5.1	Approve Remuneration Report (Non-Binding)	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - There is not a detailed ex-post performance assessment to explain variable payouts versus company performance. - Non-financial targets under the STI are only disclosed in vague terms and are thus unclear. - The allocation of long-term incentive awards appears highly discretionary and there is a minimum level of guaranteed vesting. - LTI grants are based on a one-year performance assessment and are not subject to performance conditions after grant.</i></p>

1.1	Elect Director Andrew Brown	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent director nominees Andrew (Andy) Brown, Scott Darling, and David Schneider given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i>

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For

Zscaler, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. While performance targets for the annual incentive appear rigorous, a significant portion of the final payout was subjectively determined and disclosure around the determination of individual performance is lacking. In addition, the structure of the company's long-term incentive plan, which included setting performance goals annually for previously granted tranches of PSUs and utilizing goals that overlap entirely with the annual incentive program, lacked a long-term focus and resulted in payouts for similar accomplishments in both programs. Disclosure around a new PSU goal structure used for FY22 promotion grants is limited, reducing transparency into the rigor of the goal. Finally, the magnitude of the promotion grants was oversized and added to already substantial equity grant values for the NEOs who received them.

1	Approve Revision in the Remuneration Payable to Amitabh Chaudhry as Managing Director & CEO	For	For
2	Elect Parameswaranpillai Naga Prasad as Director	For	For
3	Approve Increase in Number of Directors to a Maximum of 18 Directors	For	Against

Blended Rationale: A vote against this item is warranted. We consider that having 18 members on the board risks making it ineffective due to large size. We appreciate that the bank is constrained due to nominee directors. Still, we think on balance, the potential risk of ineffective board outweighs the potential positives from more directors on the board.

4	Approve Axis Bank Employees Stock Unit Scheme, 2022	For	For
---	---	-----	-----

Blended Rationale: A vote in favour of this item is warranted. We are satisfied with the management response. While we recognise the concerns of ISS relating to certain of the company's responses not being publicly available, we take confidence in the management track record of taking care of minority interests. In addition, we do not consider overall dilution to be excessive, and we note the intention is for discounted stock units to be only granted up to 4 levels below the board. This is designed to improve employee retention while the leadership will get market price options. We will continue to monitor the usage of the scheme going forward and will engage as required.

5	Approve Grant of Units to the Employees of the Subsidiary and Associate Companies of the Bank Under Axis Bank Employees Stock Unit Scheme, 2022	For	For
---	---	-----	-----

Blended Rationale: A vote in favour of this item is warranted. We are satisfied with the management response. While we recognise the concerns of ISS relating to certain of the company's responses not being publicly available, we take confidence in the management track record of taking care of minority interests. We consider that there are synergy benefits by bringing the subsidiary and associate employees under the same incentive program by awarding stock units of the bank. We will continue to monitor the usage of the scheme going forward and will engage as required.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR the proposal is warranted. Following a low say-on-pay vote results, the proxy discloses the compensation committee's engagement efforts in addition to the feedback received from shareholders. Further, the compensation committee made positive pay program changes in response to most of these concerns. The annual bonus was entirely based on pre-set objective metrics, though a concern is noted regarding the target setting of financial metrics, which were set below the prior year's actual performance without a corresponding reduction in the payout opportunity. The LTI grant was half based in equity with pre-set performance criteria, though the performance was only measured over one-year periods and forward-looking goals were not disclosed. However, beginning with the FY23 grant, the performance equity grant will incorporate a relative modifier with a multi-year performance period.</i>

3	Approve Financial Assistance to Related or Inter-related Companies	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is warranted: - The Company seeks an authority to provide financial assistance to any person in connection with the subscription of options or securities issued or to be issued by the Company, or in relation to the purchase of securities. This is a broader authority than what many shareholders may prefer to approve in advance.</i></p> <p>Continuation of Ordinary Resolution</p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is considered warranted because: - The Company's Remuneration Policy received significant dissent at the 2022 AGM (32.5% against), which has been attributed to concerns around the significant increases made to LTIP award levels. Despite the level of dissent recorded, no material actions have been taken to address the underlying concerns raised.</i></p>

7	Re-elect Gary Green as Director	For	For
8	Re-elect Carol Arrowsmith as Director	For	Abstain
<p><i>Blended Rationale: An ABSTAIN vote regarding the re-election of Carol Arrowsmith is considered warranted: - As Chair of the Remuneration Committee for the year under review, she is considered to be ultimately responsible for the Company's remuneration practices. The response to significant shareholder dissent received by the remuneration policy resolution at the 2022 AGM is not considered sufficient. See Item 2 for further analysis. - She will step down as Chair of the Remuneration Committee at the 2023 AGM, but will remain on the Committee to ensure "continuity and an orderly transition".</i></p>

6	Approve Progress on Climate Change Transition	For	Against
	<i>Blended Rationale: A vote AGAINST the company's climate transition plan is considered warranted because: - The company has not set targets approved by the Science-Based Targets Initiative; - The company's achievement of its 42 percent reduction target by 2030 mainly depends on the execution of the aforementioned projects that have yet to be implemented; - A significant portion of the company's emissions will be captured and stored (the Waggaman's carbon capture and storage project) rather than being reduced; - The company's scope 1 and 2 emissions increased year-on-year. However, the 2022 emissions stand below the 2020 baseline; and - The company has not set any scope 3 targets albeit it is working on developing scope 3 emissions reduction strategy and the implementation of this strategy.</i>

6	Approve Grant of Performance Share Rights to Trevor Croker	For	Against
<i>Blended Rationale: A vote AGAINST the grant of performance share rights to the CEO Trevor Croker is warranted. The same concerns persist as identified in prior years, given that there is an excessive 40 percent of the LTI is based on undisclosed "objective-balanced scorecard" performance items, which may be regarded as either a discretionary bonus with a likely high level of vesting for "day job" duties or for performance which would already be captured in STI and LTI performance targets. As noted in the 2022 remuneration report, there was in fact a 99 percent vesting against these poorly disclosed non-financial targets, compared with nil vesting against EPS and only partial vesting against the relative TSR targets. Shareholders may be concerned that the company has not made the case in justifying this undisclosed performance metric as worthy of such additional and material remuneration.</i>

<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor). - The plan cost is excessive. - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary). - The plan allows broad discretion to accelerate vesting.</i>

3	Approve Remuneration of Company's Management	For	Against
<i>Blended Rationale: The company's proposal lacks transparency regarding key remuneration practices, such as the board authority to grant discretionary hiring bonuses and what appears to be annual retention bonus payments. The company has experienced a number of resignations of key statutory executives and no information has been disclosed regarding related hiring and/or retention bonuses, as well as severance payments. In light of the lack of detailed information and timely disclosure of discretionary payments made to the company's executives, international institutional shareholders are prevented from making an informed voting decision regarding the proposed global remuneration cap. As such, a vote AGAINST this proposal is recommended at this time.</i>

6.1	Fix Number of Directors at Eight	For	For
6.2	Reelect Thomas Thune Andersen (Chair) as Director	For	For

Blended Rationale: A vote FOR this resolution is warranted. For 2023 our guideline Policy now recommends a vote against the incumbent chair of a company in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. For Orsted, with a board of just 8 members, having 3 highly experienced female board members (including new appointment Annica Bresky) appears to be sufficiently diverse – 37.5%. Orsted's board has a strong mix of experience and tenure and we are satisfied that it is well placed to provide the necessary oversight.

1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - There is insufficient ex-post disclosure to explain the evolution of variable payouts versus company performance. - STI performance and LTI grants are assessed on a discretionary basis. - The CEO's bonus payment appears to some extent guaranteed, considering that it has remained constant in each of the past five years. - Awards under the LTI do not require the achievement of separate performance conditions and there are thus no plans which measure performance over a multi-year period. - The board chair, whom the company considers to be a non-executive director, receives both pension benefits and performance-based remuneration.</i>

We acknowledge the fact that Andre Hoffmann is not independent, however we believe that it is legitimate to have a representative of the Hoffmann family in the compensation committee and therefore support his re-election. In addition, overall Board independence is considered sufficient. We would, however, prefer to see a more independent composition of the committee and will continue to engage on this matter in the coming year.</i>			
6.13	Reappoint Richard Lifton as Member of the Compensation Committee	For	Against

In this case, the reclassification of Tae-gyun Kwon (Tae-kyun Kwon) contributed to the company's failure of meeting board independence requirement. Shareholder Proposal Submitted by Carl Zeiss AG			
10	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Disclosure practices deviate from common market practice and SRD II regarding the years assessed in the report (the company is reporting on 2020/21 performance instead of 2021/22 performance). Additionally, the overall level of disclosure provided in the remuneration report does not allow for an independent assessment of remuneration practices. - Termination payments made or promised to two former executives in the year under review raise concerns. - The defined benefit pension plan for the new CEO results in pension contributions that are considered excessive. - During the year under review, one-time special payments were made to three executives for which no further details have been disclosed.</i>

<i>Blended Rationale: A vote AGAINST the proposed article amendments is warranted because the new articles provide the possibility for virtual-only shareholder meetings. While there are benefits from allowing participation at shareholder meetings via electronic means, virtual-only meetings may hinder meaningful exchanges between management and shareholders and enable management to avoid uncomfortable questions.</i>

<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. ISS Sustainability raised its concerns because in December 2022, ABB was charged for an unprecedented violation of the Foreign Corrupt Practices Act (FCPA), and for this reason recommends to vote against the Discharge of the Board of Directors. We consider that the company has taken the issue seriously by cooperating with authorities and introducing a number of initiatives – including launching a new code of conduct, educating employees and implementing an enhanced control system – to prevent something similar from happening again. The settlements totaling \$327 million have been accounted for in ABB's third quarter 2022 financial results. We consider that these initiatives show that management continues to take the issue seriously and will continue to engage.</i></p>

<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. While we would like to see gender diversity of 40% across all European companies, we consider 30% to be adequate at a company such as this one. We are also convinced the Nomination committee is working hard to increase the gender diversity in the Board of Directors of ABB and expect some tangible progress by the next AGM in 2024. 	<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. We consider it important for companies to push towards gender diversity of 40%, however, with 29% gender diversity, and with a relatively small board, we believe Givaudan ranks well for an SMI company. We are re-assured that on the next AGM, the company will propose a new female director which will bring the diversity level above 40%.</i>		
6.1.6	Reelect Tom Knutzen as Director	For	For
	<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. Mr Tom Knutzen has a demonstrated strong knowledge in the field of bio-based ingredients, enzymes and therefore he is instrumental for the core business of Givaudan and its R&D pipeline. We consider that this profile is very difficult to find and in this case we do not see his 5 mandates as excessive, given that we do not apply a fix quantitative limit but rather look at the quality of the profile. In addition he was elected for the first time in 2022 and we therefore believe there is merit in allowing time to understand his contribution to the Board. We will continue to engage.</i>

	<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and - The content of these new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

Meeting Type: Annual

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Allocation of Income and Dividends of CHF 4.00 per Share and Participation Certificate	For	For
3	Approve Discharge of Board and Senior Management	For	For
4.1	Approve Variable Remuneration of Directors in the Amount of CHF 5.2 Million	For	For
<i>Blended Rationale: Given 4 of the 12 board members have an executive role, we do not consider the level of variable remuneration (CHF5.2m) proposed for 2022 as excessive. Moreover, this amount is below last year's level of CHF5.5mn.</i>			
4.2	Approve Variable Remuneration of Executive Committee in the Amount of CHF 11.2 Million	For	For
<i>Blended Rationale: We consider the level of variable remuneration of CHF11m in 2022 as not excessive considering the committee consists of 10 members. The amount for approval includes the variable compensation for the active members of the Group Executive Committee as well as for the six members who stepped down in 2022. On the basis of the lower financial results of Schindler in 2022, the individual cash bonus amounts for the active members decrease on average by 22% in 2022 in comparison to 2021. This reduction is partially offset by the inclusion of the variable compensation for two members that were newly appointed to the Group Executive Committee in 2022</i>			
4.3	Approve Fixed Remuneration of Directors in the Amount of CHF 7 Million	For	For
4.4	Approve Fixed Remuneration of Executive Committee in the Amount of CHF 7.5 Million	For	For
5.1	Reelect Silvio Napoli as Director and Board Chair	For	For
<i>Blended Rationale: We consider Schindler to be in a special situation to deal with adverse market conditions, particularly in China, and is required to implement fast operational improvements in order to close the margin gap to peers. While we understand the concerns relating to the role of joint Chairman/CEO, we consider that in this case it is in the best shareholder interest for Mr. Silvio Napoli to run a double-mandate as chairman and CEO on a temporary basis and until these operational improvements are successfully implemented.</i>			
5.2.a	Reelect Alfred Schindler as Director	For	For
<i>Blended Rationale: Family-owned businesses may be penalized by Corporate Governance ratings from data providers on issues such as board independence and minority shareholder rights. We use proprietary qualitative assessment tools and invest in many companies with voting rights controlled by families or individuals, and therefore sometimes take a different view of overall independence. In this case Alfred Schindler is representing the Schindler/Bonnard Family, which is the majority shareholder and are therefore supportive.</i>			
5.2.b	Reelect Patrice Bula as Director	For	For
5.2.c	Reelect Erich Ammann as Director	For	For
<i>Blended Rationale: We consider a vote in favour is warranted. We use proprietary qualitative assessment tools and invest in many companies with voting rights controlled by families or individuals, and therefore sometimes take a different view of overall independence. 5.2.g	Reelect Guenter Schaeuble as Director	For	For

4.1.1	Reelect Calvin Grieder as Director	For	For
<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. For 2023 our guideline Policy now recommends a vote against the incumbent chair of a company in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case we note that Board diversity is 33% and also take into account 1) the progress made in the past, which has seen a steady increase of gender diversity on the Board and 2) the quality of the board members which we assess positively. 7.b	Amend Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST Items 7.b and 7.c is warranted because - It is proposed to increase the cap under the LTIP to 6 times base salary without the company providing concrete background on the need for this significant increase, whereas the current package is already above European peer median; - As a result of the proposed LTIP adjustments, the total potential pay package increases by 57 percent to DKK 73.1 million (\$ 10.4 million), without providing compelling details on how the CEO's current package is inadequate. However, this is not without noting the company is eliminating the possibility to grant time-based vesting warrants to executives, which is considered a positive change to the current policy.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: The company demonstrated sufficient responsiveness to last year's low support for this proposal by disclosing engagement efforts, specific feedback from shareholders, and certain changes that appear to address shareholders' expressed concerns. However, a vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. The company's framework for determining total incentive pay incorporates a significant degree of committee discretion, lacks key disclosures, and provides for outsized pay opportunities for the CEO and president. Finally, the president and CEO each received \$25.0 million retention equity awards that were entirely in the form of time-based shares.

Blended Rationale: Votes AGAINST the discharge of Ronnie Leten, Helena Stjernholm, Jacob Wallenberg, Jon Fredrik Baksaas, Jan Carlson, Nora Denzel, Börje Ekholm, Eric Elzvik, Kurt Jofs, Kristin Rinne, Torbjörn Nyman, Anders Ripa, Kjell-Ake Soting, Ulf Rosberg, and Loredana Roslund are warranted because: - On March 3, 2023, the company agreed to plead guilty to breaching the DPA from 2019 in relation to violations of the Foreign Corrupt Practices Act (FCPA). The breaches were found by the DOJ to be repeated and have led to an additional fine of USD 206 million, on top of the 2019 fines. The company also pled to the original charges under the DPA concerning violations of the FCPA, including: paying bribes, falsifying books and records, and failing to implement reasonable internal accounting controls in multiple countries around the world. In June 2022, Ericsson announced that the SEC initiated an investigation into the company's 2019 Iraq investigation report. - While no specific member of the company's board of directors or management has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts and crimes to happen, leading to significant reputational and financial damage worldwide. - All above mentioned board members and deputy members were on the board at the time the 2019 DPA was entered into and therefore all bear some level of responsibility for the DPA breaches that have since been identified. They were also all already on the board when the SEC investigation was initiated.

<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. Family-owned businesses may be penalized by Corporate Governance ratings from data providers on issues such as board independence and minority shareholder rights. We use proprietary qualitative assessment tools and invest in many companies with voting rights controlled by families or individuals, and therefore sometimes take a different view of overall independence. We believe it is legitimate to have Vanessa in the board as a representative of the family Frey considering the substantial stake of 20% at Inficon.</i></p>			
4.3	Reelect Beat Siegrist as Director	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. For 2023 our guideline Policy now recommends a vote against the incumbent chair of a company in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case, we note that given the rather small board size of five members, board diversity only stands at 20%. However, we consider the skills and experience on the board to be positive and for these reasons, and given the commitment of the Nomination Committee to increase gender diversity in future AGMs, we are supportive.</i></p>

We use proprietary qualitative assessment tools and invest in many companies with voting rights controlled by families or individuals, and therefore sometimes take a different view of overall independence. Blended Rationale: A vote AGAINST this item is warranted based on the following considerations: - On the lending side, the bank's policy included in its climate action plan launched in November 2022, sets exclusion and restriction rules for its lending activities combined to absolute and intensity GHG reduction goals by 2030, which have been sent to SBTi for validation. It appears burdensome to request the company to revisit the bank's strategy at this time. - On the asset management side, the bank's policy is to halve its emissions by 2030 (compared to 2019 year baseline) to ensure net zero emissions by 2040. However, the bank's position statement on climate change suggests that Swedbank's policies could be more robust on climate-related requirements on investee companies, including establishing Paris-aligned strategies.

This mechanism could significantly increase the number of shares granted to the CEO and the final award. - The plan includes a compensatory mechanism according to which the over-achievement of one or more goals can offset the potential underperformance of other objectives. - The long-term objectives attached to the plan may prove undemanding with a significant qualitative component left to board discretion.</i>

2	Ratify PricewaterhouseCoopers LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	Against

Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan cost is excessive; - The three-year average burn rate is excessive; - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.

4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
---	--	-----	---------

Blended Rationale: A vote AGAINST the proposal is warranted. While positive features are noted, including an annual incentive plan with clearly disclosed financial goals and entirely performance-based equity, certain negative factors raised significant concern. The annual bonus has the potential for a significant amount of committee discretion, and in FY22 the CEO's individual performance modifier increased the payout from 150 percent of target to 225 percent. In addition, the annual performance equity award targets merely median performance and the board also provided the CEO with an additional special award in FY22. Though smaller in value than the annual award, the performance period was just one year and specific goals were not disclosed. Investors may also note the CEO received another sizable special equity grant after the end of the fiscal year.

1.1	Accept Financial Statements and Statutory Reports	For	For
1.2	Approve Remuneration Report	For	For
2	Approve Discharge of Board and Senior Management, excluding the Supply Chain Finance Matter	For	Against
<p><i>Blended Rationale: A vote AGAINST the formal discharge of the board of directors and senior management is warranted because: - A lack of oversight and poor stewardship has contributed to a situation where Credit Suisse needed Swiss government loans and a takeover by UBS (brokered by the Swiss authorities) to avoid a full collapse. - The board's failure to react to last year's significant shareholder dissent fell short of established good governance practices at the board level. - Material weaknesses were identified within the company's internal controls over financial reporting for fiscal year 2022, causing a delay in publication of the company's annual report. We note that these concerns continued to exist in the year under review, despite the auditor already raising similar concerns in fiscal years 2019, 2020, and 2021. - Shareholders are bringing legal action against the company as well as the board chair and CEO (amongst others) regarding the identified material weaknesses, and may also do so in the future in connection with the announced takeover of the company by UBS brokered by the Swiss authorities.</i></p>

24	Stop Financing Fossil Companies that Expand Extraction and Lack Robust Fossil Phase-Out Plans in Line with 1.5 Degrees	None	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted based on the following considerations: - On the lending side, the bank's policy of the fossil fuel sector approved in January 2023, is "to define SEB's position on business relationships with Companies involved in fossil fuel activities" and as such sets expectation, requirement and restriction rules for its lending activities. The bank has also adopted absolute and intensity GHG reduction goals by 2030 (compared to 2020 baseline). It appears burdensome to request the bank to revisit its strategy by the end of 2023 at this time. - On the asset management side, the bank's policy is to halve its emissions by 2025 and 2030 (compared to 2019 year baseline) to ensure net zero emissions by 2040. However, the following shortcomings have been identified: - The fossil fuel policy does provide specific timelines for reducing business relationships with companies in a few fossil fuel sectors. It does not provide any phase out deadlines for oil & gas E&P and refining sector (that accounted for 90 per cent of the scope 3 related financed emissions in 2020) excepted with regards to companies where more than 5% of revenues are derived from operations relating to unconventional oil and gas. - The 2030 Net Zero aligned sector targets are set up towards 2020 baseline as being the last most updated data. - The bank has not committed to receive validation of its GHG emission reduction targets by an independent third party such as SBTi.</i>

10	As a Preferred Shareholder, Would You like to Request a Separate Minority Election of a Member of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	For
	<i>Blended Rationale: A vote FOR this item is warranted because: - Minority preferred shareholders have disclosed a nominee for the separate minority board election; and - The election of a minority representative to the board of directors would potentially improve the company's governance and provide greater board independence.</i>		
11	Elect Mauro Gentile Rodrigues da Cunha as Director and Tiago Curi Isaac as Alternate Appointed by Preferred Shareholder	None	For
	<i>Blended Rationale: A vote FOR this proposal is warranted because: - The company has disclosed the name and detailed biographical information on the minority shareholder nominee; - There is no indication of competing minority preferred nominees; and - There are no known concerns regarding the proposed minority nominee.</i>		
12	In Case Neither Class of Shares Reaches the Minimum Quorum Required by the Brazilian Corporate Law to Elect a Board Representative in Separate Elections, Would You Like to Use Your Votes to Elect the Candidate with More Votes to Represent Both Classes?	None	For
	<i>Blended Rationale: A vote FOR this proposal is warranted because the combination of two classes of shares for the purposes of establishing a separate election for a minority board representative increases the likelihood of having minority representation at the board level.</i>		
13	Elect Fiscal Council Members	For	Abstain
	<i>Blended Rationale: An ABSTAIN vote recommendation is warranted for management's fiscal council nominees, to allow minority shareholders to concentrate their votes on the election of a minority fiscal council candidate as further discussed under Item 16 of this meeting agenda.</i>

15	Elect Louise Barsi as Fiscal Council Member and Tiago Brasil Rocha as Alternate Appointed by Preferred Shareholder	None	For

These are in addition to his proposed election as a board director at Straumann Holding. While we understand the concerns relating to over-boarding, we also consider the competencies of the individual director involved. We have interacted regularly with Mr Gadola across his other mandates, and consider shareholders in Straumann can profit from his multiple mandates and experience. We therefore consider a vote FOR the reelection of Marco Gadola is warranted.</i></p>

<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case we note that Board diversity is 38% and also take into account the quality of the board members which we assess positively. At the same time, diversity has increased markedly over the past few years and we consider that the committee has performed well in selecting the new candidates. For this reason we consider a vote FOR the reelection of Juan-Jose Gonzalez, Nadia Tarolli Schmidt, and Regula Wallimann is warranted.</i></p>

	<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. We recognise the concern that disclosure surrounding scope 3 emissions related to financing activity remains incomplete and that the company has not committed to receive validation of its GHG emission reduction targets by an independent third party such as SBTI. In relation to Scope 3 emissions, we would prefer to see disclosure of absolute scope 3 emissions in addition to carbon intensity of its portfolios. Generally speaking, we would like to see more relevant climate-related metrics (e.g. as recommended by the Swiss Climate Scores) on a scope that is as comprehensive as possible. However, we note that the company has made progress during the year under review with the introduction of an additional decarbonization target for the cement sector, the first estimation of its total financed emissions for lending activities and the joining of the PCAF to improve its financed emissions calculation. We will seek to engage further in the course of the next year.</i></p>

7.1	Reelect Colm Kelleher as Director and Board Chair	For	For
	<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. For 2023 our guideline Policy now recommends a vote against the incumbent chair of a company in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case, we note that board diversity is 33% and also take into account the quality of the board members which we assess positively. Colm Kelleher is imperative for the success of the integration of Credit Suisse into UBS, in our view, following the acquisition. For these reasons, and given the commitment of the Nomination Committee to further increase gender diversity in future AGMs, we support the reelection of Colm Kelleher as Director and Board Chair.</i></p>

1.1	Accept Financial Statements and Statutory Reports	For	For
1.2	Approve Remuneration Report (Non-Binding)	For	For
<p><i>Blended Rationale: A vote FOR the remuneration report is warranted, though it is not without concerns: - Although year-on-year disclosure improvements are acknowledged, the company continues to refrain from disclosing specific targets and results on an ex-post basis. As such, the specific performance achievements underlying payouts for the year are somewhat unclear. - The Akkodis president received a one-off performance-based award to incentivize a successful integration. The main reasons for support are: - Compensation actions taken during the year have been well explained and the broader compensation framework remains aligned with market practice. - The company has disclosed the applicable performance targets for the one-off award and has committed to providing full ex-post disclosure of achievements.</i></p>

1j	Elect Director Steven M. Mollenkopf	For	For
1k	Elect Director John M. Richardson	For	For
1l	Elect Director Sabrina Soussan	For	For
1m	Elect Director Ronald A. Williams	For	Against

Blended Rationale: A vote AGAINST the incumbent chair of the committee responsible for climate risk oversight, Ronald (Ron) Williams, is warranted because the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
---	--	-----	---------

Blended Rationale: A vote AGAINST this proposal is warranted. Increases to both the CEO's incentive program opportunities were made on the backdrop of negative short- and long-term TSR performance. Further, these increases have contributed to a misalignment between pay and performance for the most recent fiscal year. While annual incentives were based on a primarily quantitative scorecard, the committee may increase payouts based on a subjective assessment of individual performance, and the CEO's award was increased for FY22. Long-term incentives were half performance-based, but FY22 grants provide for an opportunity to reduce the premium price of the stock options if the company's TSR meets merely a median performance hurdle.

8	Report on Climate Lobbying	Against	For
9	Report on Median Gender/Racial Pay Gap	Against	For

Blended Rationale: A vote FOR this proposal is warranted, as shareholders could benefit from median gender and racial pay gap statistics that would allow them to better measure the progress of the company's diversity and inclusion initiatives and its management of related risks.

	<i>Blended Rationale: A vote AGAINST this item is warranted because: - There is insufficient ex-post disclosure to explain the evolution of variable payouts versus company performance. - The company does not disclose a payout cap for STI awards or explain how the fixed number of LTI shares is determined. - Shares granted under one LTI plan are not subject to the achievement of any performance conditions and are thus guaranteed variable compensation. - Because the company has not provided shareholders with a non-binding resolution on the remuneration report, this is the most appropriate item for expressing a view on the company's variable remuneration practices.</i>

5	Elect Directors	For	Against
<i>Blended Rationale: A vote AGAINST these items is warranted because: - The proposed board's level of independence fails to meet the expectations of institutional investors; - The company has bundled the election of directors under a single item, preventing shareholders from voting individually on each nominee; and - There are ongoing concerns regarding egregious governance practices of the company's incumbent directors in the context of the approval of indemnification and remuneration payments to former executives who admitted knowledge and/or participation in corruption practices.</i>

<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. <p><i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The introduction of a jurisdiction clause may restrict shareholders' ability to bring claims against the company in different jurisdictions and may disadvantage shareholders during disputes. - The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.</i></p>

1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report (Non-Binding)	For	For
<p><i>Blended Rationale: We consider a vote in favour of this item is warranted at this time. WE note that following the contested vote at the 2022 AGM, the Board has worked to improve transparency in a number of areas. These include disclosing separately the base salaries, allowances and pensions paid to executive members; the peer group used to assess remuneration for board and executive members; and details regarding how the initial grant of options for executive members is determined. Further, we recognise that further positive changes will take place as of 2023 including the reduction in the target and maximum bonus for the CEO and the increase to the portion based on financial and quantitative targets; the reduced limit to option grants; and the reduction in the fees for the Chair and Vice-Chair. While further changes would be welcome we support the direction of travel and will continue to engage with the company.</i></p>

6.1.1	Reelect Ernst Tanner as Director and Board Chair	For	For
<p><i>Blended Rationale: A vote for this item is warranted. Mr. Tanner has been a board member since 1993 and chairman since 1994. We are aware that the board is not perceived as majority independent by ISS, and note the lengthy tenure of the Chair. However, in this case, we hold the view that Ernst Tanner, as a former CEO, acts in the best interest of the shareholders. In addition, we note that improvements have been made during the year to board composition, including gender diversity, and to other aspects of governance including the transparency of some aspects of remuneration and additional changes planned for 2023. We will continue to engage for further changes to compensation structure and the composition of the Board. Therefore, we vote FOR his re-election as director and board chairman.</i></p>

6.1.2	Reelect Dieter Weisskopf as Director	For	For
	<p><i>Blended Rationale: A vote for this item is warranted. Mr. Weisskopf has been member of the Board of Directors since April 2022 and is the Chairman of the Corporate Sustainability Committee. On October 2016, he took over as CEO of the Lindt & Sprüngli Group until he stepped down from his position in October 2022. We are aware that the board is not perceived as majority independent by ISS, however we hold the view that Dieter Weisskopf, as a former CEO, acts in the best interest of the shareholders and his valuable experience in finance and sustainability. In addition, we note that improvements have been made during the year to board composition, including gender diversity, and to other aspects of governance including the transparency of some aspects of remuneration and additional changes planned for 2023. We will continue to engage for further changes to compensation structure and the composition of the Board. Therefore, we vote FOR his re-election as director and board chairman.</i></p>		
6.1.3	Reelect Rudolf Spruengli as Director	For	For
	<p><i>Blended Rationale: A vote for this item is warranted. Rudolf Spruengli has been board member since 1988 and is currently chairman of the nomination and remuneration committee. As the only representative of the founding family, we hold the view that it is appropriate that he retains a seat on the board to represent the interests of the founding family. In addition, we note that improvements have been made during the year to board composition, including gender diversity, and to other aspects of governance. Hence, we vote FOR the re-election of Rudolf Spruengli as director.</i></p>		
6.1.4	Reelect Elisabeth Guertler as Director	For	For
	<p><i>Blended Rationale: A vote for this item is warranted. While we recognize that Elisabeth Guertler has been a board member for 14 years, in this case we have come to appreciate the experience and expertise that she brings to the company. In addition, we note that improvements have been made during the year to board composition, including gender diversity, and to other aspects of governance. We therefore support her re-election.</i></p>

We are aware that the board is not perceived as majority independent by ISS, however we hold the view that Silvio Denz, who is an independent director, brings valuable experience and knowhow in the luxury goods sector. As such, we vote FOR his reelection.</i></p>

Blended Rationale: A vote AGAINST this proposal is warranted because: - The company failed to provide sufficient information concerning a consulting agreement entered into with Studio des Fleurs. It is therefore impossible to ascertain that the continuation of this agreement is in shareholders' interests. - The company fails to provide comprehensive information regarding the transactions with RDAI. In this context, it is impossible to ascertain that the continuation of transactions with RDAI is in the interest of all shareholders.

6	Authorize Repurchase of Up to 10 Percent of Issued Share Capital	For	Against
	<i>Blended Rationale: This resolution warrants a vote AGAINST as the share repurchase program can be continued during a takeover period.</i>		
7	Approve Compensation Report of Corporate Officers	For	Against
	<i>Blended Rationale: A vote AGAINST this remuneration report is warranted as: - The discretionary power to set executives' remunerations lies in the hands of the General Partner, which is the same legal entity as one of the General Managers and is controlled by the family of the other General Manager, leading to an important conflict of interest. - The pay equity ratio's perimeter is not relevant to all the company's employees. - The company remains unresponsive about last AGM's significant dissent on compensation-related items.</i>		
8	Approve Compensation of Axel Dumas, General Manager	For	Against
	<i>Blended Rationale: Votes AGAINST these remuneration reports are warranted because the discretionary power to set executives' remunerations lies in the hands of the general partner, which is the same legal entity as one of the general managers and is controlled by the family of the other general manager, leading to an important conflict of interest. The structure of the statutory remuneration seems biased as the methodology used to fix the base salary is inherently inflationist (indexed upward only on previous year results) and as the variable remuneration is nearly uncapped.</i>

1a	Elect Director Thomas Peterffy	For	Against

A vote AGAINST Governance Committee members Thomas Peterffy, Earl Nemser, and Nicole Yuen is further warranted for maintaining a multi-class capital structure with disparate voting rights that is not subject to a reasonable time-based sunset. A vote AGAINST non-independent director is warranted since the board is less than 1/3 independent.</i>

4	Advisory Vote on Say on Pay Frequency	Two Years	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>		
5	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits cash buyout of awards without shareholder approval (overriding factor); - The plan cost is excessive; - The estimated duration of available and proposed shares exceeds six years; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); and - The plan allows broad discretion to accelerate vesting.</i>

<i>Blended Rationale: A vote AGAINST the company's remuneration policy is warranted based on the following considerations: - The policy does not establish any framework for salary increase, which has led the remuneration committee to increase the CEO's salary by 65 percent over the last three years. - The company's contributions to the CEO's pension scheme (2022: 64 percent of salary) are deemed excessive in view of market standards. - There is no malus or clawback provisions. - The company does not defer variable remuneration, which conflicts with local best practice.</i>

We support the spirit of this policy, and continue to review board composition on a case-by-case basis. However, we also take into account the quality of the board members which we assess positively in this case. 	<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Discretionary payments were issued to executives during the year without a detailed and compelling explanation. A vote AGAINST incumbent nominating committee chair Svein Brandtzaeg is warranted for lack of diversity on the board. Votes AGAINST the non-independent audit committee members Barend Fruithof, David Metzger, Mario Rossi, and Emese Weissenbacher are further warranted due to the failure to establish a majority-independent committee and because Rossi serves as non-independent chair.</i>

	<i>Blended Rationale: A vote AGAINST the proposed article amendments is warranted because: - The ownership threshold for shareholders to submit agenda items will increase from currently 0.2 percent of the share capital to 0.5 percent of the share capital. - They would allow for virtual-only shareholder meetings on a permanent basis and there is no explanation of the circumstances under which virtual-only meetings would be held. - The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.</i>

1.1	Accept Financial Statements and Statutory Reports	For	For
1.2	Approve Remuneration Report	For	Abstain
<p><i>Blended Rationale: We consider a vote Abstain is warranted at this time. We acknowledge the concerns of the third-party independent proxy advisor such as the lack of ex-post disclosure of variable payouts versus company performance and that Long-term incentive awards are made on a discretionary basis, vest in less than three years, and do not require the achievement of performance condition. We will seek to engage the company on these issues during the year and therefore at this time will abstain.</i></p>

6.1	Approve Creation of Capital Band within the Upper Limit of CHF 3.6 Million and the Lower Limit of CHF 2.5 Million with or without Exclusion of Preemptive Rights	For	Abstain
<p><i>Blended Rationale: We consider a vote Abstain is warranted at this time. The issuance request, when combined with the existing conditional capital, would allow for a capital increase without preemptive rights for up to 86.9 percent of the issued share capital. While we understand that a certain level of flexibility is needed to act quickly if opportunities arise, the proposed capital band seems too excessive in our view and is not best practice in Switzerland. We will seek to engage the company on these issues during the year and therefore at this time will abstain.</i></p>

6.3	Amend Articles Re: General Meetings	For	For
6.4	Approve Virtual-Only Shareholder Meetings	For	Against

7.2	Reelect Thomas Straumann as Director	For	For
7.3	Reelect Daniel Herren as Director	For	For
<p><i>Blended Rationale: We consider a vote in favour of these resolutions to be warranted for this year. For 2023, our guideline policy now recommends a vote against the incumbent nominating committee chair or incumbent members of the nominating committee in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case, board diversity is well below the level we would expect to see, although it is noted that it is a relatively small board. As we have not yet had the opportunity to engage meaningfully with the company on this issue we are willing to support the current board composition for this year, but will seek to engage on this topic with the company to increase the board diversity in the future, providing the company the necessary time needed to recommend a new female board member in the next AGM.</i></p>

4	Do You Wish to Adopt Cumulative Voting for the Election of the Members of the Board of Directors, Under the Terms of Article 141 of the Brazilian Corporate Law?	None	Abstain
<i>Blended Rationale: ABSTAIN vote recommendations are warranted for Items 4, 7, and 8.1-8.9 in the absence of publicly-available information, disclosed in a timely manner, regarding a cumulative voting request presented by shareholders.</i>			
5	Elect Directors	For	Against
<i>Blended Rationale: The company proposes a slate including incumbent director Jose Batista Sobrinho, a member of the company's controlling shareholder, the Batista family, and the father of former administrators, Wesley and Joesley Batista. In light of the governance concerns due to egregious practices carried out by the former administrators and controlling shareholders, a vote AGAINST this bundled resolution is recommended. Furthermore, significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - Votes AGAINST board chair Jeremiah Alphonsus O'Callaghan are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>			
6	In Case There is Any Change to the Board Slate Composition, May Your Votes Still be Counted for the Proposed Slate?	None	Against
<i>Blended Rationale: A vote AGAINST this request is warranted because potential changes in the board slate composition can impact the board's independence level in a way that cannot be anticipated by shareholders at this time. As such, due to the lack of timely disclosure, international institutional investors are prevented from making an informed voting decision.</i>

<i>Blended Rationale: ISS recommends voting against this proposal due to the directors' failure to establish an independent board. NEP is the strategic financing vehicle for NextEra. As last year we consider that the relationship between the two companies is symbiotic and successful and we are comfortable with the board composition of NEP. The presence of 3 independent directors and the presence of two independent committees (audit and conflicts) helps to protect shareholder rights.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: ISS recommends voting against this proposal due to a perceived lack of disclosure by NEP on the compensation policy for management. NEP does not have its own executives or employees, instead it pays NextEra a management contract and there is, therefore, no compensation to disclose at the NEP level as explained by the company. In 2022 we welcomed the payment of 7% of shares paid out in an LTIP to executives involved in NEP as well as NEE being paid in NEP shares – we feel that this more closely aligns the management with NEP performance and remain comfortable with the level of disclosure.</i>

<p><i>Blended Rationale: We consider a vote Abstain is warranted. Our concerns focus on the fact that the whole compensation structure pays out each year in cash and that no shareholding requirements are disclosed for the CEO. We would like to see a greater proportion of deferred shares and clearer disclosure of CEO holding requirements (noting that he currently holds 129,200 shares). In addition, to further mitigate the payout structure, more disclosure relating to the level of achievement and retrospective disclosure of targets for the annual bonus would be welcome. We will continue to engage with the company on this issue.</i></p>

1n	Elect Director Maria T. Zuber	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted. This marks the first time in several years in which a quantitative pay-for-performance misalignment has been identified at BAC. On the positive side, CEO performance year pay decreased in directional alignment with recent stock price underperformance, and the majority of equity awards are based on clearly-disclosed multi-year goals with no upside vesting potential. However, there are significant concerns regarding the structure and lack of key disclosures under the annual incentive determination process. Annual incentives are discretionarily determined, although guided by performance assessments that highlighted consistent metrics year-over-year, and this discretionary determination resulted in an identified pay-for-performance misalignment for the year in review. Further, the proxy lacks key disclosures such as target pay opportunities, per-metric weightings, and threshold, target or maximum goals. Investors generally prefer a more formulaic incentive determination process with discretion constrained and judiciously applied, with key disclosures that provide transparency into pay outcomes. Also concerning is the structure and lack of disclosure related to sizable time-vesting awards granted to non-CEO NEOs.

	<i>Blended Rationale: A vote FOR this item is warranted because the company's compliance with Hungary's Corporate Governance Code is in shareholders' best interests.</i>		
9	Amend Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted, as: - The company has failed to disclose information regarding the supplementary pension that can be provided to the directors. At the same time, no information regarding the exit payments has been provided by the company; - There is a lack of disclosure on the performance metrics, their weights, targets and the existence of both STI and LTI plans; - The remuneration policy includes a derogation clause which is of rather general nature. While the derogation clause stipulates that the board of directors is entitled to depart from any and all elements of the remuneration policy, there is no further disclosure on how this may be applied.</i>		
10	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted, because: - The company has failed to provide a disclosure regarding the concrete performance conditions and their individual level of achievement and retrospective disclosure of targets of the STI. The company does not disclose the achievement level of each metric in terms of compared to the maximum achievable level. Such information is valuable for shareholders for getting an indication of the stringency of the bonus; - The company has failed to disclose the target and maximum limits for the LTIP (EPP). The provided performance conditions are very general and lack details, their achievement levels are not disclosed either. At the same time, the company has failed to disclose the ESOP policies and the assessment of the remuneration of the board members based on them - According to the remuneration report, Dr Gabor Gulacsi was eligible for employee share bonus, however the provided disclosure makes it impossible to determine the amount of this remuneration and other details regarding its provision. This share award is not subject to pre-determined performance conditions. This adds discretion not being subject to predetermined performance metrics. Therefore, shareholders are not able to assess the stringency of the pay for performance alignment.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
<p><i>Blended Rationale: A vote FOR the proposal is warranted. In response to last year's low say-on-pay vote, the committee engaged with shareholders and disclosed the feedback received. In addition, in a supplemental filing, the committee committed it would continue to monitor and limit the use of consulting agreements with its NEOs and exercise prudence with all aspects of such agreements, including quantum, which addresses the key concern expressed by shareholders. Accordingly, the compensation committee has demonstrated adequate responsiveness to last year's low say-on-pay vote result. Additionally, the majority of the CEO's pay is conditioned on objective performance metrics and CEO pay and company performance were reasonably aligned during the year in review.</i></p>

5	Report on Third-Party Civil Rights Audit	Against	For

6	Issue Transparency Report on Global Public Policy and Political Influence	Against	For
<p><i>Blended Rationale: A vote FOR this resolution is warranted, as increased global transparency and disclosure around its memberships in political organizations and lobbying expenditures, as well as the company's its management- and board-level oversight of spending would help shareholders evaluate the company's management of related risks and benefits.</i></p>			
7	Report on Congruency of Political Spending with Company Values and Priorities	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted, as a report on the congruence of the company's political expenditures with its stated values would enable shareholders to have a more comprehensive understanding of how the company oversees and manages risks related to its political spending.</i></p>			
8	Require Independent Board Chair	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent board chair.</i></p>			
9	Report on Risk Due to Restrictions on Reproductive Rights	Against	For

2	Ratify Ernst & Young LLP as Auditors	For	Do Not Vote
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Do Not Vote

Blended Rationale: A vote FOR this proposal is warranted, with caution. Concerns are raised with respect to the target LTI value increase for the CEO and non-disclosure of forward-looking goals for performance equity awards. However, STI awards were primarily based on objective financial metrics and, in a supplemental filing, the company discloses clearly the target goals and quantified performance results, both before and after certain adjustments made by the committee, as well as the corresponding impact on individual awards. Moreover, the committee capped the STI payouts (post-adjustments) to target level in recognition of negative stock price performance during the year.

5a	Approve Discharge of Management Board	For	For
5b	Approve Discharge of Supervisory Board	For	For
6	Approve Remuneration Report	For	Against

Blended Rationale: A vote AGAINST is warranted. Although the commitment and the proposal to improve the remuneration policy from 2024 onwards (item 7) as a sign of responsiveness to shareholders' concerns, we continue to raise the following concerns: - The remuneration committee approved an award of 70,000 shares valued at EUR 5.2 million as a discretionary award to the CEO; - CEO pay is substantially above market medians (vs. ISS selected peers and company selected peers) and considered to be excessive and further raises concerns. - Lack of stringency on the targets related to the financial STI target and inconsistency with the business objective. The company explained this point as communicated targets being 'long-term targets for an industry peak cycle'. However, we recognize that the company has substantially improved disclosure on reasoning and background on the decision to grant the extraordinary award; the financial criteria used to determine exceptional performance in a particular year represent a broader and more challenging set of financial targets than Besi's STI and LTI financial criteria. The board applied a 42 percent downwards adjustment from the potential maximum award primarily due to a 51 percent increase in Besi's share price during 2021.

1.4	Elect Director Thomas R. Stanton	For	Withhold
<p><i>Blended Rationale: WITHHOLD votes are warranted for compensation committee member Thomas Stanton, due to the compensation committee's poor responsiveness to last year's low say-on-pay vote result.</i></p>			
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: There is some concern surrounding median target setting for certain PSU metrics and a reduction in performance share weighting. However, CEO pay declined substantially following last year's one-time retention and integration awards, and the annual and long-term incentives were entirely based on objective metrics with forward-looking disclosure of goals. Accordingly, the quantitative pay-for-performance misalignment is mitigated. However, a vote AGAINST this proposal is warranted, as the compensation committee demonstrated poor responsiveness to last year's low say-on-pay vote. Although the proxy provides some details about meetings with shareholders, certain engagement details are lacking. Further, the proxy does not disclose any specific shareholder feedback, which makes it impossible to ascertain what actions would be responsive to shareholders' concerns as evidenced by last year's low say-on-pay vote result.</i></p>

1.1	Elect Director J. Michael Stice	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for John P. Surma, J. Michael Stice, Susan Tomasky, and Toni Townes-Whitley given the concerns raised regarding the company's management and oversight of climate related risks. Furthermore, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments.</i>		
1.2	Elect Director John P. Surma	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for John P. Surma, J. Michael Stice, Susan Tomasky, and Toni Townes-Whitley given the concerns raised regarding the company's management and oversight of climate related risks. Furthermore, the company is not aligned with investor expectations on Net Zero by 2050 targets and commitments. Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. - WITHHOLD votes for board chair John Surma are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

8	Amend Compensation Clawback Policy	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as the addition of reputational or other financial harm as a recoupment scenario would expand the board's ability to recoup incentive pay and the increased disclosure requirements would also better serve shareholders' informational needs.</i>

4	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST is warranted, because: - The company did not provide any compelling rationale regarding the increase in key perquisites to the CEO - The company's STI disclosure is insufficient regarding performance targets, not allowing shareholders to assess the pay for performance assessment - The company's lead executive total pay package is more than 3x higher than median of Sustainability Advisory Services peers. - The company provided unclear disclosure on the termination payments of two executives. - There is insufficient disclosure on LTI performance criteria (stock option plan and restricted shares plan), and the company introduced a new LTI plan (cash based) beyond the remuneration policy with no disclosure on the performance metrics' and targets. - The company did not provide any responsiveness regarding last year's dissent on the vote of the remuneration report.</i></p>			
5	Approve Remuneration Policy	For	Against
<p><i>Blended Rationale: Although disclosure on performance conditions under STI and performance shares LTI plan has slightly improved compared to the proposed remuneration policy as proposed at the AGM 2021, a vote AGAINST is warranted because the proposed remuneration policy is below par in relation to market standards, particularly with regard to: - the financial and operational performance metrics under STI plan are not defined - the disclosure of details on the incentive levels attached to the LTI plan and its performance metrics. - options and RSUs vest prior to a 3 year period and accelerated vesting of PSU grants is provided in case of a change of control. - the company is allowed to temporarily deviate from the remuneration policy in special circumstances. <i>Blended Rationale: A vote AGAINST this proposal is warranted because: - There are insufficient ex-post disclosures to explain the evolution of variable payouts versus company performance. As such, performance achievements underlying the requested amount are unclear. - There is no true long-term incentive component that measures performance over a multi-year period. - Because the company has not provided shareholders with a non-binding resolution on the remuneration report, this is the most appropriate item for expressing a view on the company's variable remuneration practices.</i>

	<i>Blended Rationale: We consider a vote in favour of this item is warranted. In normal circumstances a carve-out policy is applied to majority-controlled companies requiring one-third of the board to be independent. 10	Approve Variable Remuneration of Executive Committee in the Amount of CHF 1.2 Million	For	For
<p><i>Blended Rationale: We consider a vote in favour of this item is warranted. Following conversations with the Company we understand the drivers behind the variable remuneration of the executive management and we can consider that there is a solid long term incentive program in place. APG delivered very solid results for FY22 in a very challenging environment and maintained its shareholder-friendly dividend policy. The executive management comprises 6 members so the average variable compensation is CHF200k which we consider to be modest. We therefore vote FOR the approval of the variable remuneration of Executive Committee in the Amount of CHF 1.2 Million as we believe this this is really not excessive, consistent with company's history and achievements and lower than peers.</i></p>

7	Adopt Policy to Include Legal and Compliance Costs in Incentive Compensation Metrics	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted. Shareholders continue to raise concern surrounding the company's exclusion of large litigation-related costs from the executive compensation program, as evidenced by significant shareholder support for this proposal at last year's annual meeting. In addition, shareholders may have expected more robust disclosure and reconciliation in the proxy in order to better understand how these specific expenses impacted pay for its top executives. Given that the proposal would provide the board with flexibility to adjust the application of the policy in individual circumstances, with an explanation to shareholders, the request is not viewed as overly prescriptive.</i></p>			
8	Report on Impact of Extended Patent Exclusivities on Product Access	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted for the following reasons: - Additional disclosure would benefit shareholders by increasing transparency regarding the company's efforts to address the risks related to extended patent exclusivities; and - Disclosure of the requested information would serve to provide greater assurance to shareholders that the firm's initiatives and practices sufficiently guard against potential financial, litigation and operational risks to the firm.</i></p>

The company disclosed 14 nominees (13 appointed by management and one appointed by minority shareholders) for a proposed 13-member board. Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote on Executive Compensation Approach	For	Against

Blended Rationale: A vote AGAINST this non-binding advisory vote is warranted at this time. The quantitative pay-for-performance screen has identified a high concern driven by RDA. This comes after the failed say-on-pay vote results (24.4 percent support) at the last AGM and the primarily high concerns generated by the quantitative screen over the past five years. The company continues to have apparent pay-for-performance misalignment. In addition to the high concern identified by the quantitative screen, the following problematic pay practices have been identified: - The one-time bonus payments were made without considering rigorous performance criteria. While the company discussed several factors considered for the payments, there is no disclosure of any pre-determined metrics or targets, which raises concerns of the appropriateness of the bonus, particularly considering the quantum of the payments to Executive Chair (C\$10 million) and the CEO (C\$2 million); - In addition, the bonus payments appear to be made in cash, without any vesting conditions related to the company's long-term performance; and - The combined total compensation paid to the Executive Chair, the CEO, and the former CEO during 2022 (including the one-time bonus and the severance payments) is above US\$33 million, contributing to a 60 percent year-over-year increase of the total compensation cost for all NEOs (from US\$28 million in 2021 to US\$45 million in 2022).

<p><i>Blended Rationale: A vote AGAINST this item is warranted because: - The company-classified independent nominee Guilherme Affonso Ferreira is considered non-independent under policy guidelines, due to a tenure equal to or exceeding 12 years; and - The company has presented a bundled resolution, preventing shareholders from voting on each candidate individually.</i></p>

<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. For 2023, our guideline policy now recommends a vote against the incumbent nominating committee chair or incumbent members of the nominating committee in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. However, we also take into account the quality of the board members and the fact diversity is currently at 33% (2) on a relatively small board of six. We will seek to engage through the course of the year.</i>
