3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee adequately responded to relatively low support for last year's say-on-pay proposal by improving disclosure and increasing the proportion of the CEO's long-term incentives tied to performance, there are ongoing pay program concerns that have resulted in an unmitigated pay-for-performance misalignment for the year in review. In particular, the long-term incentive program lacks performance conditions for most NEOs, and performance shares granted to the CEO and one other NEO under the long-term incentive program represent only a small fraction of their awards and utilize the same metrics and goals as the annual incentive program.</i>

3	Approve Omnibus Stock Plan	For	Against

*Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits repricing, exchange of grants, and cash buyout without shareholder approval (overriding factor). - The equity program is estimated to be excessively dilutive (overriding factor). - The plan cost is excessive. - The estimated duration of available and proposed shares exceeds six years. - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary). - The plan allows broad discretion to accelerate vesting.*

*Blended Rationale: A vote AGAINST this proposal is warranted. While pay and performance were reasonably aligned for the year in review, the compensation committee did not demonstrate sufficient responsiveness to last year's low say-on-pay vote. Although the proxy describes meetings with shareholders, cites their feedback, and made positive changes to the 2022 pay program, the committee did not disclose a robust commitment not to repeat an action that investors found concerning. Separately, shareholders are advised to monitor goal disclosure, which needs improvement.*

1a	Elect Director Vijaya Gadde	For	Withhold
<i>Blended Rationale: A WITHHOLD vote is warranted for incumbent compensation committee member Vijaya Gadde in light of the committee's limited response to last year's failed say-on-pay vote result. A WITHHOLD vote is further warranted for Gadde given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>			
1b	Elect Director Myrtle Potter	For	For
2	Ratify Ernst & Young LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. After receiving less than majority support for the 2021 say-on-pay proposal, the company engaged with shareholders and vaguely disclosed their feedback in the proxy statement. While the company has disclosed some changes in response to the low vote support, it is not clear that the changes are sufficient to address the shareholder concerns underlying the vote result. In addition, pay-for-performance concerns are exacerbated by NEO equity awards that were majority or entirely time-based, and a large discretionary cash sign-on bonus for one NEO.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. CEO pay was again elevated for the year in review, and equity grant values increased year-over-year. Long-term incentives remain entirely delivered as time-vesting options, which do not require the achievement of performance criteria in order to vest. The company also benchmarks long-term incentive values at the 75th percentile of the peer group, a practice which is generally disfavored by investors and which can lead to increased compensation without requiring a link to performance. Further, annual incentives were earned above target based on the committee's subjective assessment of performance, with limited disclosure of specific targets and achievements considered.</i>

1.1	Elect Director Marcelo Claire	For	Withhold

Michael (Mike) Sievert, Marcelo Claire, Christian Illek, Raphael Kubler, Thorsten Langheim, Dominique Leroy, and Omar Tazi for failing to establish a board on which a majority of the directors are independent directors. WITHHOLD votes are warranted for Marcelo Claire, Christian Illek, Raphael Kubler, and Dominique Leroy for serving as non-independent members of key board committees. Significant risks to shareholders stemming from moderate to severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against, manage and mitigate material environmental, social and governance risks. In addition, the company does not have any public reports or information on its website about its sustainability strategy or communications regarding its environmental and social performance. WITHHOLD votes for board chair Timotheus (Tim) Hoettges are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

It is also noted that the delayed bonuses for 2020/21 were voluntarily forgone. However, the concern with bonus payment against the background of significant government assistance remains. WITHHOLD votes are also warranted for incumbent directors John Houston, Linda Bain, and Laurie Smaldone Alsup for the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the annual incentive is based on pre-set goals, objectives are described in primarily qualitative terms with limited disclosure of achieved results. Further, the committee retains an unclear degree of discretion to adjust bonus awards which it appears to have utilized to raise payouts above target for this year's awards. Although stock options for clinical-stage biopharmaceutical companies may be considered more performance-conditioned compared to other industries, many investors may expect the company to grant a portion of awards in performance shares given both that the company has reported positive revenue for several years and the CEO continues to receive awards of increasingly significant magnitude entirely in time-vesting stock options.</i>

1a	Elect Director Bom Kim	For	Against

*Blended Rationale: A vote AGAINST incumbent director nominees Bom Kim, Neil Mehta, Benjamin Sun, Kevin Warsh, and Harry You is warranted because the company went public with a dual-class capital structure with unequal voting rights, and it is not subject to a time-based sunset. A vote AGAINST director nominee Harry You is also warranted for serving as a director on more than five public company boards. A vote AGAINST Neil Mehta is further warranted for failing to attend at least 75 percent of his total board and committee meetings held during the fiscal year under review without disclosing the reason for the absences. A vote AGAINST nominating committee chair Kevin Warsh is additionally warranted for lack of diversity on the board.*

<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - A newly appointed executive received a cash compensation payment under the LTIP without an accompanying and compelling justification. - One executive received vested LTI awards in the amount of EUR 11.2 million during the year, considering the absence of a maximum compensation cap, which can be considered high in the context of market practice. - No meaningful information is provided regarding the average remuneration of employees of the company in a manner which permits comparison with directors' remuneration.</i></p>

3	Approve Non-Financial Information Statement	For	For
	<i>Blended Rationale: A vote FOR this item is warranted due to a lack of specific concern about the non-financial information reported by the company.</i>		
4	Approve Discharge of Board	For	For
	<i>Blended Rationale: A vote FOR this resolution is warranted as there is no evidence that the board or the management have not fulfilled their fiduciary duties during fiscal year under review. However, the legal investigation on the incumbent chair/CEO and former company officers in relation to the company's receiving allegedly illegal services from Cenyt and its impacts on the company's reputation and business is a cause for concern.</i>		
5	Renew Appointment of KPMG Auditores as Auditor	For	For
	<i>Blended Rationale: A vote FOR is warranted because there are no concerns regarding this proposal.</i>		
6	Amend Preamble and Article 7 Re: Company's Purpose, Values and Social Dividend	For	For
	<i>Blended Rationale: A vote FOR these items is warranted, as the proposed amendments to the company's articles of association and general meeting regulations prove uncontroversial.</i>		
7	Amend Article 16 Re: Engagement Dividend	For	For
	<i>Blended Rationale: A vote FOR these items is warranted, as the proposed amendments to the company's articles of association and general meeting regulations prove uncontroversial.</i>		
8	Amend Article 11 of General Meeting Regulations Re: Engagement Dividend	For	For
	<i>Blended Rationale: A vote FOR these items is warranted, as the proposed amendments to the company's articles of association and general meeting regulations prove uncontroversial.</i>		
9	Approve Engagement Dividend	For	For
	<i>Blended Rationale: A vote FOR this item is warranted, as the proposal to pay out an "engagement dividend" to all shareholders, subject to certain conditions, brings the company in line with the principle of "one share – one vote – one dividend".</i>		
10	Approve Allocation of Income and Dividends	For	For
	<i>Blended Rationale: A vote FOR this income allocation proposal is warranted due to a lack of controversy surrounding the proposed dividend.</i>		
11	Approve Scrip Dividends	For	For
	<i>Blended Rationale: A vote FOR this item is warranted because the proposed scrip dividends have a cash option attached while it does not jeopardize the company's financial position.</i>		
12	Approve Scrip Dividends	For	For
	<i>Blended Rationale: A vote FOR this item is warranted because the proposed scrip dividends have a cash option attached while it does not jeopardize the company's financial position.</i>		
13	Approve Reduction in Share Capital via Amortization of Treasury Shares	For	For
	<i>Blended Rationale: A vote FOR the proposed capital reduction and ratification of share repurchase program is warranted in the absence of concerns over the terms of the transactions and because it allows the company to mitigate the dilutive effect of scrip dividends on earnings per share.</i>		
14	Advisory Vote on Remuneration Report	For	For
	<i>Blended Rationale: A vote FOR this item is warranted, although this is not without the following concerns: * This year's chair/CEO remuneration of EUR 13.20 million, the highest in the marketplace, stands relatively high in comparison with domestic and European industry peers. * Martinez Corcoles stepped down as executive director in November 2021, but the board approved his continued participation in the 2020-2022 LTIP. * The severance indemnity of EUR 374,000 to I-NED Walfredo Fernandez, who left the company in August 2021 following his appointment as Under Secretary of State in the Biden administration, is unusual in this market. The main reasons for support are: * Executive pay has so far been fairly aligned with company performance and shareholder experience. * Martinez Corcoles did not receive any severance payment upon termination of his executive contract.</i>

17	Ratify Appointment of and Elect Isabel Garcia Tejerina as Director	For	For
	<i>Blended Rationale: A vote FOR Items 15-17 is warranted due to lack of concerns about the independent director nominees.</i>		
18	Fix Number of Directors at 14	For	For
	<i>Blended Rationale: A vote FOR this resolution is warranted as the proposed board size would remain within the 15-director limit as per local code of best practice.</i>		
19	Authorize Share Repurchase Program	For	For
	<i>Blended Rationale: A vote FOR the share repurchase mandate is warranted as the volume and duration provisions are within recommended limits and there are no concerns over the company's use of past mandates.</i>

10	Re-elect Gill Whitehead as Director	For	For
11	Re-elect Stephen Davidson as Director	For	Against
	<i>Blended Rationale: A vote AGAINST this Director is considered warranted because: - Stephen Davidson was the Remuneration Committee Chair during FY2021. Though he has stepped down as Committee chair due to significant shareholder dissent, he remains a member of the Committee after the AGM. Recurring concerns have been identified around the Company's approach to executive pay: besides the implementation of the Equity Revitalisation Plan, material concerns are raised in relation to the in-flight LTIP awards and the STIP during the year under review.</i>

12	Re-elect David Flaschen as Director	For	For
13	Accept Financial Statements and Statutory Reports	For	For
14	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST this item is warranted: - The STIP outcomes have been dependent on largely qualitative measures, making payouts difficult to justify; and - As with the previous year, the performance measures of the in-flight LTIP awards were amended. In so doing, the nil payout under the EPS measure was salvaged by the new cash flow and cash conversion metrics which paid out at maximum.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1a	Elect Director Frank J. Del Rio	For	For
1b	Elect Director Harry C. Curtis	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee has demonstrated only a limited degree of responsiveness to shareholders' concerns following a failed say-on-pay vote last year. While the committee made certain positive changes, shareholders may have expected an affirmative commitment to not repeat incentive program adjustments and one-time awards in connection with the impacts of the ongoing pandemic. In addition, although the CEO's pay declined year-over-year given that he did not receive any one-time awards or payouts, his total pay remained relatively high. Some shareholders may object to the company's continued comparing of pay to peers that reflect the company's pre-pandemic economic situation and not the current reality of severe negative impacts to the company's financial and operational performance as well as share price. The CEO's elevated pay level is not substantiated by long-term share price or financial performance.</i>

*Blended Rationale: Following last year's failed say-on-pay vote, the committee demonstrated adequate responsiveness to shareholder concerns. However, although disclosed changes to next year's compensation program eliminate metric overlap in the incentive programs, concerns remain regarding the vesting structure for PSUs. FY22 awards are earned over a single annual performance period with a third of awarded shares vesting immediately, and changes for next year's awards continue to allow for annual payouts of fully vested shares, undermining the long-term nature of the program. Further concerns are raised by the structure and magnitude of new hire cash and equity awards granted to two NEOs, rendering them the highest and third-most highly compensated executives in the company for FY22. These awards include significant make-whole awards, paid in cash and subject to only limited repayment requirements, in addition to relatively large equity awards. Investors may question the necessity of paying multiple executives at the level of a CEO. Accordingly, a vote AGAINST this proposal is warranted.*

4	Approve Omnibus Stock Plan	For	Against
---	----------------------------	-----	---------

*Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan cost is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); and - The plan allows broad discretion to accelerate vesting.*

4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. There are continuing concerns regarding lack of key disclosures under the STI program. Concerns also continue to be raised regarding the magnitude of the Advisor's equity awards, and the lack of a disclosed sustainment period attached to the market capitalization vesting requirement. In addition, the CEO's employment provides him with a large cash bonus opportunity which, although based on a rigorous market capitalization goal, some shareholders may question given the magnitude of other pay opportunities.</i>		
5	Advisory Vote on Say on Pay Frequency	Three Years	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent directors Mark Alles and Barbara Bodem given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the STI program is tied to the achievement of certain corporate goals, the goals are generally described in qualitative terms, payouts are discretionarily determined, and disclosure regarding performance results under the program is limited. In addition, although the committee introduced performance shares into the LTI program, the large majority of the CEO's sizable equity awards consisted of time-vesting RSUs and stock options. While acknowledging that stock options are considered more strongly performance-based at clinical-stage biopharmaceutical companies, many investors may expect performance shares to comprise a larger portion of the CEO's equity awards, given their magnitude and the fact that the company has reported positive revenue in recent years. In addition, in an 8-K announcing the entry into a merger agreement between the company and Bristol-Myers Squibb Company, the company discloses that the board approved and authorized agreements that provide for the payment of golden parachute excise tax gross-ups for the CEO and certain NEOs in connection with the merger agreement. Golden parachute excise tax gross-ups are not the market norm, and the provision of such gross-ups is considered a problematic pay practice.</i>

While we do not generally support making adjustments to equity grants and note the nature of consecutive adjustments, we also believe that such adjustments are fair for the current period in this case and provide a key rational to retain talent in an environment where the value of shares has also been volatile and has reduced significantly. Furthermore, while the organisation made adjustments the pay-out does not seem egregious and the objectives are in line with our strategic objective of growing the Spatial division of the organisation. We note that the company reduced the maximum pay-out from 200% to 150%. In addition, we note that there are shareholding requirements in place for the Board and executive team. We will continue to engage with the company over the course of the year.</i>

1.1	Elect Director Elena Gomez	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent director nominees Mark Mader, Elena Gomez, and Magdalena Yesil given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>

2	Ratify Deloitte & Touche LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: While the STI pool was funded based on objective metrics, the proxy could improve disclosure around the factors that determine individual NEO award allocations. Larger concerns are raised regarding the company's equity award practices. Specifically, the CEO's LTI value was relatively large, even after accounting for the impact of a change in grant timing, and the entirety of long-term incentives lacked performance vesting criteria. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. 	<i>Blended Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned for the year in review. Annual incentives are linked to pre-set financial metrics and long-term incentives are primarily performance-based. The LTI will revert back to a multi-year performance period in FY22 after temporarily setting a one-year performance period in FY21. As such, the proposed policy suggests that the board is not responsive to minority concerns.</i></p>			
4	Advisory Vote on Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted because: - The chair/CEO's 2021 total pay representing 5.3x the median of sector peers is deemed excessive. - The company contribution to the executive directors' pension scheme of 100 percent of salary are also deemed excessive. - The chair/CEO received a bonus of nearly 400 percent of base salary and the board has not disclosed any performance outcome information. 6a	Discuss Remuneration of Management Board and Supervisory Board		
6b	Amend Remuneration Policy for Management Board	For	Against
	<i>Blended Rationale: A vote AGAINST Item 6b is warranted because: - There is a lack of disclosure on the performance based remuneration (i.e. award levels, concrete performance criteria and vesting conditions); - Exceptional bonuses may be granted to the executives while such discretionary grants are outside the framework of the current remuneration policy which should already aim to reward and motivate executives; - The company has not provided a remuneration report which is a requirement set by Dutch Law. Without such report, it is not possible to assess the pay for performance alignment and the implementation of the company's remuneration policy. - The policy lacks some mechanism to avoid risks for failure such as notice periods. - The policy includes a single-triggered change-of-control clause fully accelerating the equity awards which would otherwise vest over the vesting period. - The policy includes a derogation clause which does not clearly define and limit any elements (e.g., base salary, STI, LTI, etc.) and extent (e.g., caps, weightings, etc.) to which derogations may apply.</i>		
6c	Amend Remuneration Policy for Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST Item 6c is warranted because non-executive directors would receive performance-based compensation, and participation in equity-based incentive plans could impair their independence and might encourage risk taking in an organ whose main task is supervisory.</i>		
7	Reelect Bernhard Ehmer to Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST the election of Bernhard Ehmer is warranted because the board is insufficiently diverse and he is an incumbent member of the nominating committee (albeit only since March 2022 following the merger of the remuneration committee and nomination committee). Furthermore, we raise concerns to the reelection of Bernhard Ehmer as member of the remuneration committee while the company does not provide a say-on-pay vote regarding the remuneration report.</i>

	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The total pay quantum, considering the remuneration from both the holding company (Bajaj Holdings &amp; Investment Ltd) and its associate (Bajaj Finserv Ltd) is deemed aggressively positioned against industry peers, given the company's size, scale and operation. - The proposed pay structure is open-ended, as the company has stated that he may be given any other allowances, perquisites, benefits and facilities as the Board of Directors from time to time may decide, which could lead to discretionary payouts.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The executive pay program lacks a strong connection to objective performance criteria. Annual bonuses were guided by performance assessments, but ultimately determined by committee discretion. Further, equity awards were entirely time-based. These concerns underscore a pay-for-performance misalignment.</i>			
4	Approve Omnibus Stock Plan	For	Against
<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor); - The plan cost is excessive; - The estimated duration of available and proposed shares exceeds six years; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i>

*Blended Rationale: Following last year's failed say-on-pay vote, the committee demonstrated adequate responsiveness to shareholder concerns. However, although disclosed changes to next year's compensation program will reduce the magnitude of LTI award values and increase the proportion of performance-based equity, significant concerns remain, particularly regarding the long-term incentive program. Neither forward-looking goals for PSU metrics nor performance results and vesting of closing-cycle awards are disclosed, precluding investor assessment of the link between pay and performance for equity awards of significant magnitude. Further, multiple NEOs received total compensation that was greater than total peer median CEO pay and, despite reductions to the value of FY22 LTI awards, one NEO will continue to receive total compensation equal to that of the CEO; investors may question the necessity of paying multiple executives at the level of a CEO. Accordingly, a vote AGAINST this proposal is warranted.*

<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The Committee exercised its discretion to determine that the departing CFO's 2021 bonus would be based on an equal weighting of Company (financial) measures and personal measures (which also include personal financial performance). However, the Company has neither disclosed the strategic KPI or the personal financial performance which were applicable to the departing CFO as part of his annual bonus framework, nor has the level of achievement under these elements been provided. Given that these elements together represent 50% of the total bonus opportunity, an absolute lack of disclosure of these measures, raise material concerns on the appropriateness of the bonus outcome for the departing CFO.</i>

<p><i>Blended Rationale: A vote AGAINST this remuneration report is warranted because: - The level of disclosure surrounding the achievement of the bonus performance criteria is limited; - The 2021 LTIPs grant exceeds the cap voted in the policy with no explanation; - The performance targets attached to the granted LTIPs are not disclosed; - The LTIPs granted in 2021 are not subject to a presence condition; - The adjustment proposed under the 2018 and 2019 LTI plans decided by the board would erase entirely the effects of the Covid-19 crisis on these two years and enable a total acquisition of the performance shares and options under the 2018 plans. The long-term remuneration under these plans would therefore be in disconnection with the company's performance and shareholders' interests.</i></p>

At the same time we consider there is a need for the company, given its market capitalisation, to use a more international audit firm, such as one of the big four, to conduct the independent audit. We will continue to engage on this matter.</i>

## CrowdStrike Holdings, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
	<p><i>Blended Rationale: WITHHOLD votes are warranted for director nominees George Kurtz, Cary Davis, and Laura Schumacher given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, supermajority and "pop-up" supermajority vote requirements to enact certain changes to the governing documents, and the classified board, each of which adversely impacts shareholder rights. In addition, a WITHHOLD vote is warranted for compensation committee member Cary Davis given an unmitigated pay-for-performance misalignment. The CEO and CFO received special equity awards that, while performance-conditioned, were excessive. Further concerns exist with respect to the magnitude of NEOs' annual LTI awards, the structure of annual LTI grants, and a lack of disclosure surrounding annual bonuses.</i></p>

	<i>Blended Rationale: A vote for this item is warranted. 	<p><i>Blended Rationale: Votes FOR Natalia Pashkevich and Andrei Sharonov (Items 4.7 and 4.20) are warranted because: - These nominees can be classified as independent, making them the most likely of all the candidates to act in all shareholders' interest. - Given the significant competition for the board seats and limited historical participation of free float in the directors' elections, it may be in the interests of the minority shareholders to tactically focus the votes on the limited pool of most suitable independent candidates. - Unlike other independent nominees, Natalia Pashkevich and Andrei Sharonov have the public board experience, and as incumbent nominees are best suited to ensure the continuation of the board. - Natalia Pashkevich is nominated by a minority shareholder, and Andrei Sharonov is endorsed for the election by API. Although the compensation committee demonstrated adequate responsiveness to last year's relatively low support for the say-on-pay proposal by changing the LTI award mix to entirely performance-based options, an unmitigated pay-for-performance concern exists for the year under review. While the performance options contain several positive features, the magnitude of the target option grant values for all NEOs is outsized and not substantiated by company performance. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST incumbent nominees Hamad Rashid Al Mohammadi, Faisal M. Alsuwaidi, and Aleksandr Novak are warranted for the following reasons: - Given that the board chair, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members, with the exception of new nominees Pedro Aquino Jr., Taieb Belmahdi, Vladimir Litvinenko, Aleksandr Nekipelov and Aleksandr Uss, should be held accountable for poor board and management oversight of ESG risk exposures at the firm. 1	Approve Payment of One-Time Incentive to Sridhar Balakrishnan as Managing Director and Chief Executive Officer	For	Against

*Blended Rationale: A vote AGAINST this resolution is warranted in view of the following: - The special incentive is proposed for retention of key employees, which is linked to the closure of the transaction. Given that closing of such deals is considered to be within the remit of an executive's core duties and responsibilities, the rationale behind the proposed incentive is not considered to be sufficiently compelling. - The proposal is a deviation from standard market practice where there is a general expectation that effective remuneration planning should make exceptional awards unnecessary.*

## Marks & Spencer Group Plc

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Approve Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST the remuneration report is considered warranted on account of: - Former CEO Steve Rowe's notice is set to be served on his last day of employment with the Company on 5 July 2022. However, in line with best practice, his formal notice should have commenced on 10 March 2022, when his departure was formally announced to the market. This has given rise to a "notice of notice" scenario. Concerns have also been noted – but are not being highlighted as contributory factors towards the adverse vote recommendation – that the Remuneration Committee applied discretion in granting Steve Rowe a bonus in FY2021/22, despite being under notice before the bonus payment date. Also, the salary positioning for CEO Stuart Machin and Co-CEO Katie Bickerstaffe, has been highlighted as a matter of concern, given that i) the directors effectively share the leadership role, and ii) the salary levels do not appear to appropriately acknowledge the decline in the Company's market capitalisation in recent years.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST this resolution is considered warranted: - The annual bonus outcomes are not considered to be aligned with Company performance or shareholder experience. - While the increase in the EDs' salaries is consistent with that of the wider workforce at 2.5%, it is questioned whether this is appropriate given Company performance and the EDs' current salary positioning which is high relative to peers in the FTSE SmallCap index.</i></p>			
3	Approve Remuneration Policy	For	For
<p><i>Blended Rationale: We consider that a vote in favour of this item is cautiously warranted. We do not generally support long term incentive plans that are 100% related to forward share price performance, due to the potential for upward market movements or takeover activity that is unrelated to management performance. Additional concerns are raised in this case due to the increase in base salaries, particularly for the CFO with effect from 1 January 2021 from an already high base, and the way bonuses have paid out despite poor in-year performance, and for that reason we have voted against both the Remuneration Report and the Chair of the Remuneration committee. However, in this case we consider that the share price range in the STP has sufficient stretch to make it supportable. We will continue to monitor and engage over the life of the plan.</i></p>

We do not generally support long term incentive plans that are 100% related to forward share price performance, due to the potential for upward market movements or takeover activity that is unrelated to management performance. Additional concerns are raised in this case due to the increase in base salaries, particularly for the CFO with effect from 1 January 2021 from an already high base, and the way bonuses have paid out despite poor in-year performance, and for that reason we have voted against both the Remuneration Report and the Chair of the Remuneration committee. However, in this case we consider that the share price range in the STP has sufficient stretch to make it supportable. We will continue to monitor and engage over the life of the plan.</i></p>

<i>Blended Rationale: WITHHOLD votes are warranted for incumbent board chair R.J. Pittman for lack of diversity on the board. WITHHOLD votes are warranted for incumbent directors R.J. Pittman and Peter Hebert due to the following reasons: * Given the board's failure to remove, or subject to a sunset requirement, the classified board and the supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights; and * In the absence of a say-on-pay proposal and compensation committee members on ballot, due to a pay-for-performance misalignment. The NEOs received outsized equity awards which are purely time-based. In addition, the company provided limited disclosure on the goals used in determining annual bonuses, which is particularly concerning given that bonuses paid out above target.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee demonstrated only limited responsiveness to last year's failed say-on-pay vote. While certain prior shareholder concerns were addressed, it was unclear if the committee met with investors following the failed vote and certain concerns, including pay magnitude, appear to remain unmitigated. Further, the committee granted multiple NEOs significant option awards, resulting in the former executive chairman being compensated well above that of the CEO. While the committee introduced changes to option grants, concerns remain regarding overlapping metrics, mid-cycle adjustments, and the magnitude of NEO equity awards.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. The CEO and president each received sizable promotion awards in connection with their internal promotions. Although the awards are entirely performance-based, some investors may question the awards, particularly given that the NEOs also received "top-up" grants in connection with their promotions. In addition, a sizable retention grant of RSUs to one NEO lacks performance conditions. Additional concerns exist with respect to the design of the annual and long-term incentive programs. A significant portion of annual bonuses are tied to subjective individual performance considerations and the committee relies on negative discretion to reduce payouts under the individual performance component from a maximum level. Further, PSUs under the LTI program are primarily earned based on annual measurement periods.*

Significant year on year increases to base pay, coupled with significant increases to total compensation are generally not welcomed. However, last year we considered that in this case, where the company performance has been positive over the longer term, pay was not misaligned with performance and a genuine gap to peers made the new structure supportable. This year we are again supportive, though not without concerns about the transition of the CFO-designate to the full pay of the previous CEO who had 16 years' experience. Now that pay is considered to be aligned with peers, we will also continue to engage with the company to ensure that further increases are not made to compensation outside what is awarded to the broader employee population and that execution of the pay policy avoids further shareholder protest.</i></p>

## JD Sports Fashion Plc

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - The CFO increased a 32.4% salary. The increased salary is not excessive for a company of this size, and so would not, by itself, trigger an adverse vote recommendation. However, the critical consideration is that it amplifies a bonus that is all cash-satisfied, and an LTIP that is partly paid in cash. Therefore, the effect is to increase the cash element of a package that is already heavily weighted toward cash, with implications for risk profile and for the efficacy of malus and clawback functions. - Bonus outcome was reduced from 100% of 90% of opportunity to reflect corporate governance issues. Given the reputational issues posed by the Company's interactions with the CMA, and recent disclosures on its communications with the FCA, it is questionable whether this discretion went far enough. It should be noted that we do not consider responsibility for remuneration concerns to lie with the current remuneration committee, every member of which is new, including the interim committee chair. Long-standing concerns with pay will be revisited next year. At that stage, shareholders may expect to see significant movement towards a pay offering more in line with market standards, and with less cash emphasis. Shareholders will be interested in knowing whether existing and emerging governance and regulatory concerns have translated into pay outcomes.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, with caution. While annual and long-term incentives were predominantly performance-based, with disclosure of pre-set, quantitative performance targets, investors would benefit from additional disclosure regarding threshold and maximum goals in the STI program. Further, while CEO pay increased significantly year-over-year, a large portion of the change was related to an increase in pension value to the departing CEO, and all pay elements for the incoming CEO are expected to be lower. Nevertheless, investors are advised to closely monitor pay levels following the early FY22 CEO transition.</i>		
4	Approve Remuneration Report	For	For
	<i>Blended Rationale: As the company is reporting as a U.S. domestic issuer and given that the focus of this proposal is on top executive pay, the recommendation for this proposal is aligned with the U.S. say-on-pay analysis in Item 3. Accordingly, a vote FOR this proposal is warranted, with caution.</i>

*Blended Rationale: A vote AGAINST this resolution is warranted in view of the following concerns in the executive's remuneration: - The board has not specified the exact quantum of performance based incentives which the director will be entitled to receive. Further, the performance metrics/criteria on which such incentive would be based have not been disclosed. - The overall remuneration structure is open ended, as the board has discretion to increase Vinay Prakash's remuneration by way of bonus/ incentive/ performance linked incentive, without taking shareholder approval. This may lead to discretionary payouts. - His estimated pay is deemed to be significantly high compared to industry standards.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists for the year under review and mitigating factors could not be identified. Although annual and long-term incentives are sufficiently tied to objective performance metrics, concern is raised regarding the CEO's relatively high target LTI value, which has increased incrementally over the past several years as the company's TSR has lagged comparators. In addition, one NEO received a retention grant in FY22 that lacks any performance conditions.*

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
2	Approve Allocation of Income and Dividends	For	For
3	Elect Directors	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted because: - The proposed board's level of independence fails to meet the expectations of institutional investors; and - The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee.</i></p>			
4	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<p><i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i></p> <p>If Voting FOR on Item 5, Votes Are Distributed in Equal % Amongst Nominees voted FOR. If You Vote AGST, Contact Your Client Service Rep to Unequally Allocate % of Votes. If You Vote ABST, You Will Not Participate in Cumulative Voting.</p>			
5	In Case Cumulative Voting Is Adopted, Do You Wish to Equally Distribute Your Votes Amongst the Nominees below?	None	Abstain
<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. ABSTAIN vote recommendations are warranted for Items 5, 6.1-6.7 and 10 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i></p>			
6.1	Percentage of Votes to Be Assigned - Elect Mauricio Krug Ometto as Board Chairman	None	Abstain

6.5	Percentage of Votes to Be Assigned - Elect Murilo Cesar Lemos Dos Santos Passos as Independent Director	None	Abstain

6.7	Percentage of Votes to Be Assigned - Elect Olga Stankevicius Colpo as Director	None	Abstain

ABSTAIN vote recommendations are warranted for Items 5, 6.1-6.7 and 10 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i></p>			
7	As an Ordinary Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<p><i>Blended Rationale: An ABSTAIN vote for this item is warranted because lack of timely disclosure of an independent minority ordinary shareholder board nominee prevents institutional shareholders voting by proxy from making an informed voting decision.</i></p>			
8	Elect Murilo Cesar Lemos Dos Santos Passos as Independent Director Appointed by Minority Shareholder	None	Against
<p><i>Blended Rationale: The company-classified independent director has been reclassified as non-independent in accordance with Sustainability Advisory Services policy for having a tenure equal to or exceeding 12 years. Given the lack of overall board independence, a vote AGAINST the non-independent minority nominee is recommended at this time.</i></p>			
9	In Case Neither Class of Shares Reaches the Minimum Quorum Required by the Brazilian Corporate Law to Elect a Board Representative in Separate Elections, Would You Like to Use Your Votes to Elect the Candidate with More Votes to Represent Both Classes?	None	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted because the combination of two classes of shares for the purposes of establishing a separate election for a minority board representative increases the likelihood of having minority representation at the board level.</i></p>			
10	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<p><i>Blended Rationale: Under these items, the company presents shareholders with the option to request cumulative voting for the election of directors under the terms of Article 141 of the Brazilian Corporate Law, in accordance with the rules of the remote voting card issued by the Brazilian Securities Regulator (CVM), and mandatory for all publicly-traded Brazilian companies. Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
11	Elect Fiscal Council Members	For	Abstain
	<i>Blended Rationale: An ABSTAIN vote recommendation is warranted for the management's fiscal council nominees, to allow minority shareholders to concentrate their votes on the election of a minority fiscal council candidate as further discussed under Item 14 of this meeting agenda.</i>		
12	In Case One of the Nominees Leaves the Fiscal Council Slate Due to a Separate Minority Election, as Allowed Under Articles 161 and 240 of the Brazilian Corporate Law, May Your Votes Still Be Counted for the Proposed Slate?	None	Against
	<i>Blended Rationale: A vote AGAINST this request is warranted because lack of timely disclosure prevents international institutional investors from making an informed voting decision.</i>		
13	As an Ordinary Shareholder, Would You Like to Request a Separate Election of a Member of the Fiscal Council, Under the Terms of Article 161 of the Brazilian Corporate Law?	None	For
	<i>Blended Rationale: A vote FOR this item is warranted because: - The company has disclosed minority nominees for the separate minority fiscal council election; and - The election of a minority representative to the fiscal council would potentially improve the company's governance and oversight.</i>		
14.1	Elect Maria Elvira Lopes Gimenez as Fiscal Council Member and Massao Fabio Oya as Alternate Appointed by Minority Shareholder	None	For
	<i>Blended Rationale: Minority shareholders have presented competing nominees for the single fiscal council seat (and alternate) reserved for ordinary minority shareholders. While all candidates appear to be well-qualified, support FOR the election of Maria Elvira Lopes Gimenez and alternate Massao Fabio Oya (Item 14.1) is warranted given that the candidates would bring greater experience and expertise serving on fiscal councils of publicly traded companies. As minority shareholders can only elect a single fiscal council nominee and alternate, an ABSTAIN vote is recommended for Item 14.2. This recommendation, however, should not be interpreted as a negative assessment of the experience or qualifications of the competing minority nominee Paulo Nobrega Frade and alternate Rafael Alves Rodrigues. Institutional shareholders should provide explicit voting instructions if they seek to elect a specific candidate.</i>		
14.2	Elect Paulo Nobrega Frade as Fiscal Council Member and Rafael Alves Rodrigues as Alternate Appointed by Minority Shareholder	None	Abstain

15	Approve Remuneration of Company's Management and Fiscal Council	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted because the figure reported by the company for the total compensation of its highest-paid administrator does not appear inclusive of all elements of the executive's pay.</i>		
16	In the Event of a Second Call, the Voting Instructions Contained in this Remote Voting Card May Also be Considered for the Second Call?	None	For

3	Advisory Vote on Executive Compensation Approach	For	For
	<i>Blended Rationale: Vote FOR this non-binding advisory vote on executive compensation. 2022 marks the first year the company holds a management say on pay vote. The quantitative pay-for-performance screen has identified a high concern, driven by the company's multiple of peer group median (MOM). Over a three-year timeframe, the company's TSR outperformed all three benchmark groups. However, while the company's revenue has increased remarkably, its TSR significantly underperformed its 4-digit GICS peers, self-disclosed peers and the Composite Index on a one-year basis. Jean Paul Chauvet was appointed as the new CEO near the end of fiscal 2022, succeeding the former CEO Dax Dasilva, who now serves as the executive chair. The over 1800 percent year-over-year increase in Chauvet's compensation is primarily attributed to his one-time Performance Award. The award was granted in the form of performance-based options with pre-determined absolute and relative targets over a five-year performance period, which partially mitigates the concerns over such a substantial upfront grant. Moreover, the company indicated that Chauvet will not be eligible for an additional equity award until at least calendar year 2025. As such, the annualized grant date value of his equity awards over three years would be US\$7,132,612, which brings his total compensation in line with the company's performance compared to its peers. In light of the above, overall, the company has demonstrated adequate stewardship of investors' interests regarding executive compensation.</i>

1.1	Elect Director Ira Ehrenpreis	For	Against
	<i>Blended Rationale: Votes AGAINST Ira Ehrenpreis and Kathleen Wilson-Thompson are warranted, in lieu of any audit committee member on ballot, given continuing concerns about the board's risk oversight in light of the pledging of a significant amount of the company's stock by certain directors. Votes AGAINST Ira Ehrenpreis and Kathleen Wilson-Thompson are further warranted, in their capacity as members of the Nominating and Corporate Governance Committee, given the board's insufficient responsiveness to a majority-supported shareholder proposal. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST Ira Ehrenpreis and Kathleen Wilson-Thompson are warranted for the following reasons: * Given that board chair, Robyn Denholm, who shoulders the greatest responsibility amongst the board members for failing to effectively supervise the management of risks to the company and its shareholders is not up for election at this year's annual meeting, all board members should be held accountable for poor board and management oversight of ESG risk exposures at the firm.</i>

2	Reduce Director Terms from Three to Two Years	For	For

4	Increase Authorized Common Stock	For	For
	<i>Blended Rationale: Considering that the increase in authorized common stock is proportionate to the board's proposed 3-for-1 stock split and that the company's share price has increased significantly in the past two years, a vote FOR this proposal is warranted.</i>

*Blended Rationale: A vote AGAINST this proposal is warranted. After receiving relatively low support for last year's say-on-pay proposal, the compensation committee did not take any meaningful actions to address shareholders' concerns. The company does not make a firm commitment not to grant special awards outside of extraordinary circumstances and no changes have been made to the LTI program since the 2021 say-on-pay vote. In addition, the 2022 proxy statement does not appear to provide any material improvement in disclosure surrounding the annual and long-term incentive metrics. Accordingly, the compensation committee has not sufficiently responded to shareholders' concerns. In addition, pay-for-performance concerns exist for the year under review. Lack of disclosure remains a significant concern with respect to annual and long-term performance metrics, which is magnified given the CEO's relatively high target bonus opportunity and above-target payout. The lack of robust disclosure impedes investors' ability to assess the rigor of incentive pay programs and pay-performance linkage. The committee's discretion to determine payouts within a pre-determined range further diminishes the transparency of the annual incentive program. In addition, the primary metric used for the LTI program continues to be based on a one-year performance period and overlaps with one of the primary metrics under the annual incentive program, raising concerns about the long-term focus of the LTI program and the possibility of duplicative payments for achieving the same goal.*

<i>Blended Rationale: A vote AGAINST this item is warranted because: - The quantum of long-term incentives awarded is high, with a large portion not subject to performance conditions. - The quantum of the overall realized package for FY 2021/2022 is considered excessive (USD 26.8 million) where this is mainly driven by the SAR plan that is not sufficiently transparent and share options which are not tied to performance conditions. - A substantial part of the LTI awards vest before the third anniversary in deviation of best practice recommendations. - Albeit we recognize the company has made a number of efforts to address shareholders concerns as raised at the 2021 AGM, given the level of dissent the changes are not considered to fully address or fully mitigate concerns. We do note that the company announced that as of FY2023, the company will be disclosing the STI targets retrospectively.</i>

<p><i>Blended Rationale: A vote FOR this resolution is warranted, although it is not without concerns for shareholders: - The overall remuneration is deemed to be significantly higher than market peers. - There is lack of sufficient justification behind the timing of this proposal to exceed the regulatory thresholds for remuneration. - There is lack of information on how Prathap C. Reddy's pay is benchmarked against the overall employee salary level (median) in the company. The main reasons for support are: - The overall pay quantum is deemed reasonable given the size and scale of the company's operations and his estimated pay is in line with companies of similar scale of revenue or market capitalization and part of BSE 100 index. - The company will approach shareholders for approval if in any financial year, aggregate remuneration to executive directors is in excess of 5% of the net profits.</i></p>

8	Approve Remuneration Policy	For	Against

*Blended Rationale: Elect Swaminathan Janakiraman as Nominee Director – vote FORWe vote in favour of this resolution as (i) the nominee is 58 years old and his tenure will likely end with retirement/ termination of services at SBI (generally end of 60 years), and (ii) despite SBI being the majority holder with 69% stake, the board is more than 50% independent. We believe that SBI approach to managing directors' tenures as per employment terms and not mentioning nominee tenure has a non-material impact on minority shareholders' rights.*

While some of the concerns of the past that we have raised in our engagement discussions with Richemont such as high discretionary advisory fee for former executives, do not appear to be an issue anymore, there is still the opportunity for further transparency especially regarding the explanation of the level of remuneration compared to the performance of the company. That said, we do note company's performance for FY 2022 was to say the least impressive: with sales up 46%, operating profit up &gt;100%, and net profit up 61%, while net cash increase by 55%, and figures were above pre-pandemic levels. In addition, all existing members were elected by the majority of Class 'A' votes cast as well. Moreover, in recent years the board of director of Richemont has improved markedly: 1) the board nomination committee comprises &gt;50% independent directors; 2) the board of directors benefits from much greater diversity of culture, nationality, skills and gender.</i></p> <p>Management Proposals</p>

*Blended Rationale: A vote AGAINST this resolution is warranted because: - Aman Mehta's proposed remuneration structure is considered open-ended and the board retains discretion to decide his pay outcomes. - Given his limited experience, Aman Mehta's pay quantum (at the upper end of his proposed salary range) is not in line with market practice. Further, his pay level is aggressively positioned when compared with that of industry peers of similar size and scale of operations. - The board independence norms are not met (after Sustainability Advisory Services reclassification) and Aman Mehta is a non-independent director nominee.*

	<i>Blended Rationale: A vote FOR the director nominees is warranted.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: There are significant concerns identified regarding LTI program structure and STI adjustments for the year in review. For FY22, the committee replaced the long-term cash component of the pay program with PSUs. Due to disclosure requirements, total CEO pay includes closing-cycle long-term cash award payouts and PSUs granted in FY22. Although PSUs are based on clearly disclosed multi-year goals that target outperformance, the relatively small weighting of performance-conditioned long-term incentives remains an ongoing concern. The large majority of FY22 LTI awards lack performance-vesting criteria, and the weighting of time-vesting awards was increased in FY22. While the committee committed to increase the weighting of PSUs to 50 percent, the proxy indicates the weighting of PSUs will increase to this percentage "phased in over multiple years." Such vague language makes it difficult to assess the impact of this commitment or the structure of the LTI program going forward. Given that many investors expect at least 50 percent of long-term incentives to carry rigorous performance-vesting criteria, some investors may expect this transition to occur more rapidly. In addition, the committee adjusted the STI performance period from an annual period to two six-month periods at the end of FY22 due to pandemic-related impacts, when threshold goals under the original structure were not achieved. While the committee's decision to not provide the CEO a payout provides some mitigating weight to this decision, the action nevertheless resulted in payouts for other NEOs that would have otherwise been forfeited. Concerns are heightened given the timing of the decision. Given that the surprise element of the pandemic in early 2020 is generally no longer applicable, there is an expectation that companies maintain incentive program structures without the use of significant adjustments once performance has been assessed. In light of the concerns noted above, the quantitative pay-for-performance misalignment is not mitigated and support for this proposal is not warranted.</i>

Although PSUs that replaced long-term cash awards in FY22 are based on clearly disclosed multi-year goals that target outperformance, the majority of LTI awards are time-vesting and the weighting of these awards increased in FY22. While the committee committed to increase the weighting of PSUs to 50 percent, the proxy indicates the weighting of PSUs will increase to this percentage over multiple years, which makes it difficult for investors to assess the impact of this commitment. Additionally concerning are the committee's adjustments to the STI performance period at the end of the fiscal year. Citing pandemic-related impacts, the committee moved from an annual performance period to two six-month periods, after threshold goals were not achieved under the original structure. While the committee's decision to not provide the CEO with a payout provides some mitigating weight to this decision, the action nevertheless resulted in payouts for other NEOs that would have otherwise been forfeited.</i>

	<i>Blended Rationale: We are supportive of this item. While we have reservations around the quantum and also lack of non-TSR operational metrics in the remuneration and Value Creation Plan for the CEO, we think that the CEO Josef Varadi has played an instrumental role in the track record of Wizz, as well as building a culture and strategy at the company which has enabled this success. We also consider that at maximum payout – the greater than 20% CAGR needed to achieve this would, in our view, represent a strong outcome. Even the minimum payout (£20mn) would require a 10% CAGR which is above historical equity market returns of 7-8%.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote on Executive Compensation Approach	For	Against
	<p><i>Blended Rationale: Vote AGAINST the say-on-pay resolution. The quantitative pay-for-performance screen generated a high concern. The high concern has been maintained following further quantitative and qualitative analysis: - The company generated a negative TSR of -21.1 percent on a one-year basis, -1.7 percent on a three-year basis, and +5.3 percent over five years. However, the CEO's total compensation appears to be trending significantly higher, to US\$15.9 million in 2022, US\$21.0 million in 2021 (which included US\$10.6 in one-time equity awards), up from US\$9.8 million in 2020, US\$8.1 million in 2019, and US\$7.1 million in 2018; - The company has underperformed its self-selected peer group on a one-, three-, and five-year timeframe, while the CEO's compensation appears to be consistently above the peer median over the three timeframes; - The CEO's target long-term incentive rose from US\$5.6 million in 2019 to US\$7 million in FY2020 and FY2021 and to US\$10 million in FY2022, which accounts in FY2022 for 1,053 percent of his base salary. The increases are not aligned with the company's negative 1- and 3-year TSR performance; - One STIP performance target (worldwide adjusted operating income) was constantly set below the previous year's actual performance in the last two years, while the CEO's annual incentive payout in FY2022, at 200 percent of the target bonus, increased by 71 percent compared to FY2021 and 61 percent to FY2020; and - Internal pay disparity persists as the CEO's total compensation value is significantly higher than that of the company's other NEOs. In last year's report, Sustainability Advisory Services identified a medium concern, primarily driven by the CEO's significant one-time awards. However, it appears the misalignment between company performance and CEO pay widened. Considering the above reasons, support for this proposal is not warranted.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted, due to longstanding concerns around incentive program target-setting. Compensation for the CEO is primarily paid by the external manager under a management services agreement. Although this arrangement can result in limited pay disclosure, in this case the company provides thorough disclosure of the applicable pay programs. In recent years, there have been goal rigor concerns identified for the company, and a qualitative review of the 2022 annual incentive program renews these concerns. Specifically, the target goal in the STI was set well below the prior year's actual results. While there is proxy disclosure regarding the compensation committee's rationale for lowering its target due to outperformance in FY21 and new challenges for FY22, this disclosure does not substantially mitigate concerns and does not adequately explain why the target was set below pre-pandemic performance levels. This is particularly concerning given that the company has a history of setting goals below the prior year's actual performance, resulting in payouts earned at well-above target or at maximum each year for nearly a decade.</i>

2	Approve Suncorp Group Equity Incentive Plan and Modifications to Performance Rights	None	For
<p><i>Blended Rationale: A qualified vote FOR the SGEIP and the proposed amendments to the FY21 and FY22 LTI awards is warranted as - the terms and conditions of the Plan are broadly in line with market expectation and practice in regard to equity plans, and - the proposed changes to the FY21 and FY22 grants will have a similar outcome to the treatment of executive equity arrangements in large-scale demerger proposals in recent years. Some shareholder concerns remain including the high levels of discretion afforded to the Board in the Plan rules and altering the existing awards may not sufficiently align executive interests with those of shareholders over the longer term.</i></p>

4	Approve Payment of Remuneration to Anil Bhatnagar as Non-Executive Non-Independent Director	For	Against
<p><i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The approval will be valid till perpetuity and shareholders will not get to review the payments in the future.</i></p>			
5	Approve Remuneration of Cost Auditors	For	For
6	Approve Reappointment of Abhay Soi as Chairman and Managing Director	For	For
7	Approve Payment of Remuneration of Abhay Soi as Chairman and Managing Director	For	For
<p><i>Blended Rationale: A vote in favour of this item is warranted. ISS refer to the fact that there is no cap mentioned on Abhay's salary increment every year. However, following further discussion with the company, they have advised that the company has a performance rating grid for senior management and everyone gets uniform increase as per the rating by independent NRC, with increases limited by policy to ~15% annually. This appears to not be unreasonable considering inflation and the fact the CEO salary has not increased for three years. In addition, we consider the CEO's interests to be aligned with minority holders as a 20%+ owner, who has shown a degree of caution recently by sacrificing 50% of remuneration during Covid. We will continue to engage and monitor.</i></p>

10	Approve Max Healthcare Institute Limited - Employee Stock Option Plan 2022 and Grant of Employee Stock Options to the Eligible Employees of the Company	For	For
	<p><i>Blended Rationale: A vote in favour of these items is warranted. ISS recommends voting against these items, as the recipients and terms of vesting etc not mentioned, and the minimum exercise price at 350 is at a discount to current market price. While these concerns are justified, after discussion with the company, we are supportive as INR 350 was the price last month, when the Scheme was being drafted and is at a reasonable discount to incentivise holders. In addition, the Scheme is not highly dilutive (1% over 5 years) and is designed to retain and incentivise 275 key employees including doctors CXOs and other unit / business heads. In addition, the plan offers alignment with minority holders as 40% of the ESOPs to CXOs/Unit heads vest on attaining 20%+ share price CAGR over next 5 years, and with the number and range of participants we accept that it would be difficult to disclose all of the terms for each recipient. We will continue to engage and monitor.</i></p>

12	Approve Revision in Limits of Loans, Guarantees, Securities and/or Investments to Other Body Corporate	For	For
	<p><i>Blended Rationale: A vote in favour of each of these items is warranted. ISS recommends voting AGAINST these items due to increased risk with higher leverage and the fact that the presence of a rolling limit (linked to Net worth) prevents periodical review. However, while these concerns are justified, we consider that a higher limit is required for increased investment in organic growth and acquisitions as per the extant plan, and because Debt Equity ratio with the current approval will be max ~1.2x which is reasonable given asset heavy industry and off balance sheet assets in societies (in network B/S). We will continue to engage and monitor.</i></p>

1.4	Elect Director Walter (Jay) Clayton, III	For	For
1.5	Elect Director Michael Ducey	For	For
1.6	Elect Director Richard Emerson	For	Withhold

*Blended Rationale: In the absence of a say-on-pay proposal, WITHHOLD votes are warranted for compensation committee member Richard Emerson. Certain NEOs received excessive cash carry distributions without a meaningful cap disclosed in the proxy. Further, future entitlements to these distributions were bought out by granting majority time-vesting equity awards of an excessive value even when annualized over the five years they are intended to cover. In addition, there is limited disclosure with respect to cash incentives, and one NEO received a relatively high base salary.*

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For

*Blended Rationale: A vote AGAINST the proposal is warranted. In response to a low say-on-pay vote result, the company engaged with shareholders and disclosed the feedback received in the proxy statement. Although the board took certain positive actions, the changes made to the pay program in response to shareholder feedback and a lack of firm commitments did not fully address shareholder concerns. Though pay and performance are reasonably aligned at this time, continued monitoring of the LTI program is warranted, as a majority of the annual equity grant lacks pre-set performance criteria.*

1	Amend Omnibus Stock Plan	For	Against

*Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits repricing and/or exchange of grants without shareholder approval (overriding factor); - The plan permits cash buyout of awards without shareholder approval (overriding factor); - The plan contains an evergreen feature (overriding factor); - The plan cost is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); and - The plan allows broad discretion to accelerate vesting.*

<i>Blended Rationale: Votes AGAINST incumbent Nominating Committee members Ros O'Shea and Deirdre Somers are warranted for lack of diversity on the board. Concerns are further raised with respect to the re-election of Deirdre Somers because: - Apart from her role as NED of the Company, she also serves in various roles at other investment and public companies, which could compromise her ability to commit sufficient time to her role in the Company. - However, the majority of her external commitments are at investment companies. Taking this factor into account, a degree of flexibility regarding this issue is considered appropriate.</i>

1	Accept Financial Statements and Statutory Reports	For	For
2	Elect Director Cristiana Pereira	For	For
3	Approve Changes in Authorized Share Capital	For	Against
	<i>Blended Rationale: restructure the company share structure. ISS protests this because it dislikes having class A and class B shares with differential voting rights; and of course we agree in principle. B shares have 10x voting and are held mostly by a holdco for the management and employees with 18% of equity but 66% of voting rights. (This is a widely followed and in some degree a necessary structure in Brazil, since the central bank requires all financial institutions to have an identified control group.) In practice the proposed change is pretty minimal, reshaping from 2.06b A shares and 0.94b B shares to 2.00b and 1.00b respectively, and we might consider letting it go on grounds of materiality. But in the same way, management's explanation for such a tinkering is pretty empty. So why support it?</i>		
4	Amend Articles of Association	For	Against
	<i>Blended Rationale: re-write the memorandum and articles of association in line with the change in item 3. If we oppose 3, we should oppose 4 for consistency.</i>

The company plans to finalise its Scope 3 target no later than 2025; however, shareholders may expect Scope 3 targets to be addressed by the company earlier than 2025. - There are no clear short-term targets for Scope 1 &amp; 2. - The company's climate disclosure regarding governance and risk management is only partially aligned with market standards.</i></p>

	<i>Blended Rationale: A vote FOR this proposal to ratify the auditor is warranted.</i>		
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. In response to the prior year's relatively low say-on-pay support, the compensation committee made a commitment to only grant supplemental one-time equity awards in rare circumstances, such as make-whole awards for new hires, and increased the rigor of the long-term incentive awards for FY2023. Additionally, the annual incentive remains based entirely on objective performance metrics, with payouts during the year in review achieved at below target levels, which aligned with performance, while the majority of the annual LTI grant will be in performance-conditioned equity in FY2023.</i>

7	Reduce Ownership Threshold for Shareholders to Call Special Meeting	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted. Although a single shareholder, the current executive chairman, would have the unilateral ability to call a special meeting at the proposed threshold, the company bylaws presently provide him with this ability. A lower ownership threshold to call special meetings is generally in the best interests of shareholders and the risk for abuse at the proposed threshold appears low.</i></p>			
8	Report on Political Contributions	Against	For
<p><i>Blended Rationale: A vote FOR this resolution is warranted, as increased disclosure of the company's direct political contributions and indirect political contributions through all tax-exempt organizations could help shareholders more comprehensively evaluate the company's management of related risks and benefits.</i></p>

In response to a low say-on-pay vote result, the company engaged with shareholders and disclosed the feedback received in the proxy statement. While the committee made certain improvements in disclosure surrounding its rationale for past pay decisions and the current program structure, no changes or firm commitments appear to have been made to address all of shareholders' concerns. In addition, though pay and performance are reasonably aligned at this time, continued monitoring of the pay program structure is warranted, as the LTI program continues to utilize the same performance metrics as the STI. Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Remuneration Report	None	For
	<i>Blended Rationale: A qualified vote FOR the remuneration report is warranted. The company's results benefited from COVID-19 lockdowns and restrictions in FY21 and FY22 and were well ahead of pre-pandemic performance. In FY22, the CEO's STI bonus was materially lower at 23 percent of maximum compared to 97 percent of maximum in FY21. There was no LTI vesting. The qualification is to highlight typical concerns for some shareholders that, - The board exercised discretion to the Group Organic New Store Openings target for the CEO, given the impact of the COVID-19 pandemic. - The poor disclosure of STI targets and outcomes makes it impossible for shareholders to independently assess results and bonuses. - The CEO's FY23 remuneration package is not well aligned with better market practice given a 33 percent increase to fixed remuneration and an additional special acquisition incentive grant of \$750,000 in cash next year.</i>

2.3	Elect Jacqueline Hey as Director	For	For
3.1	Approve Participation of Alan Joyce in the Recovery Retention Plan	For	Against
<i>Blended Rationale: A vote AGAINST the grant of Recovery Retention Plan (RRP) rights to the CEO is warranted. The RRP award replaces the annual STI award and has three key performance goals linked to the company's three-year recovery plan that commenced in FY21. The primary concern for shareholders relates to the adequacy of the performance targets that have been set. The company has indicated they are on track to be achieved ensuring full vesting and this has been confirmed in the company's October 2022 Market Update. Key shareholder concerns include: - The quantum of the award is considered to be high relative to market. - While all of the underlying performance goals must be met for vesting to occur the company has disclosed that each measure is on track to be achieved or exceeded. - The three measures are subject to cliff vesting without any sliding scale (threshold to maximum levels) to align more closely with the degree of performance. - Shareholders are being given a false choice because even if approval is not given the company intends to make cash equivalent award payment rather than equity.</i>			
3.2	Approve Participation of Alan Joyce in the Long-Term Incentive Plan	For	For
4	Approve Remuneration Report	For	Against

*Blended Rationale: A vote AGAINST the remuneration report is warranted. The CEO's remuneration is set well above the market median and has been identified as a high concern for misalignment of pay with underlying company performance over the past three years. The company has decided not to award an STI incentive for FY22 opting to replace it with a Recovery Retention Plan (RRP) award with three key recovery measures. The company has recently disclosed it expects to achieve each of the RRP targets by 30 June 2023, creating concern that the award has insufficiently challenging targets which will provide greater certainty the award will be fully achieved. The LTI structure does not promote strong alignment with shareholder outcomes: - The LTI plan does not include a positive TSR gateway and can therefore lead to vesting outcomes based on relative performance despite shareholder returns being negative. - Seven consecutive years of top quartile performance against the international peer group has resulted in full vesting. Shareholders may question the effectiveness of this measure given the ease with which it is achieved despite several years of negative TSR outcomes. - The Board has continued to defer the decision to convert three years' vesting of the CEO's LTI awards, well beyond the original conversion date. Director remuneration is inconsistent with good corporate governance practices in the local market in relation to the post-employment air travel benefits.*

<p><i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Kenneth (Ken) MacKenzie are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i></p>

## REA Group Ltd

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
4	Approve Grant of Performance Rights to Owen Wilson	For	Against

*Blended Rationale: A vote AGAINST the grant of performance rights to the CEO under LTI Plan 2025 is warranted because: - The specific and quantified targets for the EPS and revenue growth metrics continue to be undisclosed, making it impossible for shareholders to evaluate the rigor of targets; - There is no positive TSR 'gateway' in relation to the relative TSR performance metric, making it possible for awards to vest despite a negative TSR over the performance period; and - The quantum of the CEO's FY23 LTI grant is excessive, being well above the company's peer groups, and is presumed to be a reaction to the removal of excessive vesting practices in the prior year's award.*

2	Elect Daniel Spiegelman as Director	For	For
3	Elect Julia Haller as Director	For	For
4	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the adoption of the remuneration report is warranted given the following: - Payment of STI cash bonuses which appear at odds with the company's financial performance and position; - Ongoing lack of disclosure of specific and quantified STI targets, which hinders shareholders' abilities to assess performance alignment and goal rigor setting; - LTIs' unacceptable vesting period and insufficiently demanding performance hurdles. A significant proportion of the performance rights granted to CEO Megan Baldwin (81.25 percent) is linked to the achievement of key milestones which shareholders may regard as being part of the executives' "day job" and the remaining portion is only linked to continued employment; and - Grant of incentive options to NEDs.</i>

1.13	Elect Director William G. Parrett	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for the incumbent members of the board of directors due to multiple consecutive years of insufficient responsiveness to low say-on-pay vote results. WITHHOLD votes are further warranted from incumbent governance committee members Bruce Chizen, Leon Panetta, William Parrett, and Jeffrey Berg for the substantial pledging activity and significant concerns regarding risk oversight.</i>

	<i>Blended Rationale: WITHHOLD votes are warranted for the incumbent members of the board of directors due to multiple consecutive years of insufficient responsiveness to low say-on-pay vote results.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST the proposal is warranted. Following multiple consecutive years of low say-on-pay vote results, the proxy only vaguely disclosed Oracle's engagement efforts with shareholders but does disclose certain concerns heard from shareholders. As in prior years, however, no substantial positive changes nor commitments were made to the pay program to address significant shareholder dissatisfaction. Additionally, concerns remain within the annual pay program, as one NEO's annual bonus was entirely discretionary. In addition, although the annual bonus program for the CEO and Executive Chairman utilizes a pre-set objective growth goal, there is only limited disclosure regarding the year-over-year changes in the target opportunity for that goal. Furthermore, the annual equity grants for two NEOs were entirely in time-vested equity, which is inconsistent with prevailing market practices. Finally, while the decision to modify in-progress performance equity grants to the CEO and Executive Chairman was disclosed in last year's proxy, the resulting incremental value disclosed in this year's proxy was substantial, in excess of \$100 million for each executive's respective award.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: A vote AGAINST the proposal is warranted. Although the STI is based on pre-set objective metrics, the individual performance portion does not appear to be determined based on predetermined goals and was determined to be earned significantly above the corporate portion of the award, despite corporate goals failing to achieve target. In addition, the performance period in the FY23 LTI grant will be shortened to three one-year periods, from one three-year period. More concerningly, the compensation committee had a number of problematic one-time actions during the fiscal year. The committee granted retention time-vested RSUs to each NEO, including to two NEOs who received a retention award the year prior, which completely lack performance criteria. In addition, the compensation committee removed the performance criteria from the CEO's sign-on grant shortly before the end of the performance period, allowing the award to vest at target, significantly above the payout level where the award was tracking. These actions undermine a pay-for-performance philosophy.*

Ticker: GMG

Meeting Type: Annual

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Appoint KPMG as Auditor of Goodman Logistics (HK) Limited	For	For
2	Elect Chris Green as Director of Goodman Limited	For	Against
<p><i>Blended Rationale: A vote AGAINST the re-election of Chris Green, Phillip Pryke and Anthony Rozic is warranted. - Chris Green is an incumbent Nomination Committee member and there is a lack of diversity on the board. He is also a member of the Remuneration Committee and problematic pay practices are noted. He has also been re-classified as non-independent given disclosure of related party transactions with businesses in which Chris Green has substantial ownership.</i></p>			
3	Elect Phillip Pryke as Director of Goodman Limited	For	Against
<p><i>Blended Rationale: A vote AGAINST the re-election of Chris Green, Phillip Pryke and Anthony Rozic is warranted. - Phillip Pryke is Chairman of the Remuneration Committee, and problematic and excessive remuneration practices have been observed which have been evidenced by several 'first strikes' against remuneration reports in three of the past six years and substantial shareholder votes against equity grant resolutions to executive directors. Phillip Pryke is now re-classified as non-independent due to his tenure exceeding 12 years, which has the impact of reducing the independence level of the board and the Audit and Remuneration Committees.</i></p>			
4	Elect Anthony Rozic as Director of Goodman Limited	For	Against
<p><i>Blended Rationale: A vote AGAINST the re-election of Chris Green, Phillip Pryke and Anthony Rozic is warranted. - Anthony Rozic is one of three non-independent executive directors, which is inconsistent with good governance for multiple executive directors on a board. This has the impact of reducing the overall level of Board independence to 55 percent.</i></p>			
5	Elect Hilary Spann as Director of Goodman Limited	For	For

## Goodman Group

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
6	Elect Vanessa Liu as Director of Goodman Limited	For	For
7	Approve Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted. The quantitative pay for performance model indicates a high level of concern with the CEO's total remuneration for FY22 being 4.5 times the median of similar sized companies in the ASX 1-25 group and 7.8 times an industry peer group median. Corporate governance concerns are noted regarding the poor disclosure and valuation of the LTI grants. The largest component of CEO remuneration has been delivered in the form of LTI performance rights based on performance measures which may be concluded to be less than rigorous. When calculating the LTI grant at face value (i.e. using the actual share price), which is acknowledged as the market standard, rather than using a heavily discounted "fair value" of the share price (with discounting even higher, the longer the additional vesting after the performance period), the excessive nature of the LTI relative to local market peers is apparent. It is also noted that the STI award for other executives includes a number of non-financial performance measures with poor disclosure of targets and outcomes and the use of EPS growth targets in both the STI and LTI has the potential to duplicate bonuses for achieving the same underlying performance outcome.</i></p>		
8	Approve Issuance of Performance Rights to Greg Goodman	For	Against
	<p><i>Blended Rationale: A vote AGAINST these resolutions is warranted. The quantum of the rights to be granted is considered to be excessive and is well above the median for CEOs in the ASX 1-25 group. Other security-holder concerns include: - The EPS vesting range which has been set at 6 percent to 11 percent annual growth, is inadequate and insufficiently challenging being well below EPS growth rates reported by the company over the last five years. - Disclosure of a heavily discounted fair value (economic value) of the Group's security price to allocate a high number of rights to be granted is problematic and inconsistent with market practice. When valuing the equity grants at "face value" (market price), the FY23 grant to the CEO and executives is excessive relative to local market peers and confirming the excessive trajectory of equity grants by the Group over the last five years.</i></p>		
9	Approve Issuance of Performance Rights to Danny Peeters	For	Against
	<p><i>Blended Rationale: A vote AGAINST these resolutions is warranted. 11	Approve the Increase in Non-Executive Directors' Fee Pool	For	Against

<p><i>Blended Rationale: A vote AGAINST the issuance of FY23 LTI performance rights to Peter Bradford is warranted because the proposed equity grant is primarily tied to future performance, which cannot be assessed at this time. Shareholder expectations are that this resolution would have been withdrawn by the company from the voting ballot at this year's AGM considering his passing.</i></p>

Non-executive fees were generally comparable with both peers. - The increase in the fee cap is predominantly required to accommodate the appointment of additional non-executive directors after the acquisition of WSA in order to maintain an appropriate board size for the company's increased market capitalization. - Two new non-executive directors were appointed after the acquisition of WSA.</i></p>

<i>Blended Rationale: A vote AGAINST the equity right award is warranted due to ongoing concern regarding the structure of the award: - There are no substantive performance hurdles other than continuing employment which provides more certainty of award vesting. - There is no disclosure of how the equity right is linked to improved performance and alignment with shareholders' interests. - Awarding a short-term incentive without performance conditions is not the norm in the Australian market as it represents a relatively risk-free deferred fixed remuneration with exposure to short term share price fluctuations around the fringes of the ultimate realized value.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

*Blended Rationale: Following the low support for say-on-pay in 2021, the company engaged with a significant portion of its shareholder base and made changes to address certain concerns related to the executive compensation program. These changes include the increase in weighting of financial metrics in the STI and the inclusion of an ESG metrics in the FY23 pay program. While the changes appear meaningful, investors would benefit from more robust disclosure of shareholder feedback. However, there is an unmitigated pay-for-performance misalignment for the year in review. Annual incentive awards were earned above-target based largely on achievements for the strategic bonus objectives component, for which disclosure of specific targets and actual quantified performance results were lacking. In addition, the LTI program raises structural and disclosure concerns, as performance shares are earned and banked based on annual measurement periods for which quantified threshold, target and maximum goals are not clearly disclosed. Although the compensation committee has demonstrated adequate responsiveness, a vote AGAINST this proposal is warranted in light of the above pay-for-performance concerns.*

4	Acknowledge Proper Convening of Meeting		
5	Prepare and Approve List of Shareholders		
6	Approve Issuance of Shares for a Private Placement to Solidium Oy	For	Against

*Blended Rationale: We consider a vote against this proposal is warranted. Despite extensive engagement with the Company and with related stakeholders, we continue to believe that the deal presented is highly unfavourable to shareholders and therefore wish to vote against it for the following reasons: (i) Fortum enjoys an investment grade credit rating, reaffirmed as Baa by Moody's on 27th September. Current cost of debt for the company would, therefore, be expected to be in the c5% range. On that basis, it is highly unusual that management would accept and draw down upon a financing solution at significantly worse commercial terms (interest rate) that also comes with dilution to minority shareholders. The terms negotiated are those we would expect to see for a deeply distressed company. In addition, we do not consider that we have seen sufficient transparency as to why the board believes this deal is in the best interests of all shareholders. (ii) The Finnish Government is a 51% shareholder of Fortum. As majority owners the government is a related party and we believe the transaction should be treated as a related party transaction. We believe the Finnish state should, therefore, not vote at the upcoming EGM, particularly as it has sufficient voting power to pass a vote with a 2/3 majority based on past turnout. The Finnish state is profiting from this bridging facility through a direct transfer of value from minority shareholders to the majority shareholder both from the issuance of shares and the uncommercial terms.*

2	Elect Kathleen Conlon as Director	For	For
3	Approve Grant of Performance Rights to Amanda Lacaze	For	For
4	Approve the Increase in Non-Executive Director Fee Pool	None	For

*Blended Rationale: A qualified vote FOR this resolution is warranted given that the headroom in the existing cap, based on FY22 remuneration, will be insufficient to accommodate the addition of more than one director as part of board succession planning and a potential board expansion, which may include the appointment of overseas directors. The qualification is to highlight concerns regarding the significant increase (76-percent increase) in the non-executive director fee pool and the significant increase in the proposed revised board fees as displayed above. However, the current board fees are below the median of the ASX 51-75.*

8	Ratify Past Issuance of Shares to Professional, Institutional and Sophisticated Investors	For	For
9	Approve the Issuance of Up to 10 Percent of the Company's Issued Capital	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because the company did not provide specific reasons for seeking the authority and there appears to be no immediate need for the additional authority based on the company's most recent quarterly cash flow report.</i>		
10	Approve the Amendments to the Company's Constitution	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The proposed amendments to the constitution include wording that the company may conduct meetings by using virtual-only means. - Concerns are raised for any moves to completely eliminate any physical attendance at a meeting. Virtual-only meetings may impact on shareholder rights in holding directors publicly accountable and may hinder meaningful exchanges between directors and shareholders. - Constitutional language providing for a hybrid meeting format, which includes physical attendance concurrently with the use of virtual technology to hold meetings, would not negatively impact shareholder rights (compared with a virtual-only meeting format) and would reasonably reflect the preferences of shareholders.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve CHF 400,000 Capital Increase with or without Exclusion of Preemptive Rights	For	Against
<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request would allow for a capital increase without preemptive rights for up to 54.3 percent of the issued share capital. - This is a general authority to pursue financing options and shareholders are thus unable to assess the issuance request on merit.</i>			
2	Approve CHF 100,000 Extension and Increase in Authorized Capital or without Exclusion of Preemptive Rights	For	Against
<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request would allow for a capital increase without preemptive rights for up to 41.2 percent of the issued share capital. - The issuance of shares under this pool could be used as an antitakeover mechanism.</i>			
3	Approve CHF 100,000 Conditional Capital Increase for Financings, Mergers and Acquisitions	For	Against
<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request would allow for a capital increase without preemptive rights for up to 36.4 percent of the issued share capital.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted because the details of the underlying incentive plan are not disclosed.</i>

<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors. - The content of these any new items or counterproposals is not known at this time. 7	Re-elect Paul Neethling as Director	For	Against
	<i>Blended Rationale: A vote AGAINST non-independent non-executive director is warranted since the board is less than 1/3 independent. A vote AGAINST these directors is warranted: - Phillip (Jabu) Moleketi, Mafison Morobe and Paul Neethling are non-independent NEDs who serve as members of a Board on which there is no majority of independent NEDs among the NEDs. The absence of an independent majority on the Board increases the potential for the Board to be unable to effectively oversee the executive management of the Company.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
	Meeting for GDR Holders		
1	Open Meeting		
2A	Elect Dmitry Alekseev to Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST the election of Dmitry Alekseev, Vasileios Stavrou and Leonid Afendikov as members of the supervisory board is warranted because the board composition lacks sufficient gender diversity.</i>		
2B	Elect Vasileios Stavrou to Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST the election of Dmitry Alekseev, Vasileios Stavrou and Leonid Afendikov as members of the supervisory board is warranted because the board composition lacks sufficient gender diversity.</i>		
2C	Elect Leonid Afendikov to Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST the election of Dmitry Alekseev, Vasileios Stavrou and Leonid Afendikov as members of the supervisory board is warranted because the board composition lacks sufficient gender diversity.</i>		
3	Amend Remuneration Policy of Management Board	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because we continue to raise concern regarding the elements that also raised concern last year: - The board maintains the discretion to adjust the STI outcomes up or downwards up to 20 percent without providing adequate explanations. - The legacy agreements with the CEO remain in place and are part of the policy ensuring a guaranteed total pay package of USD 4 million, de facto guaranteeing variable remuneration, which is considered to add risk to pay for failure. - The board proposes to introduce the possibility to substitute the termination compensation for an extension bonus if and when an extension of Igor Shekhterman's CEO mandate is considered to be in the best interest of the company under specific, extraordinary circumstances. Granting extraordinary awards not linked to any performance metrics is not in line with market practice. - The company proposes to adjust the LTI performance periods, with a first stage only being measured over a one year performance period. Furthermore, LTI performance metrics and weights are adjusted without providing a compelling rationale.</i>		
3A	Discuss Adjustment in Long-Term Incentive Plan		
3B	Discuss Remuneration of CEO		
4A	Amend Remuneration Policy of Supervisory Board	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because of the excessiveness on the remuneration of the supervisory board regarding this remuneration proposal. Furthermore, we raise concerns to the proposed phantom share plan (in replacement of the current RSU plan) as the plan allows for accelerated vesting and there is no longer a two year post vesting holding period, which is not in line with market practice.</i>		
4B	Approve Settlement of Equity-Based Remuneration Component	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because the company proposes to implement accelerated vesting of existing restricted stock units and terminating the two year holding periods for two recently resigned directors, which is not in line with market practice.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The new co-CEO received a large, front-loaded equity grant, only slightly more than half of which is performance-vesting. Given that the award is intended to cover four years of equity pay, investors likely expected a more substantial portion of the award to be performance-based. Further, the performance-vesting condition carries certain risks, as the structure may reward for short peaks in stock price performance near the time of exercise. In addition, although the committee took the positive step of disclosing a more formulaic annual incentive program, a significant portion of the annual incentive remained tied to subjective individual criteria, and the company did not disclose any financial or non-financial performance targets or achievements under the program. The lack of these key disclosures inhibits an assessment of goal rigor.</i>
