1b	Elect Director W. Patrick Battle	For	Against
	<i>Blended Rationale: Vote AGAINST incumbent Compensation Committee members W. 1j	Elect Director Mary A. Winston	For	For
2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company failed to demonstrate adequate responsiveness to last year's say-on-pay vote, despite receiving less than majority support for the second year in a row. While the company engaged with investors following the annual meeting, shareholders' feedback is disclosed only in vague terms. In addition, it is not clear that the company has made any changes to address the concerns underlying the failed 2021 vote. Pay-for-performance concerns are mitigated in light of recent improvements to the company's incentive programs. The weight of the individual performance component in the annual incentive program was reduced from 50 percent to 20 percent, and a concerning secondary funding mechanism was removed. Further, the grant date value of the CEO's equity awards was lower in 2021 compared to 2020. Finally, beginning in 2022 the CEO will participate in the ordinary long-term incentive program.</i>

1.1	Elect Director Karen Blasing	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent director nominees Karen Blasing and Charles Giancarlo given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights. A vote FOR remaining director nominee Eileen Naughton is warranted.</i>

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted, driven by concerns surrounding the CEO's equity awards. While the awards are entirely performance-based, they utilize the same financial metrics as the annual incentive plan, are measured over a one-year performance period, and lack disclosure of both targets and actual performance. While the same target number of PSUs was granted as in the previous year, the CEO's FY21 equity grant value was substantially larger than the median total pay of both ISS' and the company's selected peers. Most other NEOs' equity awards were only subject to time-based vesting.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction

3	Elect George Tambassis as Director	For	For
4	Approve Grant of Performance Rights to Richard Vincent	For	Against

*Blended Rationale: A vote AGAINST the grant of performance rights to the CEO is warranted.- Persisting issues identified in prior years remain unaddressed.- There is persisting non-disclosure of the ROE and EPS growth performance targets;- The board has absolute discretion to vary performance hurdles during the performance period;- There continues to be provision for dividends on unvested shares;- The change of control provision allows for automatic waiving of performance conditions, being especially problematic given the Wesfarmers and Woolworths bids would result in a near terms change in control and accelerated vesting of this FY22 LTI grant;- Discounting of the valuation of the performance rights to a value in July 2021 and not at the prevailing value of the company's shares; and- The 'false choice' has the impact of diminishing shareholder rights, given that if this resolution is not approved, disclosure indicates that it is intended that payment of the LTI will be by way of cash.*

<i>Blended Rationale: A vote FOR this proposal is warranted, with caution, as the committee demonstrated adequate responsiveness to shareholder concerns following last year's low say-on-pay vote result. Shareholders' primary concern related to the granting of supplemental awards to certain employees, not including the CEO, to address the lost value of previously granted performance shares. In response, the committee states that it will only consider making similar awards under exceptional circumstances after first consulting with its larger shareholders. However, it remains unclear from this disclosure what may be considered as an exceptional circumstance, or how frequently the committee would consider making one-time awards, and continued close monitoring of equity grant practices is warranted.</i>

<i>Blended Rationale: A vote FOR this proposal is warranted as a lower threshold would enhance the current shareholder right to call special meetings.</i>

5	Approve Issuance of Shares to Paul Rennie	For	Against
<i>Blended Rationale: A vote AGAINST these resolutions is warranted.- The loan-funded shares are not subject to any objective performance hurdles, apart from a loan price equivalent to a 25 percent premium to market price of the company's shares;- A majority of the shares will vest in less than three years;- The shares will immediately vest upon a change in control; and- Grants of LTI performance-based remuneration to a non-executive director is inconsistent with good governance guidelines and practices in the Australian market.</i>

7	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	None	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted. The board has not provided an adequate case in support of the high quantum of increase,- While the board argues that an increase in the NED fee cap will provide flexibility to allow growth in director remuneration in the future, the proposed increase of 80 percent is excessive.- The current NED fee cap provides for sufficient headroom for remuneration growth and appointment of one director.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST the proposal is warranted. In response to last year's failed say-on-pay vote, the proxy included disclosure regarding feedback received from shareholders. However, disclosure of engagement efforts was incomplete and, more concerning, the pay program changes did not fully address the most prominent shareholder concern regarding the use of positive discretion to increase 2020 closing cycle LTI earnouts. In addition, a mitigated pay-for-performance misalignment exists for the year in review. The annual bonus was based on pre-set objective metrics with clear disclosure regarding the payout structure, targets, and actual performance, though a concern is noted regarding the use of an individual performance modifier, particularly given shareholder feedback regarding the use of positive discretion. The long-term incentive program is half performance-conditioned equity, which utilizes a multi-year performance period. Though forward-looking targets were not disclosed, these goals are disclosed retroactively at the end of the performance period.</i>

	<i>Blended Rationale: A vote FOR the proposal is warranted. Following a failed say-on-pay vote result, the compensation committee disclosed engagement efforts with shareholders as well as the feedback received in these engagements. The proxy also notes commitments and pay program changes that were made in response to these shareholder concerns. Additionally, the pay-for-performance misalignment is mitigated for the year in review. The STI program was entirely based on pre-set financial metrics, while 50 percent of the LTI grant is in performance-conditioned equity. Some concerns about the LTI program are noted, including that 100 percent of the FY21 grant and 50 percent of the FY22 grant will be based on annualized performance periods. The relative TSR metric also merely targets the 50th percentile, though the company added a feature that caps vesting at target if absolute TSR is negative.</i>

*Blended Rationale: A vote FOR this proposal is warranted, with caution, as the committee demonstrated adequate responsiveness to shareholder concerns following last year's low say-on-pay vote result. Shareholders' primary concern related to the use of special awards and adjustments to in-flight awards to moderate the impact of the pandemic on performance-based components of pay. In response, the committee states its acknowledgement that adjusting in-flight awards or making special awards are tools to only be used in extraordinary circumstances. However, it remains unclear from this disclosure what may be considered as an exceptional circumstance, such as whether the COVID-19 pandemic will be assessed as an ongoing exceptional circumstance, or how frequently the committee would consider making one-time awards. Continued close monitoring of award practices is warranted.*

7	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because:- There is significant scope for discretionary payments, which goes against market best practice- The amount or cap of the loyalty bonus granted to old management board members was not disclosed- The structure of the LTIP appears to vary in number of shares with the aim to keep the market value of the granted LTI package the same, suggesting the value transferred is guaranteed- The LTIP for management board members could lead to excessive payout levels and discourage executives to act in the best interest of shareholders</i>

1	Approve Appointment and Remuneration of Madhurima Singh as Whole Time Director Designated as an Executive Director	For	Against

*Blended Rationale: A vote AGAINST this resolution is warranted:- The lack of disclosure on Madhurima Singh's work experience makes it difficult to assess the fairness of her proposed pay quantum and raises questions on her potential contribution to the board, in an executive capacity.- The fixed nature of her proposed remuneration structure is concerning, and her pay is aggressively positioned when compared to industry peers and higher than that paid to other executive directors.- The provision of high annual increments in her remuneration of up to 20%, may lead to discretionary payouts.- There are material conflicts of interest.*

### Zendesk, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Issue Shares in Connection with Acquisition	For	Against
<i>Blended Rationale: Although ZEN's leadership believes that the acquisition will lead to a more compelling enterprise offering, faster revenue growth, and higher margins, the projected benefits are limited to one additional percentage point of revenue growth and 2.7 additional percentage points of operating income margin in 2025. Details about the company's plan for achieving revenue synergies are limited, such that the risks of the transaction, and the accompanying dilution to shareholders, do not appear justified by the uncertain and slight impact. Moreover, the shareholders publicly opposing the transaction have raised valid concerns that are bolstered by the market's sharply negative reaction to the transaction's announcement and a solid stand-alone narrative. In light of these factors, a vote AGAINST this proposal is warranted.</i>			
2	Adjourn Meeting	For	Against
<i>Blended Rationale: As support for the underlying transaction is not warranted, vote AGAINST this item.</i>

*Blended Rationale: We believe a vote against this proposal is warranted. The company provides information on its commitment to diversity, equity, and inclusion on its website and in its CSR report. These include statements and policies designed to foster diversity, equity and inclusion, such as having a dedicated DE&I team, diversity and engagement goals linked to executive compensation, and a board of directors composed of 50 percent non-white-male members. The company's efforts have increased in the past two years and the company says it is looking into ways to increase diversity education and programs. In addition, the company conducted an independent third-party HR Audit including DE&I in 2021 and set out findings and its response in the proxy statement. While we vote against the proposal as framed, we will continue to monitor this aspect of the company's performance.*

<i>Blended Rationale: A vote for this resolution is warranted in line with Ethos and the Board recommendation. We recognise that ISS is concerned about the gender diversity at board level, which stands currently at 20%. However, we believe that the company is planning to address this matter by proposing one or more new female directors for the next AGM. We will continue to engage with the company on this topic over the coming year.</i>

	<i>Blended Rationale: We consider that a vote FOR these resolutions is warranted. In January 2020, the Seoul Eastern District Court found the CEO of Shinhan Financial Group, Yong-byeong Cho, guilty for his alleged involvement in recruitment malpractices. However, in November 2021, the Higher Court reversed the guilty ruling on the CEO. Noting this 'not guilty' verdict, and after additional discussions with the company, we consider that votes against are not warranted, and the removal of seven outside directors (Items 2.1-2.7) and two audit committee members (Items 3.2 and 3.3) would be highly disruptive and would have detrimental impact on shareholder value.</i>

<p><i>Blended Rationale: A vote for this resolution is warranted. The Company is seeking to increase the number of internal directors by appointing a new director, Mr Muenz, and therefore the fund voting policy recommends voting against the company's top executives. However, we consider that Mr Muenz will bring additional ESG expertise to the Board. In addition, the board will continue to include at least two outside directors and at least one-third of the Board members after the shareholders meeting will be outside directors. We therefore wish to vote in favour of this director.</i></p>

However, as a female independent member, Sandra Emme enhances the gender diversity of the company. 	<i>Blended Rationale: After engaging with the company, our concerns regarding the allocation of capital to cross-shareholdings have been addressed. Firstly, the company explained that the portion of net assets allocated to cross-shareholdings for the 2021 fiscal year was below the 20% threshold that would trigger a vote against the top executives on the board as per our policy. Secondly, we welcomed the board's plans to carefully review the company's current cross-shareholdings and potentially unwind some of them. Based on these considerations, support for this resolution is warranted.</i>

<i>Blended Rationale: Vote: FOR We consider a vote for this item is warranted. While we consider that an authority for 20% over 60 months is a long period for a non-preemptive authority, in this case we are willing to support due to the strong track record of management in relation to recent acquisitions, and our wish to provide them sufficient flexibility should an opportunity arise. However, we will remain closely engaged with the company and have also encouraged them to consider asset rotation as a way to increase value maximization without attendant dilution for holders. We look forward to our constructive dialogue continuing.</i>

<i>Blended Rationale: We consider a vote for this resolution is warranted. We recognize that ISS is concerned about the lack of gender diversity on board level and therefore recommends a vote against the reappointment of Beat Siegrist due to his role as Chairman of the joint Compensation and HR Committee. While we acknowledge the lack of diversity (20% female diversity at board level), we are planning to engage on this matter with the company with the aim that the company reaches the minimum diversity target of 30% in the coming years.</i>

<p><i>Blended Rationale: Support for this resolution is warranted. We recognise there may be concerns that Mr Boman is overboarded as he sits on five boards as non-executive director, including SCA. However, one seat is at Industrivarden AB, SCA's largest shareholder, and the other three are at companies in which Industrivarden AB is also a significant shareholder. We believe his position at Industrivarden's board allows him to have a good knowledge of their investee companies. This in turn means that the risk of him being over-extended in a way that would jeopardise his ability to discharge his duties effectively is minimised. We will continue to keep the matter under review including his role on the audit committee.</i></p>

## The Bank of Nova Scotia

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
6	SP 1: Explore the Possibility of Becoming a Benefit Company	Against	Against
	<i>Blended Rationale: Vote AGAINST this shareholder proposal. The board argues that the bank already operates in a way that promotes the interests of its various stakeholders and its principled approach to corporate governance is the foundation that instills trust, protects the interests of shareholders, and maintains the confidence of its employees, customers and communities. The bank provides comprehensive disclosure about actions it has taken that show a commitment to healthy communities and sustainable and fair operations. In addition, the bank has disclosed an oversight structure in place to ensure that it is operating in an ethical, socially responsible and environmentally conscious manner. There are many unknowns associated with the benefit corporation structure and it is not clear that a conversion without management support would cause any change in its business practices. As such, the request for the board to take steps to change the form of company incorporation does not appear to be necessary and this proposal does not warrant support.</i>		
7	SP 2: Adopt an Annual Advisory Vote Policy on the Bank's Environmental and Climate Change Action Plan	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Additional information on the company's plan to reduce its GHG emissions would allow investors to better understand how the company is managing its climate change related risks and it would allow shareholders to express their opinions on the climate risk management practices of the company.</i>		
8	SP 3: Set Up a Climate Change and Environment Committee	Against	For
	<i>Blended Rationale: By establishing a dedicated Climate Change and Environment Committee, the company will have a centralized device to continue, ensure, and promote its environmental policies and initiatives. The adoption of this resolution will also solidify the company's position among its peers as an industry leader in this area of environmental sustainability. As such, support FOR this proposal is warranted.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted given the apparent gaps in the company's climate reporting and lack of science-based target setting. While UBS Group has committed to a net-zero by 2050 ambition, the company has not disclosed a clear, forward-looking climate strategy, only disclosing some of the short, medium, and long-term targets, to substantiate how it will deliver on this ambition.</i>

9	Authorize Board to Ratify and Execute Approved Resolutions	For	For
10	Advisory Vote on Remuneration Report	For	Against

*Blended Rationale: A vote AGAINST this item is warranted because: - Telefonica completed two significant transactions in 2021: the O2/Virgin joint-venture and Telxius' telecommunications towers division sale (see Material Company Updates section) for which the board rewarded both executive directors with one-off awards at maximum opportunity of 100 percent of salary. The board also considered Telefonica's outperforming the local index and sector peers in 2021. - Telefonica is the sole European telco to have a remuneration policy provision allowing for the granting of one-off awards – Deutsche Telekom's supervisory board proposes to eliminate a similar clause at the company's 2022 AGM. - Excluding this one-off award opportunity, the remuneration arrangements with management already are one of the most competitive among European peers. - Without downplaying the significance of these two transactions, these one-off awards have further misaligned executive pay with company performance in comparison with peers, including 2021's 3.69x multiple of median, while management's pay package is one of the most competitive among European peers, and Telefonica has been an underperforming stock since incumbent chair/CEO took on his position in April 2016.*

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee made positive changes to pay programs in response to last year's low say-on-pay vote, concerns are raised regarding FY2021 decisions. The company continued to use annually set goals in the long-term incentive program, limiting the long-term nature of those awards. More concerning, however, was a potentially uncapped retention agreement the company entered into with the CEO and another NEO. The agreements seek to incentivize the NEOs to delay retirement until after FY23; however, the structure of the agreements may result in sizable, non-performance-based payments in the event interest rates increase between 2021 and the date of their respective future retirements.</i></p>

5.e	Reelect Alessandra Garavoglia as Non-Executive Director	For	For
5.f	Reelect Eugenio Barcellona as Non-Executive Director	For	Against
	<i>Blended Rationale: A vote AGAINST Eugenio Barcellona is warranted because: - He is a non-independent director and also the chair of the audit committee, in deviation of European best market practices; - He is also the chair of the nominating committee and there is a lack of diversity on the overall board, in deviation of European market practice and recently amended Dutch law.</i>

	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The company does not clearly disclose the maximum number of options that can be issued under this plan. - Executives may participate in this plan whereas there is no clear disclosure on award levels or limits. - Award and vesting of equity-based awards for executives is not subject to performance criteria, in deviation of best market practice.</i>		
8	Authorize Board to Repurchase Shares	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted: - The proposal is not in line with the commonly used safeguard regarding volume; - The authorization would allow Davide Campari-Milano to repurchase up to 44.35 percent of the outstanding share capital, which exceeds the policy limit of 10 percent.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST the proposal is warranted. The company utilizes a co-CEO structure in addition to employing an Executive Chairman, whose total target pay opportunity is set above the pay of both CEOs. The concerns with this structure, which pays three executives at a CEO level, are further exacerbated by the annual bonus program, where payouts are not capped. The uncapped payouts in FY21 to each executive led to payouts at nearly double the total pay of peer CEOs, and year-over-year pay increases of over 50 percent. Shareholders may question the necessity of compensating three executives well above the level of the chief executive at other companies.</i></p>

11	Approve Creation of CHF 225,000 Pool of Authorized Capital with or without Exclusion of Preemptive Rights	For	For
<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. The strategy of the company involves mergers &amp; acquisitions. The track record of the company has been strong so far, and we fully support this strategy. In order to act quickly when opportunities arise, a pool of capital makes sense and is in the best interest of shareholders in this case. The threshold of 10% mentioned by ISS is too low for small/mid companies and also for Tecan in our view, and therefore we support the creation of CHF 225,000 pool of authorized capital.</i>

2	Approve Allocation of Income and Dividends	For	For
3	Fix Number of Directors at 11	For	For
4	Elect Directors	For	Against

*Blended Rationale: The company has presented a slate election, which includes a new chair nominee who has been indicted in 2021 due to allegations of fraudulent management in a case that caused losses to the Petrobras' employees' pension fund. The appointment raises concerns, especially in a time when the company has just concluded the obligations under the non-prosecution agreement signed with the US-Department of Justice, in the context of the corruption investigations under the Car Wash Operation, and states that it continues to strengthen its compliance and integrity systems. A vote AGAINST the proposed slate is recommended at this time.*

5	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
---	---	------	---------

*Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.*

	<i>Blended Rationale: A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent.</i>		
4.4.1	Reappoint Bettina Gerharz-Kalte as Member of the Nomination and Compensation Committee	For	Against
	<i>Blended Rationale: Committee elections (Items 4.4.1-4.4.3) Votes AGAINST all nominees are warranted as their elections to the board do not warrant support and due to the failure to establish a sufficiently independent committee. We note that the company has a combined nomination and compensation committee. As such, a vote AGAINST the reappointment of the committee chair, Bettina Gerharz-Kalte, is further warranted as a signal of concern to the board because the board is insufficiently gender diverse.</i>		
4.4.2	Reappoint Nick Huber as Member of the Nomination and Compensation Committee	For	Against

6	Approve Creation of CHF 1.2 Million Pool of Authorized Capital with or without Exclusion of Preemptive Rights	For	For
7	Amend Articles of Association	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - One of the amendments would provide for virtual-only shareholder meetings on a permanent basis, and there is no commitment that the company would return to a physical or hybrid format in normal circumstances. - Although certain amendments would have a positive impact on shareholder rights, the company has bundled a set of amendments that could have been submitted for shareholder approval under separate items.</i>		
8	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Only limited ex-post disclosure is provided to explain the evolution of variable payouts versus company performance. - The compensation framework does not include a real long-term component that measures performance over a multi-year period. - A one-off payment was granted during the year which has not been well explained.</i>

3	Approve Discharge of General Managers	For	For
4	Approve Allocation of Income and Dividends of EUR 8 per Share	For	For
5	Approve Auditors' Special Report on Related-Party Transactions	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted because: - The company failed to provide sufficient information concerning a consulting agreement entered into with Studio des Fleurs. It is therefore impossible to ascertain that the continuation of this agreement is in shareholders' interests; and - The company fails to provide comprehensive information regarding the transactions with RDAI. In this context, it is impossible to ascertain that the continuation of transactions with RDAI is in the interest of all shareholders.*

6	Authorize Repurchase of Up to 10 Percent of Issued Share Capital	For	Against
---	--	-----	---------

*Blended Rationale: This resolution warrants a vote AGAINST as the share repurchase program can be continued during a takeover period.*

7	Approve Compensation Report of Corporate Officers	For	Against
---	---	-----	---------

*Blended Rationale: A vote AGAINST this remuneration report is warranted as: - the discretionary power to set executives' remunerations lies in the hands of the General Partner, which is the same legal entity as one of the General Managers and is controlled by the family of the other General Manager, leading to an important conflict of interest; - The pay equity ratio's perimeter is not relevant to all the company's employees; and - The company remains unresponsive about last AGM's significant dissent on compensation-related items.*

8	Approve Compensation of Axel Dumas, General Manager	For	Against
---	---	-----	---------

*Blended Rationale: A vote AGAINST this remuneration report is warranted because the discretionary power to set executives' remunerations lies in the hands of the General Partner, which is the same legal entity as one of the General Managers and is controlled by the family of the other General Manager, leading to an important conflict of interest. The structure of the statutory remuneration seems biased as the methodology used to fix the base salary is inherently inflationist (indexed upward only on previous year results) and as the variable remuneration is nearly uncapped.*

1a	Elect Director Susan D. Austin	For	For
1b	Elect Director Robert J. Byrne	For	For
1c	Elect Director Peter H. Kind	For	For
1d	Elect Director John W. Ketchum	For	For

*Blended Rationale: We consider support for this item is warranted. While ISS recommends voting against this proposal due to the directors' failure to establish an independent board, NEP is the strategic financing vehicle for NextEra. The relationship between the two companies is symbiotic and successful and we are comfortable with the board composition of NEP. The presence of 3 independent directors and the presence of two independent committees (audit and conflicts) helps to protect shareholder rights.*

2	Ratify Deloitte & Touche LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For

*Blended Rationale: We consider support for this item is warranted. ISS recommends voting against this proposal due to a perceived lack of disclosure by NEP on the compensation policy for management. However, NEP does not have its own executives or employees, instead it pays NextEra a management contract and there is, therefore, no compensation to disclose at the NEP level as explained by the company. We welcome the payment of 7% of shares paid out in an LTIP to executives involved in NEP as well as NEE being paid in NEP shares – we feel that this more closely aligns the management with NEP performance and remain comfortable with the level of disclosure.*

7	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST this item is warranted because: - The proposed board's level of independence fails to meet the expectations of institutional investors; - The incumbent board chair Nelson de Queiroz Sequeiros Tanure signed an agreement with the Brazilian Securities Regulator (CVM) in 2019 to suspend an investigation regarding allegations of insider trading involving the company's shares; - No specific information regarding measures taken by the company to prevent such practices was disclosed, raising concerns about the chair's ability to serve the best interest of unaffiliated shareholders; and - The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee.</i>			
8	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. 12	Approve Classification of Flavio Vianna Ulhoa Canto as Independent Director	For	Against

13	Approve Remuneration of Company's Management	For	For
<p><i>Blended Rationale: We consider the item warrants support. We acknowledge the cyclical nature of the business as well as the strong growth prospects, especially for 2022. As such, we think that the proposed YoY increase of 132% to the global remuneration cap is reasonable and in line with PRIO's high-growth nature (PRIO will become an entirely different company following the transformational Albacora deals). Following ISS' comment that Petro Rio fails to provide a clear rationale for the material YoY increase of 132% proposed to the global remuneration cap, we have followed up with the company and learned that the increase in proposed compensation is primarily based on the recent share price performance. With the majority of executive compensation being paid in shares, equity compensation is based on the average price of the last quarter of the respective year (number of shares increasing also contributed to the proposed increase in remuneration). Additionally, we learned that the proposed remuneration hike does not change the fixed pay component of management compensation (CEO's monthly salary set to stay at BRL 50,000 per month). As shareholders of Petro Rio, we think that the proposed increase of the executive equity compensation at BRL 37m for FY22 (vs BRL 11m in FY21) as well as the BRL 9m in cash, short-term executive bonus (vs. BRL 7m estimated for FY21 and BRL 4m effectively reported as paid in FY21) can be supported. As the successful closing of the Albacora deals should substantially push the above variable pay components higher, this should also incentivize management even stronger going forward. Additionally, we note that the increase in equity compensation is also related to future plans to raise additional equity.</i></p>

	<i>Blended Rationale: A vote AGAINST is warranted because the company is not disclosing information on the application and consideration of 2021 STI and LTI performance metrics, which is a general expectation largely stemming from SRD II roll out across Europe. Furthermore, the company did not provide any improvements for the ex-post performance targets disclosure compared to previous years, which does not allow shareholders to assess the stringency of the pay for performance framework. However, we do note that as of FY2022 the company proposes to implement ESG metrics in its LTI plan with an expectation on full ex-ante and ex-post disclosure, which is further reflected under item 3.</i>

1.3	Elect Director Christy Wyatt	For	For
2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. In connection with the CEO's voluntary retirement, the company and the outgoing CEO entered into an agreement that will him to severance payments. The payment of cash upon a voluntary termination is not a common market practice, as cash payments are generally intended as a protection against involuntary job loss. Additionally, while the pay-for-performance misalignment is sufficiently mitigated for the year in review, concern is noted regarding the use of annualized performance periods in a portion of the PSU grant.*

4	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	Against	Against

*Blended Rationale: A vote for against this resolution, in this case, is warranted. While we welcome additional shareholder oversight on governance topics, we are of the opinion that the history of AES, the conservative nature of their compensation and severance policies and the extremely limited positive impact that this resolution would have – it would only come into effect on very rare occasions – means that the negatives impacts outweigh the positives and a vote in line with the board's recommendation is merited on this occasion. We engaged with the Company and they made a strong case that this resolution could prove to limit their ability to attract and retain high quality talent in certain scenarios and adds unnecessary bureaucracy to a well established process. However, we will continue to monitor AES' compensation and severance policies going forward and will not hesitate to act should we disagree with any changes*

<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual and long-term incentives were primarily based on pre-set, financial performance targets, the committee will again increase the maximum opportunity under the short-term program after lowering it for FY21. In addition, the committee made a sizable retention grant to the CEO which is entirely time-based. The grant will also vest after a relatively short period of time, with 40 percent of the award vesting less than 18 months after the grant date. While the proxy discussed the committee's justification regarding a need to retain the CEO, the grant was oversized compared to annual compensation and the rationale in omitting performance criteria was not viewed as compelling.</i>

2	Approve Allocation of Income and Dividends	For	For
3	Fix Number of Fiscal Council Members at Four	For	For
4	Elect Fiscal Council Members	For	Abstain
<p><i>Blended Rationale: An ABSTAIN vote recommendation is warranted for the management's fiscal council nominees, to allow minority shareholders to concentrate their votes on the election of a minority fiscal council candidate as further discussed under Item 6 of this meeting agenda.</i></p>			
5	In Case One of the Nominees Leaves the Fiscal Council Slate Due to a Separate Minority Election, as Allowed Under Articles 161 and 240 of the Brazilian Corporate Law, May Your Votes Still Be Counted for the Proposed Slate?	None	Against

*Blended Rationale: A vote AGAINST this request is warranted because lack of timely disclosure prevents international institutional investors from making an informed voting decision.*

<b>Proposal Number</b>	<b>Proposal Text</b>	<b>Mgmt Rec</b>	<b>Vote Instruction</b>
6.1	Elect Roberto Lamb as Fiscal Council Member and Orlando Octavio de Freitas Junior as Alternate Appointed by Minority Shareholder	None	For
6.2	Elect Fernando Florencio Campos as Fiscal Council Member and Wesley Mendes da Silva as Alternate Appointed by Minority Shareholder	None	Abstain
<p><i>Blended Rationale: Two competing nominees have been appointed for the single fiscal council seat reserved for a representative (and alternate) of the minority shareholders. While both sets of minority fiscal council nominees appear to be well-qualified, a vote FOR Item 6.1 is recommended as there are no known concerns regarding the incumbent fiscal council nominee appointed by minority shareholder BNDESPar, who has advocated for governance improvements at the company, including the proposal to file lawsuits against the company's controlling shareholders and former administrators due to corruption practices, which was approved by shareholders at the EGM held on Oct. 30, 2020. As minority shareholders can elect only one fiscal council representative (and alternate) under a separate election, an ABSTAIN vote is recommended for the newly included Item 6.2. This recommendation, however, should not be interpreted as a negative assessment of the experience or qualifications of the competing nominees Fernando Florencio Campos and alternate Wesley Mendes da Silva.</i></p>			
7	Approve Remuneration of Company's Management, Fiscal Council, and Statutory Audit Committee	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted because the company has failed to provide a compelling rationale for the significant year-over-year increase proposed for the 2022 global compensation cap.</i></p>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. While pay and performance were reasonably aligned for the year in review, significant concerns are raised by adjustments made to long-term incentive awards in two consecutive years. <p><i>Blended Rationale: A vote AGAINST this proposal is warranted. While pay and performance were reasonably aligned for the year in review, significant concerns are raised by adjustments made to long-term incentive awards in two consecutive years. Following adjustments to the FY20 equity grants which reduced the performance period and were described as "one-time" actions taken in response to COVID-19, the committee used discretion to also adjust FY19-21 grants to increase closing-cycle equity vesting. Investors may question the decision to make consecutive adjustments to long-term incentive awards.</i></p>

6	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Only limited disclosure is provided surrounding variable performance targets and corresponding payouts for both the annual bonus as well as the LTIP. - 30 percent of the company's LTIP is based on TSR ranking versus peer group, yet the company fails to disclose this peer group. - Discretionary awards were paid in the year under review (accelerated vesting of former CEO's LTIP). - No meaningful information is provided regarding the average remuneration of employees of the company in a manner which permits comparison with directors' remuneration.</i></p>

5	Approve Compensation Report of Corporate Officers	For	Against
<p><i>Blended Rationale: A vote AGAINST the global remuneration report is warranted because: - Vincent Bollore remains a censor maintaining an employment contract as advisor of the management board chairman, including a remuneration package equivalent to management board members; and - The board's reactivity to shareholders' dissent is deemed too limited on that matter.</i></p>

6	Approve Compensation of Yannick Bollore, Chairman of the Supervisory Board	For	Against
<p><i>Blended Rationale: A vote AGAINST this remuneration report is warranted. Yannick Bollore is considered as an executive of the group by Sustainability Advisory Services due to the level and structure of his remuneration, which are comparable to those of Vivendi's management board members. His remuneration report falls short of good market practice because notably as: - Information on his short-term variable remuneration as chairman and CEO of Havas is very limited; - One of the one-off awards lacks rationale; and - Despite not being granted performance shares for the year under review, Mr. Bollore received an exceptional payment considered a replacement for the LTIP, the conditions of which appear advantageous for the corporate officers.</i></p>

9	Approve Compensation of Cedric de Baillencourt, Management Board Member	For	Against
<p><i>Blended Rationale: A vote AGAINST Item 9 (Cedric de Baillencourt) is warranted because: - The remunerations that he receives as executives of the Bollore Group, main shareholder of Vivendi, creates an important conflict of interest. These are neither properly tackled by the company's procedures nor likely to be balanced out by the remunerations that he receives at Vivendi; and - Given his executive functions in another listed group, the company failed to properly demonstrate the link between his activities carried out for Vivendi and the remuneration paid by Vivendi.</i></p>

6.1	Reappoint Urs Riedener as Member of the Nomination and Compensation Committee	For	Against
<p><i>Blended Rationale: We note that the company has a combined nomination and compensation committee. As such, a vote AGAINST the reappointment of the committee chair, Urs Riedener, is warranted as a signal of concern to the board because the board is insufficiently gender diverse.</i></p>

7.1	Approve Remuneration Report (Non-Binding)	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Equity awards under the LTI are based upon EPS performance over a single year and are not subject to any performance conditions after grant. - For executives other than the CEO, the board has introduced minimum, guaranteed vesting for LTI awards, as well as a reduced blocking period. - Only limited ex-post disclosure is provided to explain the evolution of variable payouts versus company performance. - The board has not directly addressed low support on the prior vote.</i></p>

Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee demonstrated adequate responsiveness to last year's vote result and pay-for-performance concerns for the year under review are mitigated, severance payments made to two former NEOs in FY21 are excessive and neither executives' separation is clearly described in the proxy statement as an involuntary termination for which they would be entitled to such payments under an existing employment or severance agreement.</i></p>			
3	Ratify KPMG LLP as Auditors	For	For
4	Declassify the Board of Directors	For	For
5	Provide Right to Call Special Meeting	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. While the ability to call special meetings would improve shareholder rights, this is merely a request for the board to take action at a future meeting to provide a special meeting right with a 25 percent ownership threshold with otherwise undefined terms. The 25 percent ownership threshold is considered relatively high for a company of this size. Moreover, the proposed 10 percent threshold in Item 6 is considered more appropriate and it is recommended that shareholders vote in favor of Item 6.</i></p>			
6	Provide Right to Call a Special Meeting at a 10 Percent Ownership Threshold	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted as the ability to call special meetings would improve shareholder rights. The proposed 10 percent ownership threshold is more appropriate for a company of this size relative to the 25 percent proposed by management in Item 5, which also lacks specificity in its terms.</i></p>

<p><i>Blended Rationale: Minority shareholders have appointed competing nominees for the single fiscal council seat (and alternate) reserved for ordinary minority shareholders. While all candidates appear to be well-qualified, a vote FOR incumbent candidates Luiz Carlos Nannini (alternate Fernando Antonio Lopes Matoso), presented under Item 5.1, is recommended as there are no known concerns regarding the proposed nominees, and the nominee appear to have more experience serving in either fiscal councils or audit committees of publicly traded companies, which includes serving as the financial expert on the internal audit committees of three companies. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST the proposal is warranted. Annual incentives are primarily determined by financial growth metrics, and the majority of long-term incentives are performance-based with goals clearly disclosed. In addition, an increase in CEO pay is driven by a one-time award that is entirely performance conditioned, with fully disclosed goals that appear to be rigorous. However, disclosure around the rationale for the CEO's special award in the proxy statement is somewhat limited. Moreover, the company entered into a consulting agreement with a former NEO which provides for excessive compensation, which is considered a problematic pay practice.*

4	Report on External Public Health Costs	Against	For

*Blended Rationale: A vote FOR this proposal is warranted as shareholders would benefit from an increased disclosures and understanding of the use of sugar in the company's products and its role in the obesity epidemic and related health concerns.*

5	As an Ordinary Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<p><i>Blended Rationale: An ABSTAIN vote for this item is warranted because: - By the time this analysis was finalized, the company had not disclosed an ordinary minority shareholder nominee; and - Lack of timely disclosure prevents institutional shareholders voting by proxy from making informed decisions.</i></p>

<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. 7	Elect Directors	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted because: - The proposed board's level of independence fails to meet the expectations of institutional investors; and - The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: Following last year's low support for say-on-pay, the committee engaged with shareholders, disclosed specific feedback received, and implemented pay program changes and incremental disclosure improvements. Accordingly, the committee has demonstrated sufficient responsiveness. While the increase in CEO performance year pay is directionally aligned with improved company performance, there are ongoing concerns regarding the impact of committee discretion in ultimately determining incentive payouts, and a lack of key disclosures under the total incentive assessment. Concerns around discretion are underscored by the fact that financial accomplishments highlighted for the FY21 performance year are not entirely consistent with those highlighted in the prior year without specific rationale provided. In addition, the proxy does not disclose quantified pre-set target or maximum goals, nor per-metric weightings, which inhibits investors' ability to assess the pay-for-performance linkage. Lastly, there are ongoing concerns regarding high base salaries for the CEO and other NEOs, and the target goal for the reintroduced relative metric under the LTI program is not considered particularly rigorous. Given these concerns, a vote AGAINST this proposal is warranted.</i></p>

B.10	Approve Remuneration Policy	For	Against
<p><i>Blended Rationale: A vote AGAINST is warranted as the majority of the LTI plans contain no (clear) performance objectives or disclosure thereof and; - The LTI plans do not have a clearly defined maximum award limit contrary to best practice - The remuneration policy can lead to pay for failure and an excessive pay package compared to that of peer group median. - The multitude of LTI plans increase the overall complexity of the remuneration policy not supporting a good understanding of the company's remuneration policy.</i></p>			
B.11	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST is warranted: - Due to a lack of disclosure of the performance metrics and the subsequent targets and level of achievement, especially as part of the various LTI plans; - Exceptional stock option and RSU grants to executives without a compelling rationale ('retention') whereas the pay package should already aim to attract, reward and retain executives; - in 2021 the non-executive directors real pay is substantially higher than that of peers.</i></p>

12.1	Approve Board Proposal to Fix the Board Size at 13	For	For
12.2	Approve VM 2006 Proposal to Fix the Board Size at 15	None	Against
	<i>Blended Rationale: Vote AGAINST as a board size at 13 (Item 12.1) appears to be more aligned with current practices and there is no compelling reason to increase the board size beyond what is proposed by the board.</i>		
	Appoint Directors (Slate Election) - Choose One of the Following Slates		
13.1	Slate 1 Submitted by Board of Directors	For	For
13.2	Slate 2 Submitted by VM 2006 Srl	None	Against

*Blended Rationale: This resolution warrants a vote AGAINST because: - Shareholders can support only one slate. - This board election is contentious. - Supporting the board slate might ensure management continuity. - There is not a compelling case that change is warranted at Generali and the dissent will appoint at least three board members, which is deemed sufficient at this time.*

## Assicurazioni Generali SpA

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
13.3	Slate 3 Submitted by Institutional Investors (Assogestioni)	None	Against
<i>Blended Rationale: Vote AGAINST this slate is warranted because: - Shareholders can only support one slate - Considering the proxy fight between Slate 1 and Slate 2, it is important for investors to choose the Slate that will appoint the majority of the board, including its Chair and future CEO. Hence, a vote for the minority slate is not warranted in this case. Institutional investors who have contributed to present this slate may want to make sure that they support this slate in order to prevent possible allegations of link with the other slate.</i>			
Approve Remuneration of Directors - Choose One of the Following Proposals			
14.1	Approve Board Fees Proposed by the Board	For	For
14.2	Approve Board Fees Proposed by VM 2006	None	Against
<i>Blended Rationale: Vote AGAINST as the proposal to reduce board fees has not been supported by a compelling rationale and there is no evidence of excessive directors' remuneration at Generali.</i>

<i>Blended Rationale: This item warrants a vote AGAINST due to the lack of disclosure regarding the proposed deliberation.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. Although the annual and long-term programs are predominately performance-based, there are concerns surrounding the lack of disclosed forward-looking goals for retention and integration awards granted to two NEOs in connection with a recent merger. In addition, although the weighting of PSUs significantly increased year-over-year, the increase in PSU weighting was effectuated through a significant increase to the CEO's target LTI opportunity, which comes amid long-term TSR underperformance and for which a compelling rationale is not disclosed in the proxy. In addition, the company entered into a problematic consulting agreement with the vice chair, which provides for a sizable consulting fee in exchange for a minimal monthly work requirement.*

*Blended Rationale: While we would prefer to see a net zero target and for the company to report and target reductions across all of their Scope 3 emissions, we do not think it is correct to vote against the board on that basis given the progress they have made recently. CP have an SBTi verified target for Scope 1, 2 and most scope 3 emissions from their locomotives which gives us the required confidence that the company is on the right path, even if the technology is not yet available to hit net zero. While we think that the company should be encouraged to continue to enhance their emissions reporting and tighten their targets, we do not feel that a vote against this proposal and against the progress made to date is the right approach.*

1a	Elect Director Evan Bayh	For	Against

*Blended Rationale: A vote AGAINST Sustainability and Public Policy Committee Chair Evan Bayh are warranted as a signal to the board that stronger independent oversight and board management of climate risks at the company are necessary. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST B. Evan Bayh III, Charles (Chuck) Bunch, Edward Galante and Kim Rucker are warranted for the following reasons: - Given that board chair, John Surma, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members should be held accountable for poor board and management oversight of ESG risk exposures at the firm.*

7	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as a lower ownership threshold would provide for a more useful special meeting right for shareholders.</i>			
8	Amend Compensation Clawback Policy	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as the addition of reputational or other financial harm as a recoupment scenario would expand the board's ability to recoup incentive pay and the increased disclosure requirements would also better serve shareholders' informational needs.</i>			
9	Report on Climate Strategy Consistent with ILO's "Just Transition Guidelines"	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as shareholders could benefit from additional disclosure on the potential social impacts that transitioning to a low carbon economy may have on the company and its operations. <i>Blended Rationale: A vote FOR this proposal is warranted as pay for performance misalignment concerns have been sufficiently mitigated for the year in review. Annual incentives were largely based on objective performance metrics with improved disclosure of goals and achievements. Granted equity remained majority performance based, and while FY21 grants continue to target merely median performance, the proportion of performance equity will increase for FY22 grants. Additionally, in response to shareholder feedback, the board has committed to not provide special or one-time awards to executive officers absent extraordinary circumstances.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Annual incentives remained determined largely by objective metrics, with below-target awards corresponding to recent performance. Although there is some concern raised given the majority time-based equity grants in FY21, the company will transition to half performance-conditioned equity grants starting in FY22 and closing cycle performance shares were not earned following below threshold performance, in line with three-year TSR performance.</i>		
3	Ratify Ernst & Young LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
4	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted given that the request applies only to future severance arrangements, the current agreements will not be affected, the request offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting, and it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms.</i>

In addition, Chin Yong (Francis) Lee attended less than 75 percent of board and committee meetings in the most recent completed fiscal year, without a satisfactory explanation. 2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. There are structural concerns identified with the STI program changes for FY21, which were implemented due to the pandemic. The program appears largely discretionary, as half of awards were earned based on individual performance and the remainder was based on corporate goals that are mostly described in qualitative terms, with minimal disclosure of pre-set, quantified targets and results. The company's rationale for this structure is not considered compelling for FY21, and the structural concerns identified are not mitigated by discretionary reductions to STI payouts. LTI program concerns are also identified, as the relative TSR metrics target merely the index without a disclosed cap in the event of negative TSR and forward-looking goals for the remaining metrics are not disclosed. Lastly, NEOs received retention awards that lack performance-vesting criteria.*

9	Amend Articles Re: General Meeting of Shareholders; Voting Rights	For	Against
	<i>Blended Rationale: A precautionary vote AGAINST the proposed article amendments is warranted because they could provide for virtual-only shareholder meetings on a permanent basis, and there is no commitment that the company would return to a physical or hybrid format in more normal circumstances.</i>		
10	Approve Extension and Increase of Authorized Capital Pool to CHF 42.3 Million with or without Exclusion of Preemptive Rights	For	Against
	<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request would allow for a capital increase without preemptive rights for up to 50 percent of the issued share capital.</i>

12	Amend Articles Re: Editorial Changes	For	For
13	Approve Remuneration of Directors in the Amount of CHF 1.3 Million	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The company fails to disclose the compensation system for the vice chairman of the board (applying at group subsidiary level) including performance metrics and potential caps in place for variable elements. - The company has not indicated which portion of the total envelope would be reserved for the vice chairman and the non-executive directors respectively.</i>		
14	Approve Remuneration of Executive Committee in the Amount of CHF 1.6 Million	For	Against

3	Re-elect Kalidas Madhavpeddi as Director	For	Against
<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - Votes AGAINST board chair Kalidas Madhavpeddi are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

## Global Payments Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay increased substantially in connection with a special equity grant and larger annual-cycle long-term incentive opportunity. In addition, disclosure of performance metric targets and achieved results for long-term incentives as well as special equity awards was limited. Further, goal rigor and disclosure concerns are magnified given the relatively high long-term incentive maximum opportunity.</i>			
3	Ratify Deloitte & Touche LLP as Auditors	For	For
4	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted as the proposed 10 percent ownership threshold for shareholders to call a special meeting would enhance shareholders' ability to make use of the right, and the likelihood of abuse of the right would remain small.</i>

<i>Blended Rationale: A vote AGAINST this item is warranted because: - The names of the director candidates are not disclosed; - The company has bundled the election of directors into a single voting item; and - Undisclosed bundled director election proposals disenfranchise shareholders voting by proxy.</i>			
8	Approve Granting/Withdrawal of Powers	For	Against

Given that the proposal would provide the board with flexibility to adjust the application of the policy in individual circumstances, with an explanation to shareholders, the request is not viewed as overly prescriptive.</i></p>

1.1	Elect Director Noubar Afeyan	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for Noubar Afeyan, Stephane Bancel, and Francois Nader given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter and the classified board, each of which adversely impacts shareholder rights. As the classified board structure has prevented any audit committee members from standing for re-election, WITHHOLD votes are also warranted for Noubar Afeyan, Stephane Bancel, and Francois Nader for the approval of excessive non-audit related services by the company's auditor in the last year, which increases the potential for a conflict of interest.</i>

8	Approve Binding Instruction to Prepare Spin-Off of RWE Power AG	Against	Against

*Blended Rationale: A vote AGAINST this shareholder proposal is warranted because: \* If approved, the proposal may potentially limit the company's ability to negotiate with the government and find the most optimal solution for phasing out the lignite operation. \* RWE operates in a heavily regulated industry, in which the German government ultimately has the power to veto any plan, particularly if such a plan would undermine the country's ability to ensure its energy needs. This is even more critical in the context of the current Ukraine crisis and possible disruption in Germany's energy imports. Shareholders should also be aware of the signaling effect of this proposal, which might be interpreted as increasing the pressure on policymakers to deal urgently with the issue. At the same time, the presence of this proposal on the ballot should signal to management that this issue is under the spotlight and will be closely monitored by shareholders in the future.*

	<i>Blended Rationale: A vote against this item is warranted. As discussed with the company during the consultation, we consider that the LTIP is structured in a way that does not incentivise management appropriately or align their interests with shareholders. The current policy is akin to providing essentially additional fixed compensation component for management as the weakness of underpins mean that it is very unlikely the restricted shares do not vest. In particular, we think that having an underpin for ROIC just above the WACC is simply unacceptable for a business of the quality of Weir's Minerals business. Moreover, while we believe management is committed to M&amp;A that has a similar profile to the existing Minerals business (for example, in terms of a high proportion of after-market revenue), we believe the current underpin could create perverse incentives that lead to sub-optimal outcomes for shareholders as the result of M&amp;A in areas which are dilutive to Weir's current business portfolio. In addition, we believe more stretching vesting criteria (including but not limited to ROIC) would properly incentivise management to enable Weir to maintain and enhance the returns generated from its best-in-class business. We are concerned that without such incentives, Weir risks trailing other best-in-class peers in terms of capital efficiency and operating performance.</i>

*Blended Rationale: A vote AGAINST is warranted because: - There is a lack of disclosure regarding the weights and ex-post performance assessment of STI performance metrics. - The company offered an excessive termination benefit of EUR 1.8 million beyond his regular pay package to the former CEO without providing a compelling rationale. - A sign-on bonus was awarded of EUR 1 million without full background on the rationale. However, we do note that the company provided forward looking clear disclosure on the FY2022 STI performance metrics and weights.*

A.3	Approve Remuneration Policy	For	Against
<p><i>Blended Rationale: A vote AGAINST is warranted, based on: - The company does not provide clear disclosure on the STI and LTI targets and caps, which may allow for discretion by the board; - The performance metric 'ROCE' is used for both the STI and the LTI plan which may risk for double dipping regarding the same performance; - One part of the LTI award is in free Umicore shares, granted at the discretion of the supervisory board. While the granted shares have a lock up period of three years, providing discretionary awards without any performance conditions is not considered best practice. However, we do note that the company replaced the current deferred cash compensation plan with a performance share unit plan (PSU plan) for the long-term variable remuneration with clearly defined performance metrics and targets, which is considered an improvement. Furthermore, the company provides clear disclosure on the weights and targets of STI financial and non-financial metrics, including well defined sustainability metrics in accordance with the company's ESG strategy.</i></p>

1	As a Preferred Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
<p><i>Blended Rationale: A vote FOR this item is warranted because: - Minority preferred shareholders have disclosed a nominee for the separate minority board election; and - The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i></p>			
2	Elect Fabricio Santos Debortoli as Director and Patricia Valente Stierli as Alternate Appointed by Preferred Shareholder	None	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted because: - The company has disclosed the name and detailed biographical information on the minority shareholder nominee; - There is no indication of competing minority preferred nominees; and - There are no known concerns regarding the proposed minority nominee.</i></p>			
3	In Case Neither Class of Shares Reaches the Minimum Quorum Required by the Brazilian Corporate Law to Elect a Board Representative in Separate Elections, Would You Like to Use Your Votes to Elect the Candidate with More Votes to Represent Both Classes?	None	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted because the combination of two classes of shares for the purposes of establishing a separate election for a minority board representative increases the likelihood of having minority representation at the board level.</i></p>			
4	Elect Marcelo Marques Pacheco as Fiscal Council Member and Flavio Mattos Goncalves de Almeida as Alternate Appointed by Preferred Shareholder	None	Abstain
<p><i>Blended Rationale: The company has disclosed competing nominees for the single fiscal council seat (and alternate) reserved for minority preferred shareholders. While all fiscal council candidates presented by minority preferred shareholders appear to be well qualified, support for candidates Paulo Roberto Bellentani Brandao and alternate Maneol Jose da Cunha Junior (Item 5) is warranted at this time as, based on the limited information provided by the company, the effective nominee appears to have reasonable experience serving as a fiscal council member and is not a "politically exposed" fiscal council candidate. As such, an ABSTAIN vote is recommended for Item 4. This recommendation, however, should not be interpreted as a negative assessment of the candidates' experience and qualifications. Institutional shareholders should provide explicit voting instructions if they seek to elect a specific candidate.</i></p>

2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay increased in FY21, primarily driven by a larger equity grant. Long-term incentives are half performance based; however, one-third of performance equity can be earned after just a one-year performance period. Further, performance equity continues to target merely median TSR, a goal that is not considered to be particularly rigorous, and vesting is not capped if absolute TSR is negative. Lastly, investors are advised to monitor the new ESG modifiers in the long-term incentive program, which have resulted in maximum-level adjustments to both of the completed cycles where the modifiers have been applied.</i>			
4	Disclose Climate Action Plan and GHG Emissions Reduction Targets	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.</i>

The company has set an annual grant limit of 0.4 percent and 0.75 percent the company's issued share capital under the ESOS 2015 and RSP 2021, respectively. Nonetheless, when aggregated, the said annual grant limits would exceed the recommended 0.5 percent for a mature company, thereby failing to mitigate concerns on dilution. - Performance conditions attached to the vesting of options are not disclosed.</i></p>

4	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain

*Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. An ABSTAIN vote recommendation is warranted for Item 4 (Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?) due to the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.*

5	Elect Directors	None	For
---	-----------------	------	-----

*Blended Rationale: The board slate, presented by shareholders representing an aggregate stake of approximately 20 percent of the dispersed-capital company, is 100-percent independent. However, the inclusion of new nominee Fabio Schvartsman, former CEO of Vale who was removed from such executive position at the request of Brazilian authorities investigating the deadly 2019 Brumadinho dam disaster, raises concerns due to potentially egregious governance practices and breach of fiduciary duties. As the company has bundled the board election under a single item, preventing shareholders from electing directors separately, cautionary support FOR this proposal is recommended at this time.*

6	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
---	---	------	---------

*Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.*

The nominees presented under Item 18.4 would increase gender diversity and shareholder representation in the fiscal council. Furthermore, based on the disclosure provided by the company, the nominees presented under Items 18.1, which includes an incumbent alternate fiscal council member, have significant experience in fiscal councils and audit committees of publicly-traded companies. Therefore, support is recommended for Items 18.1, 18.3, and 18.4. Given that the company proposes the installation of a three-member fiscal council, an ABSTAIN vote is warranted for Item 18.2. 3	Amend Incentive Share Purchase Plan	For	For
4	Advisory Vote on Executive Compensation Approach	For	Against

*Blended Rationale: A vote AGAINST this non-binding advisory vote is warranted at this time. The initial quantitative pay-for-performance screen identified a high concern driven by MOM and RDA. This comes after last year's high concern which was reduced to a medium. Based on RDA, it appears the disconnect between CEO pay and company performance widened significantly, year-over-year. Furthermore, while TSR performance was positive in 2020, even outperforming certain benchmarks over mid- and long-term timeframes, TSR turned significantly negative in 2021 (-23 percent), mostly underperforming all relevant benchmarks over the one-, three-, and five-year timeframes. While the difference between the CEO's realized pay and the total direct compensation appears to track the average total shareholder return over the last five years, the high concern level has been maintained based on the following factors: - The company's TSR has underperformed its peer group and the Composite Index, over one-, three-, and five-year timeframes, and underperformed the comparable 4-digit GICS group over the one- and three-year timeframes (it performed in line with the group over five years), while the overall quantum of CEO granted pay continues to grow over the past three years; and - The company's compensation has remained significantly higher than its own peer group median for the most recent year and on a three- and five-year average basis. In light of the above, there appears to be a pay-for-performance disconnect. As such, a vote AGAINST the say-on-pay proposal is warranted.*

<i>Blended Rationale: An ABSTAIN vote recommendation is warranted for the management's fiscal council nominees, to allow minority shareholders to concentrate their votes on the election of a minority fiscal council candidate, as further discussed under Item 5 of this meeting agenda.</i>			
4	In Case One of the Nominees Leaves the Fiscal Council Slate Due to a Separate Minority Election, as Allowed Under Articles 161 and 240 of the Brazilian Corporate Law, May Your Votes Still Be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because lack of timely disclosure prevents international institutional investors from making an informed voting decision.</i>			
5	Elect Vinicius Balbino Bouhid as Fiscal Council Member and Carlos Tersandro Fonseca Adeodato as Alternate Appointed by Minority Shareholder	None	For
<i>Blended Rationale: A vote FOR this item is warranted because: - The names of the fiscal council nominee and alternate appointed by minority shareholders have been disclosed; - There is no indication of competing minority ordinary nominees; and - There are no known concerns regarding the proposed minority nominees. Institutional shareholders should provide explicit voting instructions if they seek to elect a specific candidate.</i>

<p><i>Blended Rationale: A vote AGAINST is warranted. Although we recognize the improved disclosure in this year's remuneration report and the additional commitments to improve the remuneration policy from 2024 onwards as a sign of responsiveness to shareholders' concerns, we continue to raise the following concerns: - The remuneration committee approved an award of 103,000 shares worth EUR 5.7 million as a discretionary award to the CEO; - CEO pay is substantially above market medians (vs. Sustainability Advisory Services selected peers and company selected peers) and considered to be excessive and further raises concerns - The absence of a vote on a new remuneration policy after the company's proposed policy was rejected at the 2021 AGM. However, we however recognize that the company has substantially improved disclosure on reasoning and background on the decision to grant the extraordinary award. The financial criteria used to determine exceptional performance in a particular year represent a broader and more challenging set of financial targets than Besi's STI and LTI financial criteria. The board applied a 16.7 percent downwards adjustment from the potential maximum award primarily due to a 43.9 percent increase in Besi's share price during 2020.</i></p>

*Blended Rationale: Annual incentives and granted equity for legacy Cabot Oil NEOs were predominantly based on pre-set objective metrics. Additionally, while the combined company granted the current CEO and certain other NEOs, each former Cimarex NEOs, entirely time-based equity post-merger, equity grants will revert to majority performance-based starting in 2022. However, the company materially amended the employment agreement and change-in-control agreement with its former CEO, who remains as executive chairman, without removing entitlements to excise tax gross-up payments. As such, a vote AGAINST this proposal is warranted.*

3	Approve Discharge of Management Board for Fiscal Year 2021	For	Against
<i>Blended Rationale: Votes AGAINST the discharge of the management and supervisory boards are considered warranted because: - On July 8, 2021, the European Commission found the German automakers (including MBG) guilty of collusion regarding restricting competition in emissions cleaning for new diesel passenger cars between 2009 and 2014. The company paid no fines owing to its principal witness status. - While MBG may be applauded for self-reporting and bringing the cartel to light, concerns are raised with respect to the fact that a culture existed within this company which led to not just the diesel emissions scandal, but also to collusion on technical matters with the other major German car manufacturers to the detriment of the company and its shareholders, as well as stakeholders worldwide. While no specific member of the company's management board or supervisory board has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen, leading to significant reputational, financial, and also environmental damage worldwide. - Due to the symbolic nature of the discharge vote in Germany and the historical nature of the antitrust case as well as ongoing diesel emissions issues, and because the discharge resolutions are currently bundled, which does not allow shareholders to target individuals of both bodies who may have been involved in failures of due diligence from 2009 until 2014, votes AGAINST are warranted.</i>
