4.1	Elect Jose Luciano Duarte Penido as Independent Director	For	Against
<p><i>Blended Rationale: The company has presented a new 12-member board election following the resignation of a board member who was elected under cumulative voting at the 2021 AGM. The proposed board is 54-percent independent under Social Advisory Services policy, meeting Novo Mercado minimum requirements, as well as Social Advisory Services' policy. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Jose Luciano Duarte Penido are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

7	Elect Jose Luciano Duarte Penido as Board Chairman	For	Against
<p><i>Blended Rationale: The company has presented a new 12-member board election following the resignation of a board member who was elected under cumulative voting at the 2021 AGM. The proposed board is 54-percent independent under Social Advisory Services policy, meeting Novo Mercado minimum requirements, as well as Social Advisory Services' policy. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Jose Luciano Duarte Penido are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

<p><i>Blended Rationale: The company has disclosed the six fiscal council nominees and alternates appointed by shareholders, disputing four fiscal council seats (and alternate positions). As only four nominees (and alternates) can be elected at the upcoming shareholder meeting, vote recommendations are as follows: ABSTAIN votes for incumbent fiscal council nominee Marcelo Amaral Moraes, and alternate Marcus Vinicius Dias Severini, as Amaral Moraes is the longest serving member of Vale's fiscal council, with a tenure since 2004.</i></p>			
9.2	Elect Gueitiro Matsuo Genso as Fiscal Council Member Appointed by Shareholder	None	Abstain
<p><i>Blended Rationale: ABSTAIN vote for new nominee Gueitiro Matsuo Genso, a former board chair of Vale, between 2015 and 2019, who declared himself a "politically exposed" person.</i></p>			
9.3	Elect Marcio de Souza as Fiscal Council Member and Nelson de Menezes Filho as Alternate Appointed by Shareholder	None	For
<p><i>Blended Rationale: FOR new nominee Marcio de Souza, and incumbent alternate fiscal council candidate Nelson de Menezes Filho, appointed by significant shareholder PREVI, in light of the lack of known concerns regarding the proposed nominees.</i></p>			
9.4	Elect Raphael Manhaes Martins as Fiscal Council Member and Adriana de Andrade Sole as Alternate Appointed by Shareholder	None	For

1.1	Elect Director Warren E. Buffett	For	Withhold
	<p><i>Blended Rationale: WITHHOLD votes are warranted for Chair and CEO Warren Buffett, Lead Independent Director and Audit Committee Chair Susan Decker, Director and Vice-Chairman of insurance operations Ajit Jain, and Director and Vice Chairman of non-insurance operations Gregory Abel as a signal to the board that stronger independent oversight and board management of climate risks at the company are necessary. The company's BHE subsidiary is a laggard in its industry as it does not set near-term and long-term GHG emissions targets, commit to being net-zero by 2050, or report its climate-related risks and opportunities along TCFD guidelines. WITHHOLD votes are warranted for compensation committee members Stephen Burke, Kenneth Chenault, David Gottesman, and Charlotte Guyman in the absence of a management say-on-pay proposal. CEO Buffett's compensation remains minimal, but two NEOs each continue to receive base salaries of \$16.0 million, which are some of the largest base salaries paid to any executive at a U.S. public company, and overall executive pay lacks a measurable link to company performance. Pay disclosure is minimal, leaving shareholders with little information to assess decisions regarding, or committee oversight of, compensation determinations for executives. 2	Advisory Vote to Ratify Named Executive Officers' Compensation <i>Blended Rationale: A vote FOR this proposal is warranted. Annual and long-term incentives appear to be entirely performance-based, with performance equity utilizing multi-year performance periods. However, relative TSR awards pay the target award for median performance and lack a payout cap for negative absolute results.</i>	For	For

4	Declassify the Board of Directors <i>Blended Rationale: A vote FOR this proposal is warranted as it would enhance board accountability to shareholders and the company's continuing submission of the proposal demonstrates a commitment to shareholders' interests on the part of management.</i>	For	For
5	Eliminate Supermajority Voting Provisions <i>Blended Rationale: A vote FOR this proposal is warranted. Eliminating the 80 percent supermajority voting requirements will enable shareholders to have a more meaningful voice in various governance matters that impact their rights, thus enhancing the company's corporate governance structure. Further, by resubmitting this proposal after it failed to pass in prior years, the company is demonstrating a commitment to shareholders' interests.</i>	For	For
6	Amend Articles of Incorporation to Allow Shareholders to Amend Bylaws <i>Blended Rationale: A vote FOR this proposal is warranted. The proposal gives shareholders the ability to amend the bylaws, which would allow shareholders to have a more meaningful voice in the company's governance matters.</i>	For	For
7	Require Independent Board Chair <i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair.</i>	Against	For
8	Report on Lobbying Payments and Policy <i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</i>	Against	For

1.1	Elect Director Jason D. Clark	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for Jason Clark, Henry (Ric) Duques, and Chad Richison, in the absence of any incumbent compensation committee members on the ballot this year, due to insufficient responsiveness to last year's failed say-on-pay vote. WITHHOLD votes are also warranted for Clark, Duques, and Richison given the board's failure to respond to lack of majority support for director Frederick Peters last year, and failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impact shareholder rights.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although pay and performance are reasonably aligned for the year under review, the compensation committee has not demonstrated sufficient responsiveness to last year's failed say-on-pay vote. After two consecutive failed say-on-pay votes and a lack of majority support for a compensation committee member, the compensation committee does not appear to have taken meaningful action to address shareholders' concerns.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted given that significant concerns regarding the structure of the pay program were identified for the year under review. In particular, although the annual incentive for the CEO is generally based on pre-set, objective measures, the STI plan provides for additional payouts if the bonus funding pool is not fully utilized. For FY21, the application of this practice under the STI plan resulted in the CEO's receiving a significant increase in his bonus payments outside of the formulaic determination of 1H 2021 and 2H 2022 performance outcomes. Furthermore, the committee granted entirely time-vesting equity in FY21 and supplanted in-flight PSU awards that were unlikely to be earned with time-vesting grants. These actions are not generally viewed as a reasonable reaction to account for the impact of the COVID-19 pandemic.*

1.1	Elect Director Mark Bristow	For	For
1.2	Elect Director Helen Cai	For	For
1.3	Elect Director Gustavo A. Cisneros	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for incumbent Nominating Committee chair Gustavo Cisneros for lack of diversity on the board. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks.</i>

1.11	Elect Director John L. Thornton	For	Withhold
<i>Blended Rationale: WITHHOLD votes for board chair John Thornton are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: While pay and performance appear reasonably aligned at this time, some concerns are raised regarding incentive program actions and structures in FY21 and for FY22. While performance shares were introduced in FY21, performance is measured over a one-year period with the same metrics and goal as the annual incentive program. The compensation program therefore lacks a true long-term performance aspect and risks providing significant payouts for short-term performance. Continued monitoring of pay outcomes in FY22 is also warranted as the company implements a co-CEO leadership structure. Moreover, the compensation committee has demonstrated only limited responsiveness to last year's failed say-on-pay vote. While the company has committed to certain additional compensation program changes in FY22, some of the responsive actions were known to shareholders prior to the 2021 annual meeting and do not meaningfully address all of shareholders' concerns. Given this insufficient responsiveness, a vote AGAINST this proposal is warranted.</i>

<p><i>Blended Rationale: We are aware that the level of independence is below the threshold of 50% independent members, but believe that a smaller and focused committee is in the best interest of shareholders in this case and are convinced that the current composition can best assess the justified remuneration. 5	Approve Renewal of CHF 20 Million Pool of Authorized Capital with or without Exclusion of Preemptive Rights	For	For
<p><i>Blended Rationale: The company explained to the market that the appetite to grow inorganically and acquire companies in Asia is rather high. That's why it makes sense that a pool of capital is created to act quickly and in a timely manner if an opportunity appears. Kühne &amp; Nagel has shown with the acquisition of Apex its expertise and importance of M&amp;A. The size of a potential equity raise is in our view not excessive and allows to finance a potential deal with a balanced mix of equity and debt. The threshold of 10% for capital issuance without preemptive rights is not sufficient for a mid-cap company such as Kühne &amp; Nagel and therefore we support the creation of a pool of authorized capital.</i></p>			
6	Approve Remuneration Report	For	Abstain
<p><i>Blended Rationale: We share the concerns of ISS and Ethos regarding the lack of transparency of the remuneration report and in particular the link between level of compensations and accountability of the performance. Base figures out of which annual bonuses are derived are not disclosed at all, as well as maximum bonuses, and therefore a maximum cap is missing. We therefore consider it appropriate to ABSTAIN on the advisory vote of the remuneration report.</i></p>

7.2	Approve Remuneration of Executive Committee in the Amount of CHF 25 Million	For	For
<i>Blended Rationale: The board of Directors proposes a maximum aggregated compensation of the executive committee in the amount of CHF 25 Million. This represents an increase of CHF3m or 14% vs the previous AGM. In light of the increased complexity of the organization, we view this as justified and not excessive. This is in our view also highlighted by latest acquisition of Apex in Asia, one of the largest M&amp;A activities in the company's history, which is fully self-financed and making Kühne &amp; Nagel the global leading air logistics company. In addition, the current executive committee managed the company well during the pandemic, achieved great results and turned it around faster than anticipated. Kühne &amp; Nagel has generated significant shareholder value over the year, which is reflected in its 2021 share price performance (+49% vs. SPI: +23%). We therefore vote FOR the aggregated remuneration of the executive committee.</i>			
7.3	Approve Additional Remuneration of Executive Committee in the Amount of CHF 4.4 Million	For	For
<i>Blended Rationale: We want to highlight the excellent performance of Kühne &amp; Nagel in 2021. Despite very challenging times of Covid and global supply chain bottlenecks, the company was able to deliver strongly and grow substantially thanks to the strong management of the company. Kühne &amp; Nagel was able to increase its dividends per share from CHF 4.80 in 2020 to CHF 10.94 in 2021, which is an increase of 128%. As a consequence, we view the additional CHF 4.4 Million (on top of the CHF 20 million requested on the AGM 2020) as not excessive taking into consideration the increased complexity of the company and its shareholder value creation. In addition, we acknowledge this additional remuneration for the absolute extraordinary additional work the management has put in place during the challenging times (unprecedented operating demand, pandemic challenges, integration of Apex as the largest acquisition). We therefore vote FOR the additional remuneration of the executive committee.</i>			
8	Transact Other Business (Voting)	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and - The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

1	Approve Reappointment and Remuneration of Rahul Mammen Mappillai as Managing Director	For	Against

*Blended Rationale: A vote AGAINST this resolution is warranted in view of the following concerns in Rahul Mammen Mappillai's remuneration: - His historical pay is not aligned with the company's performance. - There is lack of information on how his pay is benchmarked against the overall employee salary level (median) in the company. - Rahul Mammen Mappillai belongs to the promoter group and K M Mammen, promoter director, serves as a member of the nomination and remuneration committee. This raises concern on the potential conflict of interest, when dealing with the executive's compensation.*

3	Approve Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST this resolution is warranted due to the following shareholder concerns: - The CEO was granted a one-off incentive of A\$6.0 million in April 2021 which is excessive relative to market and is payable in addition to the CEO's other annual incentives. The one-off award, subject to shareholder approval in Item 6 below has created a misalignment of the CEO's pay with market identified in the Sustainability Advisory Services Pay for Performance analysis with his FY21 pay reaching a multiple of 2.94 median, - The performance conditions associated with the one-off award include delivery of various strategic growth projects, carbon capture and storage and emission reductions which shareholders consider to be part of the CEO's core "day job" responsibilities. Furthermore, the CEO's remuneration may potentially be duplicated as the current STI award includes growth and emissions initiatives (approximately 30 percent) and any improvements in financial performance are likely to flow through to LTI award outcomes, - Significant increases have been foreshadowed for director remuneration for FY22, - Awarding of dividends on unvested shares (i.e. a dividend-equivalent payment for dividends paid during the performance period in respect of rights that ultimately vest) is inconsistent with good governance expectations of many shareholder.</i></p>		
4	Approve Advisory Vote on Climate Change	For	Against
	<p><i>Blended Rationale: A vote AGAINST this resolution is warranted. The absence of clear shorter-term scope 1 and 2 and tangible Scope 3 targets may be regarded by shareholders as a material deficiency, especially given that the company is proposing new oil and gas development. The company discloses Scope 1 and 2 targets to be net zero by 2040. On the positive front, the company's 2022 Climate Change Report is comprehensive and meets the TCFD requirements. The report includes detailed Transition Action Plans, improved Scope 1 and 2 emissions reduction targets over the medium term that are inclusive of the newly acquired Oil Search.</i></p>		
5	Approve Grant of Share Acquisition Rights to Kevin Gallagher	For	For
6	Approve Issuance of Shares to Satisfy Growth Projects Incentive Rights to Kevin Gallagher	For	Against
	<p><i>Blended Rationale: A vote AGAINST this resolution is warranted due to the following concerns: - The one-off incentive to the CEO of A\$6.0 million is considered to be excessive and in addition to the CEO's annual incentives available in the STI and LTI. - Given this grant, quantitative pay for performance analysis identifies a misalignment of the CEO's pay with market. - Vesting is disclosed to be based on delivery of strategic growth projects, carbon capture and storage and emissions reductions. Targets are not disclosed in sufficient detail on the basis of commercial sensitivity. - These performance measures appear to represent extra strategic objectives in addition to strategic objectives which represented a substantial portion of the FY21 STI. Shareholders may consider these to be part of the day job responsibilities for which the STI and LTIs are sufficient and consistent with market. Success of the strategic objectives would be best aligned with shareholders and measured in conventional financial and shareholder return measures. - Performance is assessed annually, allowing the CEO to "lock in" achievement early during the performance period and leading to concern for multiple testing and re-testing. - Shareholders are being given a "false choice" if this resolution is not approved, in which case the company intends to satisfy vesting with shares purchases on market or cash-settled.</i></p>		
7	Approve Increase of Non-Executive Director Fee Pool	None	For

	<p><i>Blended Rationale: A vote FOR this proposal is warranted. In addition, the company's disclosed targets are not SBTi approved at this time.*

## CME Group Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. The company provided the CEO with a \$5 million discretionary bonus in connection with extending the term of his employment agreement for one year, and the proxy does not disclose any clawback or repayment provisions if he were to resign or retire. Furthermore, the annual pay program's goal setting is concerning. The financial metric target used in the annual bonus was set below the prior year's actual performance for the third consecutive year without a compelling rationale disclosed or a corresponding reduction in pay opportunity. Goal setting concerns also exist in the LTI program, as performance equity merely targets median performance.</i>

2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The committee used discretion for the second consecutive year to increase the CEO's annual incentive payout. While the FY20 adjustment was clearly explained and related to the COVID-19 pandemic, this year's proxy provided limited rationale regarding the committee's decision to again use discretion to increase payouts. Further, FY20 bonuses remained below target opportunities, while the FY21 adjustment increased the payout to maximum-level. This also came in the same year as an increase to the CEO's salary and bonus target. Many investors may question the decision to use discretion to adjust payouts in consecutive years, particularly with limited rationale.*

*Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - WITHHOLD votes for board chair Gregory (Greg) Ebel are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.*

1m	Elect Director Leslie Seidman	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee was sufficiently responsive to last year's failed say-on-pay vote by lowering the CEO's FY22 equity grant by \$10 million and making a commitment not to similarly adjust performance metrics for previously granted awards. However, pay-for-performance concerns are raised for the year in review. The committee made a sizable adjustment to free cash flow for FY21, which appears to affect the performance metrics for both the short- and long-term incentive awards, and the adjustment is not well-explained. In addition, long-term incentive awards shifted from a three-year performance period to a single, annual performance period for the two primary metrics.*

8	Publish Third-Party Review of Alignment of Company's Lobbying Activities with its Public Statements	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted, as more comprehensive information on Gilead's public policy positions and the congruence between those positions and those of its lobbying partners would benefit shareholders in assessing its management of related risks.</i>			
9	Report on Board Oversight of Risks Related to Anticompetitive Practices	Against	For

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Approve Remuneration Policy	For	Against
	<p><i>Blended Rationale: A vote AGAINST the remuneration policy is warranted because: - The Company is seeking to increase bonus opportunity from 2x to 3x salary. The amplified bonus opportunity would create the highest bonus potential, as a multiple of salary, for any company in the FTSE 10. It is acknowledged that the higher limit requires higher performance, only materializing on outperformance of the Company's new strategic targets. It is also noted that there would be lower pay for below target performance. In addition, the targets are firmly rooted in the new strategy and there is a clear link between the profit and sales objectives, as announced in June 2021, and new pay arrangements. However, these mitigating factors do not offset concerns with the quantum; the increased emphasis on short-term performance; or the precedent that this level of bonus opportunity would create. Further, the demerger will decrease the Company's market cap and the complexity of its operations. The proposed increase does not appear consistent with this background.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
	Management Proposals		
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Final Dividend	For	For
3	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is considered warranted: - Material concerns have been identified in respect of the Remuneration Committee's response to the significant reporting and governance failings identified by the PRA, which have resulted in a record fine being imposed on the Company. The Committee's response does not appear to adequately reflect the gravity of the failures identified by the PRA. Neither does the Committee appear to have fully utilised the available provisions to reduce awards in recognition of failures in risk management; financial reporting; and financial losses, due to a material breach of regulatory guidelines.</i>		
4	Approve Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST this item is considered warranted: - The policy continues to provide for disapplication of time pro-rating for outstanding LTIP awards if certain, defined criteria are met at the time of executive's departure. This is not in line with best market practice and may create an expectation that discretion in this respect will be used as a normal application of policy, rather than in response to genuinely exceptional circumstances. Sustainability Advisory Services Policy states that appropriate pro-rating should be applied to outstanding long-term share awards. A material concern is also noted in respect of the updated pension provisions - the calculation of the pension figure, which uses the cash and share element of the salary after salary and fixed pay being combined into "salary" in 2019 - results in a material pension figure for the CEO (GBP 243,400), which is the highest among major FTSE listed banks. Given the positive developments towards market practice since the approval of the 2019 remuneration policy, this matter is not being highlighted as a contributing factor to the negative voting recommendation.</i>

2	Ratify Grant Thornton LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. Concerns regarding the annual incentive's incomplete disclosure of payout formulas and use of discretion are compounded by the substantial increase in the CEO's maximum award opportunity, given that FY21 payouts were achieved near maximum levels. Although the long-term incentive is half performance-based, further concerns are raised by the long-term incentive's use of relative TSR metrics targeting merely median performance with no cap on payouts should absolute TSR be negative.*

5	SP 2: Publish Annually a Summary of the Company's Supplier Audits Results	Against	For
<p><i>Blended Rationale: Vote FOR the shareholder proposal To a considerable extent, the grocer relies on the individual suppliers to ensure they and their own suppliers meet Loblaw s Supplier Code of Conduct. Auditing is one of the tools used by Loblaws to ensure compliance. The number of audits conducted by Loblaws has gone up close to 40 percent since 2017. Disclosing information on auditing results would demonstrate that it is properly and rigorously addressing the risks and may also shed light on the functioning of the remedial mechanism. It would allow stakeholders to conduct better risk assessment. Agriculture is often related to child or forced labour. Grocers' relationship with the sector means they have a higher risk exposure. Responsible sourcing is increasingly important; disclosing the results of supplier compliance may be viewed favorably by many external stakeholders. The company is already conducting audits. The resolution is requesting for additional information on what the company finds from their audits. In addition, the proposal itself is not too burdensome in scope and timeframe. It does not request a specific timeframe for commencement or specific contents in the summary report. As such, support is warranted at this time.</i></p>

9	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST is warranted. Although the overall policy does not raise particular concerns, the proposed amendments specifically raises concerns. It is proposed to increase the chairman fee from EUR 120,000 to EUR 300,000, without a compelling and supporting justification. Moreover, this includes a 'transformation' fee, which is unusual and fact remains that this concerns the role of non-executive chairman without executive responsibilities.</i>

A significant portion of the STI payout is based on individual performance with limited disclosure of metric performance, while the financial metric target was set below the prior year's actual performance without a corresponding decrease in target payout. In addition, each executive's target bonus opportunity was relatively high. Though some improvements were made to the LTI program, including an increased performance period, a majority of the annual equity grant is still in time-vested equity, and the relative TSR target was not disclosed. Furthermore, each non-CEO NEO received a special equity grant in FY21, which one NEO received for the second consecutive year.*

2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The company has demonstrated poor responsiveness to low vote support for the 2021 say-on-pay proposal. Specifically, disclosure regarding shareholder feedback is limited and it is not clear that the company has made meaningful changes to the pay program to address shareholders' concerns. In addition, a pay-for-performance misalignment is underscored by the former CEO's high base salary and target STI opportunity, and goal disclosure issues. Further, while annual equity awards were 50 percent performance-conditioned, the newly appointed CEO received a large equity grant that was entirely time-based. Finally, disclosure surrounding transition payments made to the former CEO is not sufficient.</i>

2	Ratify Ernst & Young LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as pay and performance are reasonably aligned at this time. Annual incentives are largely based on pre-set financial measures and the majority of equity awards were performance based and utilized a multi-year measurement period. However, continued monitoring of the pay program is warranted, as significant temporary changes to the pay program were implemented this year.</i>		
4	Approve Qualified Employee Stock Purchase Plan	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as the plan's purchase price is at least 85 percent of fair market value and the offering period is not longer than 27 months. Also, the number of shares allocated to the plan is not more than 10 percent of outstanding shares.</i>		
5	Report On Costs of Low Wages and Inequality and Impact on Diversified Shareholders	Against	For

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The committee demonstrated adequate responsiveness to shareholder concerns following last year's low say-on-pay vote result. Shareholder feedback was predominantly addressed by changes to the compensation program, although concerns raised by the rigor of the FY20 special equity awards were acknowledged but not addressed. Although concerns remain regarding the LTI program's use of annual performance periods and an overlapping metric, the grant date value of the CEO's equity award was lower in FY21 compared to FY20 and the STI program was entirely based on a pre-set, objective metric, mitigating pay-for-performance concerns.</i>		
3	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
4	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	Against	For
	<i>Blended Rationale: A vote FOR this item is warranted given that it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms, the proposal applies only to future severance arrangements, leaving current agreements unaffected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted. As expected, CEO Hollub's total compensation was lowered for FY21, in response to investor feedback. Annual and long-term incentive programs were largely based on pre-set performance objectives and long-term incentives scheduled to vest in FY21 were not earned due to TSR underperformance. However, while concerns were mitigated for the year in review, investors would benefit from additional disclosure regarding performance ranges in the STI program and a more precise long-term incentive TSR target.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Annual incentives are largely based on pre-set financial measures with a reduced degree of discretion applied compared to the prior year. The long-term incentives are primarily performance-based and utilize multi-year performance periods.</i>		
3	Declassify the Board of Directors	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as it would enhance board accountability to shareholders and the continued submission of this proposal to a vote demonstrates a commitment to shareholders' interests on the part of management.</i>		
4	Eliminate Supermajority Vote Requirement	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted given that the reduction in the supermajority vote requirement would enhance shareholder rights and would pave the way to repeal the classified board structure.</i>

	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
6	Consider Pay Disparity Between CEO and Other Employees	Against	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. It is unclear whether the request for the board to consider and disclose how it considered the pay grades and/or salary ranges of all classifications of company employees when setting target amounts for CEO compensation would produce meaningful information on compensation policies and practices beyond what the company already discloses in its proxy. Also, there are no significant concerns identified with respect to the company's executive pay disclosure or pay targeting process.</i>

	<i>Blended Rationale: A vote FOR this proposal is warranted. While concerns remain regarding the significant use of subjective metrics in annual incentive awards, disclosure improved for the quantitative metrics and the long-term incentive program implemented positive changes which improved program rigor. 2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. While acknowledging the company's strong financial and share price performance for the year in review, a quantitative pay-for-performance misalignment is identified and underscored by several concerns regarding incentive programs. First, annual incentives, while based on an objective scorecard, lack clear disclosure of threshold and maximum goals for many metrics. This limits investor ability to assess payouts and goal rigor from year to year. The committee also used discretion to increase payouts in FY21. Long-term incentives, while mostly performance-based, target merely median performance and lack a cap on vesting for negative TSR. This is particularly concerning as PSUs have been earned above target for the last four performance cycles.</i></p>

<p><i>Blended Rationale: A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change related risks.</i></p>

2.b	Adopt Financial Statements and Statutory Reports	For	For
2.c	Approve Dividends of EUR 0.85 Per Share	For	For
2.d	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted. Although the remuneration report disclosure is in line with market practice, significant concerns are raised with respect to the adjustment of the STI and LTI outcomes, especially in light of the product recall (see company update section). The board decided – for remuneration purposes only, not accounting - to partially recognize unrealized revenues (STI) and profit (LTI) because of the supply chain challenges that would have otherwise been realized. The actual performance on comparable sales growth was below threshold whereas the adjustment ensures there is partial payout, and hence is a significant decision to adjust. Concerns are raised with respect to the absence of a compelling rationale for the need to adjust the outcome. Philips' performance is heavily impacted by the product recall, including on share price performance, which further raises the question whether it is fully appropriate to adjust outcomes, particularly because in the absence of the recall the STI and LTI would pay out. Additional concerns are raised with the limited background on the recognition of the EUR 498 million in revenues and how this translates into target setting for next year.</i>

7	Approve Extension and Increase of Authorized Capital Pool to CHF 100 Million with or without Exclusion of Preemptive Rights	For	Against
	<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request, when combined with the existing conditional capital, would allow for a capital increase without preemptive rights for up to 61.6 percent of the issued share capital.</i>		
8	Transact Other Business (Voting)	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and - The content of these any new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee demonstrated only a limited degree of responsiveness to shareholders' concerns that led to a failed say-on-pay vote last year. While the company provides enhanced disclosure surrounding the CEO's retention award and other aspects of the compensation program and CEO succession planning, the actions taken by the committee do not meaningfully address all of shareholders' expressed concerns, which is paramount following a failed vote. In addition, concerns with respect to goal rigor under the annual and long-term incentive programs underscore a pay-for-performance misalignment. In the wake of shareholder feedback expressing concern regarding goal rigor, some shareholders may find the lowering of certain annual incentive goals concerning given payouts well above target. In addition, relative metrics under the LTI program target the median of peers, which is not considered particularly rigorous.</i>

3	Approve Discharge of Management Board for Fiscal Year 2021	For	For
4	Approve Discharge of Supervisory Board for Fiscal Year 2021	For	Against
<p><i>Blended Rationale: A vote AGAINST the discharge of the supervisory board (Item 4) is considered warranted because: - On July 8, 2021, the European Commission found the German automakers (including BMW) guilty of collusion regarding restricting competition in emissions cleaning for new diesel passenger cars between 2009 and 2014. - Concerns are raised with respect to the fact that a culture existed within this company which led to collusion on technical matters with the other major German car manufacturers to the detriment of the company and its shareholders, as well as stakeholders worldwide. While no specific member of the company's management board or supervisory board has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen. - Due to the symbolic nature of the discharge vote in Germany and the historical nature of the antitrust case, and because the discharge resolution is currently bundled, which does not allow shareholders to target individuals who may have been involved in failures of due diligence from 2009 until 2014.</i></p>

Sridhar and Mary Bush, given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impact shareholder rights.</i>		
1.2	Elect Director KR Sridhar	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent director nominees K. R. Sridhar and Mary Bush, given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impact shareholder rights.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Significantly elevated total CEO pay and a number of problematic pay decisions underscore a pay-for-performance misalignment for the year in review. The CEO received a sizable front-loaded equity award intended to replace his annual awards for five years. However, the company does not provide a firm commitment not to grant any additional awards during this time and certain performance metrics lack disclosure and are tied to one-year performance periods. The regular annual LTI program is not strongly tied to rigorous, multi-year goals and the committee adjusted the one-year performance result to eliminate the impact of supply chain disruptions, leading to a payout when none would otherwise have been earned. Off-cycle awards were also granted to several NEOs, with disclosure of certain performance goals lacking. Finally, the committee discretionarily increased the payout under the annual incentive program above target when actual achievement was well below target, severing the link between pay and performance, and paid a discretionary cash bonus to the CEO in addition to his annual incentive payout.</i>		
3	Increase Authorized Preferred Stock	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted given that the company's preferred shares are not declassified and the board has not made a firm commitment not to use the proposed additional preferred shares for antitakeover purposes.</i>

	<i>Blended Rationale: A vote AGAINST CEO and Chair Greg Garland and Chair of the Public Policy and Sustainability Committee Denise Ramos is warranted as a signal to the board that stronger independent oversight and board management of climate-related risks at the company are necessary. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. A vote AGAINST CEO/Chair Greg Garland is warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
<i>Blended Rationale: A vote FOR the proposal is warranted. Following a failed say-on-pay vote result, the compensation committee disclosed engagement efforts with shareholders as well as the feedback received in these engagements. The proxy also notes meaningful commitments and pay program changes that were made in response to these shareholder concerns. Additionally, pay and performance are sufficiently aligned for the year in review. Annual and long-term incentives are primarily performance-based, with half of the performance shares utilizing a multi-year performance period. While the annual incentives continue to rely on semi-annual periods, the committee indicates its intention to return to an annual period once market conditions stabilize. However, the relative TSR equity awards continue to lack a payout cap for negative absolute TSR results.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The company made a sizable cash payment to a former NEO upon his voluntary resignation, which is a problematic pay practice. Furthermore, the annual bonus payout value was relatively large and entirely discretionary, lacking any payout formula or targets. There are also concerns regarding a lack of forward-looking goal disclosure and the grant practice of targeting a number of shares instead of a grant value, which is not common market practice. Finally, a non-CEO NEO was compensated above the company's peer group median CEO value, which warrants continued monitoring.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The committee made changes to compensation programs in response to investor feedback; however, concerns regarding the structure and magnitude of pay remain, particularly as the CEO's compensation nearly doubled year-over-year. The CEO's base salary remained high, even after the anticipated reduction for FY22. However, more concerning were actions taken in the long-term incentive program. The committee reduced the performance period for annual cycle long-term incentives from a multi-year measurement period to annually measured performance goals, limiting the long-term focus of the program. Further, the CEO's RSUs vest after just one year and his performance option grant does not require that the stock price achievements be sustained beyond the initial 10-day average.*

3	Ratify Ernst & Young LLP as Auditors	For	For
4	Amend Omnibus Stock Plan	For	For
5	Approve Restricted Stock Plan	For	Against

*Blended Rationale: While the plan's individual EPSC evaluation resulted in a passing score, a vote AGAINST this proposal is warranted because the aggregate EPSC score, when combined with the share request in Item 4, is below the passing threshold. Based on the aggregate plan analysis, the 2020 Incentive Stock Plan (Item 4) would allow the company the highest cost value.*

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<p><i>Blended Rationale: There are concerns regarding the compensation committee's limited degree of responsiveness to last year's failed say-on-pay vote. While the proxy discloses engagement efforts and shareholders' feedback, not all concerns are clearly fully addressed. Moreover, other pay program changes that were made following shareholder outreach are not all clearly positive. This falls short of the robust response that is expected following a failed vote. There are also unmitigated pay-for-performance concerns for the year in review. Annual incentive payouts were made well above target against goals that were lowered after their initial establishment due to a shift in company strategy. Further, NEO participation in a second bonus opportunity is questionable, when the primary program provides substantial pay opportunities (including the new CEO's relatively high target STI opportunity). Moreover, the company will reduce the proportion of performance-conditioned equity for non-CEO NEOs beginning with FY22 grants. Finally, some investors may find that the disclosed changes to both STI and LTI programs for next year do not clearly improve program rigor based on the current level of disclosure. In light of both responsiveness and unmitigated pay-for-performance concerns, a vote AGAINST this proposal is warranted.</i></p>		
4	Amend Omnibus Stock Plan	For	For
	<p><i>Blended Rationale: A vote for this item is warranted. We consider the proposed plan cost to be excessive and certain plan features and grant practices are misaligned with best practice. However, following further engagement with the company we received some assurance that the intention of the plan is to reward the all-employee population and without this renewal the company may be disadvantaged in the war for talent as the shares remaining under existing plans is now lower than required for the next grant cycle. On that basis we support the proposal but will continue to engage with the company throughout the coming year.</i></p>		
5	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
	<p><i>Blended Rationale: A vote FOR this proposal is warranted as lowering the ownership threshold for shareholders to call a special meeting from 15 percent to 10 percent would enhance shareholders' rights.</i></p>		
6	Report on Third-Party Civil Rights Audit	Against	For
	<p><i>Blended Rationale: A vote FOR this proposal is warranted, as it would strengthen the company's commitment towards addressing diversity, equity, and inclusion efforts in its business operations. In addition, it would allow shareholders to better assess the effectiveness of the company's diversity initiatives and its management of related risks.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. While executives did not receive annual equity awards or payouts under the annual incentive program in 2021, the one-time awards granted to NEOs are problematic. The value of the awards, which were granted for retention purposes and in light of the lack of regular-cycle incentive awards for two consecutive years, is excessive, and vesting is subject to performance over a relatively short period. NEOs received additional one-time grants of RSUs in connection with new employment agreements; these awards are entirely time-vesting and lack a compelling rationale. Finally, the CEO and COO each received sizable gross-up payments on perquisites, which are provided by their employment agreements and are considered to be problematic.*

10	Approve Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted because: - The proposed policy contains significant scope for discretion via guaranteed bonuses and undefined adjustments to the variable components. - The level of disclosure is below market standards, where there is lack of detailed disclosure on weights and targets of the performance criteria. - Granted awards under the share-based remuneration component vest in less than three years.</i>

<i>Blended Rationale: Vote FOR the shareholder proposal. The proponent is requesting the company to report to shareholders on how its programs or policies on Indigenous relations compared to or are certified by external Indigenous-led standards of practice. The content is very similar to what is in Call For Action #92 from the federal government commission report. The company lags many TSX Composite Index companies in the finance sector regarding its policies and disclosure on indigenous relationships. The company stated in the circular it is in the "foundational" phase in diversity and inclusion. The resolution itself is not too burdensome in scope and timeframe. It does not demand a specific deadline for the company to report back to shareholders nor does it mandate specific policies for the company to adopt. As such, support for the shareholder proposal is warranted.</i>

3	Approve Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST is warranted because the proposed remuneration is below par in relation to market standards, particularly with regard to disclosure of short term bonus criteria, short term bonus caps, and total quantum. The company does not provide disclosure on the performance assessment of the STI financial metrics, not allowing shareholders to assess the pay for performance alignment. Furthermore, due to pre-IPO legacy arrangements, the CEO currently receives an STI award purely based on the level of EBITA (1 percent pay out). Furthermore, the CEO receives an additional one off contingent bonus for which it is unclear how the performance assessment was implemented. Overall, we raise concerns to the total quantum of CEO pay for 2021, reaching EUR 40.8 million, but when adding Vivendi payments to the CEO the total 2021 pay for the CEO reached approximately EUR 274 million. Finally, the deputy CEO received an IPO related one-off award of EUR 800,000 without providing any further justification.</i></p>

8.a	Grant Board Authority to Issue Shares Up To 5 Percent of Issued Capital and Exclude Pre-emptive Rights	For	Against
	<p><i>Blended Rationale: A vote AGAINST is warranted as the proposed capital authorization is aimed at funding long-term incentive plans whereas we have raised concerns with regard to the company's LTIP proposal (item 8b) and in particular regarding: - Vesting before the third anniversary for RSUs; - Lack of disclosure of performance elements and applicability thereof.</i></p>		
8.b	Approve Award (Rights to Subscribe for) Shares as Annual Long-Term Incentive Grants and Special Grants to Executive Directors	For	Against
	<p><i>Blended Rationale: A vote AGAINST this item is warranted as the disclosure on performance criteria for ordinary and extraordinary PSU awards and stock options (for extraordinary awards) are not clearly defined. Furthermore, RSU awards will only be subject to continuous employment and vesting will occur in one to five years in a ratable or cliff vesting schedule, depending on the award.</i></p>

4.1	Approve Discharge of Supervisory Board Member H.D. Poetsch for Fiscal Year 2021	For	Against

*Blended Rationale: Votes AGAINST the discharge of the supervisory board members in office between 2009 and 2014 are considered warranted because: - On July 8, 2021, the European Commission found the German automakers (including VW) guilty of collusion regarding restricting competition in emissions cleaning for new diesel passenger cars between 2009 and 2014. - Concerns are raised with respect to the fact that a culture existed within this company which led to not just the diesel emissions scandal, but also to collusion on technical matters with the other major German car manufacturers to the detriment of the company and its shareholders, as well as stakeholders worldwide. While no specific member of the company's management board or supervisory board has thus far been found guilty of misconduct or negligence in the antitrust case specifically, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen, leading to significant reputational, financial, and also environmental damage worldwide. - Due to the symbolic nature of the discharge vote in Germany and the historical nature of the antitrust case as well as ongoing diesel emissions issues, votes AGAINST individuals who may have been involved in failures of due diligence from 2009 until 2014 are warranted, namely Hans Dieter Poetsch (Item 4.1), Hussain Ali Al Abdulla (Item 4.3), Hans-Peter Fischer (Item 4.9), Peter Mosch (Item 4.13), Bernd Osterloh (Item 4.15), Hans Michel Piech (Item 4.16), Ferdinand Oliver Porsche (Item 4.17), Wolfgang Porsche (Item 4.18), and Stephen Weil (Item 4.22). - We note that none of the current management board members were on the management board itself during the time of the misconduct. Qualified votes FOR the discharge of the management board members and other supervisory board members are warranted because, in relation to the diesel emissions scandal, the company appears to have identified the responsible individuals and has reached settlement agreements with them, as well as due to the continued improvements to the control function. In addition, no further concerns are noted in regard to fulfilling their fiduciary duties in the year under review. Nevertheless, some shareholders may wish to vote AGAINST these resolutions considering that: - Despite the conclusion of company investigations, a low level of transparency is provided surrounding the underlying facts of the diesel scandal, which can be considered a poor governance practice. - Shareholders continue to bare monetary and reputational costs as a result of significant outstanding legal action.*

Nevertheless, some shareholders may wish to vote AGAINST these resolutions considering that: - Despite the conclusion of company investigations, a low level of transparency is provided surrounding the underlying facts of the diesel scandal, which can be considered a poor governance practice. - Shareholders continue to bear monetary and reputational costs as a result of significant outstanding legal action.*

*Blended Rationale: Votes AGAINST the discharge of the supervisory board members in office between 2009 and 2014 are considered warranted because: - On July 8, 2021, the European Commission found the German automakers (including VW) guilty of collusion regarding restricting competition in emissions cleaning for new diesel passenger cars between 2009 and 2014. - Concerns are raised with respect to the fact that a culture existed within this company which led to not just the diesel emissions scandal, but also to collusion on technical matters with the other major German car manufacturers to the detriment of the company and its shareholders, as well as stakeholders worldwide. While no specific member of the company's management board or supervisory board has thus far been found guilty of misconduct or negligence in the antitrust case specifically, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen, leading to significant reputational, financial, and also environmental damage worldwide. - Due to the symbolic nature of the discharge vote in Germany and the historical nature of the antitrust case as well as ongoing diesel emissions issues, votes AGAINST individuals who may have been involved in failures of due diligence from 2009 until 2014 are warranted, namely Hans Dieter Poetsch (Item 4.1), Hussain Ali Al Abdulla (Item 4.3), Hans-Peter Fischer (Item 4.9), Peter Mosch (Item 4.13), Bernd Osterloh (Item 4.15), Hans Michel Piech (Item 4.16), Ferdinand Oliver Porsche (Item 4.17), Wolfgang Porsche (Item 4.18), and Stephen Weil (Item 4.22). - We note that none of the current management board members were on the management board itself during the time of the misconduct. Qualified votes FOR the discharge of the management board members and other supervisory board members are warranted because, in relation to the diesel emissions scandal, the company appears to have identified the responsible individuals and has reached settlement agreements with them, as well as due to the continued improvements to the control function. In addition, no further concerns are noted in regard to fulfilling their fiduciary duties in the year under review. Nevertheless, some shareholders may wish to vote AGAINST these resolutions considering that: - Despite the conclusion of company investigations, a low level of transparency is provided surrounding the underlying facts of the diesel scandal, which can be considered a poor governance practice. - Shareholders continue to bear monetary and reputational costs as a result of significant outstanding legal action.*

*Blended Rationale: A vote AGAINST this proposal is warranted. While the complexity of the annual incentive plan has been somewhat reduced, the program continues to use a large number of metrics and several metrics lack clear disclosure of pre-set performance targets and corresponding pay outcomes. Further, in the long-term program, TSR shares target effectively median performance while the other financial target is not disclosed. Although the proxy states the committee will reduce the CEO's 2022 equity awards to maintain alignment with the market, the number of shares underlying long-term incentive grants significantly increased in FY21, creating a potential windfall opportunity in the event of a stock price rebound.*

<p><i>Blended Rationale: A vote AGAINST this remuneration report is warranted because: - The cash-settled LTI of 2019 that vested during FY2021 triggers a misalignment between performance achieved and payout (nearly +50%), due to the conflict between a cap (in % of base salary) and the calculation based on profit shares (theoretically uncapped as proportional to consolidated net results). This contravenes with the pay-for-performance principle. - The same conflict happened in the STI, but to a more limited extent (nearly +10%), as the bonus payout achieved the max level while two qualitative quantifiable criteria were not achieved.</i></p>

*Blended Rationale: A vote for the requirement for an independent board chair is not warranted in this case. We are satisfied with the recent performance of Sempra's existing management team and the shareholder protections offered by their current structure of corporate governance, including the presence of an independent lead director, whose responsibilities are clearly defined, a majority independent board (82%), and fully independent committees. As a result, given that there are no pressing governance concerns at this time we consider it appropriate to vote against this proposal.*

In connection with a spinoff, performance equity granted in 2020 and 2021 was converted into time-vested equity, without disclosure of sufficient rationale. In addition, despite the 2020 performance equity tracking to not earn a payout due to underperformance, that grant was determined to vest at 50 percent of target, which undermines a pay-for-performance philosophy.</i>

1	Approve Employee Stock Incentive Plan 2022	For	For
<i>Blended Rationale: We consider a vote in favour of this resolution is warranted. While there are legitimate concerns about overall dilution from the operation of the scheme, the expected dilution of 1.8% is in line with the ten year average of just under 2% per annum. In addition, we acknowledge that the proposed scheme provides flexibility to grant RSUs with time based vesting. However, the company has made an assurance that RSUs for senior management would be subject to conditional vesting, depending on the degree of performance. Given that the scheme is intended to operate across ten management levels, we accept some flexibility in its composition. In addition, we consider how the company and management have delivered in practice over time, and have confidence in the track record. We are therefore supportive of the 2022 plan.</i>

1	Approve Amendments to the Marico Employee Stock Option Plan, 2016	For	For
<i>Blended Rationale: A vote in support of these resolutions is warranted. We recognise the discretion that is available to the company in potentially granting all options at a deep discount, and that the performance targets have yet to be disclosed, and have engaged further with the company. We note the company explanation that the current expectation is only 10% of the total award will be RSUs, which are issued at a deep discount and vest on time-only, but are still granted based on performance, while the remaining 90% (ESOPs) will have an exercise price at the average of closing market prices for 22 days prior to the grant date. We also consider that Marico Limited has been well-managed in alignment with the interests of minority investors and with a long-term mindset – balancing growth, innovation and profitability. For those reasons, we are comfortable, in this case, with the Board retaining discretion for the performance conditions as the business demands. We will continue to monitor the application of the Stock Option Plan and will continue to engage as appropriate.</i>

We note the company explanation that the current expectation is only 10% of the total award will be RSUs, which are issued at a deep discount and vest on time-only, but are still granted based on performance, while the remaining 90% (ESOPs) will have an exercise price at the average of closing market prices for 22 days prior to the grant date. We also consider that Marico Limited has been well-managed in alignment with the interests of minority investors and with a long-term mindset – balancing growth, innovation and profitability. For those reasons, we are comfortable, in this case, with the Board retaining discretion for the performance conditions as the business demands. We will continue to monitor the application of the Stock Option Plan and will continue to engage as appropriate.</i>

1.2	Approve Remuneration Report (Non-Binding)	For	For
	<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. As both co-chairmen have held executive roles within the company, the payment of pension contributions is in line with Swiss market practice. Despite the fact, that the variable remuneration for the executive management members is proposed by the Compensation Committee and seems discretionary, we consider the variable compensation is not excessive and reflects the company's strive for innovation, which is hard to assess with financial KPIs. Additionally, we consider that the salaries paid to the executive management and the board are below market standards and far from excessive given the strong performance and growth of Sensirion.</i></p>

	<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. While we are aware that the committee's level of independence is below the threshold of 50%, we note the special governance structure of Sensirion (2 co-founders still involved in a Co-Chairmen set up). Sensirion is a rather small company and has a very entrepreneurial mindset, therefore we must take this into account in our analysis. The company promotes very much internal mobility and has been founded out of ETH Zurich. Instead of just adding another member to the committee, we want to support the proposed structure, that is fostering a more agile philosophy and focuses on internal promotion but is not in line with "good market practice". As both co-chairmen have been running the company until 2016 as Co-CEOs, we support that both are also represented on the Nomination and Compensation Committee.</i></p>

6	Approve Renewal of CHF 145,582 Pool of Authorized Capital with or without Exclusion of Preemptive Rights	For	For
<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. The strategy of the company to also grow inorganically requires mergers &amp; acquisitions. The track record of the company has been strong so far, and we fully support this strategy. In order to act quickly when opportunities arise, a pool of capital makes sense and is in the best interest of shareholders. We consider that the threshold of 10% mentioned by ISS is too low for small/mid companies and also for Sensirion in our view, and therefore we support the creation of CHF 145,582 pool of authorized capital.</i>

<i>Blended Rationale: A vote AGAINST is warranted, because: - The overall level of disclosure is considered insufficient and below market practice; and - The company failed to provide insight into the performance metrics targets, and award levels of the short-term and long-term incentive plans. 2	Ratify KPMG LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	For
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For

*Blended Rationale: A vote FOR this proposal is warranted, with caution. There are some concerns regarding certain aspects of the annual incentive. Former CEO Herbert (now executive chair) continued to be eligible for a relatively large annual incentive opportunity and for 2021, the cap on maximum payouts was removed without rationale, which provided for significant award potential. In addition, goal rigor concerns remain for the annual incentive. However, the company disclosed in a supplemental filing that the maximum cap on Herbert's annual incentive will return for 2022, at \$7.0 million. In addition, annual equity awards were entirely performance-based and utilize a multi-year measurement period. Lastly, pay and performance were reasonably aligned for the year in review. Shareholders are advised to closely monitor compensation practices, with particular focus on the annual incentive and the executive chairman's award opportunities and pay outcomes.*

	<i>Blended Rationale: A vote FOR this proposal is warranted. <i>Blended Rationale: A vote FOR this proposal is warranted. Annual incentives were solely based on pre-set objective measures. In addition, while the size of the equity awards may raise concerns, it is not uncommon for NEOs to receive equity awards following emergence from bankruptcy. The awards are intended to be one-time in nature and no additional grants are expected until 2023. Moreover, the compensation committee demonstrated sufficient responsiveness to shareholder concerns following the 2019 failed say-on-pay proposal.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: The increase in reported CEO pay is primarily the result of a sizable, one-time award of stock appreciation rights. Although the CEO's annual LTI is entirely based on clearly disclosed multi-year goals, there are significant concerns regarding the structure of the one-time award, as the award lacks rigorous performance-vesting criteria, or even a premium exercise price. This structural concern is heightened given the substantial pay opportunities this off-cycle award provides. The executive pay program's reliance on discretion to determine annual incentives remains an ongoing concern, even when such discretion is guided by performance assessments against consistent metrics. While the company's recent improved performance may provide context to an increase in performance year pay, some investors may nonetheless question an increase in the CEO's annual-cycle award while long-term TSR lagged the S&amp;P 500 and when the regular award was preceded by such a sizable one-time award. In light of these concerns, the quantitative pay-for-performance misalignment is not mitigated and a vote AGAINST this proposal is warranted.</i></p>

*Blended Rationale: There is some concern with respect to the structure of the FY21 corporate scorecard which represents 75 percent of incentive award determinations, as the scorecard provides for a minimum payout factor of 80 percent of target regardless of the performance level. In addition, a significant portion of incentives are based on either qualitative goals or metrics for which quantified targets are not clearly disclosed. However, a supplemental filing discloses that the FY22 scorecard will include a minimum performance level. The company also made several structural and disclosure improvements to the FY21 pay program in its first full year of internal management, by utilizing a more formulaic structure for incentive determinations, disclosing per-metric weightings and results, and increasing the weighting of the CEO's performance shares. Further, although the FY21 relative scorecard and LTI metrics target median performance, vesting in respect of the metrics is capped at target if absolute TSR is negative, and the supplemental filing discloses that next year's relative metrics will target outperformance. In light of the positive pay program improvements and disclosure enhancements, a cautionary vote FOR this proposal is warranted. Continued close monitoring of pay program changes and disclosure is warranted, as investors should expect a meaningful scorecard threshold disclosed in next year's proxy.*

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the majority of long-term incentives use performance metrics to determine vesting, the stock price metric utilized by the PRSUs in the prior year was removed, resulting in the PRSUs being entirely based on undisclosed goals. Actual performance was also not disclosed, limiting investors' ability to assess the rigor of performance targets for the earned portion. Long-term incentives also continued to use a one-year performance period, limiting the long-term nature of the program. Further, the value of the NEOs' equity awards increased significantly in FY21, and the rationale provided in a supplemental filing was not considered to be compelling.</i>

1.2	Elect Director Rowan Trollope	For	For
<i>Blended Rationale: We consider a vote for this resolution is warranted. We agree that it is important anti-takeover measures, (including supermajority and the classified board) are lifted as soon after initial IPO as possible and the company has, as yet made no formal announcement in this regard. However, we do not consider it appropriate to withhold our vote on the re-election of the CEO alongside the two independent Directors, particularly given the recent strong performance of the company driven by the CEO. <p><i>Blended Rationale: We consider a vote AGAINST this resolution is warranted. We have engaged with the company in relation to remuneration policy and transparency, and while more clarity was provided by the Company in relation to Perquisites (more insurance than plane use), we still haven't received additional clarity relating to the future provision of option grants from the 2022 year. We are however pleased to see that the latest tranche does have performance conditions that are challenging to meet: '2021 Options are subject to share performance-based vesting conditions, such that one half of such options will vest following the date on which the trading price of our subordinate voting shares on the NYSE achieves a volume weighted average price (VWAP) of US\$50.00 for 20 consecutive trading days, and one half of such options will vest following the date on which the trading price of our subordinate voting shares on the NYSE achieves a VWAP of US\$60.00 for 20 consecutive trading days'. This compares to current \$29 stock price level. We will continue to engage with the Company.</i></p>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Following last year's failed say-on-pay vote, the compensation committee has demonstrated only a limited degree of responsiveness to investor concerns. Further, for the year in review, ongoing concerns with respect to the long-term incentive program underscore a pay-for-performance misalignment. While acknowledging reporting challenges associated with the change in long-term incentive programs, the CEO's total target annual LTI award value has increased over the past two years without clear rationale, providing larger payout opportunities. The performance metrics also target merely median performance and have resulted in maximum payouts for several consecutive years, even resulting in maximum-level vesting when performance was negative in each of the last two cycles.</i></p>

Meeting Type: Annual

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Brad Jacobs	For	Against
	<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO/Chair Bradley (Brad) Jacobs are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>		
1.2	Elect Director Jason Aiken	For	For
1.3	Elect Director AnnaMaria DeSalva	For	Against

## XPO Logistics, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Following last year's failed say-on-pay vote, the committee demonstrated only limited responsiveness. It is unclear what portion of shareholder engagement regarding compensation occurred subsequent to the failed vote, and changes to the pay program do not adequately address all of the disclosed shareholder concerns. Given the failed vote result, investors likely expected a more robust response. Further concerns are raised by the pay program for the year in review. Although annual incentive awards were based on a pre-set financial metric, the program allows for an unclear degree of discretion and disclosure of metric goals and payout formulas remained incomplete. The CEO did not receive additional long-term incentive awards in FY21, but outstanding awards utilize relatively short performance and vesting periods while actual performance results for completed performance periods are not disclosed.</i></p>		
5	Report on Lobbying Payments and Policy	Against	For
	<p><i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure of the company's direct and indirect lobbying-related expenditures would help shareholders better assess the risks and benefits associated with the company's participation in the public policy process.</i></p>		
6	Submit Severance Agreement (Change-in-Control) to Shareholder Vote	Against	For
	<p><i>Blended Rationale: A vote FOR this item is warranted given that it is positive for shareholders to have the ability to vote on severance amounts that exceed market norms, the proposal applies only to future severance arrangements, leaving current agreements unaffected, and the proposal offers flexibility as to when the board may seek shareholder approval of a new or renewed severance arrangement, such as at the next annual meeting.</i></p>		
7	Oversee and Report a Civil Rights Audit	Against	For
	<p><i>Blended Rationale: A vote FOR this resolution is warranted, as an independent civil rights audit would help shareholders better assess the effectiveness of XPO's efforts to address the issue of civil rights for its stakeholders and its management of related risks.</i></p>

## Zalando SE

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
6	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because the remuneration report contains several concerns: - Zalando's payout levels for executives are the highest in the German market, which is considered excessive, especially in light of Zalando's size. - The 2019 LTIP allows retesting, which diminishes the stringency of metrics and may be considered overly favorable to beneficiaries. - The 2019 LTIP may partially vest in less than three years - No meaningful information is provided regarding the average remuneration of employees of the company in a manner which permits comparison with directors' remuneration.</i>

6	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - The level of disclosure provided in the remuneration report does not allow for an independent assessment of remuneration practices, in particular regarding ex-post target achievements, as well as additional remuneration elements. - No meaningful information is provided regarding the average remuneration of employees of the company in a manner which permits comparison with directors' remuneration.</i>			
7	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because the remuneration policy is overall not in line with SRD II and best market practice. Specifically: - Total annual remuneration is capped at EUR 15 million which can be considered excessive for a company of CompuGroup Medical SE &amp; Co. KGaA's size. - No cap has been provided for the LTI which is a breach of market best practice as it gives the supervisory board a high degree of discretion, blurring the lines between pay and performance. - The policy does not implement any malus or clawback provisions for the LTI and thus deviates from market best practice.</i>

7	Approve Compensation of Charles Edelstenne, Chairman of the Board	For	For
8	Approve Compensation of Bernard Charles, Vice-Chairman of the Board and CEO	For	Against

*Blended Rationale: A vote AGAINST this remuneration report is warranted as the following concerns are raised: - The level of disclosure on the achievement of the non-financial criteria of the bonus, representing 50 percent of its weight, is limited; - Half of the LTI granted has a vesting and performance period that is not long-term oriented; - Information on the performance achieved for LTIPs vested is low which is even more problematic as the quantum is very significant.*

## Kilroy Realty Corporation

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: The company disclosed the details of its outreach and engagement efforts with shareholders, as well as specific feedback received. However, the board does not appear to have made any material changes to severance-related issues since last year's say-on-pay vote that received only 55 percent support. The company re-affirmed that the legacy provision at issue in a former NEO's prior employment agreement will not be included in any new company employment agreements in the future, but that commitment was already disclosed by the company prior to the 2021 vote. It is also highly concerning that the company maintains an agreement containing an excessive severance entitlement with the current CEO that far exceeds market norms, on the backdrop of consecutive years of low say-on-pay support and where outsized severance was a noted shareholder concern. The committee's statement in the 2022 proxy that "it will again consider, as it has in the past, the severance arrangements provided to our CEO when his contract is up for renewal" does not represent a meaningful commitment to reduce the CEO's problematic, excessive severance entitlement. Based on this, the committee demonstrated only a limited degree of responsiveness. As such, a vote AGAINST this proposal is warranted.</i>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. The company's regular annual and long-term incentive programs appear to be sufficiently tied to objective performance metrics. However, one-time retention awards made to all NEOs (with the exception of the outgoing CEO) raise significant concern given that the awards lack performance-vesting criteria and have relatively short two-year vesting. *Blended Rationale: A vote AGAINST this proposal is warranted. Although the annual bonus pool is funded formulaically, individual payouts are discretionarily determined, and the proxy lacks key disclosures, such as performance targets, the CEO's target opportunity, or per-metric weightings. The redesigned LTI program also raises structural and disclosure concerns. Half of performance awards are primarily earned based on relative TSR metrics that target merely the median, and the remaining half are primarily earned based on annual operational goals for which forward-looking targets are not entirely disclosed. Concerns over the use of an annual measurement period are not substantially mitigated by the existence of a three-year modifier, as the modifier may only reduce awards by up to 30 percent.*

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted, due to significant concerns regarding pay program structure and one-time decisions. The STI payout formula allows for a large increase in total payouts based on the committee's subjective assessment of individual performance. The CEO also has a relatively high maximum STI opportunity that could allow for outsized bonuses. With respect to equity incentives, the entirety of the 2021-23 PSUs are based on a relative TSR metric that targets merely median performance. Moreover, the committee significantly increased the CEO's regular LTI grant value in the same year they awarded a sizable one-time equity award. The special award utilizes only a two-year measurement period and the metric is shared under the annual incentive program.*

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Shareholder engagement efforts and investor feedback following the low vote result are only vaguely disclosed. The committee disclosed its actions and considerations specifically with respect to equity grants for 2021 and certain other positive changes to the pay program, however, it is unclear whether these adequately address shareholders' concerns given that there's no disclosure on specific shareholder feedback. As such, the compensation committee demonstrated only limited responsiveness to shareholder concerns.</i></p>

17	Approve Remuneration Policy of CEO	For	Against
<p><i>Blended Rationale: A vote AGAINST this remuneration policy is warranted since the company does not provide specific rationale for the change of LTI policy. The company would propose to combine both LTIP and specific LTIP to grant a single LTIP valuing the grant of both. However, the grant of the specific LTIP was supposed to be temporary. As such, this change of approach would provide a 100%-increase, on an ordinary basis, of the grant of one LTI plan every year. Such an increase is considered significant, especially given the company's current business situation.</i></p>

*Blended Rationale: A vote AGAINST this proposal is warranted. The annual incentive was paid out above target against lowered financial metric targets with a notable discretionary component, and disclosure of performance objectives for the majority of metrics remains incomplete. Further, although the long-term incentive is half performance-based, forward-looking goals for half of PRSU metrics are not disclosed and proxy statement disclosure is insufficient to fully understand how equity award values declined from 2020 to 2021.*

*Blended Rationale: We consider a vote in favour of this item is warranted. While we agree with the importance of pre-emptive rights for shareholders and the ability to vote on large stock issues, we are willing to make a limited exception in this case. The company has demonstrated their ability to make large stock issuance with minimal discount and minimal impact to the price, will only use stock issuance to perform more M&A activities and enhance their long term prospects, and finally, the company will only do this if the ROI is justified. Because we consider that the management team has a good track record of capital allocation, we are therefore comfortable with them having the flexibility to issue capital at their discretion.*

*Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - Votes AGAINST board chair Sir Andrew Mackenzie are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.*

*Blended Rationale: A vote AGAINST this resolution is warranted. The Company's Scope 3 targets relate to intensity reduction, rather than absolute emission reduction. Additionally, there is a lack of detail on the Company's Scope 3 emissions and on how it intends to meet its associated targets. More granular and explicit disclosure should be provided to enable stakeholders to make the connection between the Company's goals and the relevant IEA net zero pathways. Furthermore, the plans are partly reliant on technologies, such as CCS, and on offsets (nature-based offsets).*

1a	Elect Director Jeffrey P. Bezos	For	Against
<i>Blended Rationale: Votes AGAINST board chair Jeffrey Bezos are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. A misalignment between CEO pay and company performance is driven by an excessive equity grant to the new CEO, which lacks performance conditions. Large time-vested awards were granted to other NEOs as well, and the compensation program lacks any link to pre-set performance criteria.</i>

While the company offers an option to employees that want to invest more responsibly, it is unclear how well employees understand the retirement plans available to them. The information requested in the report would not only complement and enhance the company's existing commitments regarding climate change, but also allow shareholders to better evaluate the company's strategies and management of related risks.</i>

3	Approve Allocation of Income and Dividends of EUR 0.06 per Share	For	For
4	Approve Transaction with Compagnie de l'Odette Re: Commercial Lease	For	Against

5	Approve Transaction with Technifin Re: Sale of Securities	For	For
6	Approve Transaction with Bolloré Participations SE Re: Assistance Agreement	For	Against
	<i>Blended Rationale: A vote AGAINST item 6 is warranted as the company failed to provide sufficient information regarding this consulting services agreement with Bolloré Participations, its indirect controlling shareholder.</i>		
7	Reelect Cyrille Bolloré as Director	For	Against
	<i>Blended Rationale: As the functions of chairman and CEO are combined, a vote AGAINST the reelection of Cyrille Bolloré (Item 7) is warranted. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST CEO/Chair Cyrille Bolloré are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>		
8	Reelect Yannick Bolloré as Director	For	Against
	<i>Blended Rationale: A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent.</i>		
9	Reelect Cedric de Bailliencourt as Director	For	Against
	<i>Blended Rationale: A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent. The number of outside mandates held by Cedric de Bailliencourt is in excess of recommended guidelines for executive directors or those in comparable roles. 13	Reelect Virginie Courtin as Director	For	For
14	Reelect Francois Thomazeau as Director	For	Against
	<i>Blended Rationale: A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent. A vote AGAINST the reelection of Francois Thomazeau, chair of the audit committee is also warranted as, despite the overall level of independence of this committee, he is not considered independent considering the length of his tenure as director (item 14).</i>		
15	Ratify Appointment of Sophie Johanna Kloosterman as Director	For	For
16	Authorize Repurchase of Up to 9.87 Percent of Issued Share Capital	For	For
	<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. While it is possible that the program may be used for antitakeover purposes without shareholder approval, in this case the company is majority held by the family and therefore its use in this manner seems unlikely. More importantly, one of the key pillars of our investment thesis is the company track record in capital allocation and the share repurchase forms part of their toolkit. We therefore support the resolution.</i>		
17	Approve Compensation Report	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted considering the absence of any significant evolution in terms of practices and level of disclosure on executive corporate officers' remuneration over past years.</i>		
18	Approve Compensation of Cyrille Bollore, Chairman and CEO	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration report is warranted because: - Due to partial outsourcing, the base salary paid to Cyrille Bollore significantly increased during the year in review, despite the applicable remuneration policy not including this increase. - There is an overall lack of information regarding the bonus paid as employee of Bollore Transports &amp; Logistics which was not included in the policy approved last year; and - There is an overall lack of information regarding the tantiemes and exceptional remuneration received from subsidiaries, which represent a significant part of Cyrille Bollore's remuneration and were not included in the policy approved last year.</i>		
19	Approve Remuneration Policy of Directors	For	For
20	Approve Remuneration Policy of Chairman and CEO	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration policy is warranted because: - The remuneration policy does not cover the tantiemes paid to Cyrille Bollore, which represent a significant part of his remuneration. - The company does not include any information on his potential remuneration as employee of Bollore Transports &amp; Logistics. - The company does not indicate under which conditions executives could retain rights to unvested long-term compensation in case of departure of the company, in particular if they would be pro-rated for time and subject to performance over the full performance period.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: We consider a vote AGAINST is warranted. We have engaged with the company since 2019 due to compensation being misaligned with company performance. While there is reasonable alignment for 2021, it is less aligned over the last 3-year period which is due, in our view, to the company using a peer group that is not totally aligned with its business type and size. Our proposals for a modification of that peer group have not been taken into account and we therefore do not support the resolution.*

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment persisted for the year under review and sufficient mitigating factors were not identified. Annual incentive payouts are heavily impacted by individual performance factors, for which the committee provides limited disclosure of the considerations made when determining payouts. In addition, while the company added certain targets to the annual incentive plan scorecard, threshold and maximum goals are lacking, and disclosure of qualitative goals and achievements is also limited. Lack of such disclosure limits transparency into the pay-for-performance alignment of the program, impeding investors' ability to assess payouts and goal rigor from year to year. Lastly, in the LTI program, performance for the new ROCE metric targets merely the median of peers and, as the peer group is relatively small, a portion of the award will vest for any performance level that is not the bottom of the peer group. The TSR-based performance awards also continue to allow for above-target vesting for negative returns.</i></p>

6	Issue Audited Net-Zero Scenario Analysis Report	Against	For

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year in review. Annual incentives are based entirely on financial performance, and the majority of long-term equity awards are performance-based, with a portion utilizing a multi-year performance period. However, the majority of performance-based equity awards utilized the same metrics, goals and performance period as the annual incentive program. In addition, the relative TSR awards target the median and lack a payout cap for negative TSR results.</i>

7	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Pension contributions appear high compared to market standards and may be of concern to some shareholders. - Ex-post target disclosure surrounding individual and non-financial performance criteria remains underdeveloped and thus, a clear link between performance and pay is not assessable. - The compensation committee is entirely non-independent.</i>

1.11	Elect Director Darren W. Woods	For	Against
	<i>Blended Rationale: A vote AGAINST CEO and Chair Darren Woods, Lead Director Joseph Hooley, and Public Issues and Contributions Committee Chair Susan Avery is warranted as a signal to the board that stronger independent oversight and board management of climate risks at the company are necessary. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - Votes AGAINST CEO/Chair Darren Woods are warranted given that the CEO and chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

4	Remove Executive Perquisites	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Such perquisites are not considered to be a best practice and their elimination would be considered a pay program improvement.</i>

8	Report on Scenario Analysis Consistent with International Energy Agency's Net Zero by 2050	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted because shareholders would benefit from greater disclosure about the company's risk of stranded assets, given its planned spending plan and business strategy.</i>		
9	Report on Reducing Plastic Pollution	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure on metrics and targets related to ability of the company to transition from virgin polymer production would allow shareholders to better assess the company's management of associated financial, environmental, and reputational risks.</i>

	<i>Blended Rationale: We do not believe that it is in the interests of minority shareholders to vote against this item. While in general terms we do not support transaction bonuses, in this case we consider that the sale of Telekom Romania was a challenging deal, involving multiple stakeholders, that was well handled by the management team and generated significant shareholder value. While some specific metrics relating to the payout were not disclosed, we consider that overall, and along with the track record of the Board, we have sufficient information about the deal to support this action and therefore that the bonus is merited.</i>

8	Amend Remuneration Policy	For	For
	<i>Blended Rationale: We do not feel that a vote against the new remuneration policy is merited. Our assessment of the new policy is that it is not excessive or out of line with industry practices. We agree that there is a lack of rationale for the higher LTI opportunity in the company disclosures, and note that the new policy adds additional flexibility for the remuneration committee. However, in this case, we feel that the track record of the board, including the representatives from significant shareholders including Deutsche Telekom and the Greek government, is one of prudence in compensation practices and therefore merits our support.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Following last year's failed say-on-pay vote, the committee demonstrated only limited responsiveness. Although details of shareholder engagements and feedback are disclosed, the committee did not make changes to executive pay programs to address investor concerns. Further concerns are raised by the pay program for the year in review. CEO Plant received a significant special equity award for the third year in a row, despite the committee's previous statement that FY20 grants would cover three years. The award consists entirely of time-based RSUs with a relatively short vesting period and the committee's rationale for the grant is not viewed as compelling. Lastly, CEO Plant's recently amended letter agreement provides for excessive severance, which is viewed as a problematic pay practice by many investors.</i>

4	Require Independent Board Chair	Against	For

*Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair. In addition, there are ongoing concerns regarding the company's compensation practices and the board's responsiveness to shareholder concerns, which suggests that shareholders would benefit from the most robust form of independent oversight in the form of an independent board chair.*

*Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor); - The plan cost is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST the proposal is warranted. The increase in pay for the year in review is due to an off-cycle one-time equity grant, which comes amid multiple years of forfeited performance equity. The one-time grant, which was only half based on performance-conditioned equity and does not disclose any forward-looking targets, appears to also have a relatively short performance period, and both the time-vesting and performance-vesting portions of the award can vest within two years of grant. There is an expectation that one-time awards utilize rigorous goal targets and are predominately performance-based over a long-term performance period. In the annual pay program, the annual bonus replaced a financial goal with a strategic scorecard with disclosure concerns, and multiple financial goals were set below the prior year's actual performance. The LTI mix also lowered the portion that was based on performance-conditioned equity, an action that shareholders generally disfavor.*

This grant intervenes while the company has been struggling since 2020 a difficult business situation in terms of production and workforce cohesion, has benefited from public aid schemes and was unable to distribute dividend for 3 consecutive years. 	<i>Blended Rationale: A qualified vote FOR is warranted as the proposed remuneration is broadly in line with market standards, as this is the first year the remuneration report has been prepared in line with the approved 2021 AGM remuneration policy, including material improvements compared to previous years regarding STI performance metrics disclosure and vesting periods of LTI grants. However, we still raise some concerns as the STI disclosure still lacks retrospective disclosure of the performance targets. Furthermore, the 2019 and 2020 LTI grants (legacy of previous remuneration policy) vest before the third anniversary and performance is only measured over a one-year period.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST the proposal is warranted. Although the pay program remains relatively unchanged, an unmitigated pay-for-performance misalignment exists for the year in review. The majority of long-term incentives are based on clearly disclosed multi-year goals, however, the value of the CEO's performance year equity award increased while long-term TSRs lagged the S&amp;P 500. In addition, while the annual bonus payout is informed by certain financial metrics with disclosed targets, payouts are ultimately discretionarily determined. Further, the proxy does not disclose target or maximum STI opportunities, threshold or maximum goals, or per-metric weightings. Investors increasingly prefer an STI structure that emphasizes objective and transparent determinations, and the lack of such key disclosures limits transparency into pay decisions, which is particularly important in years in which a quantitative pay-for-performance misalignment is identified.</i></p>

8	Ensure Policies Do No Support Police Violations of Civil Rights	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted. 1b	Elect Director Patrick Pichette	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, due to disclosure and incentive program design concerns. The LTI program's financial component utilizes only a one-year measurement period and shares a metric with the STI program. The LTI program's relative TSR metric targets merely median performance and the proxy does not disclose a vesting cap for negative absolute TSR. Further, the new CEO received a large promotion award that lacks performance-vesting criteria. Some investors may question the magnitude and design of special one-time awards to NEOs, which carry significant stock appreciation targets but do not also require relative TSR outperformance. Finally, the STI program has poor disclosure around diversity targets and individual performance assessments.</i>

6	Nominate Candidate for Board Elections with Human and/or Civil Rights Expertise	Against	For
<i>Blended Rationale: A vote FOR this resolution is warranted. A director with human and/or civil rights expertise as a core part of their previous professional experience, training, or education, would be of value to Twitter given the human rights risks of its current general operations. Such a director could enhance the board's oversight of human rights-related risks.</i>

## The Trade Desk, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted as there are several significant concerns with respect to executive pay and factors cannot be identified that sufficiently mitigate a pay-for-performance misalignment for the year under review. Significant concern is raised with a special stock option award granted to the CEO, which, while tied to achieving stock price hurdles, is excessive at \$806.7 million (Sustainability Advisory Services valuation), and the board does not make a firm commitment not to grant the CEO additional equity while the options are outstanding. In addition, although annual incentives were formulaically determined based on a revenue goal that appeared to be rigorous, the CEO received an additional discretionary cash bonus that was sizable and lacks disclosure. The regular annual LTI program is also not sufficiently performance-based as awards lack any performance conditions.*

*Blended Rationale: A vote AGAINST this proposal is warranted. The annual incentive program does not utilize specific metrics with pre-set target goals or individual weightings, and a significant portion of the CEO's bonus, and the entire bonus for the other NEOs, was determined by the committee's discretionary assessment of corporate and individual performance. Further, the proxy does not disclose a meaningful cap on the CIO's carried interest payment, which increased significantly year-over-year. The CEO's total target LTI award value was significantly elevated due to a new strategic equity award that was granted in addition to an annual performance-based RSU grant under another ongoing program. Although the CEO's awards were entirely performance-based, both programs utilized one-year performance periods, and the new strategic equity award was tied to the same metric and target as the ongoing performance-based RSUs, essentially providing multiple payouts for the same single achievement.*

5	Ratify Ernst & Young GmbH as Auditors for Fiscal Year 2022	For	For
6	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - There is a lack of robust ex-post disclosure to explain the evolution of variable payouts versus company performance, while STI assessment appears subject to a degree of discretion. - In connection with Jens Holstein's recruitment as CFO, he received a EUR 800,000 sign-on bonus without an accompanying and compelling justification. - There is no meaningful information regarding the average remuneration of employees in a manner which would permit a comparison with directors' remuneration.</i>

*Blended Rationale: A vote AGAINST this item is warranted: - The former CEO received a sizable bonus award, pro-rated up to his retirement in September 2021, despite leaving the role and Company in March 2021. Further, notwithstanding his retirement agreement, there are concerns with the appropriateness of the basis of the award as a portion of the bonus was based on the former Director's previous two-year average bonus, instead of his FY2021 performance.*

6	Authorize Share Repurchase Program	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. This proposal would allow the company to repurchase up to 10 percent of issued share capital, for up to 110 percent of the share price prior to the repurchase. There are no particular concerns regarding shareholders' ability to participate in the buyback program, and no history of abuse of previous buyback authorities.</i>

8	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. CEO pay and company performance are reasonably aligned during the year in review and the majority of CEO pay is conditioned on objective financial performance metrics. Additionally, the compensation committee demonstrated an adequate level of responsiveness to the prior year's relatively low say-on-pay support. Nevertheless, shareholders should continue to closely monitor the company's compensation practices, as the company's say-on-pay has received relatively low support for two consecutive years.</i>

*Blended Rationale: A vote AGAINST the proposed remuneration policy is warranted because: - The supervisory board retains elements of discretion via the modifier under the STI, as well as general deviation clauses. - The CEO would remain entitled to receive a severance payment capped at three times the annual remuneration, which is excessive compared to market practice. - The supervisory board has not directly addressed dissent on the prior policy vote.*

2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted due to concerns regarding the extreme magnitude of one-time awards to the co-CEOs. Even with rigorous performance vesting criteria, the values of the award opportunities are excessively large and other concerns are identified.*

# Cloudflare, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
4	Approve Stock Option Grants	For	Against
<i>Blended Rationale: The magnitude of the awards is excessively large at \$620 million in total. The performance goals appear rigorous given that they required 615.6 percent stock price appreciation as of the grant date for the full award to vest and now require 1,734.7 percent appreciation based on the most recent stock price, but they also can be achieved over a long period of 10 years. Additional concerns noted are the lack of an apparent clawback policy, no adjustments to the award size when the co-founders would transition to executive chair or another C-suite position, and there is no apparent commitment not to grant additional awards during the term of the performance awards. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Despite several consecutive years of relatively low support for this proposal, the compensation committee has again failed to demonstrate meaningful responsiveness to shareholders' concerns. In addition, there are ongoing significant concerns regarding NEO pay structure. Pay almost entirely consists of base salaries and grants of fully-vested option awards, the specific allocation of which is at the individual's election, resulting in excessive base salaries for certain NEOs. Further, the lack of time- or performance-vesting incentives eliminates at-risk pay and diminishes the incentive value of compensation.</i></p>

*Blended Rationale: A vote AGAINST this proposal is warranted. While target incentive awards are largely based on objective performance criteria, certain NEOs received excessive one-time equity awards. Particularly given the size of the awards as compared to their normal compensation, the payment of special awards in addition to previously disclosed adjustments to multiple PSU performance cycles severely weakens the link between pay and performance.*

Nevertheless, shareholders would benefit from increased disclosure regarding the performance objectives utilized under the individual performance and ESG modifiers for the annual incentive plan, as well as more rigorous relative metrics under the long-term incentive plan, as current metrics target mere median performance.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists for the year under review and sufficient mitigating factors cannot be identified. A significant portion of annual incentives were based on a subjective assessment of individual performance with limited disclosure and LTI awards lacked performance conditions. In addition, two new NEOs received sizable sign-on awards of RSUs, resulting in these NEOs being higher paid than the CEO for FY21. The company does not provide a rationale for the magnitude of the awards, nor are the awards tied to any performance conditions. Finally, a former NEO received problematic severance payments upon a resignation, including acceleration of a sizable amount in stock options and extension of the options' term.</i>

9	Approve Compensation Report of Corporate Officers	For	For
10	Approve Compensation of Alexandre Bompard, Chairman and CEO	For	Against
<p><i>Blended Rationale: A vote AGAINST this remuneration report is warranted because: - Under the 2021 LTI plan, the company still does not provide any target for each performance criterion. The disclosure of the vesting scale underlying the relative TSR criterion is limited and does not provide the speed to reach full vesting. It is provided from the 2022 LTI grant (see Item 11 above). - The company increased the LTI grant in terms of instruments for the chair/CEO without providing any rationale. The increase remains within the limits of the remuneration policy. - The STI and LTI structures allow for compensatory effects between criteria that could disrupt the alignment between performance and remuneration. - The risk of compensation between criteria materialized under the 2019 LTI plan where the underachievement of the relative TSR criteria was offset by the overperformance of the other three criteria.</i></p>

1a	Elect Director Robert J. Scaringe	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent directors Robert Scaringe, Peter Krawiec, and Sanford Schwartz given the board's failure to remove, or subject to a sunset requirement, the classified board structure and the supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights.</i>

2	Ratify KPMG LLP as Auditors	For	For
	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. NEOs received outsized equity awards in 2021 prior to the IPO. While the majority of the CEO's grant requires the achievement of performance criteria, awards to other NEOs were entirely time-vesting. Further, the company modified awards to allow for potential vesting acceleration in connection with a termination of employment, which resulted in sizable increases to the value of the grants.</i>		
4	Advisory Vote on Say on Pay Frequency	One Year	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

2	Ratify Deloitte & Touche LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The CEO received a significant increase in his base pay and target annual incentive opportunity and the long-term incentive continues to utilize annual performance periods with overlapping metrics, raising concerns regarding doubled rewards for the same performance that are heightened by maximum payouts for the FY21 performance period under both incentive programs. Further, the magnitude of the CEO's special equity award is excessive.</i>

2	Ratify PricewaterhouseCoopers as Auditors	For	For
3	Amend Omnibus Stock Plan	For	For
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST the proposal is warranted. A significant increase in reported CEO pay was driven by discretionary adjustments to multiple cycles of previously granted PSUs, and concerns regarding the \$9.4 million in incremental value attributed to the 2019-2021 PSU adjustment are compounded by the additional \$2.7 million in value related to the adjustment of the 2020-2022 PSUs. Investors generally do not view the modification of previously granted incentive awards to be an appropriate response to the pandemic and may be particularly concerned by consecutive adjustments that increased payouts. Further, annual incentive awards were earned near maximum and a significant portion of payouts were determined based on the compensation committee's subjective assessment of performance.</i></p>			
5	Report on Assessing Due Diligence on Human Rights in Supply Chain	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted, as additional information regarding the processes the company uses to assess human rights impacts in its operations and supply chain would allow shareholders to better gauge how well TJX is managing human rights related risks.</i></p>			
6	Report on Risks from Company Vendors that Misclassify Employees as Independent Contractors	Against	For

7	Report on Risk Due to Restrictions on Reproductive Rights	Against	For
<p><i>Blended Rationale: A vote FOR this resolution is warranted, as additional information on the potential risks and costs associated with proposed or enacted state policies that restrict reproductive healthcare, would allow shareholders to assess how the company is managing such risks.</i></p>			
8	Adopt Paid Sick Leave Policy for All Associates	Against	For
<p><i>Blended Rationale: A vote FOR this resolution is warranted as it would provide shareholders with greater assurance that the company's workforce has reasonable access to sick leave, which would provide consistent expectations as concerns regarding societal health are on the rise. Additionally, the implementation of this proposal would allow shareholders to better assess whether the company is adhering to its stated commitment to colleague health and its management of related-risks.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST the proposal is warranted. Although the annual bonus is entirely based on pre-set objective metrics and appears to utilize rigorous financial target goals, a number of concerning changes were made in the LTI program. The portion of the annual equity grant that utilizes performance criteria was decreased from 75 percent to 50 percent in FY21. The company added a multi-year performance period to a portion of the performance award but this portion merely targets 50th percentile performance. The rest of the performance grant, which is based on annualized performance of undisclosed financial targets, utilizes an identical metric to the annual bonus program.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. The CEO and other NEOs received sizable, front-loaded awards intended to cover equity-based pay through 2024, and the CEO received an additional sizable award in connection with his internal promotion. Given the front-loaded nature of the awards, pay-for-performance considerations are heightened. In this case, there are significant concerns regarding the structure of the awards, as none of the equity awards granted in 2021 contain rigorous performance-vesting criteria. Concerns are also raised regarding the magnitude of the CEO's promotion award, as many investors generally disfavor sizable awards granted to executives in connection with an internal promotion.</i></p>

<i>Blended Rationale: There are concerns around severance, tax gross-ups, and equity award treatment. Although NEOs' potential cash severance amounts are not excessive, they represent a recent enhancement as NEOs previously were not entitled to change-in-control severance. Further, two NEOs are estimated to receive problematic excise tax gross-ups, also the result of a recent agreement. Lastly, NEOs' outstanding performance equity awards will convert at an assumed maximum performance level, without compelling rationale disclosed in the proxy. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Equity awards granted to the CEO in FY21 were predominantly performance-based, as the proxy indicates the CEO received the entirety of a multi-year PSU award and only the first of four tranches of guaranteed time-vesting RSU grants. The magnitude of reported CEO pay may raise some concern for certain investors, as the CEO's reported pay exceeds the annual CEO compensation at some of the largest financial institutions in the world. In addition, the company does not disclose a meaningful cap on executives' carried interest and incentive fee payments, which increased significantly, year-over-year, nor does the proxy disclose exactly how such payments are calculated, which makes it difficult for investors to assess the pay-for-performance linkage.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. Although the annual program is funded formulaically, payouts are determined primarily based on compensation committee discretion and performance factors considered by the committee appear to be highly subjective, a concern which is magnified by the CEO's high target award as a multiple of base salary. In addition, performance for the 2021 PSUs, which had larger values in light of retention concerns, are based on annually set goals and the metrics and measurement period for the first tranche were identical to the metrics and measurement period for the 2021 annual incentive awards. These concerns follow the discretionary adjustment of payouts for 2018 and 2019 PSUs, including the above-target payout of 2018 PSUs.*

5	Report on Climate Change Performance Metrics Into Executive Compensation Program	Against	For

*Blended Rationale: A vote FOR this proposal is warranted. Incorporating climate-related performance measures as a broader component of senior executive pay setting decision-making would serve to incentivize executives to ensure that company performance on environmental, social and sustainability considerations, alongside financial factors, is appropriately aligned with management's interests, the firm's stated commitments to climate and sustainability, and long-term corporate strategy.*

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee has demonstrated only limited responsiveness to the 2021 low vote result, as disclosure of shareholder feedback is vague and it is not clear that compensation program changes have sufficiently addressed investor concerns driving the low vote result. In addition, pay-for-performance concerns are exacerbated by the adoption of a compensation prepayment program under which certain outstanding awards were accelerated. Incentive awards for 2022 were prepaid in 2021 and are only 40 percent tied to annual performance conditions.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee granted another front-loaded equity award to the CEO that, while conditioned upon achievement of stock price hurdles, is excessive even when annualized over the four years the award is intended to cover. The company has a history of periodic grants of excessive equity awards to the CEO, and the CEO's pay magnitude has been noted as a topic of shareholder feedback in the past. In addition, although annual and long-term incentives are sufficiently performance-based, annual LTI awards lack a long-term focus and disclosure of certain annual and LTI performance targets is lacking.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. NEOs received sizable one-time option awards in FY21 in addition to their regular annual LTI awards. While the options maintain performance vesting conditions, the magnitude of the grants is excessive, particularly for the CEO at approximately \$200 million. The CEO's regular incentive opportunities were also increased in FY21, further compounding pay magnitude concerns. In addition, while the annual and long-term incentives are primarily performance-based for FY21, certain concerns remain regarding the lack of disclosure of performance metric achievement and the continued over-reliance on a single performance measurement period for both programs. Further, while the company provided disclosure about the rationale, the continued use of primarily one-year performance periods under the LTI program is concerning, particularly as shareholders have expressed a desire for long-term performance metrics under the program and a new three-year relative TSR metric only applies to a fraction of the annual LTI awards.</i></p>

*Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor); - The plan contains an evergreen feature (overriding factor); - The plan cost is excessive; - The estimated duration of available and proposed shares exceeds six years; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.*
