Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Merger Agreement	For	For
2	Advisory Vote on Golden Parachutes	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Cash severance is double trigger and reasonably based, with no excise tax gross ups, and time-based equity awards are subject to double trigger vesting. However, the company recently amended the treatment of performance equity, such that outstanding PSUs accelerate upon the merger with performance deemed at 200 percent of target, without compelling rationale. The enhanced award treatment is particularly concerning given that two NEOs received PSUs in 2019 that originally would have vested over 10 years, and considering that TSRs are currently negative for the outstanding performance periods. In addition, certain NEOs may receive large retention awards in addition to sizable inducement awards.

As a result of the impact of the pandemic, certain NEOs, other than the CEO, received one-time grants of stock appreciation rights following the end of the fiscal year to offset a portion of the lower value of recently earned or in-flight performance shares. The use of one-time awards as a replacement for forfeited or underperforming performance-based awards is problematic and sufficient mitigating factors have not been identified.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company's supplemental filing provides additional information on the company's rationale for FY20 pay adjustments. However, the modification to yield payouts despite failure to achieve threshold performance may be viewed as counter to a pay-for-performance philosophy, especially in the context of negative short- and long-term shareholder returns. While annual incentives remained below target after the committee's discretionary adjustments, closing-cycle PSUs were deemed earned slightly above target. Investors have indicated that increases to long-term incentive payouts, particularly for performance cycles ending in 2020, are generally viewed as problematic. Meanwhile, overall equity awards to NEOs other than the CEO were majority time-based in FY20, and the lack of disclosed STI results and forward-looking LTI targets inhibits an assessment of goal rigor.</i>

<i>Blended Rationale: A vote AGAINST this resolution is warranted because the company currently provides sufficient disclosure regarding its policies and practices related to the sale of tobacco products and its risk oversight mechanisms for shareholders to be able to assess any such related risks. <i>Blended Rationale: A vote AGAINST this proposal is warranted. The company adjusted both the short-term and long-term incentive programs to yield payouts that otherwise would have been unearned, in light of COVID-19 impacts. While annual incentives remained below target after the adjustment, closing-cycle PSUs were deemed earned slightly above target. Investors have indicated that increases to long-term incentive payouts, particularly for performance cycles ending in 2020, are generally viewed as problematic. The above-target LTI payout is especially concerning given the company's TSR underperformance. Meanwhile, overall equity awards to NEOs other than the CEO were majority time-based in FY20, and the lack of disclosed STI results and forward-looking LTI targets inhibits an assessment of goal rigor.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company made several compensation adjustments as a result of the Covid-19 pandemic, including expediting FY21 equity grants into FY20 and awarding one-time premium priced option grants, which drove the overall magnitude of CEO pay. However, other adjustments raise significant concern, most notably the shortening of the recently concluded performance period to explicitly exclude the adverse financial impact relating to the pandemic from the determination of the closing cycle performance share payout.</i>

1.8	Elect Director Robert Schechter	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, given the limited degree of responsiveness and pay-for performance concerns mentioned below. Following two consecutive years of low say-on-pay support, the company engaged with its shareholders and disclosed the feedback received. Notably, the committee removed the "catch-up" feature from long-term incentives. However, the committee failed to fully address certain shareholder concerns, including the annual performance period in PSUs and in CEO Heppelmann's retention equity grant and his new executive agreement. CEO Heppelmann received a sizable performance-based equity award, as his FY18 special award lost its incentive and retentive value due to business developments and the impact of COVID-19. While the FY20 award replaces his FY18 award, there are concerns regarding the frequent use of large special equity awards, combined with the use of annual performance measurement periods, which undermines the long-term nature of such awards. Additionally, annual-cycle PSUs can be earned for annual performance, and the relative TSR portion of the PSUs merely targets median performance with no disclosed cap for negative TSR. Further, certain pay decisions related to COVID-19 were also concerning. Although the separation of performance measurement period into pre- and post-pandemic periods resulted in reasonable annual incentive payouts, the discretionary adjustments to LTI payouts and certain in-progress long-term incentive goals are not viewed as appropriate reactions to the COVID-19 related market disruption.</i>

Moreover, Sustainability Advisory Services has highlighted the election of Joe Kaeser (Item 5.3) for shareholder attention, given his executive role at Siemens Energy's former parent company and his resultant classification as a non-independent director, considering that he would, if elected, stand for election as chair of the supervisory board.</i>

<i>Blended Rationale: A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent.</i>			
7	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration policy is warranted because:- The policy contains significant scope for discretion via special payments and a modifier under the STI, which falls short of market best practice standards.- Within the LTI, partial vesting would be possible for below peer median performance levels under the relative TSR metric.- Within the STI, the policy only provides a general definition of non-financial goals that would be applicable to the strategic modifier.</i>

2	Ratify Ernst & Young LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as pay and performance are reasonably aligned for the year in review. Annual incentives are entirely based on objective financial results, and half of each equity grant is contingent on multi-year relative TSR performance, with target payouts requiring above-median achievement. Above-target bonuses and PSU payouts are reflective of the company's strong operational results and shareholder returns. Continued monitoring of annual incentive goal rigor is warranted, as one of the targets was set below prior-year performance without a commensurate reduction in payout opportunities, which could contribute to a pay-for performance disconnect in the future.</i>		
4	Proxy Access Amendments	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as the proposed amendment would enhance the company's existing right for shareholders while maintaining necessary safeguards on the nomination process.</i>		
5	Improve Principles of Executive Compensation Program	Against	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted, as the board and compensation committee are generally best suited to establish the guiding principles of executive compensation. The company provides disclosure surrounding its executive compensation setting process, and no problematic pay practices or unmitigated pay-for-performance concerns have been identified in recent years.</i>

2	Approve Grant of Performance Share Rights to Trevor Croker	For	Against
<i>Blended Rationale: A vote AGAINST the grant of performance share rights to CEO Trevor Croker is warranted. There are the same issues as identified in prior years, that an excessive 40 percent of the LTI is based on undisclosed, "objective-balanced scorecard" performance items, where this may be regarded as either a bonus for "day job" duties or performance measures which are already captured in the STI and LTI. Vesting in FY20 against a similar item was at 100 percent and remained insufficiently explained and justified as something other than the day job and not already captured by STI and LTI targets. The company has not made its case in justifying this undisclosed performance metric as worthy of additional substantial remuneration.</i>			
3	Approve Remuneration Report	For	For
4	Approve Non-Executive Director Rights Plan	None	For
<i>Blended Rationale: A vote FOR the non-executive director rights plan is warranted. The proposal is intended to allow directors to salary-sacrifice their fees to build up their shareholdings and further align with shareholder interests. This is not considered to be a problematic practice and has been adopted by several larger ASX-listed entities.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Merger Agreement	For	For

Blended Rationale: The board's decision to negotiate exclusively with CRM may be a cause for concern, since investors lack market-based evidence that the deal represents the best available alternative. However, 1) the merger consideration provides a 53.9 percent premium to the unaffected share price and a 14.1 percent premium to shares' all-time high, 2) the strategic rationale appears reasonably likely to create additional value, and 3) the consideration mix provides liquidity and certainty of value while also allowing shareholders to participate in the potential upside of the combined company. As such, support FOR this transaction is warranted.

2	Advisory Vote on Golden Parachutes	For	For
---	------------------------------------	-----	-----

Blended Rationale: A vote FOR this proposal is warranted. Cash severance is double trigger and reasonably based, with no excise tax gross-ups. Outstanding equity awards are also double trigger, and the three continuing executives have entered into waiver agreements that limit the ability to resign and receive severance during the change-in-control period.

8e	Allow Shareholder Meetings to be Held by Electronic Means Only	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because the new articles appear to provide the possibility for virtual-only shareholder meetings. While there are benefits from allowing participation at shareholder meetings via electronic means, virtual-only meetings may hinder meaningful exchanges between management and shareholders and enable management to avoid uncomfortable questions.</i>

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay and company performance are reasonably aligned for the year in review given the significant reduction in the new CEO's total pay as compared to that of his predecessor. Nevertheless, concerns are raised regarding the compensation committee's responsiveness to several years of low say-on-pay support as well as the continued large size of the former CEO's pay in his current role as executive chairman. The company reached out to and engaged with a broad portion of shareholders and made certain changes to the program surrounding new CEO Chapek's pay. However, the proxy does not disclose shareholders' specific concerns as they relate to the previous year's low vote result. Without specific feedback disclosed in the proxy, shareholders' ability to fully evaluate the committee's responses is significantly inhibited. It is also concerning that no target pay opportunity adjustments were made to Robert Iger's pay in connection with his transition from CEO to executive chairman. As such, he will remain the most highly compensated NEO, with relatively outsized pay opportunities, that do not appropriately reflect the change in role.</i>			
4	Report on Lobbying Payments and Policy	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure of the company's indirect lobbying-related oversight mechanisms, along with its trade association payments, would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company has provided insufficient disclosure in the proxy statement regarding the impact of a recent \$6.6 billion settlement charge on incentive program results and whether the settlement was considered by the compensation committee. This concern is heightened by a 24 percent increase in total CEO compensation and above-target payouts for short-term and long-term incentive awards, largely resulting from the adjustment. While adjusted incentive metrics are commonly used in incentive programs, investors may expect recognition and explanation by the committee of the magnitude of the adjustment to 2020 financial results and resulting incentive awards.</i>			
4	Require Independent Board Chairman	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair. While Sustainability Advisory Services acknowledges the company's commitment to split the chair/CEO roles and appoint an independent chair in the future, commencing with the company's next CEO, support for this proposal emphasizes the importance of establishing a policy that mandates an independent chair at this company going forward.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, as the pay-for-performance misalignment for the year in review was not mitigated and further, concerns are raised regarding severance payments and benefits made to an NEO upon his voluntary retirement. For 2020 long-term incentives, the company incorporated a one-year performance period for the new free cash flow metric and the proxy discloses that an additional metric will utilize an annual performance period for fiscal 2021 awards. While some investors may have comfort with temporarily shortened performance periods in response to the pandemic, given that the company made this change prior to March of 2020, it is unclear if the shortened performance periods are meant to be temporary. Most investors prefer for the majority of equity awards to be tied to multi-year performance periods. The rigor of the LTI program's relative TSR target goal also raises some concern, as the metric targets merely the median of peers without an apparent cap on payouts if absolute TSR is negative. In addition, there are significant concerns surrounding the payments and benefits provided to an NEO in connection with his retirement. Specifically, the NEO received severance pay consistent with what he would have received in connection with a qualifying termination, while receiving continued vesting of his time-vesting awards and accelerated vesting of his deferred compensation balance as if he were "retirement eligible," though the proxy did not indicate that his termination was involuntary and states no NEOs were eligible for such retirement benefits during the year in review.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. As an incentive for the CEO to remain with the company post-merger for one year as a special advisor, in addition to \$11 million in compensation, he will receive a \$40 million retention bonus. Furthermore, although vesting of performance awards will only accelerate upon a qualifying termination, these were amended to pay out above target, with all of the CEO's performance equity to vest at maximum.</i>

3.1	Elect Choi Jeong-Woo as Inside Director	For	Against

Blended Rationale: Votes AGAINST non-independent director nominees Hag-dong Kim (Item 3.2), Jung-son Chon (Item 3.3), Tak Jeong (Item 3.4), Chang-hwa Jeong (Item 3.5), and Tae-gyun Kwon (Item 4.2) are warranted given that the company is a large company and the board is not majority independent. Votes FOR independent directors Sung-jin Kim (Item 5) and Young-suk Yoo (Item 4.1) are warranted given the absence of any known issues concerning these nominees. The company is involved in severe ESG controversies. POSCO and its subsidiaries are facing allegations of failing to assess the environmental impact of its operations in Bangladesh and Indonesia. The company is also being accused of failing to mitigate the climate change impact in its supply chain in Indonesia. POSCO is also under accusations of conducting poor stakeholder consultation in Indonesia and Myanmar. Moreover, POSCO reportedly failed to respect labor and union rights in South Korea, Uzbekistan, and Turkey. Finally, the company is allegedly subject to a corruption investigation in South Korea. 	<i>Blended Rationale: A vote FOR candidates Karsten Dybvad, Martin Blessing, Lars-Erik Brenoe, Rajja-Leena Hankonen, Bente Landsnes, Gerrit Zalm, Topi Manner (Items 4a-4e, 4h-4i) is warranted due to a lack of concern regarding the suitability of these individuals in particular. An ABSTAIN vote for candidate Jan Thorsgaard Nielsen (Item 4f) is warranted because he is a non-independent chairman of the audit committee. A qualified vote FOR candidate Carol Sergeant (Item 4g) is warranted, despite concerns with her positions on the board and key board committee during a period where the board appears to have failed to ensure that adequate governance was in place, as the majority of the board has been replaced since 2018 and there is a certain need for continuity and integration of new board members.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns regarding the high magnitude of the CEO's equity awards are not mitigated by their performance criteria or the company's strong TSR performance. There are also additional concerns regarding the magnitude and structure of non-CEO equity awards, as specific disclosure surrounding sizable grant determinations is lacking and the awards are entirely time-based. Further, the CEO's base salary is relatively high, and the disclosure on bonus payout determination is somewhat lacking with no disclosure of individual performance considerations or a payout cap. Additional concerns are identified regarding enhanced benefits provided to former COO Given in connection with his retirement and transition to an advisor. Specifically, the company extended the term of his vested options and provided him with continued vesting of his RSUs, which is particularly concerning given that he received RSUs with a value nearly double the median total CEO pay at company-selected peers for FY20. The provision of enhanced benefits upon retirement is considered a problematic pay practice, and the proxy does not disclose the specific rationale for providing him with such enhanced benefits, nor does it explain how such benefits serve shareholder interests.</i>

<i>Blended Rationale: A vote FOR this shareholder proposal is warranted because:- An independent investigation is called for given doubts over the legitimacy of Toshiba's earlier investigation whose conclusions were drawn based on one-sided conversations.- Conducting an investigation in the way requested by Effissimo is unlikely to divert managerial resources away from business operations and the cost burden on Toshiba should be minimal, as in setting the investigation scope, investigators are expected to consider the costs potentially incurred by Toshiba, so that it should be set to the extent socially reasonable, and if Toshiba refuses to pay the costs, Effissimo will pay them.- Now that Toshiba is once again listed on the First Section of the Tokyo Stock Exchange, the company should increase transparency and establish a solid corporate governance system through an independent investigation.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While the compensation committee addressed the prior year's low vote result and committed to some position changes to the pay programs, the committee failed to address the majority of investor feedback, resulting in only limited responsiveness. Further, the compensation committee allowed the performance options of multiple executives to vest despite nonattainment of annual goals, which undermines the linkage between pay and performance. Furthermore, even while excluding the dividend equivalents paid to each executive, concerns persist regarding the pay magnitude of the executive chairman, which remains above both the CEO as well as the company's peer median CEO. Finally, while some positive changes were instituted for future years, including the elimination of one of the retesting features in the stock option program, performance options still have multiple opportunities to vest within the design of the program if the initial performance targets are not met.</i>

2.1.1	Elect Philippe Cochet as Outside Director	For	Against

Blended Rationale: A vote AGAINST independent director nominee Philippe Cochet (Item 2.1.1) is warranted, as his inaction to remove convicted directors is indicative of a material failure of governance and oversight at the company. A vote FOR Jung-suk Koh (Item 2.2.1), Seung-hwan Han (Item 2.2.3), Jun-seo Lee (Item 2.2.4), and Se-cheol Oh (Item 2.2.2) is warranted although they are considered as non-independent directors under Sustainability Advisory Services classification, there are no issues concerning the board's independence. A vote FOR independent director Jung-gyeong Choi (Item 2.1.2) is warranted given the absence of any known issues concerning this nominee.

9.2	Approve Guidelines for Incentive-Based Compensation for Executive Management and Board	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted because:- The company provides a policy framework that allows for discretionary compensation;- The performance criteria and targets for STIPs and LTIPs are not disclosed and general absence of a clear performance framework; and- While Sustainability Advisory Services raised concerns regarding the proposed remuneration policy in 2020, no substantial improvements were brought to the policy nor did the company demonstrate any sign of responsiveness (voting results are not disclosed).</i></p>			
9.3	Allow Shareholder Meetings to be Held by Electronic Means Only	For	Against
<p><i>Blended Rationale: A vote AGAINST is warranted because the new articles provide the possibility for virtual-only shareholder meetings. Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. Vote recommendations are as follows:- FOR Items 4 and 7 (Request Cumulative Voting and Equal Distribution of Votes Among Management Board Candidates) to allow minority shareholders to elect directors individually under cumulative vote and concentrate their votes on a specific board nominee who can potentially increase minority shareholder representation at Klabin's board.- ABSTAIN Items 8a.1-8a.12 (Management Nominees) and 8b.1-8b.11 (Management Nominees included in the slate proposed by the minority ordinary shareholder) as there are significant governance concerns regarding the majority of the proposed management nominees. In addition, management nominees will likely receive the votes of the company's controlling shareholders.- FOR Item 8b.12 (Heloisa Belotti Bedicks) as an independent director and the sole minority ordinary shareholder board candidate presented in the proposed election.</i>

We note in particular that:- From 2015-2020, the CEO was eligible for fixed grants of restricted shares that were not subject to performance conditions. The company considers these shares to be a component of the basic salary.- The other forms of equity-settled executive compensation do not measure performance over a multi-year period.</i>

	Shareholders are Instructed to Vote on the Election of Directors EITHER by Voting For One of the Two Proposals in Item 10.A or 10.B OR by Voting for Number, Directors Individually, and Board Chairman in Items 10.1, 10.2a-10.2j, and 10.3a-b		
	Proposal Submitted by the Majority of the Election Committee		
10.A	Fix Number of Directors at Seven; Reelect Per Berggren, Christina Karlsson Kazeem, Zdravko Markovski and Joacim Sjoberg as Directors; Elect Rutger Arnhult (New Chair), Anna Kinberg Batra and Anna-Karin Celsing as New Directors	None	Against

Blended Rationale: A vote FOR Item 10.B is warranted because the proposal:- Should be considered the incumbent proposal as it aims for board continuation and continuation of strategy;- The proposal is recognizing Arnhult equity participation (15 percent) in Castellum by enabling him to suggest a representative, which is Joacim Sjo berg;- Although Per Berggren as suggested chairman will not be considered independent given his tenure exceeding 12 years, it avoids a vacuum where 4 board members would step down; and- No specific concerns are noted with the proposed board composition.A vote AGAINST Item 10.A is warranted because the proposal:- Should not be considered as the default nominating committee proposal considering Arnhult's recent increased equity participation through M2 and Corem, resulting in disproportionate control in the nominating committee;- Given Arnhult's increased equity participation, the proponents have not demonstrated their clear intentions nor have they provided a compelling rationale on why Arnhult should become chairman of the board, which creates uncertainties and may increase the risk profile of the company; and- Although Arnhult has committed to stepping down from his directorship at Corem and CEO mandate at Klovern, both considered competitors, concerns are not sufficiently mitigated considering he has significant equity ownership in these companies with competing interests.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Following last year's low say-on-pay vote result, the company engaged with shareholders and provided some feedback received during the discussions. However, the company did not make any substantive changes to the pay program for FY2020, and it is unclear whether the shift to a total incentive assessment framework in FY2021 will adequately address shareholders' voiced concerns, particularly given the feedback is disclosed in somewhat vague terms. In addition, total CEO pay increased significantly due to near-maximum payouts under an annual program that provides for an outsized target opportunity, which was further increased by a sizable discretionary bonus paid in connection with the pandemic. These concerns are compounded by the fact that another NEO is compensated at the CEO's level.</i>

<i>Blended Rationale: A vote FOR candidates Hans Straaberg, Hock Goh, Barb Samardzich, Colleen Repplier, Geert Follens, Susanna Schneeberger and Rickard Gustafson (items 13.1-13.5 and 13.7-13.8) is warranted due to a lack of concern regarding the composition of the board or its committees. 3.1	Elect Cho Dae-sik as Inside Director	For	Against
<i>Blended Rationale: A vote AGAINST is warranted:- Dae-sik Cho (Item3.1) has record of allowing a convicted director on the board throughout his serving on the board of SK Holdings. Cho's inaction is indicative of material failure of governance and board oversight. 1	Accept Financial Statements and Statutory Reports for Fiscal Year Ended Dec. 31, 2020	For	For
2	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST this item is warranted because:- Despite meeting the minimum independence requirement of the Novo Mercado listing segment of the Sao Paulo Stock Exchange (B3), the proposed board's level of independence fails to meet the expectations of institutional investors; and- The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee.</i>			
3	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i>			
4	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain
<i>Blended Rationale: Under these items, the company presented shareholders with the option to elect the board of directors using cumulative voting, under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 4-5.7 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i>			
APPLIES ONLY IF CUMULATIVE VOTING IS ADOPTED - If You Vote FOR on Item 4, Votes Will Be Automatically Distributed in Equal % Amongst The Nominees voted FOR below. If You Vote AGST, Contact Your Client Service Rep to Disproportionately Allocate % of Votes

8	Elect Axel Erhard Brod as Fiscal Council Member and Christiano Ernesto Burmeister as Alternate Appointed by Minority Shareholder	None	For
<i>Blended Rationale: A vote FOR this item is warranted because:- The names of the fiscal council nominee and alternate appointed by minority shareholders have been disclosed;- There is no indication of competing minority ordinary nominees; and- There are no known concerns regarding the proposed minority nominees. Institutional shareholders should provide explicit voting instructions if they seek to elect a specific candidate.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the Remuneration Report is warranted. In response to the COVID-19 pandemic a 20 percent reduction in fixed remuneration of directors and executives was applied for three months. However, the following concerns are noted:- A high level of concern for misalignment of pay and performance is identified in quantitative analysis, relative to peers, with STI and LTI awards being inconsistent with the substantial underperformance in shareholder returns,- Poor disclosure of quantitative targets in the STI,- A number of the STI performance measures appear to be "day job" duties, including an increase in gender diversity, maintaining high employee engagement and capital management, which some investors may have concerns as items which are fundamental to the CEO's and CFO's roles and not subject to additional bonus over and above fixed remuneration,- Non-disclosure of LTI targets does not allow investors to independently assess if long term performance and executive reward is also aligned with investor expectations and improved outcomes,- The LTI award includes an uplift for dividends foregone during the performance period and a further uplift up to 25 percent may be paid if maximum targets (undisclosed) are met,- Amendments to the CEO's executive agreement provides for significant specified termination payments,- Board discretion to adjust the performance objectives in the 2019 LTI by removing the development return objective and using ROCE as the sole performance measure, and- Board discretion not to proceed with the 2020 LTI grant which was approved by shareholders on the basis of adverse trading conditions in 2020 that may prevent vesting and instead offering significant retention awards to executives with time-based vesting and non-quantified performance objectives.</i>

5	Elect Guy Russo as Director	For	For
6	Approve Grant of Performance Rights to Peter Allen	For	Against

Blended Rationale: A vote AGAINST the grant of performance right to the CEO is warranted due to the following concerns:- The quantum of the LTI award is well above the market median for similar sized companies and peers,- Disclosure of the LTI award is inconsistent with market practice and may cause confusion for some investors. Most companies disclose the value of the maximum award upon achievement of maximum performance and securityholder approval is sought for that value. In contrast, the group seeks approval of the threshold level, while noting that if maximum is achieved an additional 25 percent may be awarded,- Despite disclosure of ROCE and TSR hurdles being provided, the group has provided no transparency of any specific or quantifiable hurdles for the strategic measures,- The strategic objectives, as disclosed, appear very similar to the objectives set in the STI and this may lead to executives being rewarded twice for achieving the same outcome. Furthermore, "strategy" is regarded by some investors as a fundamental part of the CEO's "day job", the success of which would be rewarded in TSR and ROCE bonus outcomes, and- Applying a gross up for 'dividends on unvested shares' is a matter which concerns many investors given that there is no present entitlement to dividends/distributions during a performance period, and prior to determination by the board of performance conditions being met and vesting of performance rights.

4.1	Elect Claudio Eugenio Stiller Galeazzi as Independent Director	For	Against
	<p><i>Blended Rationale: The company has presented unbundled elections, allowing shareholders to vote on each nominee individually. Although the company has met minimum regulatory requirements, the level of independence of the proposed board fails to meet the growing expectations of institutional shareholders. As such, a vote AGAINST non-independent nominees Claudio Eugenio Stiller Galeazzi, Eduardo Henrique de Mello Motta Loyo, John Huw Gwili Jenkins, and Roberto Balls Sallouti (Items 4.1, 4.2, 4.4 and 4.7) is warranted because of the proposed board's lack of independence. Moreover, a vote AGAINST non-independent nominee Guillermo Ortiz Martinez (Item 4.3) is warranted due to the lack of overall board independence and because the nominee serves on more than five public company boards. A vote FOR independent nominees Mark Clifford Maletz and Sofia de Fatima Esteves (Items 4.5 and 4.8) is warranted given that it would be counterproductive to vote against the independent directors. Additionally, a vote FOR incumbent chair nominee Nelson Azevedo Jobim (Item 4.6) is recommended given the lack of known concerns regarding the board chair.</i></p>

<p><i>Blended Rationale: Item 5A vote AGAINST the re-election of Megan Clark is warranted:- As Chair of the Sustainability Committee, she is accountable for the failures in governance and risk management that contributed to the Juukan Gorge incident, including the lack of effective controls to properly manage the social and environmental risks and the relationships with indigenous communities. Items 6-7, 9-11, 13A vote FOR these candidates is warranted as no significant concerns have been identified. Item 8A vote FOR the re-election of Sam Laidlaw, Chair of the Remuneration Committee, is warranted, although it is not without concern for shareholders:- Significant concerns around remuneration governance in connection with the treatment of the outstanding LTIP awards belonging to the former CEO and other senior executives, given their roles in, and accountability for, the Juukan Gorge incident. The main reason for support is:- As Senior Independent Director, Laidlaw is leading the succession process for Simon Thompson as Board Chair. As such, a voting sanction is not considered to be in the best interests of the Company and its shareholders at this time. Item 12A vote FOR the re-election of Simon Thompson is considered warranted, although it is not without concern for shareholders:- As Board Chair, he is ultimately accountable for the Juukan Gorge incident, which represents a significant and irreparable failure in risk oversight and governance. The main reason for support is:- He intends to step down at the 2022 AGM. The extension of his tenure until the next AGM will provide stability and continuity during a period of transition for the Company.</i></p>

1	Approve Revision in the Remuneration of Ronojoy Dutta as Whole Time Director and Chief Executive Officer by Way of Grant of Stock Options under InterGlobe Aviation Limited - Employee Stock Option Scheme 2015	For	Against

Blended Rationale: A vote AGAINST is warranted for the proposed revision in the executive's pay terms as it will permit stock options to be issued with an exercise price at a steep discount to the market price as on date of grant and the vesting of these options will be completely time-based and not subject to any performance criteria. In addition, the proposed overall remuneration is deemed to be high compared to industry standards - particularly in this environment, when there are uncertainties on the further impact of the pandemic on the aviation industry. There is also a lack of compelling justification for his proposed minimum pay in the event of loss or inadequacy of profits.

1	Approve the Amalgamation Agreement	For	Against

Blended Rationale: A vote AGAINST this item is warranted on account of:- The deal is a related party transaction coming at a time of depressed valuations due to COVID-19, while the NAV, as estimated by the Company, is 76.2 percent higher than the offer price;- The committee handling the deal supposedly did not have the opportunity to propose alternative transactions (e.g. stock transaction to capture the upside from unwinding the conglomerate discount) or shop for alternative bids; and- Voting against the deal would leave the option to minorities of exercising appraisal rights.

4.1	Elect Jose Ignacio Sanchez Galan as Director and Jesus Martinez Perez as Alternate	For	For
	<i>Blended Rationale: Rationale: Whilst we recognise the past instance of E&S concerns at the Belo Monte dam project, the Company's stake and influence in the project is not sufficient enough to justify a vote against the chairman's re-election at this time.</i>		
4.2	Elect Jose Sainz Armada as Director and Alejandro Roman Arroyo as Alternate	For	Against
	<i>Blended Rationale: The company has adopted the best governance practice of presenting unbundled elections, allowing shareholders to vote on each nominee individually. Although the company has met minimum regulatory requirements, the level of independence of the proposed board fails to meet the growing expectations of institutional shareholders. As such, a vote AGAINST non-independent director nominees Mario Jose Ruiz-Tagle Larrain, Pedro Azagra Blazquez, Marcio de Souza, Alexandre Alves de Souza, Denisio Augusto Liberato Delfino, Daniel Alcain Lopez, Jose Angel Marra Rodriguez, Santiago Matias (Santiago) Martinez Garrido, and Jose Sainz Armada is warranted in light of the proposed board's lack of independence. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - Votes AGAINST board chair Jose Ignacio (Ignacio) Sanchez Galan are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR independent director nominees Juan Manuel Eguiagaray Ucelay, Cristiano Frederico Ruschmann, and Isabel Garcia Tejerina is warranted as it would be counter-productive to oppose independent director nominees.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Remove Directors	For	Against
<i>Blended Rationale: An AGAINST vote is recommended to the proposed removal of director Roberto da Cunha Castello Branco (Item 1) due to the governance concerns regarding the government intervention in the administration of the publicly-traded company and the replacement of its CEO. However, shareholders should note that this proposal will be approved with the votes of the controlling shareholder, the Brazilian federal government. Nonetheless, this recommendation seeks to allow shareholders to voice their concerns with the process (or lack of thereof) for the replacement of the company's CEO and executive director carried out by the Brazilian government. Although Sustainability Advisory Services recommends to vote against the proposed management slate (Item 3), voting execution requirements established by third parties mandate a vote FOR this proposal for votes to be processed automatically under the cumulative voting scenario. As such, a contentious FOR is recommended. In the event the election is carried out under cumulative voting, which requires the support of 5 percent of the company's shares up to 48 hours prior to the shareholder meeting, the instructions for Item 3 will be disregarded and the votes to be counted by the company will be the ones submitted under the cumulative election.</i>			
2	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. Minority shareholders have disclosed the names of three board nominees to be elected under the cumulative voting process (Item 8.9-8.11). As such, there are a total of 11 candidates for eight board seats. The company has presented the cumulative voting election in two sets of items:- Items 6.1-6.8: Nominees of controlling shareholder.- Items 8.1-8.11. Nominees of controlling shareholder and nominees of minority shareholders. To support the election of the independent minority shareholder board candidates, vote recommendations are as follows:- Item 2 (request cumulative voting): FOR- Items 5, 6.1-6.8, and 8.1-8.8 (equal distribution of votes amongst management nominees under cumulative voting): ABSTAIN- Items 7 and 8.9-8.11 (equal distribution of votes amongst minority board nominees under cumulative voting): FOR</i>			
3	Elect Directors	For	For
4	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i>			
5	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain
<i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. 1.1	Elect Director Ari Bousbib	For	For
1.2	Elect Director John M. Leonard	For	For
1.3	Elect Director Todd B. Sisitsky	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for the compensation committee member Todd Sisitsky in the absence of say-on-pay proposal on the ballot. Following last year's failed say-on-pay vote, the company engaged with shareholders, disclosed their specific concerns regarding the pay programs, and made changes to the programs to address those issues. Further, STI payouts are primarily based on objective goals with improved disclosure and LTI awards are targeted to be half performance-based with multi-year goals. However, the relative TSR metric is not particularly rigorous, the CEO's base salary and bonus target remain relatively high, and the COVID-19 related adjustment to closing-cycle performance shares increased the payouts, which is generally not viewed as appropriate by shareholders. A vote FOR the remaining director nominees is warranted.</i>			
2	Advisory Vote on Say on Pay Frequency	None	One Year
<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

6	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST this item is warranted because, despite meeting the minimum independence requirement of the Novo Mercado listing segment of the Sao Paulo Stock Exchange (B3), the proposed board's level of independence fails to meet the expectations of institutional investors. 3	Advisory Vote on Executive Compensation Approach	For	Against

Blended Rationale: A vote AGAINST this non-binding advisory vote is warranted at this time. The quantitative pay-for-performance screen has identified a high concern driven by the bank's relative degree of pay-and-performance alignment (RDA), measured against a comparable group of companies. This comes after in last year's report, Sustainability Advisory Services identified a medium concern driven by RDA as well. As such, it appears the misalignment between company performance and CEO pay increased. While the CEO's total direct compensation decreased by 7 percent over the last fiscal year, a comparison of the bank's pay-for-performance against its banking peers shows a misalignment. The bank's one-, three-, and five-year TSR was the lowest among its banking peers, while the CEO's compensation was ranked near the top. An assessment of the bank's operational performance against its banking peers, as measured by operating leverage and ROE shows similar underperformance. Additionally, EPS, another key performance metric used in setting variable compensation, has been declining as well and went from \$6.90 in 2018, to \$6.72 in 2019, to \$5.43 in 2020. The bank's business performance factor used to establish the CEO's variable compensation is based on these same operational metrics and was only reduced by three factor points (from 91 to 88) based on relative performance. The bank's achievement of a business performance score of 91 prior to adjustment indicates that the bank appears to have set relatively low performance targets. Furthermore, the bank's fiscal 2020 targets were set below the actual results achieved in fiscal 2019. In addition, unlike prior years, the bank did not disclose target thresholds for STIP metrics. In light of the aforementioned, there appears to be a pay-for-performance disconnect at this time.

3.3	Elect Kathryn Spargo as Director	For	For
4	Approve the Amendments to the Company's Constitution	For	Against

Blended Rationale: A vote AGAINST this resolution is warranted. The proposed amended constitution includes provisions that would permit general meetings to be held by virtual-only means using technology, which is considered problematic at this time. While there is recognition of the potential benefits of participation at shareholder meetings via electronic means, concerns are raised for any moves to completely eliminate any physical shareholder attendance at meetings, given that virtual-only meetings may impact on holding directors publicly accountable or hinder meaningful exchanges between directors and shareholders. It is considered that virtual-only meetings may have a negative impact of shareholder rights, and there is no benefit for shareholders in supporting this proposal at this time. Going forward, constitutional language reflecting a hybrid meeting format, which provides for physical attendance concurrently with the use of technology to hold meetings, does not impact negatively on shareholder rights. It is recognised that there is a case for greater flexibility in meeting formats given the current global health pandemic, however, this has been addressed by the temporary relief enacted by the Australian Government Treasurer and in announcements by the Australian Securities and Investments Commission which have provided an exemption from complying with the Corporations Act regarding holding physical meetings and allowing virtual-only meetings.

<i>Blended Rationale: Despite historically outperforming peers, MRVL has trailed the industry index since announcement. This is concerning because the offer implies a healthy valuation and represents a premium to the target's all-time high closing price. However, the underperformance appears to be attributable to considerations unrelated to the fundamentals of the transaction, and the strategic rationale is logical and compelling (and the leadership team has a proven track record of delivering). MRVL has also participated in the overall market uplift since announcement and there has been no public shareholder opposition to the deal (despite the history of activism in the stock). 	Shareholders Must Vote For Only 3 of the Candidates Under Items 4.1-4.4		
4.1	Elect Alexandre Antonio Germano Bittencourt as Fiscal Council Member and Caio Cesar Ribeiro as Alternate	For	Abstain
	<i>Blended Rationale: Under these agenda items, the company has presented more candidates than fiscal council seats. A total of four nominees (and alternates) were disclosed for a three-member fiscal council. As such, shareholders can only vote on three nominees. Votes FOR the nominees Joao Verner Juenemann and Maria Carmen Westerlund Montera (Item 4.2), Maria Salete Garcia Pinheiro and Manuel Luiz da Silva Araujo (Item 4.3), and Rinaldo Pecchio Junior and Walbert Antonio dos Santos (Item 4.4) are warranted since they would likely bring greater independence to the company's fiscal council. As such, an ABSTAIN vote is recommended for Antonio Germano Bittencourt and Caio Cesar Ribeiro (Item 4.1) given that they appear to be closely related to the company's sole significant shareholder, Petrobras, holder of 37.5 percent of the total share capital.</i>

<i>Blended Rationale: A vote AGAINST is warranted because:- The company does not disclose sufficient information on the STI performance metrics. This level of disclosure does not contribute to an understanding of how pay relates to the performance of the company, and is below general market practice. Moreover, we note that compared to the 2019 remuneration report this is a serious step back in transparency on pay-for-performance alignment;- The company approved a cash retention plan for the CEO and CFO as part of the merger where their outstanding RSUs and PSUs to vest in 2021, 2022, 2023, will be settled against a cash payment whereas we raise concern over early vesting and the magnitude of the award.</i>

Although we recognize the company is introducing CO2 emission reduction targets as part of the LTIP, under the TSR measure the LTIP is paying out from 75th percentile ranking. 2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. In connection with the pandemic, the company determined to adjust the closing-cycle LTI awards to pay the 2020 performance year at target, which resulted in LTI awards being earned significantly above target. Adjustments to closing-cycle LTI awards resulting in significantly above-target vesting is problematic.

Blended Rationale: Board elections (Items 5.1, 5.2.1-5.2.2, 5.3) Votes AGAINST the non-independent nominees Rinaldo Riguzzi, Stefan Grote, and Stefan Mueller are warranted because of the failure to establish a sufficiently independent board. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted for the unmitigated pay for performance misalignment. Annual incentives were determined by pre-set objective metrics and annually granted equity awards were performance-conditioned. However, significant concerns are raised as the CEO's total pay more than doubled year over year, primarily the result of multiple one-time awards granted to NEOs during FY20. While the Fitness Plan awards were performance-conditioned, the retention awards may be earned based on non-rigorous stock price goals, and the combined magnitude of the two one-time awards exceeded the median total pay for CEOs in the company-defined peer group. While shareholders recognize that special awards may be appropriate to retain and motivate key executives, shareholders generally prefer that such awards be isolated. Additional concerns are raised given the former CFO received a cash payment upon his voluntary termination. Shareholders generally view severance upon a voluntary resignation as a poor practice, as severance is intended as protection against involuntary job loss.</i>

<i>Blended Rationale: Pictet Rationale: Whilst we understand ISS' policy of not supporting director elections where there are governance concerns, such as the lack of an independent majority and the absence of committees, in this instance we are supporting James Robo. NEP's assets and business are run by NEE via a management services agreement. There are also safeguards in place to protect shareholder rights.</i>

	<p><i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Lawrence Kellner are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the remaining director nominees is warranted.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. A quantitative pay-for-performance misalignment is driven by a significant increase in pension value, which accounts for nearly half of the reported CEO pay. Nevertheless, there are concerns regarding the undisclosed customer service modifier goals that were achieved at maximum in the STI program for the second consecutive year, heightened by the CEO's relatively high target STI award, the relative ROATCE metric targeting only median performance, and undisclosed forward-looking ROATCE goals. Further, the compensation committee made significant modifications to closing-cycle performance awards which increased earnouts from 53 to 99 percent of target. Such modifications to closing-cycle equity awards are not generally viewed by many shareholders as an appropriate reaction to COVID-19 related market disruptions.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company has provided insufficient disclosure in the proxy statement regarding multiple years of large litigation-related expenses, including \$4 billion charges in each of 2019 and 2020 for opioid-related litigation and Talc-related litigation, respectively, and an additional \$1 billion in 2020 related to opioid litigation. While adjusted incentive metrics are commonly used in incentive programs, investors may expect recognition and explanation by the committee of the magnitude of the adjustment to 2019 and 2020 incentive program metric results and the impact on executives' awards.</i>

<i>Blended Rationale: A vote FOR this proposal is warranted, as reporting on the impact of public funding on the company's pricing and access plans would allow shareholders to better assess the company's management of related risks throughout the expected lifetime of the vaccine.</i>			
5	Require Independent Board Chair	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted. The material financial accruals resulting from the ongoing talc product liability claims and the proposed opioid settlement agreement, in addition to ongoing reputational risks facing the company, suggest that shareholders would benefit from the most robust form of independent board oversight, in the form of an independent board chair, at the next CEO transition.</i>

5	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST this item is warranted because:- The proposed board is 38-percent independent under Sustainability Advisory Services policy guidelines, failing to meet the expectation of institutional investors for Novo Mercado companies; and- The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee.</i>

9	Approve Amendment of the Economic Performance Criterion Related to the Acquisition of Performance Shares Allocated to the Chairman and CEO under Plan No. 1	For	Against
<p><i>Blended Rationale: A vote AGAINST Item 9 is warranted since the neutralization of FY2020 would enable a total acquisition of shares under plan n. 1. The proposed adjustment would completely erase the effects of the Covid-19 crisis for the 2018 LTI plan, which would therefore be in disconnection with the company's performance and shareholders' interests. QUALIFIED FOR Items 10 and 11 are warranted since the proposed adjustment would partly erase the effects of the Covid-19 crisis for the 2019 and 2020 LTI plans. This negative feature is mitigated by the following reasons:- The company still needs to manage the recovery process in 2021 and 2022; and- The negative features are mitigated by the decrease of LTI grants and the presence of other performance criteria.</i></p>

12	Approve Compensation of Antoine Frerot, Chairman and CEO	For	Against
<p><i>Blended Rationale: A vote AGAINST this remuneration report is warranted because:- The bonus' financial quantitative criteria are assessed under the revised objectives of July 30, 2020 but the company did not provide any use of discretion in the 2020 remuneration policy or any subsequent rationale. The bonus outcome is not consistent with the company's performance as the effects of the Covid-19 crisis on the bonus payout are not reflected. This falls short markets standards as it contravenes to the alignment between pay and performance; and- The proposed adjustment under the 2018 LTI plan proposed under Item 9 above would enable a total acquisition of shares under plan n. 1. erasing again the effects of the Covid-19 crisis. The long-term remuneration under this plan would therefore be in disconnection with the company's performance and shareholders' interests.</i></p>

<i>Blended Rationale: The company disclosed four nominees (and alternates) to compete for a seat in the proposed three-member fiscal council. All candidates appear to be well-qualified to serve as fiscal council members. However, as the company has disclosed more fiscal council candidates than available seats, vote recommendations are as follows:- Vote FOR incumbent management fiscal council nominees Sergio Vicente Bicicchi and alternate Anna Carolina Morizot as there are no known concerns regarding the proposed nominees (Item 12.1);- Vote FOR incumbent nominees Adelino Dias Pinho and alternate Olavo Fortes Campos Rodrigues Junior, currently appointed by a minority shareholder, as there are no known concerns regarding the proposed nominees (Item 12.3); and- Vote FOR new minority shareholder nominees Joao Verner Juenemann and alternate Geraldo Affonso Ferreira Filho as the proposed nominees will likely bring greater representation of minority shareholders to company's fiscal council (Item 12.4). As such, an ABSTAIN vote is recommended for the new management nominees Adalgiso Fragoso de Faria and alternate Stefan Colza Lee (Item 12.2). The recommendation to abstain from the election of such nominees should not be interpreted as a negative assessment of their experience or qualifications.</i>

	<i>Blended Rationale: A vote AGAINST governance committee chairman Robert Work is warranted given the lack of responsiveness to a majority supported shareholder proposal at the 2020 annual meeting. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. A vote AGAINST board chair Thomas Kennedy is warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm. A vote FOR the remaining director nominees is warranted.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. The compensation committee did not demonstrate sufficient responsiveness to shareholder concerns after last year's low say-on-pay vote. The company engaged with shareholders and disclosed their feedback in the proxy statement. However, while certain changes were made in response to feedback, some actions by the compensation committee after engagement efforts appear to be in direct conflict with shareholder feedback. For example, after shareholders noted that CEO pay should be linked to company performance, the company paid a cash discretionary bonus when goals in the annual bonus did not earn any payout. Of significant concern is a one-time performance option grant made to the CEO, valued by Sustainability Advisory Services at \$56.5 million, which significantly exceeds the total of pay for peer CEOs. Shareholders may question why such a large grant is necessary, particularly due to its proximity to large grants in connection with the recent IPO. Additionally concerning, certain NEOs were paid a discretionary bonus after STI goals that were entirely based on financial metrics were not met in FY20. This practice undermines a pay-for-performance philosophy. Furthermore, annual equity grants are entirely in time-vested equity, though the FY21 grant will be partially performance conditioned.</i>

<i>Blended Rationale: A vote AGAINST Steven Miron is warranted for serving as a non-independent member of a key board committee. 8	Elect or Ratify Directors of Series B Shareholders	For	Against

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. Annual incentives were largely determined by objective metrics and a majority of annually granted equity awards were performance-conditioned. However, significant concerns are raised regarding the retention award of RPSUs granted to NEO Whitehurst. While granted in connection with signing a non-competition agreement, the award is relatively large, and Whitehurst will receive a minimum of 80 percent of the performance-modified portion. Shareholders generally prefer that if special one-time awards are granted, a significant portion of the award is at risk and subject to rigorous performance goals.

	Meeting for Preferred Shareholders		
1	As a Preferred Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
	<i>Blended Rationale: A vote FOR this item is warranted because:- Minority preferred shareholders can disclose nominees to the separate minority board election up to the time of the meeting; and- The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i>

	<i>Blended Rationale: A vote FOR this proposal is warranted because the combination of two classes of shares for the purposes of establishing a separate election for a minority board representative increases the likelihood of having minority representation at the board level.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although CEO pay declined amid lagging company performance, there are compensation program design concerns, including relatively high NEO base salaries and continued reliance on committee discretion. Even though total incentives are guided by a performance assessment with key financial highlights consistent year-over-year, the incentive pay program continues to significantly rely on committee discretion, and lacks clear safeguards that provide assurances to investors, such as per-metric weightings or pre-set target goals. Further, the committee decided not to apply hurdle goals that were required for any FY20 bonus payout to occur when the hurdles were not met, which resulted in bonus payout at 83 percent of target for the CEO and further weakens the link between pay and performance. In addition, the CEO received only half of his LTI in time-based equity after several years in which the CEO received 100 percent performance-based awards. Also concerning is that the large shift to time-based equity is accompanied with a less rigorous relative TSR governor that caps the performance share earnouts.</i>			
3	Ratify KPMG LLP as Auditors	For	For
4	Amend Proxy Access Right	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as the proposed elimination of the 20-shareholder aggregation limit would improve the company's existing proxy access right for shareholders.</i>			
5	Amend Certificate of Incorporation to Become a Delaware Public Benefit Corporation	Against	Against
6	Report on Incentive-Based Compensation and Risks of Material Losses	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as shareholders would benefit from additional disclosure about employee incentive compensation programs that could lead to material losses due to excessive risk taking, given that broad-based employee incentive structures played a significant role in recent high-profile controversies that caused financial and reputational harm at the company.</i>			
7	Report on Racial Equity Audit	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted given that a racial equity audit would further enhance shareholders' ability to assess the company's diversity and inclusion policies.</i>

B9	Approve Remuneration policy	For	Against
<i>Blended Rationale: A vote AGAINST is warranted as the majority of the LTI plans contain no (clear) performance objectives or disclosure thereof and;- The LTI plans do not have a clearly defined maximum award limit contrary to best practice- The remuneration policy can lead to pay for failure and an excessive pay package compared to that of peer group median.- The multitude of LTI plans increase the overall complexity of the remuneration policy not supporting a good understanding of the company's remuneration policy.</i>			
B10	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST is warranted- Due to a lack of disclosure of the performance metrics and the subsequent targets and level of achievement, especially as part of the various LTI plans;- Exceptional stock option and RSU grants to executives without a compelling rationale ('retention') whereas the pay package should already aim to attract, reward and retain executives;- in 2020 the non-executive directors real pay is substantially higher than that of peers.However, we also recognize executives took a 20 percent cut in fixed pay and no 2020 bonus as a result of Covid19 impact.</i>

1.1	Shareholders Must Vote For Only Eight of the Candidates Under Items 1.1-1.10 Elect Aramis Sa de Andrade as Director	For	Against
	<i>Blended Rationale: In line with its bylaws, the company proposes the election of an eight-member board, with six nominees appointed by the controlling shareholder and two nominated by minority shareholders. The nominees were presented in individual agenda items, allowing shareholders to vote on each candidate separately. Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against

Blended Rationale: A vote AGAINST the remuneration report is warranted on account of:- CFO Tadeu Marroco's salary has been increased by a total of 7% in FY2020, having received an uplift of 3% in April 2020 in line with the Company's UK workforce and a further 4% increase in October 2020 following the expansion of his role to Finance and Transformation Director. Subject to continued development and sustained performance in the role, he may receive a further increase of 3% above the UK workforce in April 2022.- CEO Jack Bowles' salary has been increased by 3%. Although this is said to be aligned with the workforce, it follows a 9.5% increase last year and a significant protest vote against executive pay by shareholders at the 2020 AGM. Moreover, his total non-cash benefits for FY2020 were valued at GBP 592,000, which stands out as unusually high in the UK market absent a one-off exceptional event (e.g. relocation).

5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While the committee demonstrated sufficient responsiveness to last year's failed say-on-pay vote and the incentive plans were mostly performance-conditioned, additional concerns remain regarding goal rigor and the magnitude of the CEO's total compensation, which was more than triple the median of CEOs in the company-selected peer group. Targets for objective metrics were set at the same levels as the previous three years, while pay opportunities were not adjusted and remained sizable. As with previous years, the committee approved maximum achievements for the qualitative portion of the annual incentive, which resulted in payouts at target despite the EBITDA metric not achieving threshold. This concern is magnified as NEOs were awarded relatively large one-time discretionary bonuses for achievements already considered in the qualitative assessment. Moreover, the long-term incentive targets merely median TSR performance, and payouts are not capped in the event absolute TSR is negative over the performance period.

However, we should note this is based on a share price at the time of grant/vesting of equity awards in May 2020 at a time the share price was trading around EUR 200, whereas share price at the time publication is EUR 65.10.</i>
