus program is largely discretionary. Particularly for large-cap companies, investors generally expect incentive programs to rely on objective, pre-set criteria rather than substantial committee discretion. Lastly, both of the targets used to determine bonus pool funding were set below actual performance in 2018 and were then achieved above maximum.

Shareholders are therefore recommended to vote FOR dissident nominees Sayer, Duchesne, Tattinger-Jouyet, Bret Stern and Pisonero (Items H, J, K, L and N); to create room for these nominees, shareholders should vote FOR the removal of incumbent board members Benomar, Malinbaum, Sylla-Walbaum and Valroff (Items A, C, E and G), and vote AGAINST the reelection of management nominee Chene (Item 8). Votes FOR new management nominees Sarkozy and Pepy (Items 5, 6 and 7) and votes AGAINST the remaining dissident proposals (Items B, D, F, I, M and O) are also warranted.</i></p>

Blended Rationale: Item 3A vote FOR the election of Clem Constantine is warranted, although it is not without concern because:- He is an Executive Director, and given the absence of an established remuneration committee, is considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations. Mitigating, the main reason for support is:- An adverse vote recommendation on the Executive Director is not contemplated at this time. This will be kept under review. Items 4-6A vote AGAINST the re-election of Y.K. Pang, Jeremy Parr and John Witt is warranted because:- Potential independence issues have been identified and they currently sit on the Audit Committee, and the composition of this Committee does not adhere to UK best practice recommendations for a company of this size; and- Given the absence of an established remuneration committee, they are considered to participate in the discussions of the Board as it fulfils the function of such committee. 	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The committee demonstrated sufficient responsiveness to shareholder concerns following last year's low say-on-pay vote result, by disclosing specific engagement efforts with shareholders and implementing several improvements to the executive compensation program in response to shareholder feedback. Additionally, pay and performance are reasonably aligned at this time.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The committee modified the performance metrics, goals and relative weights used for NEOs' LTIs granted for 2017-2019 performance in the final year of the performance period, resulting in above-target payouts when performance under the original design would have resulted in payouts well below target. These changes included, among others, lowering the relative TSR target to merely the index of the peer group, reducing the relative weighting of the relative TSR metric resulting in a greater portion of the award earned at maximum, and replacing the absolute TSR metric with a new metric amid negative three-year TSR. These changes will also be applied to awards for the incomplete 2018-2020 LTI cycle. Concerns are not mitigated by the committee's decision to average the performance results of the original and modified goals.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Elevated pay for the year in review derives from make-whole payments to the new CEO, and incentive awards are sufficiently performance-based. The annual bonus program consists of pre-set metrics and thorough disclosure of non-financial goal achievement. While some concerns are noted with the annual incentive program, positive changes are expected in next year's proxy. The long-term program is 50 percent based on performance-conditioned equity. A goal rigor concern is noted, though relative TSR payout is capped at target if absolute TSR is negative over the performance period. Amid a year of transition, no severance or new-hire payments appear problematic, though some will be further analyzed when they appear in the company's 2021 proxy pay tables.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Removing the ownership threshold to set a record date to initiate the written consent process opens up the possibility of abuse at the expense of long term shareholder interests and company resources.</i>

<i>Blended Rationale: An ABSTAIN vote is considered warranted:- The incumbent US-based Executive Director's pension arrangements subsist at a level significantly higher than that of the wider workforce, and there is no disclosed plan towards alignment over time. - An abstention (rather than a vote against) recognises that there is a plan towards alignment for the UK-based Directors, among other improvements to the policy. A vote FOR this resolution is warranted for those shareholders in markets which have a fiduciary responsibility to vote either for or against and who do not recognise abstention as a valid option.</i>

3	Re-elect Robert Wong as Director	For	For

Blended Rationale: Items 3 and 4A vote FOR the re-election of Robert Wong and Simon Dixon is warranted, although it is not without concern because:- They are Executive Directors, and given the absence of an established remuneration committee, are considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations. Mitigating, the main reason for support is:- An adverse vote recommendation on the Executive Directors is not contemplated at this time. This will be kept under review. Item 5A vote AGAINST the re-election of Y.K. Pang is warranted because:- Potential independence issues have been identified and he currently sits on the Audit Committee, and the composition of this Committee does not adhere to UK best practice recommendations for a company of this size; and- Given the absence of an established remuneration committee, he is considered to participate in the discussions of the Board as it fulfils the function of such committee. Blended Rationale: A vote AGAINST this proposal is warranted. While pay-for-performance concerns are mitigated, as annual incentive awards are based on a rigorous financial performance goal, and the majority of long-term incentives are conditioned on multi-year relative or absolute TSR performance, a concerning agreement has been identified. The company recently entered into a transition agreement with the former CEO which provided him with excessive severance benefits upon the recent termination of his employment.

1	Accept Financial Statements and Statutory Reports	For	For

<i>Blended Rationale: A vote AGAINST this item is warranted:- The Company continues to operate a highly levered variable pay structure. Although Ocado has performed well, pay is excessive relative to peer companies.- Multiple high-dissent (+20%) votes have been recorded on remuneration items at previous general meetings both in terms of the legacy GIP, which produced FY2019's large payout, and the current VCP and the Committee has not significantly altered or moderated its approach in response to these votes.- Large fixed pay increases have been awarded across the Executive Board; and- Discretion used to exclude the impact of the fire at the Andover Customer Fulfilment Centre on LTIP results.</i>

	<p><i>Blended Rationale: Item 3: Re-appoint Lord Rose as a DirectorA vote FOR this candidate is warranted, although it is not without concern:- While it is noted that Stuart Rose is not on the Remuneration Committee, he was however in post at the inception of the GIP in 2014. There are significant concerns identified with the outcomes of the GIP and the Company's lack of responsiveness to significant dissent votes on remuneration items more generally.Items 4-8 and 11-14A vote FOR these candidates is warranted as no significant concerns have been identified.Item 9: Re-appoint Joern Rausing as a DirectorA vote FOR this candidate is warranted, although it is not without concern:- Potential independence issues have been identified, on account of which the overall Board composition still falls below UK Code recommendations.The main reason for support is:- The overall balance of the Board is not significantly askew, being one independent NED short of the recommended ratio; and-The composition of key subcommittees is considered to be in line with the recommendations of the UK Code.Item 10: Re-appoint Andrew Harrison as DirectorA vote AGAINST this candidate is warranted:- He is the Chair of the Remuneration Committee. Serious concerns around the Company's approach to remuneration and lack of responsiveness to significant dissent votes are again highlighted.</i></p>

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Glenn Tilton and Marna Whittington are warranted for the following reasons:- Given that board chair, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members, with the exception of new nominees Charles Holley Jr., should be held accountable for poor board and management oversight of ESG risk exposures at the firm. A vote FOR new nominee Charles Holley Jr. is warranted as a majority of the board comprises independent directors, the key board committees are independent and there is both gender and racial diversity on the board.</i>

2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While recognizing strong share price performance over the short- and long-term, and an annual incentive program that is based entirely on quantitative financial and operational goals, there are unmitigated concerns raised by the magnitude of a special performance-based equity award granted to the CEO, which is over twice the median total pay of peer CEOs. Concerns over pay magnitude are amplified, given that the CEO's special award was supplemental to her already relatively-large annual LTI award and there is no indication that the CEO will be ineligible for annual or one-time equity grants in the future. There is also some concern raised over the ability for the CEO to continue to earn the special award following a qualifying termination of employment, as many investors would expect that an award of such magnitude be prorated to the date of termination. Also concerning is the lack of forward-looking performance goal disclosure under the annual LTI program, which inhibits investors' ability to assess the rigor of the program and ensure that the awards continue to drive long-term company performance.

Blended Rationale: Items 3 and 6A vote FOR the re-election of David Hsu and John Witt is warranted, although it is not without concern because:- They are Executive Directors, and given the absence of an established remuneration committee, are considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations. Mitigating, the main reason for support is:- An adverse vote recommendation on the Executive Directors is not contemplated at this time. This will be kept under review. Item 4A ABSTAIN vote on the re-election of Adam Keswick is warranted because:- He is an Executive Director and is currently a member of the Audit Committee, which is not in line with UK best practice recommendations. Shareholders may also wish to note that he is an Executive Director, and given the absence of an established remuneration committee, is considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations. A vote AGAINST this resolution is warranted for those shareholders in markets who have a fiduciary responsibility to vote either in favour or against and who do not recognise an abstention as a valid option. Item 5A vote AGAINST the re-election of Anthony Nightingale is warranted because:- Potential independence issues have been identified and he currently sits on the Audit Committee, and the composition of this Committee does not adhere to UK best practice recommendations for a company of this size; and- Given the absence of an established remuneration committee, he is considered to participate in the discussions of the Board as it fulfils the function of such committee. <i>Blended Rationale: Item 3A vote FOR the re-election of David Hsu is warranted, although it is not without concern because:- He is an Executive Director, and given the absence of an established remuneration committee, is considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations.Mitigating, the main reason for support is:- An adverse vote recommendation on the Executive Director is not contemplated at this time. This will be kept under review.Item 4An ABSTAIN vote on the re-election of Adam Keswick is warranted because:- He is an Executive Director and is currently a member of the Audit Committee, which is not in line with UK best practice recommendations.Shareholders may also wish to note that he is an Executive Director, and given the absence of an established remuneration committee, is considered to participate in the discussions of the Board as it fulfils the function of such committee. Such participation is contrary to best practice recommendations.A vote AGAINST this resolution is warranted for those shareholders in markets who have a fiduciary responsibility to vote either in favour or against and who do not recognise an abstention as a valid option.Item 5A vote FOR the election of Lincoln Leong is warranted because no significant concerns have been identified.</i>

1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	For
3	Approve Remuneration Policy	For	Abstain
<i>Blended Rationale: An ABSTENTION on this resolution is considered warranted:- Concerns remain around the operation of the long-term incentive plan due to the high potential payouts and the complexity of the scheme, though some improvements from the 2017 iteration are noted.- A further concern is that the policy leaves open the potential for "golden hellos", although the Company has provided some assurances around its intentions.- Following publication of the annual report, the Company has stated that due to the uncertainty caused by COVID-19, a new LTIP will not be put to shareholder vote at the AGM, but at a later date incorporating any changes deemed necessary by the Board. As such it is considered that the proposed remuneration policy cannot be evaluated fully at this stage.- An abstention registers concern regarding the structure but, assuming the resolution is passed, allows the Company to continue to make payments under the rest of the framework until there is greater clarity.A vote FOR this resolution is warranted for those shareholders in markets which have a fiduciary responsibility to vote either for or against and who do not recognize abstention as a valid option.</i>			
4	Approve Final Dividend	For	Abstain

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Although the committee engaged with shareholders after receiving low vote support for the 2019 say-on-pay proposal, and a change to the long-term incentive plan for 2020 is intended to respond to shareholder feedback, it is not clear from the proxy statement whether this change will sufficiently address shareholders' concerns leading to the low vote result. Additionally, the committee continued in 2019 to grant large time-vesting equity awards to the CEO. Moreover, the CEO's FY19 annual incentive target opportunity was somewhat high compared to peers, and his LTI awards are targeted at the top quartile of peers. These factors have contributed to a disconnect between pay and performance for the year under review. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted, given a number of concerns regarding the CEO's front-loaded equity awards that underscore the current pay-for-performance misalignment. Given that the company states that the CEO's front-loaded equity awards are meant to cover equity-based pay until 2023, pay-for-performance considerations are heightened with respect to the front-loaded awards. While the majority of the front-loaded awards were granted in the form of performance shares, most of the CEO's performance shares are earned during a performance period that ends well before the CEO will be eligible to receive further equity awards, effectively reducing the portion of annualized pay that is based on ongoing performance goals. Further, the company does not disclose forward-looking performance goals for the large majority of the CEO's performance awards, nor does it clearly disclose the treatment of the CEO's front-loaded awards in connection with a termination of employment.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
3	Ratify Ernst & Young LLP as Auditors	For	For
4	Eliminate Above-Market Earnings in Executive Retirement Plans	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted. The proposal is narrowly tailored to eliminate a benefit that is not a best practice. Although no participant received above-market earnings for FY2019, the practice does not appear to have been eliminated from the program. Lastly, above-market earnings are not a performance-based element of compensation and provide a benefit to executives which is not available to the broader employee population.</i>			
5	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as lowering the ownership threshold for shareholders to call a special meeting from 25 percent to 10 percent would enhance shareholders' rights.</i>			
6	Report on Lobbying Payments and Policy	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted, as additional reporting on the company's lobbying-related practices, such as its trade association payments and oversight mechanisms, would benefit shareholders in assessing its management of related risks.</i>			
7	Assess Feasibility of Data Privacy as a Performance Measure for Senior Executive Compensation	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted due to the scope of the proposal, and the fact that the company faces growing regulatory pressure and regulatory scrutiny in this area. Shareholders would benefit from additional information about how company executives are incentivized to increase consumer privacy protections.</i>			
8	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	Against	For
<i>Blended Rationale: A vote FOR this item is warranted given that the proposal applies only to future severance arrangements, the current agreements will not be affected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.</i>

3	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted, given that the following aspects of the remuneration framework and practices are misaligned with shareholder interests, the company's performance and accepted market practice:- A high level of concern for misalignment is identified in the quantitative pay for performance analysis;- The STI is based solely on strategic hurdles, with no disclosure of any specific or quantified targets (at threshold, target and maximum) to demonstrate any link between performance, targets and bonuses;- Executives (excluding the CEO of AMP Capital who has a profit share plan) received excessive bonuses which are misaligned with the company's financial performance and shareholder outcomes;- Executives (aside from the Group CEO) received excessive LTI awards between \$1.5 million to \$4.9 million (or 3x to 5x their fixed remuneration) which are misaligned with the company's performance and shareholder outcomes. Such quantum is excessive when even compared against grants to many CEOs of large ASX-listed entities.- Non-executive director remuneration continues to be materially excessive and well above market cap and Sustainability Advisory Services-selected peer groups.</i>

1a	Elect Director Ronald Sugar	For	Against
<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Ronald (Ron) Sugar are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR incumbent governance committee members Ursula Burns, Wan Ling Martello, and David Trujillo is warranted, with caution, given the continued presence of supermajority vote requirements to enact certain changes to the company's governing documents, which adversely impacts shareholders' rights. A vote FOR the remaining director nominees is warranted.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The second installment of the CEO's sizable new-hire award vests after just 12 months, limiting its retentive value, and it follows a previous grant of the same magnitude awarded in the prior year, with the same vesting terms. Concerns are also raised regarding incentive programs, as annual bonuses are largely discretionary and only some NEOs receive performance equity. Further, for NEOs who were granted performance shares, most performance periods are annual, and targets are not disclosed even after the close of the performance period.</i>

5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although pay and performance misalignment concerns were mitigated by lower pay, a portion of which is attributable to a make-whole award, and annual and long-term programs that are primarily based on objective financial and operational goals with clearly disclosed targets, such mitigating factors were offset by excessive payments and benefits provided to NEO Anderson upon his resignation. These payments and benefits, which were provided in exchange for certain covenants and support services, include \$1.3 million in cash and partial prorated vesting of outstanding equity awards. While investors may expect to see modest payments in exchange for certain covenants, the payments and benefits Anderson received significantly exceed the amount he would otherwise be entitled to upon a resignation.</i>			
6	Approve Remuneration Report	For	Against
<i>Blended Rationale: As the company is classified as a US domestic issuer and given that the focus of this proposal is on top executive pay, the recommendation for this proposal is aligned to the US say-on-pay analysis. Accordingly, a vote AGAINST this item is warranted.</i>

<i>Blended Rationale: Item 7A vote AGAINST resolution 7 is warranted because:- The duration of the proposal is for longer than 18 months, contrary to recommended limits; and- The Company has not, in the past, sought renewal of the authority each year, nor has it committed to seek annual renewal going forwardItem 8A vote AGAINST resolution 8 is warranted because:- The duration of the proposal is for longer than 18 months, contrary to recommended limits; and- The proposed amount exceeds recommended limits of 10 percent of issued share capital.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Annual and long-term incentive awards are primarily tied to objective performance conditions, with reasonably rigorous goals. While annual awards include a discretionary individual performance component, the CEO's payout for 2019 was not increased based on individual performance. In addition, PSUs for the 2017-2019 performance cycle were not earned. However, increasing CEO pay opportunities warrant continued monitoring.</i>

	<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST this item are warranted for the following reasons:- Support for the election of CEO Claudio Descalzi is not warranted. Given that board chair, Emma Marcegaglia, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, CEO Claudio Descalzi should be held accountable for poor board and management oversight of ESG risk exposures at the firm; and- The election of directors is bundled in a single item.</i>		
5.2	Slate Submitted by Institutional Investors (Assogestioni)	None	For

Blended Rationale: A vote FOR this slate is warranted because:- Shareholders can support only one slate.- The reference shareholder's slate includes the company's CEO, who should be held accountable for the company's failure to adequately manage ESG risks.- The slate submitted by institutional investors (Assogestioni) includes a specialist in ESG-related topics.

Votes AGAINST Michel de Roson and Sandesh (Sandy) Mahatme are further warranted due to them holding an excessive number of mandates at publicly-listed companies. Votes FOR the independent directors Mathieu Simon and Viviane Monges are warranted as their presence increases board independence. A vote FOR Mathieu Simon as board chairman is further recommended. Committee Elections (Items 6.4.1-6.4.5) Votes AGAINST the non-independent compensation committee nominees Joern Aldag, Michel de Rosen, and Felix Ehrat are warranted because of the failure to establish a majority-independent compensation committee. 	<i>Blended Rationale: A vote FOR this proposal is warranted. After receiving relatively low shareholder support for the 2019 proposal, the board engaged with shareholders and made meaningful changes to compensation programs and practices to address the concerns raised by investors. In addition, pay and performance are reasonably aligned for the year in review and incentive programs are sufficiently performance-based.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. It is unclear whether the request for the board to consider and to disclose how it considered the pay grades and/or salary ranges of all classifications of company employees when setting target amounts for CEO compensation would produce meaningful information on compensation policies and practices beyond what the company already discloses in its proxy.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation <i>Blended Rationale: A vote FOR this proposal is warranted. The increase in total pay to the CEO over the prior year is attributed to an increase in his pension value. The short-term program consisted entirely of pre-set metrics with objective performance criteria. The long-term program is predominately performance-conditioned, with metrics that utilize a multi-year performance period, while disclosing forward-looking goals. One concern in both programs is the goal rigor, as the STI used a financial target set below the prior year's actual performance, while half of the LTI targets merely median performance for a relative metric. Further monitoring of the company's target-setting practices is warranted.</i>	For	For

2	Ratify PricewaterhouseCoopers LLP as Auditor	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: After a review of the company's compensation program and practices, a vote AGAINST this proposal is warranted. Although pay and performance are reasonably aligned for the year in review, the compensation committee approved several problematic severance payments to the CEO and another NEO. In connection with the CEO's retirement, the board approved a cash severance payment in lieu of his outstanding FY18 and FY19 equity awards (assuming target payout for PSU awards) that the CEO forfeited immediately upon retirement. Providing cash severance in lieu of forfeited equity awards arguably provides little benefit to shareholders given the executive in question no longer works for the company. Furthermore, in this case, shareholders may view sizable cash payments to Willard as a pay-for-failure scenario, rewarding him for his departure even though shareholder returns have been negative during his tenure as CEO. With respect to NEO Crosthwaite, in addition to receiving cash severance payment in lieu of outstanding equity awards that were forfeited when he left the company to join JUUL, the committee also approved a problematic supplemental severance payment of \$2.5 million. The supplemental severance payment is nearly 5x the NEO Crosthwaite's annual base salary. Supplemental severance payments of this magnitude are not supported by market practices and undermine the purpose of establishing and disclosing policies regarding potential severance payments.</i>		
4	Approve Omnibus Stock Plan	For	For
	<i>Blended Rationale: Based on the Equity Plan Scorecard evaluation (EPSC), a vote FOR this proposal is warranted.</i>

Reported CEO compensation was elevated due to previous changes in the denomination of long-term incentives, which has resulted in two cycles of awards being reported in the same pay year for 2018 and 2019 as a result of disclosure rules. In addition, the compensation committee accelerated the grant of CEO Merlo's PSUs for 2020 to August 2019. While regular-cycle PSUs vest after three years, Merlo's August 2019 PSUs vest in May 2021, less than two years after grant, and use the same target goals and performance period as were set for the regular cycle 2019 PSUs. When grants are intended to cover future years of incentive pay, rigorous performance criteria and meaningful vesting periods are warranted. Another NEO also received three additional years of performance units during the year in review, as a front-loaded award in lieu of PSUs for 2020 through 2022, in addition to a \$1 million discretionary cash bonus.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted due to concerns regarding the design and disclosure concerns around the company's incentive programs. The size of bonus payouts is significantly augmented by the cash to time-vesting LTIP unit conversion under the Bonus Election Program. The company's approach to pay disclosure does not appear to fully encapsulate the premium delivered to executives who elect to receive time-vesting LTIP units in lieu of cash bonuses. Furthermore, the grant date value of long-term incentives is more than two times the median of total pay of peer CEOs amid sustained TSR underperformance, and target vesting of performance-based LTIP units does not require meaningful outperformance compared to peers.

6	Approve Remuneration Policy for Management Board	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because- The company's lack of responsiveness to recently recorded high level of dissent on the remuneration policy proposal. With a mere 72 percent support for the remuneration policy, the board has not - or at least not demonstrated how it - addressed the high level of dissent nor addressed any of the raised concerns in the remuneration policy. Moreover, it is our perception that this is in deviation of Dutch legal guidance upon implementing SRD II.- In line with our concerns regarding the remuneration policy proposal of October 2019, the argument to increase the CEO package by 34 percent and thus to reward above median of peers is not obvious. Despite the extensive disclosure of 78 peers and high level conclusions on positioning, we come to other conclusions and question some of the selections and approaches.- The increased weight of the LTI also increases the potential award to be granted in case of under target performance: in case of below median performance (80%) relative to the STOXX Europe 600 Financial Services index, the CEO will be granted 75 percent of its base salary. Rewarding executives for below median is not considered a good practice.- Disclosure on the STI performance metrics remains vague, without a relative weighting for the metrics.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual bonuses paid out below target, no quantified performance goals or outcomes are disclosed in either incentive program. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted, in light of significant concerns underscoring the current pay-for-performance misalignment. While recognizing strong share price performance over the short- and long-term, and an annual incentive program that is primarily based on quantitative financial goals, there are unmitigated concerns raised by the magnitude of equity awards granted to certain NEOs. Further, high pay for newly appointed president and COO Bisignano included a large discretionary cash bonus and time-vesting equity grant. In addition to the pay-for-performance misalignment, the company entered into a problematic employment agreement with Bisignano which provides for sizable payments upon a voluntary resignation for any reason between July 29, 2021 and January 29, 2022.

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: CEO Swan's one-time awards, which are now reflected in proxy pay tables, were disclosed by the company prior to last year's vote and were the basis for Sustainability Advisory Services' opposition to say-on-pay last year. Following the low support for say-on-pay in 2019, the company engaged with a significant portion of its shareholder base, and made changes to address certain concerns related to one-time awards, focused around improving disclosure and providing a better understanding of the new CEO's pay, specifically the magnitude, and disclosing the committee's intention to not grant one-time special awards to current NEOs. The quantitative misalignment warrants an in-depth review of incentive programs. That review reveals goal rigor concerns with the short- and long-term incentive programs. While disclosure of operational metrics did improve in 2019, it is lacking sufficient details to be fully analyzed (including no quantified goal disclosure), and this made up half of the short-term program. The other half of the short-term program is based on two financial goals, although these goals allow the CEO to earn 100 percent of his target payout if absolute net income matches merely the prior year's net income (i.e. no year-over-year growth in the measure), and relative net income growth matching merely the average growth of its peer group. While it is noted that 2018 saw record net income levels, and maintaining that could be challenging, concerns still remain as outperformance or actual growth is not needed to achieve target goals. Additionally, if the company had a year where net income declined, as it did in 2016, the following year it would only need to match the 2016 results for a target payout. This puts into question the goal rigor of the program, which is magnified by the CEO's relatively high target and maximum payout opportunities under the bonus program (although the maximum payout opportunity will be reduced for next year). In addition, half of the CEO's annual PSU awards continue to target merely median performance, with no cap if TSR is negative. Finally, the new EPS growth target goals are not disclosed, which prevents shareholders from fully assessing the rigor of the program at this time. In light of these concerns, the pay-for-performance misalignment is not mitigated and support for this proposal is therefore not warranted.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although total incentive pay determinations are guided by a performance assessment and target total incentive pay opportunities, the proxy does not provide sufficient information for shareholders to assess the rigor of incentive programs nor the pay-for-performance linkage of awards. Specifically, the proxy does not disclose target goals, weightings nor achieved results, which impedes investors' ability to fully assess the rigor of the scorecard program and the pay-for-performance linkage of incentive payout determinations. This is particularly important in years such as the performance year in review, in which CEO pay increased amid mixed short-term financial performance and long-term share price underperformance. In contrast to last year, the lack of these key disclosures is not sufficiently mitigated by recent improvements to the pay program.</i>

	<i>Blended Rationale: A vote FOR these proposals is warranted, as they will help to ensure that shareholders continue to have a meaningful say in matters that could impact their rights and economic interests, and the board's action in putting these amendments to a vote is responsive to a shareholder proposal that received majority support at last year's annual meeting.</i>

3	Ratify KPMG LLP as Auditor	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The significant year-over-year increase in CEO pay was primarily related to a change in pension value in the SERP. Both incentive programs are predominantly performance-based, though the long-term program does not provide disclosure of the forward-looking performance target, citing competitive harm. Nevertheless, the plan provided full disclosure for the closing cycle and actual plan payouts were aligned with performance for the most recent period.</i>		
5	Provide Right to Act by Written Consent	Against	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted given that under Virginia law, the company could only allow shareholders to act by less-than-unanimous written consent if it raises the ownership threshold for shareholders to call a special meeting.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. While pay and performance were aligned for the year in review, the company adopted a supplemental retirement plan in February 2020 that, combined with continuing non-compete cash payments, has the potential to result in sizable payments for executives upon retirement. While the company eliminated the payment of retirement severance in response to investor feedback, the magnitude of potential cash retirement payments appears unchanged. Furthermore, the introduction of a non-performance-based benefit program is unusual, as many companies have closed or frozen such plans.</i>

Vornado Realty Trust

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company demonstrated responsiveness to shareholder concerns following last year's low support for this proposal, by engaging with shareholders and making some positive changes to address their concerns. The most notable change included improvement to the performance equity design that lengthened measurement periods and added additional vesting and holding requirements, which may strengthen the linkage between pay outcomes and long-term sustained company performance. Nevertheless, there are new concerns raised with respect to one-time equity awards granted in 2019. Specifically, the company granted one-time equity awards to an external hire and two internally-promoted NEOs, the largest of which is valued at \$25.5 million and which is time-vesting and partially-vested upon grant. While most investors recognize the need for one-time awards in certain circumstances, there is a general expectation that one-time awards be reasonable in magnitude and carry rigorous performance criteria. In this case, the company's rationale for the magnitude of, and vesting conditions attached to, the awards is not considered compelling. In addition, the annual program continues to incorporate a significant degree of discretion, without disclosure of performance targets, target payout opportunities, or per-metric weightings. The absence of these key details impedes investors' ability to assess the program's pay-for-performance linkage.</i>			
4	Amend Omnibus Stock Plan	For	Against
<i>Blended Rationale: Based on an analysis of the proposed plan amendments, a vote AGAINST this proposal is warranted. The company seeks approval of amendments to the equity plan to allow for share-based compensation in, or tied to, tracking stock of its higher-growth assets. However, no such tracking stock has been created nor have its terms been finalized, and the company has not disclosed key information that would enable shareholders to assess the potential impact of the proposed amendments on compensation or otherwise.</i>

1.1	Elect Director Bradley S. Jacobs	For	Against
<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO/Chair Bradley Jacobs are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A cautionary FOR is warranted for compensation committee members Marlene Colucci, Michael Jesselson, and Jason Papastavrou due to inadequate responsiveness to last year's low say-on-pay vote result. A vote FOR the remaining director nominees is warranted</i>

2	Ratify KPMG LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	For
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee engaged with a portion of shareholders after the low say-on-pay vote result, the feedback disclosed was relatively vague and the committee did not fully address the concerns raised. Further, an unmitigated pay-for-performance misalignment remains. While bonuses were not paid for the year in review, awards appear to rely heavily on committee discretion and the company also substantially increased the CEO's base salary and annual incentive target in 2019. The company also continues to grant large special equity awards to executives. The company has made three such grants in four years, including a \$24.3 million special equity grant to the CEO in 2018 and another \$25.5 million special equity grant to the CEO in 2019. While the company does not have a typical equity program, with annual grants, and the awards are entirely performance-based, the company's 2016 disclosure indicated that that special award was meant to cover four years and the company has made two subsequent grants (totaling nearly \$50 million grant value, as valued by Sustainability Advisory Services) during that performance period.

Blended Rationale: LTI awards are majority performance-conditioned, and performance-based equity awards were forfeited for the third consecutive cycle, commensurate with lagging share price performance. Annual incentives are based on pre-set, objective metrics. While one goal was achieved at maximum after the target was lowered from the prior year's target and actual achievement, which presents some concern as the NEOs' payout opportunities were not similarly lowered, the proxy provided a reasonable rationale for the reduced goals. Moreover, the CEO's equity awards are majority performance-based with clear disclosure of forward-looking goals, and realizable pay is in directional alignment with negative three-year shareholder returns. These factors sufficiently mitigate pay-for-performance concerns for the year in review. Continued monitoring of STI goal rigor is warranted. Nevertheless, there are significant concerns around benefits provided to the former President and COO in connection with his retirement. While the cash payments are smaller than would normally be authorized upon a qualifying termination and are subject to restrictive covenant compliance, the company accelerated the vesting of certain outstanding equity awards, which is an enhancement to the treatment he was otherwise entitled to receive upon his retirement, and there is no indication the retirement was involuntary. As a result of this problematic pay practice, a vote AGAINST this proposal is warranted.

A vote FOR the independent nominee Victor Balli is warranted as his presence helps to increase the independence of the board. Committee Elections (Items 5.1-5.3) A vote AGAINST Alberto Siccardi is warranted because he is an executive member. A vote AGAINST Philippe Weber is warranted as his election to the board does not warrant support. A vote FOR the independent nominee Victor Balli is warranted due to a lack of concerns.</i></p>

5.2	Reappoint Alberto Siccardi as Member of the Compensation Committee	For	Against
<i>Blended Rationale: Board Elections (Items 4.1-4.4) Votes AGAINST the non-independent nominees, Alberto Siccardi, Maria Luisa Siccardi Tonolli and Philippe Weber, are warranted because of the failure to establish a sufficiently independent board. A vote FOR the independent nominee Victor Balli is warranted as his presence helps to increase the independence of the board. Committee Elections (Items 5.1-5.3) A vote AGAINST Alberto Siccardi is warranted because he is an executive member. A vote AGAINST Philippe Weber is warranted as his election to the board does not warrant support. A vote FOR the independent nominee Victor Balli is warranted due to a lack of concerns.</i>

8.1.2	Approve Remuneration for Consulting Services of Directors in the Amount of CHF 750,000	For	Against
<i>Blended Rationale: Director remuneration (Item 8.1.1): A vote FOR this resolution is warranted because the proposed amount is in line with market practice. Remuneration for consulting services provided by directors (Item 8.1.2): A vote AGAINST this resolution is warranted. Reasons for not supporting include:- Fees for additional services are a problematic feature of directors' potential fixed remuneration because they compromise independence.- The company has not clearly disclosed the amount that will be paid, who the fees will go to, or what the fees will be used for.</i>

8.2.3	Approve Variable Long-Term Remuneration of Executive Committee in the Amount of CHF 1 Million	For	For

Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

11	Re-elect Charles Holliday as Director	For	Against
<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks.- Votes AGAINST board chair Charles (Chad) Holliday Jr. are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.A vote FOR the re-election of Neil Carson is considered warranted although it is not without concern for shareholders:- During the year under review he attended less than 75% of eligible Board and Committee meetings held.- However, Neil Carson was appointed to the Board during the year under review and as such, there is no evidence of a longer-term attendance issue.Votes FOR the remaining nominees are warranted at this time.</i>

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. In response to relatively low support for last year's say-on-pay proposal, the company engaged with its shareholder base, disclosed the concerns expressed by shareholders, and took actions to address the concerns. Responsive actions included improving disclosure and structure surrounding annual incentives and modifying the performance period, target goal, and peer group used to determine FY20 PSU vesting. However, pay-for-performance concerns are raised for the year in review. Both of the CEO's target opportunities under incentive plans were substantially increased in FY19, without rationale. Further, while disclosure of annual incentive considerations was improved, the payout formula is still not clearly disclosed and the CEO received an above-target award, which was further increased by his larger FY19 target opportunity. Lastly, while FY20 changes to long-term incentives were positive, the CEO's award opportunity was also increased in that program and the plan continues to lack a cap for negative TSR, which is particularly relevant as the most recent vested award was earned above target during a period of negative absolute returns. Continued monitoring of pay levels is also warranted for 2020 as the company transitions to a new CEO.
