2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although annual and long-term incentives are predominantly based on pre-set, objective performance metrics, the committee made discretionary adjustments to allow for annual incentive payouts that otherwise would have been forfeited. Additionally, the committee granted an additional special equity award upon the vesting of the special award granted in FY19. Investors generally expect for special awards to be used sparingly, and the magnitude of the CEO's special award in FY22 was excessive.</i>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Elevated CEO pay amidst lagging long-term returns and structural concerns with respect to the short- and long-term incentive programs underscore a pay-for-performance misalignment for the year under review. Individual performance goals account for a significant portion of annual incentives and disclosure of specific targets and achievements is limited. Further, a provision under the LTI program allowing PSUs tied to relative TSR to be earned at the minimum level despite below-threshold performance has resulted in minimum level payouts for the past two closing performance cycles, despite failure to achieve threshold relative TSR. Lastly, the remainder of PSUs are based on an annually set performance target that overlaps with the STI program.</i></p>

3	Amend Procedures for Endorsement and Guarantees	For	Against
	<i>Blended Rationale: We consider a vote in favour of this item is warranted. We recognise that provision of guarantees, especially to entities where the company has no overarching control, could expose the company to unnecessary risks, and also that ideally any upper limit for guarantee provision would be accompanied by a specifying the guaranteed entity. However, in this case, at this moment in TSMC's development, the company is about to embark on a necessary major overseas expansion plan involving the build out of multiple new fabrication plants. We therefore believe the company needs the financial flexibility to do this, potentially involving multiple guarantees, which is in support of our investment thesis in the company.</i>

4	SP 1: Report on Emissions and Gender Target and its Overall Significance on the Company's ESG Strategy	Against	For

Blended Rationale: A vote FOR this proposal is warranted. Under the SLL, the company will reap the full pricing benefit for exceeding the key cooperate ESG targets set out in the 2022 ESG Report; and will suffer a penalty on the loan spread for not meeting the base scenario. Given that the company has not disclosed information on the grid-based approach, or the base scenario set for each financial year during the term of the Credit Facility, further disclosure on the company's gender diversity targets and its GHG emissions targets that are related to its SLL would allow shareholders to assess the robustness of the targets. Furthermore, the additional information concerning compliance, performance and remediation related to the company's ESG strategy will provide shareholders with a better understanding of the company's management of these policies and related risks.

5	SP 2: Report on Third-Party Employment Agencies	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted, as additional disclosure on the company's business strategy and its relationship with its franchisees would enable shareholders to understand and better assess how the company is managing the risks to its business related to the labor market.</i></p>			
6	SP 3: Adopt Net Zero Targets in Alignment with the Paris Agreement	Against	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted, as the adoption of net zero targets in line with the Paris Agreement would better inform shareholders to the specific policies, practices, or systems the company may implement to manage its GHG emissions. This would also allow shareholders to better evaluate the company's related emissions performance and the effectiveness of any mitigation measures the company may implement to manage these activities.</i></p>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee demonstrated adequate responsiveness, there is an unmitigated pay-for-performance misalignment for the year in review. The CEO continues to receive a predominantly time-based long-term incentive of relatively significant magnitude, and although annual incentives utilize objective, pre-set goals, their strategic nature and limited disclosure continue to preclude assessment of program rigor.</i>

2	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits repricing or exchange of grants without shareholder approval (overriding factor); - The plan permits cash buyout of awards without shareholder approval (overriding factor); - The plan cost is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i>

	<i>Blended Rationale: A vote AGAINST this item is warranted due to a lack of sufficient information in order to assess the fairness of these awards.</i>		
7	Advisory Vote on Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted due to a lack of information about the extraordinary award to the CFO (i.e. metrics and parameters), the questions raised about the Repeated Performance Incentive, and because the board has not addressed concerns reflected by significant dissent to the company's previous remuneration reports and the remuneration policy submitted in 2022. It is also noted the lag of disclosure about the variable cash awards, the lack of disclosure about the STI targets, and that none of the variable pay schemes measure performance over a long-term period.</i>		
8	Approve Remuneration Policy	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted because the proposed amendments do not significantly change the policy while last year there was a dissident vote of 25.9 percent to the remuneration policy. The policy in general maintains material shortcomings such as uncapped spot and extraordinary bonuses, the latter left to the board discretion. It is also noted that exit payments appear to be high for the Greek market standards, while the long-term plans are not purely long-term oriented in practice.</i>

<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor). - The plan cost is excessive. - The plan allows broad discretion to accelerate vesting.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee demonstrated poor responsiveness to low support for last year's say-on-pay proposal. Concerns are raised by the magnitude of pay for all non-CEO NEOs, who each received greater total compensation than both the CEO and the company's peer median CEO due to significant off-cycle equity grants, as well as by the predominantly time-vesting nature of FY22 equity awards. The CEO also continues to receive an entirely time-vesting long-term incentive of significant value, resulting in multiple executives paid at the level of a CEO for whom the majority of their compensation is fixed.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. Sarah Nash, who served as Executive Chair and Interim CEO during 2022 received a significant stock award that raises concerns. While the company provides a clear rationale for the award and why it was entirely time-based, the overall magnitude of the grant is of particular concern. Specifically, it resulted in her total pay being more than double total pay of the company's peer median CEO pay, which can be costly to shareholders in terms of overall compensation expense.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. After a mid-year review, the compensation committee gave substantial base salary increases to each non-CEO NEO, significantly exceeding base salaries for peer CEOs. In addition to not granting an annual bonus, no portion of the LTI program utilizes pre-set performance criteria either, with equity vesting solely along the passage of time. One NEO also received a substantial sign-on award, with a value multiple times larger than the total median peer CEO pay.</i>

6	Require Independent Board Chair	Against	Against
	<i>Blended Rationale: We consider a vote against this item is warranted. The company has established governance guidelines and there are no concerns regarding board and committee independence, or the company's governance practices at this time. During the past year, the company has made several improvements to the board leadership including revising the governance guidelines to provide that the lead independent director is elected solely by and from the independent directors and to provide enhanced lead independent director duties such that the role is now considered robust. The co-CEO and vice-chair Taylor also resigned these positions, which has reduced the complexity of the leadership structure, and the long-tenured lead independent director has been replaced. In due course we consider it reasonable to expect that Marc Benioff will relinquish his CEO responsibilities when the business transformation is complete, but given the positive changes to the board leadership structure, we do not support the resolution at this time.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. There are significant concerns surrounding the company's decision to amend the CEO's performance option award, originally granted in 2017 with a five-year performance period, to extend the performance period for an additional three years. The amendment resulted in significant incremental value for the award, and diminished the at-risk nature of the original award by allowing for additional chances to earn the award that otherwise would not have been earned in full. In addition to these concerns, a substantial portion of LTI awards to other NEOs lack performance conditions.</i>

1.1	Elect Director Katey Owen	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for director nominees Katey Owen and Robert (Rob) Hershberg given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights. WITHHOLD votes are further warranted for incumbent nominees Robert (Rob) Hershberg and Katey Owen for lack of diversity on the board.</i>			
1.2	Elect Director Robert Hershberg	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for director nominees Katey Owen and Robert (Rob) Hershberg given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights. WITHHOLD votes are further warranted for incumbent nominees Robert (Rob) Hershberg and Katey Owen for lack of diversity on the board. WITHHOLD votes are warranted for Robert (Rob) Hershberg for serving on more than three public boards while serving as a CEO of an outside company.</i>			
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
<i>Blended Rationale: A vote FOR this proposal is warranted. In response to last year's low say-on-pay vote, the committee engaged with shareholders and a recent supplemental filing disclosed additional details surrounding its outreach efforts and specific feedback received. In response, the company implemented certain positive changes to the pay program. In addition, concerns regarding the misalignment between CEO pay and company performance are mitigated for the year under review. CEO pay decreased significantly year-over-year, and the annual bonus program was primarily based on pre-set objective metrics, with clearly disclosed target goals and actual results. Further, the CEO's annual equity grant is now half performance conditioned and measured over a multi-year period.</i>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The committee demonstrated poor responsiveness to last year's failed say-on-pay vote result, which marked the fourth failed vote result in six years. Further, an unmitigated pay-for-performance misalignment exists for the year in review. The STI and LTI lack disclosure of several quantified target goals, and a significant portion of the STI for non-CEO NEOs is based on somewhat vague and/or qualitative goals. Additionally, while the CEO did not receive equity awards following a front-loaded grant in 2021, other NEOs received majority time-vesting equity after accounting for additional time-vesting stock option awards. Lastly, performance equity utilizes an annual performance period and one LTI metric and performance period overlaps with the STI program.</i>

	<i>Blended Rationale: A vote FOR this proposal is warranted as the proposed 10 percent ownership threshold for shareholders to call a special meeting would enhance shareholders' ability to make use of the right, and the likelihood of abuse of the right is small.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST the proposal is warranted. The annual bonus program was based entirely on a financial metric, though a concern is noted regarding the relatively high base salary and target bonus opportunity for the CEO. Though the LTI grant was entirely in performance equity, the metric was identical to the STI, including the performance period, though this concern is partially mitigated by the relatively reasonable grant value. Of significant concern, however, are the awards made in recognition of entering into new employment agreements with the company by the CEO and one NEO, who each received a discretionary cash bonus of \$6 million. On top of that, each received a large one-time equity grant with a value multiple times larger than the total CEO pay for the company's peer group. A large portion of each grant is time-based and the proxy lacks clear disclosure regarding the rationale for the size of the awards and other details necessary to assess them. Additionally, stock price goals do not require sustained performance above the target in order to vest, allowing the award to vest for any 60 nonconsecutive days the closing price exceeds the target over a five-and-a-half year period. The current structure could reward these executives for short-term or merely temporary increases in stock price.</i></p>			
3	Advisory Vote on Say on Pay Frequency	Three Years	One Year
<p><i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Katherine Blair	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for governance committee members Katherine Blair and Yolanda Macias given the board's failure to remove, or subject to a sunset requirement, the multi-class capital structure which adversely impacts shareholder rights.</i>		
1.2	Elect Director Yolanda Macias	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for governance committee members Katherine Blair and Yolanda Macias given the board's failure to remove, or subject to a sunset requirement, the multi-class capital structure which adversely impacts shareholder rights.</i>		
1.3	Elect Director Richard Siskind	For	For
2	Amend Certificate of Incorporation to Permit the Exculpation of Officers	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted, as the company is controlled and the board which will decide on the company's response to any shareholder litigation has a poor track record on corporate governance.</i>		
3	Approve Omnibus Stock Plan	For	For
	<i>Blended Rationale: Based on the Equity Plan Scorecard evaluation (EPSC), a vote FOR this proposal is warranted.</i>		
4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. The CEO receives an outsized salary, and three executives including the CEO received significant perks and associated tax gross ups. Although annual incentives are based on a financial metric, all executives are eligible to receive potentially significant awards, a concern underscored by the CEO's FY22 award of an amount more than four times the median. Moreover, although long-term incentives are half performance-based, half of PRSUs are earned based on annual performance periods, and relative TSR PSUs target merely median performance with no disclosed payout cap for negative absolute TSR.</i>		
5	Advisory Vote on Say on Pay Frequency	Three Years	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>		
6	Report on Plans to Reduce Full Value Chain GHG Emissions Aligned with Paris Agreement Goal	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as additional information on the company's efforts to reduce its carbon footprint and align its operations with Paris Agreement goals would allow investors to better understand how the company is managing its transition to a low carbon economy and climate change-related risks.</i>

<p><i>Blended Rationale: We consider a vote in favour of these resolutions to be warranted. Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factor(s): - The equity program is estimated to be excessively dilutive (overriding factor); - The plan cost is excessive; and - The plan allows broad discretion to accelerate vesting.

Meeting Type: Annual

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Roelof Botha	For	For
1.2	Elect Director Amy Brooks	For	Withhold

Blended Rationale: WITHHOLD votes are warranted for governance committee member Amy Brooks: - For failing to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights; and - For maintaining a multi-class capital structure with disparate voting rights that is not subject to a reasonable time-based sunset.

1.8	Elect Director Thomas R. Reeg	For	For
1.9	Elect Director David P. Tomick	For	For
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. A quantitative pay-for-performance misalignment has been identified for the year in review, and sufficient mitigating factors have not been identified. The increase in total CEO pay is primarily driven by a special, one-time equity award granted to the CEO. While it is positive that the CEO's one-time equity award is entirely performance-based, there is concern identified with respect to the relatively short sustainment period, particularly for a large, one-time award. Specifically, the stock price performance-vesting condition is based on exceeding certain share price hurdles for 20 consecutive days, without requiring long-term sustained stock price appreciation through the end of the performance period. Moreover, the company's off-cycle grant frequency raises concerns, as the CEO previously received an off-cycle award in August 2020. Additional concerns were identified, as a portion of PSUs vest based on annually set adjusted EBITDA goals. While the results are averaged at the end of the three-year performance period, the use of annually-set goals with an annual measurement under the LTI raises concerns. These concerns are magnified as it overlaps with the same metric, target and performance period under the STI program. Further, the relative TSR metric is not particularly rigorous, given that it targets merely median performance. Finally, the CEO continues to receive a relatively high base salary, which has an augmenting effect on incentive opportunities targeted as a percentage of salary.</i>			
3	Ratify Deloitte & Touche LLP as Auditors	For	For
4	Amend Certificate of Incorporation to Limit the Liability of Certain Officers	For	For
5	Report on Political Contributions and Expenditures	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted, as increased disclosure of the company's indirect political contributions through all trade associations and other tax-exempt organizations could help shareholders more comprehensively evaluate the company's management of related risks and benefits.</i>			
6	Disclose Board Skills and Diversity Matrix	Against	For
<i>Blended Rationale: A vote FOR this proposal is warranted because a board matrix would enhance transparency and would provide shareholders with a better tool to assess the quality of Caesars's board and to evaluate its director nominees.</i>

Blended Rationale: A vote AGAINST this proposal is warranted. There are significant concerns raised by the size of new Executive Chairman and CEO Dreiling's equity awards, which the company values at \$135.6 million, approximately 11.5 times the median total CEO pay at ISS-selected peers. These concerns are magnified as the award consists entirely of time-based stock options.

2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against

Blended Rationale: A vote AGAINST the proposal is warranted. Although the company implemented a performance equity program that utilizes rigorous goals, a significantly positive development, other concerns remain. The new triennial grant structure locks certain concerning features into the pay program until the next grant, which include a relatively low percentage of the grant that was in performance equity (for a front-loaded grant) and the award only utilizing annualized performance periods. In addition, the grant value, even when annualized, is relatively large. NEO base salaries were also relatively high, and one NEO received a large sign-on award that lacked performance-conditioned equity.

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The annual incentive program is sufficiently tied to pre-set objectives, and although some concern exists given that less than half of the FY22 LTI awards were performance-conditioned, the proportion of performance shares in NEOs' equity mix for FY23 will increase to 50 percent. In addition, while investors would benefit from more thorough forward-looking disclosure of the performance targets for performance shares, the company provides goal targets and actual achievements with respect to recently completed performance cycles. On balance, these factors mitigate a pay-for-performance misalignment for the year under review.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Adopt 2023 Share Option Scheme and Terminate 2014 Share Option Scheme	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The company could be considered a mature company, and the limit under the proposed 2023 Scheme, together with other share incentive schemes of the company, exceeds 5 percent of the company's issued capital. - The 2023 Scheme lacks challenging performance criteria and meaningful vesting periods. - The directors eligible to receive options under the 2023 Scheme are involved in the administration of the scheme.</i>

Liberty Global Plc

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
	<i>Blended Rationale: A vote AGAINST Nominating and Corporate Governance Committee member Miranda Curtis is warranted for maintaining a multi-class structure with disparate voting rights that is not subject to a reasonable time-based sunset provision.</i>		
2	Elect Director J David Wargo	For	For
3	Approve Remuneration Report	For	Against
	<i>Blended Rationale: As the company is reporting as a U.S. domestic issuer and given that the focus of this proposal is on top executive pay, the recommendation for this proposal is aligned with the U.S. review of executive compensation practices (under Item 5). Accordingly, a vote AGAINST is warranted.</i>		
4	Approve Remuneration Policy	For	Against
	<i>Blended Rationale: As the company is classified as a US domestic issuer, and given that a focus of this proposal is on top executive pay, the recommendation for this proposal is aligned to the US say-on-pay analysis. Accordingly, a vote AGAINST this proposal is warranted.</i>		
5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST the proposal is warranted. The CEO's base salary and target bonus are oversized, and due to an agreement with the CEO can continue to increase each year. Though the annual bonus is based on pre-set objective measures, no performance targets are disclosed. Finally, though the CEO did not receive an annual grant during FY22, his target annual equity grant will continue to increase and will continue driving oversized pay opportunities going forward.</i>

7	Ratify KPMG LLP (U.K.) as Auditors	For	For
8	Authorise Board to Fix Remuneration of Auditors	For	For

11	Authorise UK Political Donations and Expenditure	For	For
12	Authorise Market Purchase of Ordinary Shares	For	For
13	Approve Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits repricing of awards via cancellation and re-grant without shareholder approval (overriding factor); - The plan permits cash buyout of awards without shareholder approval (overriding factor); - The equity program is estimated to be excessively dilutive (overriding factor); - The plan cost is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While long-term incentives were delivered entirely as stock options, which are generally considered to be more strongly performance based for early-stage biotechnology firms, the proxy offers very limited disclosure around both the annual and long-term incentive programs, which significantly inhibits shareholders' ability to reasonably evaluate the linkage between pay and performance.</i>		
4	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor); - The plan cost is excessive; - The three-year average burn rate is excessive; - The disclosure of change-in-control ("CIC") vesting treatment is incomplete (or is otherwise considered discretionary); - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i>

9.1	Elect Richard Ridinger to the Supervisory Board	For	For

Blended Rationale: We believe a vote in favour of this item is warranted. We consider a number of the activist proposals make sense including in relation to the spin-off of the Specialties business, the expansion of the Board and an improvement in investor disclosure and have made these points clear to the Board. We also intend to support certain of the countermotions proposed by the Activists. However, we don't believe this should require a wholesale change to the Board today and with this in mind, we have agreed that we will support Richard's re-election and position as Board Chair, regardless of whether the Section 137 passes. We very much hope he can bring the same sort of discipline he demonstrated at Lonza to the table and hope that his new responsibility as Chair can inspire a greater focus on the value realisation potential and governance practices at Brenntag. In return for this support, we will continue to engage to push for improved Board accountability (e.g. shorter terms), greater reporting transparency and clearer focus on internal efficiency.

9.2	Elect Sujatha Chandrasekaran to the Supervisory Board	For	Against
<p><i>Blended Rationale: Because shareholder counterproposals are filed against a management proposal, they are not separate voting items, and do not typically appear on the ballot. At the meeting, shareholders first vote on the management proposal. The meeting then proceeds to a vote on the counterproposal(s) only if the management proposal has been rejected. Since a shareholder vote on the counterproposals to Items 9.1 and 9.2 is contingent on the outcome of the vote on the management proposal, we recommend that shareholders vote AGAINST Items 9.1 and 9.2, and FOR the countermotions (if they choose to attend or send a representative to the meeting) to these items. Specifically: Votes AGAINST the management nominees, Richard Ridinger and Sujatha Chandrasekaran, and FOR the counterproposals to nominate dissidents Geoff Wild and Joanna Dziubak, are warranted because: - There seems to be no evidence that the company's dual-business strategy is conferring any advantage, as the company has underperformed most relevant peers. - The company's key announcements this year, terminating the Univar discussions and implementing a share buyback, seem reactive to shareholder pressure. - Though shareholders do not need to decide which strategic path is better at this point, there are sufficient concerns regarding strategic direction and execution to warrant reinforcing the board with directors with capital allocation and executive experience. - Wild, with an academic background in chemistry, CEO level experience, and industry knowledge, would be a qualified replacement for Ridinger, while Dziubak's financial expertise would seem more critical to the board's present needs than Chandrasekaran's technology skillset.</i></p>

11	Voting Instructions for Motions or Nominations by Shareholders that are not Made Accessible Before the AGM and that are Made or Amended in the Course of the AGM	None	Against

Blended Rationale: A vote AGAINST this item is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new or modified motions are introduced by shareholders at the AGM that have not been made accessible beforehand. - The content of any new items or counterproposals is not known at this time. Thus, shareholder proposals filed at the AGM cannot be properly evaluated and acted upon by shareholders voting via proxy, which effectively disenfranchises them.

Blended Rationale: While we would prefer to see a net zero target and for the company to report and target reductions across all of their Scope 3 emissions, we do not think it is appropriate to vote against the board on that basis given the progress they have made and the recent commitment to setting a group wide SBTI verified target. CP have an SBTI verified target for Scope 1, 2 and most scope 3 emissions from their locomotives (80% of total emissions) which gives us the required confidence that the company is on the right path, even if the technology is not yet available to hit net zero. While we think that the company should be encouraged to continue to enhance their emissions reporting and tighten their targets, we do not feel that a vote against this proposal and against the progress made to date is the right approach

<p><i>Blended Rationale: A vote AGAINST Governance Committee members Neil Mehta, Benjamin Sun, and Kevin Warsh is warranted for maintaining a dual-class structure with disparate voting rights that is not subject to a reasonable time-based sunset provision. A vote AGAINST Governance Committee chair Kevin Warsh is warranted given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the bylaws which adversely impacts shareholder rights.</i></p>

11	Approve Remuneration Policy	For	Against
<i>Blended Rationale: A vote AGAINST the proposed remuneration policy is warranted, based on the following considerations: - Without downplaying Victor Grifols Roura's contribution to the company, maintaining his EUR 965,000 fee conflicts with his reduced responsibilities under his new capacity and the company endeavors to reduce costs. - The vesting requirements of stock options are substandard (see also Items 12 and 13). - The CIC-triggered severance terms for the founding family members are deemed excessive.</i>			
12	Approve Stock Option Plan	For	Against
<i>Blended Rationale: A vote AGAINST the proposed stock option plan is warranted because the vesting schedule is substandard: up to 40 percent of stock options may vest two years after grant, and there are no sufficiently mitigating factors to this short vesting period.</i>			
13	Approve Grant of Options to the Executive Chairman and CEO	For	Against
<i>Blended Rationale: A vote AGAINST this resolution is warranted because the vesting requirements of this sign-on-like bonus are substandard: stock options vest after two years and are not subject to performance conditions, only an overall assessment of the chair/CEO's performance by the board of the execution of the operational improvement plan.</i>

<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual incentives were based on financial performance, specific targets and actual quantified results were not disclosed, hindering investors' ability to analyze goal rigor. Further, for FY22, the committee used discretion to increase payouts, including to the CEO. More concerning however, is a special grant made to CEO Reynal, with limited rationale. While the award is contingent upon rigorous performance goals, the magnitude is outsized and grant values disclosed in proxy pay tables do not yet include additional stock options that were granted in early 2023. The award also appears to be made in addition to regular annual grants, as the CEO also received an annual equity award in FY22.</i>

<i>Blended Rationale: A vote AGAINST the proposal is warranted. CEO pay as valued by Sustainability Advisory Services increased by more than 33 percent year-over-year, and was nearly three times the median CEO pay in the company-selected peer group. The company also utilizes a high maximum opportunity in the short- and long-term programs. With the annual bonus earned at maximum in FY22, the CEO received a payout at four times his target bonus opportunity. In addition, the company amended FY22 equity awards, switching to stock price goals with only limited rationale explaining why the original goals were no longer appropriate. While the new goals require an increase in stock price, they were awarded after a rather steep decline in price. Lastly, other NEO pay is also relatively high, as compared to the median peer CEO.</i>

1.1	Elect Director Eric S. Yuan	For	For
1.2	Elect Director Peter Gassner	For	For
1.3	Elect Director H.R. McMaster	For	Withhold
<i>Blended Rationale: WITHHOLD votes are warranted for governance committee member Herbert Raymond McMaster given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, the classified board structure, and the supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights.</i>			
2	Ratify KPMG LLP as Auditors	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST the proposal is warranted. Executives received large "refreshment" grants intended to cover four years of compensation and these grants lack pre-set performance criteria. In addition, some executives received grants intended to offset the lost value from a stock price decline on previous grants. Additionally, one NEO's new-hire package was large and also lacked performance criteria.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. While annual incentives were largely determined by clinical goals, it appears final payouts incorporate a significant amount of committee discretion given the limited disclosure of actual results and achievements. In addition, the total value of the CEO's stock options remains significantly higher than the median total pay for CEOs in both Sustainability Advisory Services and company peer groups, which is partially the result of the company benchmarking long-term incentive values at the 75th percentile of peers. Further, equity awards were delivered entirely as time-vesting stock options and the company introduced full-value RSUs as part of the FY23 LTI program, which do not appear to be subject to performance-vesting conditions.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR the proposal is warranted as pay and performance are aligned for the year in review. While some concerns are noted about incomplete goal disclosure and the use of one-year measurement periods for a portion of the LTIP, annual incentives are entirely based on pre-set financial metrics, and a majority of the long-term equity awards are performance based.</i>		
4	Advisory Vote on Say on Pay Frequency	One Year	One Year

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns are raised regarding annual incentives as bonuses were discretionary in nature and the disclosure of targets and achievements is limited. Significant concerns are also raised regarding long-term incentives as NEOs received retention awards in FY22 that were entirely time-vesting, which followed FY22 annual-cycle awards being pulled forward and granted in FY21 for retention purposes.</i>

1.1	Elect Director Johanna Flower	For	For
1.2	Elect Director Denis J. O'Leary	For	Withhold
<i>Blended Rationale: We consider a vote against is warranted. We agree with the importance of removing the dual-class capital structure, the super majority provision, and the classified board and seek their removal. However, the main purpose of our vote against is the existing remuneration structure and the levels of disclosure relating to pay. The levels of dilution driven by the non-cash charge of \$310million in stock based compensation relating to the Special PSU grants are well above peers, and this award size is further exacerbated by the insufficient disclosure relating to clawback policies, stock ownership guidelines and holding periods. Given that there is no vote on pay at this year's AGM, we consider it appropriate to vote against Mr O'Leary as Chair of the Nomination and Governance committee, and will seek to engage further on these points through the coming year.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For

Blended Rationale: We consider a vote in favour is warranted. While we acknowledge that the non-enforcement of the clawback of a departed NEO's pay is generally problematic, we also believe this to be a one-off during a period of significant transformation at the company. We also recognise the engagement which the company has undertaken with shareholders on remuneration over the last year and we are particularly pleased to see some of our recommendations (e.g. TSR peer group) put into place. We will continue to monitor compensation costs through the transformation and will continue to engage.

4	Amend Omnibus Stock Plan	For	For
---	--------------------------	-----	-----

Blended Rationale: We consider a vote in favour is warranted. While the total quantum of outstanding equity grants is significant, the majority of this is due to prior awards that were granted before the transformation of the company began under the new management team. The company notes that the current planned awards are less than originally expected. Our ongoing discussions with the company continue to confirm that the intention of the board and management is to further reduce equity award ranges, along with participation rates. Given this will reduce the overall level of share compensation over time we are supportive of the direction of travel and will continue to engage.

1.1	Elect Director Tokura, Masakazu	For	Against
	<i>Blended Rationale: A vote AGAINST this nominee is warranted because: - Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders, and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

The CEO received a relatively large one-time retention award during the year in review, without disclosure of compelling rationale regarding the need for an additional equity award. Furthermore, while half of the company's regular equity grants are performance-conditioned, forward-looking performance targets are not disclosed, limiting shareholders' ability to assess the rigor of these awards.</i>

4	Amend Equity Incentive Plan	For	Against
	<i>Blended Rationale: Based on evaluation of the estimated cost, plan features, grant practices, and overriding negative factors using the Equity Plan Score Card (EPSC), vote AGAINST this omnibus plan due to the following key factors: - The plan provides for discretionary non-employee director participation; - The plan's detailed amendment provision does not sufficiently limit the board's ability to amend the plan without shareholder approval; - The plan's estimated cost is excessive; - The company's potential dilution from equity plans is excessive; - The plan contains a problematic change-in-control provision; and - The plan provides for financial assistance to participants.</i>		
5	Amend Deferred Share Unit Plan	For	Against
	<i>Blended Rationale: While the potential dilution (4 percent) is acceptable, vote AGAINST this Deferred Share Unit Plan as: - Non-employee directors participate in the plan on a discretionary basis; and - The plan's detailed amendment provision does not adequately restrict the ability of the board to amend the plan without shareholder approval.</i>		
6	Approve Extension of Option Term	For	Against
	<i>Blended Rationale: Vote AGAINST this proposal as the extension of option terms is akin to repricing in that it undermines the incentive value that options were originally intended to provide.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. The company made mid-cycle changes to previously granted PSUs, changing the benchmark used for the awards. Though concerns are noted in the annual pay program, including a fully discretionary annual bonus and a minor modification to in-flight performance equity awards, these are mitigated for the year in review, as pay and performance are reasonably aligned. However, significant concern is noted regarding the CFO's employment agreement amendment, which increased his compensation for FY22 by providing for retention equity awards and, more notably, accelerated vesting of all time-vested equity awards, a problematic pay practice that undermines the retentive aspect of LTI awards. Additionally, concerns remain regarding the entirely discretionary bonus payouts under the annual incentive program.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Gary Briggs	For	Withhold
<p><i>Blended Rationale: WITHHOLD votes are warranted for Governance Committee members Gary Briggs and Mary Sullivan given the board's failure to remove, or subject to a sunset requirement, the pop-up supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i></p>			
1.2	Elect Director Nishad Chande	For	Withhold
<p><i>Blended Rationale: WITHHOLD votes are warranted for non-independent director nominees Nishad Chande and Mary Sullivan for failing to establish a board on which a majority of the directors are independent.</i></p>			
1.3	Elect Director Mary Sullivan	For	Withhold
<p><i>Blended Rationale: WITHHOLD votes are warranted for non-independent director nominees Nishad Chande and Mary Sullivan for failing to establish a board on which a majority of the directors are independent. WITHHOLD votes are further warranted for Mary Sullivan for serving as a non-independent member of a key board committee. WITHHOLD votes are warranted for Governance Committee members Gary Briggs and Mary Sullivan given the board's failure to remove, or subject to a sunset requirement, the pop-up supermajority vote requirement to enact certain changes to the governing documents and the classified board, each of which adversely impacts shareholder rights.</i></p>			
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. Concerns exist regarding the disclosure of the STI and LTI programs. While the CEO's annual equity awards were half performance-conditioned and STI was based primarily on financial goals, targets were undisclosed, making it difficult for shareholders to evaluate the rigor of the goals. Additionally, the CEO received a significant retention grant of stock options, raising concerns regarding the magnitude of his awards as well as the lack of forward-looking performance vesting criteria for the majority of his FY22 equity grants.</i></p>			
3	Amend Omnibus Stock Plan	For	Against
<p><i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan cost is excessive; - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i></p>			
4	Amend Certificate of Incorporation to Reflect New Delaware Law Provisions Regarding Officer Exculpation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted, as the company is controlled and the board which will decide on the company's response to any shareholder litigation lacks accountability to unaffiliated shareholders.</i></p>

5	Amend Articles to Disclose Greenhouse Gas Emission Reduction Targets Aligned with Goals of Paris Agreement	Against	For
<p><i>Blended Rationale: A vote FOR this shareholder proposal is recommended because: - The company's net zero 2050 commitment covers its scope 1, 2, and 3 category 15 emission that account for up to 6 percent of its total emissions. The request under Item 5 is to set and disclose a business plan with short term and mid-term greenhouse gas emission targets aligned with the goals of the Paris agreement. While the newly disclosure of the scope 3 (cat 11) GHG emissions is positively noted, the absence of any detailed information about the plan with regards to the strategy addressing the company's scope 3 category 11 (use of sold products) that represent approx. 94 percent of the company's total emissions raises concerns about the credibility of the company's net zero commitment.</i></p>			
6	Amend Articles to Disclose Evaluation concerning Consistency between Capital Expenditures and Net Zero Greenhouse Gas Emissions by 2050 Commitment	Against	For
<p><i>Blended Rationale: A vote FOR this shareholder proposal is recommended because: - The capital expenditure disclosure requested under Item 6 would help investors understand the financial risks the company is facing in a decarbonized economy where demand in oil & gas will progressively decrease. In addition, the proposal wording is deemed sufficiently accurate without being too prescriptive and should therefore not lead the company to breach any trade secrets while the requested annual reporting effort does not appear overly burdensome.</i></p>

<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. A pay-for-performance misalignment for the year under review is mitigated given that annual and long-term incentives are sufficiently tied to objective performance measures, although continued monitoring is warranted given goal rigor and disclosure concerns under the annual incentive program. However, the compensation committee did not demonstrate sufficient responsiveness to last year's say-on-pay vote result. Specifically, the company does not disclose any shareholder concerns or specific feedback and the committee did not take any specific actions in response to the nearly half its shareholders opposing last year's say-on-pay.</i></p>

5	Elect Director Susan K. Langer	For	Against
<p><i>Blended Rationale: We do not consider a vote in support of the election of Susan Langer is warranted. Significant changes are underway at the Board of Biogen as set out in the Schedule 14F filed on 13 June 2023. However, in relation to the election of Susan Langer, while she does bring healthcare and biotech operational and strategy experience, we question whether her lack of Board experience makes her the ideal candidate for this board at this time given what appears to be required are Board members with fuller Board-level experience. In addition, we note that there appear to be certain personal connections to the prior chairman which do not appear to have been sufficiently disclosed in the 14F, which may raise questions of independence.</i></p>

First, about the length of the HeXin mandate which raises questions about independence after such a long tenure. We will continue to engage on this matter but with no progress to date, votes against these items are warranted.</i>

<i>Blended Rationale: A vote AGAINST this resolution is warranted in view of the following concerns: - We believe that the current payment structure, sufficiently covers the overall overheads cost and any incremental expenses incurred by the parent entity and there is no strong justification for the increase in royalty/central services fee, from the current arrangement. - The company is only seeking shareholders' approval for the central services fee arrangement, while royalty and brand usage payout have been kept out of the shareholders' review as it does not exceed the RPT threshold for seeking shareholders' approval. While not mandated by regulations, given the overlapping and complementary nature of the services provided by the parent company, we raise concerns on the company not presenting the overall royalty/fee structure with Unilever Plc for shareholder approval.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. The compensation committee was sufficiently responsive after receiving significant opposition to the 2022 say-on-pay proposal. The committee made positive changes to the LTI program and committed to include only double-trigger change-in-control provisions in any new employment agreements, addressing key shareholder concerns. In addition, the annual and long-term incentive programs are sufficiently performance-based. Annual incentives were entirely tied to objective financial metrics with rigorous targets, and a substantial portion of the NEOs' LTI awards were tied to performance conditions. While concerns are noted surrounding the lack of forward-looking goals in the LTI, changes to the program for FY23 strengthen the multi-year focus of the program. Given these factors, the pay-for-performance misalignment for the year under review is mitigated.</i>

Concern is further heightened as the company uses an overlapping metric and target goal between the short- and long-term programs.

3	Advisory Vote on Executive Compensation Approach	For	Against

Blended Rationale: Vote AGAINST this non-binding advisory vote. The quantitative pay for performance model indicated a High concern due to RDA. The company's one- and three-year TSR underperformed the median TSR of its 4-digit GICS group, Composite Index and its own peers. Furthermore, it appears the company underperformed its own peers with respect to certain operational metrics in 2022. In addition to the underperforming TSR and declining operational performance, various problematic pay practices have been identified: - The CEO's compensation continues to consist of only a large stock option grant (US\$20M in 2022 and 2021). - Compensation for other NEOs also does not include any performance-based compensation. Their equity-based compensation is subject to only time-vesting conditions. There is monthly vesting of equity awards granted under Flex Comp program, and the vesting period of equity awards under Flex Comp program is unclear. - There is a lack of risk mitigating practices. - The CIC agreement is single trigger. - There is insufficient disclosure around severance payments to the former CFO.

<i>Blended Rationale: A vote AGAINST is warranted, because: - The company did not provide a compelling justification for significant base salaries increases of executives; - The architecture of the LTI raises concerns. Program A is related to a fixed amount of shares distributed over a period of three years and not linked to any performance criteria, and as such leads to a poor alignment of pay-for performance. Program B, which is linked to performance criteria lacks sufficiently exhaustive and clear disclosure. - One-off award of EUR 1,000,000 awarded to the CEO without a compelling rationale; - Continued and concerning lack of response to significant shareholder dissent with respect to the 2022 remuneration report and remuneration policy.</i>

<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. We acknowledge that the transparency could be improved regarding ex-post disclosure to explain the evolution of variable payouts versus company performance. <p><i>Blended Rationale: While we agree that in general the roles of CEO and Chair are best split, the fact that there is an independent Lead Director with clearly defined roles and responsibilities offers some mitigation. We have engaged with the company about ongoing succession planning both for the CEO/Chair roles and for other senior management positions. However, our concerns in this case stem mostly from the fact that the company has seen a number of controversies of different types in the last few years in multiple different countries. This suggests that an improved approach to management and oversight of risks, including ESG ones, may be appropriate. This is also supported by the disclosures made in the annual report relating to the board evaluation outcomes which particularly highlight the requirement for a more comprehensive approach to be taken to risk management, the governance relating to CSR including Board oversight, and including environmental considerations in the post-integration strategy work. As a result we consider a vote against this item is appropriate. We will continue to engage.</i></p>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Accept Financial Statements and Statutory Reports	For	For
2	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Shareholders may question the Remuneration Committee's use of discretion to allow the former CFO and Acting CEO, David Egan, to receive his 2020 LTIP, deferred bonus awards and the cash element of his FY2022/23 bonus, given that the Company has not characterised him as a 'good leaver'. Given the nature and circumstances surrounding his resignation, the use of discretion appears controversial and there is a lack of sufficiently compelling rationale to help explain how it has been applied. - The Company's Remuneration Policy received significant shareholder dissent at the 2022 AGM (c. 39% against), which has been attributed to concerns in connection with the one-off J2G award proposed under the 2022 policy. Despite the level of dissent recorded, no material actions have been taken to address the underlying concerns raised and the Company has recently made an award to the new CEO under the J2G on materially unchanged terms.</i></p>

WITHHOLD votes are further warranted for Governance Committee member Raymond Svider given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, the classified board, and the pop-up supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impact shareholder rights.</i>

2	Approve Issuance of Options to Paul Crawford	For	Against
<p><i>Blended Rationale: A vote AGAINST this resolution is warranted on the basis that: - The award appears to involve board discretion and there is no disclosure of any specific performance hurdles typically seen as accepted market practice to justify such awards or bonuses. - There are no time-based or performance-based restrictions, and there is no disclosure of any malus or clawback provisions. - Shareholders may question any asserted incentive value in the award given disclosure that Crawford intends to retire as CFO and Executive Director two weeks before the shareholder meeting to approve this grant. - The exercise price was set at a substantial discount to the company's share price at the time of board approval and the options continue to be in-the-money.</i></p>

10	Adopt New Constitution	For	Against

Blended Rationale: A vote AGAINST this resolution is warranted due to the following: - The new constitution includes wording that explicitly states that the company may conduct meetings by virtual-only means; - Concerns are raised for any moves to eliminate any physical attendance at meetings. Virtual-only meetings may impact shareholder rights in holding directors publicly accountable and may hinder meaningful exchanges between directors and shareholders; and - Constitutional language reflecting a hybrid meeting format, which provides for physical attendance concurrently with the use of virtual technology to hold meetings, would not negatively impact shareholder rights (compared with a virtual-only meeting format) and would represent the preference of many shareholders.

<i>Blended Rationale: A vote FOR this resolution is warranted because this is a routine item and no significant concerns have been identified.</i>			
3	Approve Remuneration Report	For	For
<i>Blended Rationale: A vote FOR this item is considered warranted, although it is not without concern: * Executive Directors have received bonus awards, based on non-financial metrics, despite not achieving the profit target. Bonus awards may also be questioned in the context of increased scrutiny over executive pay and water pollution. The main reasons for support are: * The bonus awards are notably reduced comparative to the previous year. In addition, the Executive Directors have waived a portion of both the annual bonus and vested LTIP awards which relate to environmental performance – a decision which seems appropriate.</i>

Macquarie Group Limited

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Adopt Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST this resolution is warranted. Whilst Sustainability Advisory Services has recommended qualified support for the proposal in recent years, previously-identified structural concerns persist for the year under review and the magnitude of remuneration for the CEO and, notably, Head of CGM O'Kane, increased significantly amid mixed company performance (including negative one-year annual TSR). These concerns are heightened in the context of a quantitative pay-for-performance misalignment, which has endured for several years. Notably, the profit share award for the CEO already at a concerning magnitude increased substantially a yearly basis and, as a result, the total remuneration of the company's CEO is excessive when compared to the median of both the top 25 Australian companies and the Sustainability Advisory Services-selected peer group, and high even when compared to the company's global selected peer group. Further concerning is that Head of CGM O'Kane the highest paid executive over the last three years has had his total remuneration skyrocket from \$26.3 million in FY21 to \$36.2 million in FY22 to \$57.6 million in FY23, an excessive magnitude relative to the total CEO pay of Australian and global financial peer CEOs. Investors generally disfavor an executive compensation framework that provides multiple executives with CEO-level compensation and, in the case of Macquarie Group, Mr O'Kane's profit share alone significantly exceeds the total remuneration of CEOs at several global financial institutions which the company views as peers. Additionally, the process for determining profit share awards which comprises the vast majority of executive KMP remuneration outcomes lack important investor-friendly features and disclosures, and continues to rely on vague financial and non-financial factors. The hallmarks of shareholder-friendly remuneration frameworks at large-cap, global financial institutions include pre-set target and maximum incentive award opportunities, metric weightings, and transparent pre-set threshold, target and maximum goals. In this case, however, individual profit share award determinations are discretionary. In light of these factors, the quantitative pay-for-performance misalignment is not mitigated and support for this proposal is not warranted.</i></p>

	<i>Blended Rationale: A vote AGAINST this resolution is warranted in view of the following concerns in the executive's remuneration: - The pay structure comprises stock options which have an exercise price at face value and are not subject to any performance conditions. These will follow time-based vesting and are only subject to continued employment. - There is no clarity on the metrics and parameters that will guide variable pay outcomes under this framework. This is concerning given a sizeable quantum of his remuneration is attributed to these pay components. - The quantum of remuneration is considered to be competitively positioned when compared to other domestic IT peers. - Fixed pay forms a major part of the total estimated remuneration which deviates from the structures adopted by companies operating in the same industry, where variable pay forms a major portion of the total pay.</i>

2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is considered warranted as the Remuneration Committee amended the performance conditions of the in-flight bonus to incorporate individual performance metrics, resulting in a higher payout than would otherwise have been the case.</i>		
3	Approve Remuneration Policy	For	For
	<i>Blended Rationale: We are supportive of these items. While we have reservations around the quantum, the lack of non-TSR operational metrics in the remuneration and Value Creation Plan for the CEO, and also about the change in period of the plan from 5 to 7 years, we think that the CEO Josef Varadi has played an instrumental role in the track record of Wizz, as well as building a culture and strategy at the company which has enabled this success. We also consider that at maximum payout – the greater than 20% CAGR needed to achieve this (even on the new revised 7 year plan) would, in our view, represent a strong outcome for shareholders. Even the minimum payout (£20mn) would require a 10% CAGR which is above historical equity market returns of 7-8%.</i>

<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. We acknowledge that the transparency could be improved regarding ex-post disclosure to explain the evolution of variable payouts versus company performance. However, we consider that the variable compensation is not excessive compared to peers and taking into account the long-term total shareholder return. In addition, the proposed total remuneration of the executive committee of CHF 3.1 million reflects a 7.2% reduction in total remuneration compared to FY2021/22. As such, we vote FOR the resolution and are aiming to engage with the company on improving the transparency of the remuneration report in the future.</i>

<i>Blended Rationale: We consider a vote in favour of these resolutions to be warranted. For 2023, our guideline policy now recommends a vote against the incumbent nominating committee chair or incumbent members of the nominating committee in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case, the diversity level on board currently stands at 25%. This is primarily driven by the small board size (4 board members). We continue to engage with the company on this topic and therefore we vote FOR.</i>

The fees paid to directors at present are not considered excessive having regard to the average of fees of Xero's average market capitalisation peer group in Australia. 2	Approve Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because: - The quantum of total pay package is high, particularly the vested value of LTI awards with a large portion not subject to performance conditions. - The quantum of the overall realized package for FY 2022/2023 is considered excessive (USD 61.5 million) where this is mainly driven by the SAR plan that is not sufficiently transparent and share options which are not tied to separate performance conditions. - A substantial part of the LTI awards vest before the third anniversary in deviation of best practice recommendations. - The quantum of discount linked short term incentive awarded is considered excessive. The CEO received a USD 3.4 million bonus for reducing the perceived valuation discount to NAV, but which appears to be mainly resolved by selling off Tencent shares and repurchasing company stock, without it necessarily being linked to company performance. This is not without noting the improved disclosure on the ex-post targets and achievements under the STI, further providing transparency on the link between pay and performance.</i>

1	Approve Creation of CHF 2.5 Million Pool of Conditional Capital for Financings, Mergers and Acquisitions	For	For
2	Approve Increase in the Capital Band Upper Limit to CHF 7.8 Million	For	For
<i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. The company is in a critical phase in ramping up products and developing the internal pipeline. A certain level of flexibility is needed to act quickly if opportunities arise such as investments in the working capital, capacity expansions, partnerships or acquisitions. The threshold of 10% for capital issuance without preemptive rights is not sufficient for a small cap company such as Evolva and therefore we support the creation of the capital band.</i>			
3	Transact Other Business (Voting)	For	Against
<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and - The content of these any new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

3.1	Re-elect Kgomotso Moroka as Director	For	Against
<p><i>Blended Rationale: A vote AGAINST the re-election of Kgomotso Moroka is warranted: - Kgomotso Moroka is a non-independent NED who serves as a member of both the Remuneration and the Nomination Committees on which there are no majority of independent NEDs among the members. The absence of an independent majority on the said Committee increases the potential for the Committees to be unable to effectively oversee the executive management of the Company.</i></p>

<p><i>Blended Rationale: A vote AGAINST this item is warranted because: - The proposed fees, particularly for the Lead Independent Director, appear to be higher than what comparable South African companies are offering to their NEDs. - The payment of ad hoc fees to NEDs for unspecified services may potentially undermined the independent judgement that NEDs should bring to the Board.</i></p>

6	Approve Implementation Report of the Remuneration Report	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted: - The once-off NAV discount-linked STI implemented in the year under review paid out to both Executive Directors, and outcomes are not based on pre-set targets that are clearly linked to intrinsic Company performance, contrary to market standards.</i>		
7	Place Authorised but Unissued Shares under Control of Directors	For	Against
	<i>Blended Rationale: A vote AGAINST this item is warranted: - The proposed authority could result in significant levels of dilution and would give the Board the ability to make significant decisions that ought to be presented for specific shareholder approval. - The authority could involve the issues of new A ordinary shares, which have multiple voting rights, and therefore perpetuate the Company's dual-class share structure.</i>		
8	Authorise Board to Issue Shares for Cash	For	Against

2	Approve Financial Assistance in Terms of Section 44 of the Companies Act	For	Against
<p><i>Blended Rationale: A vote AGAINST this item is considered warranted: - This resolution will facilitate the operation of equity incentive schemes which raise concerns due to the lack of performance criteria in some of the long-term incentive schemes and vesting profiles which allow for the release of awards less than three years from the grant date.</i></p>			
3	Approve Financial Assistance in Terms of Section 45 of the Companies Act	For	For

Concerns are highlighted that the level of chair and NED fees are higher than New Zealand market capitalisation peers. The proposed increase in NED fee cap would allow the company to increase individual fees which would further contribute to put NED fees at this company well above its NZX-listed market capitalisation peers.</i>

	<i>Blended Rationale: Board elections (Items 5.1-5.18) Votes AGAINST incumbent nominating committee chair Johann Rupert are warranted for lack of diversity on the board. Votes AGAINST non-independent audit committee members Josua Malherbe, Jean-Blaise Eckert, and Guillaume Pictet are warranted due to the failure to establish a majority-independent committee and because Malherbe serves as non-independent chair. Furthermore, some shareholders may be concerned that Johann Rupert is considered overboarded, although we note that he has a lead executive role at the company. 	<i>Blended Rationale: A vote FOR this resolution is warranted because the proposed amount is broadly in line with market practice.</i>		
9.2	Approve Fixed Remuneration of Executive Committee in the Amount of CHF 8 Million	For	Against
	<i>Blended Rationale: Fixed compensation (Item 9.2) A vote AGAINST this proposal is warranted because: * During the year, the CFO received a significant fixed compensation increase without a compelling justification. * The proposal implies a significant level of flexibility and there is no indication of how the amount will be allocated. Variable compensation (Item 9.3) A vote AGAINST this proposal is warranted because: * There are insufficient ex-post disclosures to explain the evolution of variable payouts versus company performance. As such, performance achievements underlying the requested amount are unclear. * The board of directors retains significant discretion within the overall compensation framework. * The report does not directly address significant shareholder dissent on last year's vote.</i>

10.1	Amend Articles Re: Registration Threshold for Nominees	For	For
	<i>Blended Rationale: A vote FOR the proposed article amendment is warranted because it is in line with market practice and is not considered to have a material impact on shareholder rights. Nevertheless, shareholders should be aware that if they own more than 0.5 percent of the share capital, they will be required to apply for entry into the share register as a shareholder with voting rights in order to be voting eligible, which represents an administrative exercise.</i>		
10.2	Amend Articles Re: Restriction on Empty Voting	For	For
	<i>Blended Rationale: Items 10.2 and 10.5-10.6 Votes FOR the proposed article amendments are warranted because they are overall non-contentious in nature and largely reflect amendments in line with new Swiss statutory requirements. Item 10.3 A vote AGAINST the proposed article amendments is warranted because: * The ownership threshold for shareholders to submit agenda items will increase from currently 0.17 percent of the share capital to 0.5 percent of the share capital. * The deadline for shareholders to submit requests to the board of directors would be set at 60 days prior to the AGM, which is high in the context of Swiss market practice. * The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.</i>

10.4	Approve Virtual-Only or Hybrid Shareholder Meetings	For	For
	<i>Blended Rationale: A vote FOR this resolution is warranted, though it is not without concern: * It would allow for virtual-only shareholder meetings on a permanent basis and the company does not elaborate on the circumstances under which virtual-only meetings would be held. The main reasons for support are: * The company is holding an in-person AGM this year and clarifies that it does not currently intend to hold virtual-only meetings, but is rather seeking flexibility. * If virtual-only meetings would be held, shareholders' participation rights would be protected (in line with Swiss law).</i>

9.3	Approve Variable Remuneration of Executive Committee in the Amount of CHF 17.2 Million	For	Do Not Vote
<i>Blended Rationale: A vote AGAINST this proposal is warranted because: - There are insufficient ex-post disclosures to explain the evolution of variable payouts versus company performance. As such, performance achievements underlying the requested amount are unclear. - The board of directors retains significant discretion within the overall compensation framework. - The report does not directly address significant shareholder dissent on last year's vote.</i>

<i>Blended Rationale: A vote AGAINST the proposed article amendments is warranted because: - The ownership threshold for shareholders to submit agenda items will increase from currently 0.17 percent of the share capital to 0.5 percent of the share capital. - The deadline for shareholders to submit requests to the board of directors would be set at 60 days prior to the AGM, which is high in the context of Swiss market practice. - The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.</i>

5.1	Reelect Johann Rupert as Director and Board Chair	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. For 2023, our guideline policy now recommends a vote against the incumbent nominating committee chair or incumbent members of the nominating committee in Continental Europe if 40% or less of the board is gender diverse. We support the spirit of this policy, and continue to review board composition on a case-by-case basis. In this case, the diversity level on board currently stands at 33% and has increased consistently in the last years. We appreciate this improvement and continue to engage with the company on this topic and therefore we vote FOR.</i></p>			
5.2	Reelect Josua Malherbe as Director	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. Josua Malherbe is considered one of the founders of what is today's Richemont Group and therefore he deserves in our view to remain in the board of directors. Going forward, we encourage the board to review the composition of the Audit Committee to increase the level of independence.</i></p>

5.4	Reelect Clay Brendish as Director	For	For
5.5	Reelect Jean-Blaise Eckert as Director	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. Jean-Blaise Eckert brings strong legal knowledge on corporate, commercial and tax law. He is a partner of the legal firm Lenz & Staehelin. Going forward, we encourage the board to review the composition of the Audit Committee to increase the level of independence.</i></p>

9.1	Approve Remuneration of Directors in the Amount of CHF 8.3 Million	For	For
9.2	Approve Fixed Remuneration of Executive Committee in the Amount of CHF 8 Million	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. On the last AGM, ISS recommended to vote FOR the fixed remuneration of the Executive Committee. This year, ISS is concerned by the overall remuneration increase for the Executive Committee and in particular of the one-off increase for the CFO. We raised these points to the company and we were satisfied with their explanations. There were several changes in headcount in the EC, down by 5 members first and up more recently by 2, which influenced the total fixed compensation. In particular, since the last AGM a new Chief People Officer and new Chief Sustainability Officer were introduced, which in our view explains the increase in total fixed compensation. In addition, the fixed CFO remuneration was increased from CHF1.5m to 1.9m, which was a long-dated planned career increase according to the company. This is in our view more than acceptable and still below the previous fixed remuneration of the former CFO.</i></p>			
9.3	Approve Variable Remuneration of Executive Committee in the Amount of CHF 17.2 Million	For	For
<p><i>Blended Rationale: We consider a vote in favour of this resolution to be warranted. The proposal appears to be broadly in line with market practice and does not raise significant concerns in our view. In addition some of the concern of the past that we have raised in our engagement with Richemont such as high discretionary advisory fee for former executives, do not appear to be an issue anymore. The company's performance for FY 2023 was again very strong: with sales up 19%, operating profit up 34%, and net profit up 60%, while net cash increase by 25% to record level of EUR6.5bn, and figures were above pre-pandemic levels. Ordinary dividend increased by 11% and on top adding a special dividend again of CHF1. Performance criteria are clear enough and include: quantitative component (55%), such as sales, operating profit, and cash flow, but also qualitative component (45%), individual (25%), specific targets based on executive's scope of responsibility and collective (20%): climate & environment, talent diversity. In terms of ESG, Richemont scores excellently compared to international peers and also in the context of the Swiss equity market overall, with one of the lowest Sustainalytics risk scores. Moreover, in terms of net zero emission plan and climate impact, Richemont is one of the first companies globally with submitted and approved SBTi targets.</i></p>

While we would prefer to see amendments to articles proposed as separate items, on balance, we are comfortable with the amendments proposed including those that support shareholder rights such as: Shareholders representing at least 5 percent of the share capital or voting rights (previously: 10 percent of the share capital) can request a shareholders' meeting. It is mainly an alignment to the new Swiss law requirement. Richemont does not introduce a capital band.</i></p>

4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee demonstrated poor responsiveness to last year's failed say-on-pay vote. While the proxy discloses certain shareholder concerns from before the failed vote, the company does not disclose engagement with shareholders following the most recent failed say-on-pay vote result. Further, the CEO's equity awards, while performance-based, are earned primarily based on an overlapping metric with the STI plan that is measured over a one-year performance period. Lastly, the grant value of the CEO's equity remains relatively large and does not include the three-year performance awards that have not yet been disclosed in pay table values.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, with caution. The compensation committee demonstrated sufficient responsiveness to last year's low say-on-pay vote. Certain features of the long-term program warrant continued close monitoring, as the majority of FY23 equity awards lacked performance criteria and the increase in FY23 performance share weighting was accompanied by an increase in total equity value. However, there are sufficient mitigating factors identified. Notably, pay and performance were reasonably aligned for the year in review. Additionally, the annual incentive was based entirely on pre-set objective measures and performance shares are based on rigorous, multi-year goals, with a cap on relative TSR vesting if absolute TSR is negative. While performance shares constituted less than half of the overall equity mix for FY23, the committee indicates the proportion will increase to 50 percent for FY24 and onward. Continued close monitoring of the long-term structure and equity award values is warranted.</i>		
3	Advisory Vote on Say on Pay Frequency	One Year	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
3	Advisory Vote on Executive Compensation Approach	For	Against

Blended Rationale: A vote AGAINST this non-binding advisory vote is warranted at this time. The quantitative pay-for-performance screen has continued to identify a high concern. In the prior two years, the company received 78 percent and 45 percent shareholder support for its say-on-pay proposals at its 2021 AGM and 2022 AGM, respectively. While the company's TSR outperformed its 4-digit GICS peer group median and the S&P/TSX Composite Index on a one-year basis, it underperformed both on a three- and five-year basis. Compared to the company's updated self-select peer group, the company has underperformed its peers on a one-, three-, and five-year timeframe. In contrast, the CEO's compensation ranked at the top quartile among the peers over one- and three- year timeframes. The CEO pay increased by 46 percent compared to Fiscal 2022 and 11 percent compared to Fiscal 2021. The primary driver for the substantial pay increase is the grant of 1,000,000 one-time performance stock options (assuming maximum performance) to the CEO, with the only performance metric affixed to this grant being the quarterly average share price. In addition, the vested options can be exercised by the CEO at the earlier of the fifth anniversary of the grant date and the date he departs from the company. This grant was made only two years after the Fiscal 2021 one-time performance options grant, also with share price as the only performance-vesting condition. At the time of the Fiscal 2023 grant, the previous Fiscal 2021 grant was underwater but still had three years to vest with a remaining five-year term. Moreover, the Fiscal 2023 grant is much larger in size but lower in exercise price and price hurdles than the Fiscal 2021 grant. As such, from a shareholder perspective, the Fiscal 2023 grant appears to undermine the long term incentive purposes of the Fiscal 2021 one-time grant, and be contrary to a pay-for-performance philosophy. Furthermore, in connection to the Micro Focus acquisition, other NEOs were granted significant one-time stock option awards without any performance-vesting conditions. In light of the above, the say-on-pay resolution does not warrant support.

5	Provide Right to Call a Special Meeting at a 25 Percent Ownership Threshold	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted. While the ability to call special meetings would improve shareholder rights, this proposal is merely a request for the board to take action at a future meeting to provide a special meeting right with a 25 percent ownership threshold with otherwise undefined terms. The 25 percent ownership threshold is considered relatively high for a company of this size. Moreover, the proposed 10 percent threshold in Item 6 is considered more appropriate and it is recommended that shareholders vote in favor of Item 6.</i></p>			
6	Provide Right to Call a Special Meeting at a 10 Percent Ownership Threshold	Against	For

Blended Rationale: A vote FOR this proposal is warranted as the ability to call special meetings would improve shareholder rights. The proposed 10 percent ownership threshold is more appropriate for a company of this size relative to the 25 percent proposed by management in Item 5, which also lacks specificity in its terms.

<p><i>Blended Rationale: Qualified support (FOR) for the proposed redomiciliation is warranted because: - In an update published on Sep. 15, 2023, on the proposal to redomicile to Bermuda, the company has provided additional concessions to enhance the governance of the current proposal following shareholder feedback. The company proposes (i) the introduction of preemptive rights as a protection of existing shareholders, (ii) shareholder approval right for share buybacks, and (iii) shareholder approval rights for the annual final dividends. - The company has provided additional background in support of the rationale to redomicile to Bermuda, where also the Spanish insurance supervisor DGSFP explains the potential risks of the BMA not becoming the supervisor and avoid potential uncertainty or 'unnecessary supervisory risks'. - Given the company's earlier concessions ((i) uphold the right of shareholders to approve major transactions as applicable under Dutch Law, and (ii) enable shareholders to have a binding vote on the remuneration policy at least every four years) and additional context and background to the rationale for changing supervisor, the company has demonstrated to be responsive to shareholder raised concerns in the process leading up to the EGM. However, this is not without continued concern for the overall governance changing for Aegon whereby a number of rights or strong governance features will disappear. Nevertheless, the proposed governance appears more balanced whereby also a number of positive amendments are noted.</i></p>

1.2	Approve Remuneration Report (Non-Binding)	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - There are insufficient ex-post disclosures to explain the evolution of variable payouts versus company performance. - STI opportunity levels were increased via higher maximum caps and the application of a 'booster' to certain performance metrics without a compelling explanation. - The board made discretionary adjustments to the group EBITDA margin and ROCE metrics under the STI without a detailed explanation. - A new executive received a pre-determined STI payment for the onboarding period, which appears to represent guaranteed variable pay.</i>

9.2	Amend Articles Re: General Meetings (Incl. Approval of Virtual-Only or Hybrid Shareholder Meetings)	For	Against
<hr/> <p><i>Blended Rationale: A vote AGAINST the proposed article amendments is warranted because: - The deadline for shareholders to submit agenda proposals would be increased from currently four weeks to 45 days prior to the general meeting, which would have a negative impact on shareholder rights. - The company has bundled a set of amendments that could have been submitted for shareholder approval under separate resolutions, presenting shareholders with an all-or-nothing choice.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<p><i>Blended Rationale: A vote AGAINST this proposal is warranted given that the compensation committee demonstrated only limited responsiveness to last year's low say-on-pay vote result. While the company engaged with investors following last year's annual meeting, the proxy does not detail the portion of investors the company met with, nor if directors participated. Although the company made certain improvements to the pay programs, it is unclear if such changes fully address investor feedback. Lastly, an unmitigated pay-for-performance misalignment was again identified at the company and concerns are raised regarding the level of discretion in the annual incentive program and certain overlapping performance periods in the long-term program.</i></p>

6	Report on Risks Related to Operations in China	Against	Against
7	Amend Bylaws to Require Shareholder Approval of Certain Provisions Related to Director Nominations by Shareholders	Against	For

Blended Rationale: A vote FOR this proposal is warranted. Although the board has not unilaterally adopted any problematic advance notice provisions in the Code of Regulations, the proposal is considered to be narrowly tailored to prevent unilateral adoption only of highly restrictive provisions to which shareholders have objected at other companies.

6	Approve Increase in the Non-Executive Director Fee Pool Cap	None	For
<i>Blended Rationale: A vote FOR the increase in the maximum fee cap payable to non-executive directors is warranted. Director fees are currently in line with the median for similar sized companies in the ASX 26-50 group but below the median of the Sustainability Advisory Services selected industry peer group, and the company has disclosed that there have been no changes to board or committee fees since the year ended 30 June 2017, or the fee cap since the 2013 AGM. The company has disclosed that the increase is to allow the appointment of additional directors as part of board succession, and the quantum of the increase is not excessive. However, it is noted that the Chair's fees are materially above the median of market cap and industry peers and the company has forecast a review of board fees in FY24.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
<p><i>Blended Rationale: A vote FOR this proposal is warranted, as pay and performance are reasonably aligned for the year in review. Some concerns are noted in the STI plan where certain targets were set below the prior year's goals, and the LTI plan utilizes a two-year measurement period. That being said, annual incentives are largely based on pre-set financial metrics, and half of the CEO's equity awards are performance based over a multi-year performance period.</i></p>

3	Approve Remuneration Report	For	Against
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted given the following corporate governance concerns: - Medium level of concern in quantitative pay for performance analysis, suggesting that pay is not well aligned with performance and shareholder returns. - Upward discretion was exercised by the board to adjust the ROCE outcome to 92 percent of maximum, despite disclosure indicating that the threshold hurdle was not achieved. - Inferior and absent disclosure of quantified and specific performance targets and outcomes in the STI. - The individual performance multiplier continues to be utilized, which appears to be based on discretionary assessment of core 'day job' responsibilities of executives. - The Chair and directors continue to receive increases in fees despite their fees being above the median of similar sized companies by market capitalisation and industry peers.</i></p>			
4	Approve Grant of Performance Rights to Tim Ford	For	Against
<p><i>Blended Rationale: A vote AGAINST the FY24 LTI grant to the CEO Tim Ford is warranted. The following concerns are identified: - A substantial reduction in performance targets compared to the prior year, leading to questions over target rigor, while LTI quantum has increased. - Low weighting to TSR (share price and dividend growth). - The three-year performance period lags better market practices amongst larger ASX-listed companies, which are moving towards performance periods of four or more years. - The board retaining absolute discretion to adjust performance hurdles, noting the issues identified in the FY23 remuneration report and the board's decision to retrospectively amend the FY21 ROCE performance targets. - Excessive quantum which is well above the median of the company's market capitalization (ASX 51-75) and industry peer groups.</i></p>

2	Elect Maxine Brenner as Director	For	For
	<i>Blended Rationale: A qualified vote FOR the re-election of Maxine Brenner is warranted. She serves as an independent non-executive director and no other material concerns have been identified regarding board and committee composition. In addition, the company disclosed upon engagement with Sustainability Advisory Services that given her tenure of nine years currently, she would only be seeking re-election for an additional year up to the conclusion of the scheme of arrangement with Brookfield and MidOcean Energy and is currently a member of the Risk Committee with experience in mergers and acquisitions. The qualification is raised to highlight the following concerns as disclosed in the original Sustainability Advisory Services report: - Material failures of governance, board and risk oversight have been identified at Qantas with specific regard to the ACCC legal action, High Court ruling on the illegal firing of 1,700 workers during the pandemic and problematic pay practices. She has been on the board of Qantas for 10 years and is a member of the remuneration committee. - Potential concerns and accountability regarding fatalities during the year have been identified at Woolworths, where she is chair of the remuneration committee.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted. The following concerns continue to be identified: - Poor, inferior and absent disclosure of quantified and specific performance targets in the STVR performance targets, weightings and outcomes, which shareholders would typically expect for justifying bonus determinations and to understand target rigor. - Use of 'underlying NPAT' in determining bonuses, noting the FY23 Underlying NPAT did not appear to recognize the pausing of the CHESS replacement project and the significant impact on profitability of the derecognition charge, being misaligned with the company's performance and shareholder expectations. - Bonus opportunities have been increased substantially, being inconsistent with the company's performance and shareholder returns, including, - A decrease in the FY24 STI opportunity appears more than offset by a material increase in the CEO's FY24 LTI. - Other executives which were previously ineligible for LTVR awards, are now being granted LTVR opportunities from FY24, significantly increasing remuneration. In this regard, the company has provided no explanation of the LTIs being offered, while there is no disclosure of a reduction in STI opportunities. - The rigour of the Underlying ROE measure in the FY24 LTVR grant may be questioned given the company's disclosure of underlying ROE of 13.1 to 14.0 percent in the period between FY20-FY23, being well within the FY24 LTI underlying ROE target range of 13.0 to 14.5 percent.</i></p>

	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Though positive features are noted in the STI and LTI programs, including that significant portions of both programs were based on pre-set financial metrics and that pay outcomes in the STI program are in line with recent company performance, a number of major concerns are noted. In particular, the target annual equity grant value increased significantly in FY2023, and the proxy does not provide any rationale for this increase in pay. Target setting is also a concern in the STI and LTI programs, while the maximum vesting opportunity for a portion of the LTI award was set at 300 percent of target, which exceeds market norms. Lastly, over half of the performance equity merely utilizes a one-year performance period.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: The compensation committee was sufficiently responsive to shareholders' concerns after last year's relatively low say-on-pay vote result by engaging with shareholders and making changes to address the primary concern expressed. However, an unmitigated pay-for-performance misalignment exists for the year under review. The CEO received a large front-loaded option grant that, even when annualized over the two years it is intended to cover, significantly elevated his total target equity value. While the award is entirely performance-based and the first tranche did not vest due to failure to achieve the threshold goal, vesting is based on one-year performance goals, and the company does not disclose the goal targets nor actual achievement for the FY23 tranche. In addition, some shareholders may be concerned by the new relative TSR metric's targeting of merely median performance of a comparator group that has not yet been disclosed. As a result of noted pay-for-performance concerns, a vote AGAINST this proposal is warranted.</i>

3	Elect Leslie Alan Wilson as Director	For	Against
<i>Blended Rationale: Votes AGAINST incumbent nominees Megan Quinn and Leslie Alan Wilson are warranted for lack of diversity on the board. Concerns are further raised with respect to the re-election of Leslie Alan Wilson. He is one of the four directors on the board that represents the interests of the Wilson Family, a major shareholder of the company. The Wilson Family has representation on the Board of 66 percent i.e. four out of six board seats, which compared with the Wilson Family's combined shareholding of 56 percent of the company's share capital. Leslie Alan Wilson serves as a non-independent director on a board that is not majority independent (at only 33 percent independent).</i>

4	Approve Grant of Rights to Heath Sharp	For	Against

Blended Rationale: A vote AGAINST this resolution is warranted as the terms of the grant are inconsistent with local market standards and shareholder expectations: - The quantum of the LTI grant relative to Australian-listed peers remains excessive; - The grant includes a service-based component, which will vest solely based on continued employment; - The relative TR metric will begin to vest at the 40th percentile, which represents underperformance relative to peers, where typical vesting levels are 50 percent at 50th percentile performance and 100 percent at the 75th percentile or above; and - The use of fair value in calculating the number of awards is not an acceptable governance practice.

<i>Blended Rationale: Significant risks to shareholders stemming from severe ESG controversies have been identified at the company, which reflects a failure by the board to proficiently guard against and manage material environmental, social and governance risks. Votes AGAINST board chair Kenneth (Ken) MacKenzie are warranted given that the chair of the board ultimately shoulders the most responsibility amongst all board members for failing to effectively supervise the management of risks to the company and its shareholders and should therefore be held the most accountable for poor board oversight of ESG risk exposures at the firm.</i>

2d	Elect Belinda Hutchinson as Director	For	For
2e	Elect Todd Sampson as Director	For	For
3	Approve Participation of Vanessa Hudson in the Long Term Incentive Plan	For	Against
	<p><i>Blended Rationale: A vote AGAINST the FY24 grant of performance rights to Vanessa Hudson is warranted. - The inclusion of a non-financial "Reputation" performance measure may result in misalignment with company performance and shareholder returns as a result of excessive board discretion in assessment of a core leadership responsibility of the CEO. - Lack of disclosed quantified and specific targets for the Reputation metric, may indicate that bonus determination may involve an excessive subjective board assessment and potential for increased certainty of vesting. - The weighting of the "Reputation" performance measure of one-third of the LTI is excessive. - The relative TSR performance measure does not have a positive TSR gateway. - Half of Relative TSR performance continues to be measured against a narrow and curated peer group of 17 Global Listed Airlines, that has historically vested at maximum, despite some years of negative shareholder returns and poor financial results. - The three-year performance period is now seen as inadequate for companies in the ASX50, with performance periods of four or more years seen to be better aligned with longer term shareholder interests.</i></p>		
4	Approve Remuneration Report	For	Against
	<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted. The company reported improved financial results and the board appropriately applied discretion to defer, - payment of the FY23 STI bonus subject to further information and resolution of outstanding legal and governance matters, and - vesting of the FY21 LTI (at maximum) under the one-year holding lock provisions of the LTI, and then potentially subject to malus and claw back. The following concerns for problematic pay practices are raised: - There is a medium concern for misalignment between pay and performance and shareholder returns identified in quantitative pay for performance analysis. - Consistent with concerns highlighted in prior years regarding certainty of achievement and vesting, the Recovery Retention Plan (RRP) vested in full, and the company disclosed that it is not subject to malus and clawback. - The former CEO Joyce elected to convert his deferred FY18-FY20 LTI grants into shares after delaying vesting until August 2023, noting material inconsistency with the broad based ASX100 peer group metric which failed to vest, and billions of dollars in losses reported between FY20 – FY22. - Poor, absent, and inferior disclosure of FY23 STI targets and hurdles, and in the absence of such disclosure investors are left to rely on broad, directional shifts in award magnitude and results highlighted by the board, when analysing STI outcomes. - Changes to the structure of the FY24 LTI grant is inconsistent with better market practice given the inclusion of the non-financial performance measure regarding reputation for a substantial portion of the LTI which may lead to misalignment of the board determination of this measure with financial performance. - After the CEO's on-market share sale on 1 June 2023, the former CEO Joyce is disclosed as holding 228,924 shares, which appears to be below the CEO's minimum shareholder requirement of 150 percent of CEO fixed remuneration.</i></p>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as pay and performance are reasonably aligned. Long-term incentive awards are majority performance based and utilize a multi-year performance period. Some concerns are identified; however, as half of the annual incentive is earned based on individual performance, and performance assessment appears largely qualitative.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, with caution. There are certain structural issues that warrant continued monitoring, including annual equity awards that predominantly lack performance criteria, and one-time merger-related RSUs that vest over a relatively short two-year period. However, there are significant mitigators for the year in review, including that realized pay outcomes were well below-target for the year in review and that, for FY24, LTI awards will be primarily performance-conditioned with payouts tied to additional objective performance metrics.</i>		
3	Advisory Vote on Say on Pay Frequency	One Year	One Year

A vote AGAINST Item 3 is warranted because the proposed board does not meet the minimum independence requirements based on the Kazakhstan standards. It is also noted that proposed re-domiciliation under the previous items does not warrant support, so the proposal to appoint directors (Item 3) and company secretary (Item 4) after the re-domiciliation, does not warrant support either.</i>

	<i>Blended Rationale: WITHHOLD votes are warranted for incumbent members of the board due to multiple consecutive years of insufficient responsiveness to low say-on-pay vote results.</i>		
2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST the proposal is warranted. Following the 12th consecutive low say-on-pay vote result, the proxy vaguely described shareholder engagement efforts, and though feedback is clearly disclosed, the committee did not make any substantive changes to the executive pay program to address shareholders' concerns. Additionally, while CEO pay and company performance were reasonably aligned for the year in review, there are concerns noted within the pay program. Most notably annual equity grants to certain NEOs do not utilize performance-conditioned equity, which is inconsistent with prevailing market practices. This concern is heightened given the magnitude of certain awards and specific shareholder requests for performance-conditioned equity during engagement. Additionally, Chairman Ellison received excessive security fee perquisites in FY23, and no additional disclosure is provided regarding a sharp increase in the value of this perquisite.</i>		
3	Advisory Vote on Say on Pay Frequency	One Year	One Year
4	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The equity program is estimated to be excessively dilutive (overriding factor). - The plan cost is excessive. - The three-year average burn rate is excessive. - The plan allows broad discretion to accelerate vesting.</i>		
5	Ratify Ernst & Young LLP as Auditors	For	For
6	Report on Median and Adjusted Gender/Racial Pay Gaps	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as a report on gender and pay racial gaps would allow shareholders to better evaluate the progress of the company's diversity and inclusion initiatives and its management of any related risks.</i>		
7	Require Independent Board Chair	Against	For
	<i>Blended Rationale: A vote FOR this proposal is warranted given the importance of having an independent chairman of the board. In addition, there are ongoing concerns regarding the company's compensation practices, the significant pledging by the company's chair, and the non-robust lead director role.</i>

5	Approve Grant of One Equity Right to Ian Narev	For	Against
<i>Blended Rationale: A vote AGAINST the equity right award is warranted due to ongoing concern regarding the structure of the award: - There are no substantive performance hurdles other than continuing employment and as such provides the CEO with more certainty of award vesting akin to deferred fixed remuneration, - There is limited disclosure on how the grant of an equity right is linked to improved performance and alignment with shareholders' interests, and - Awarding a short-term incentive without specific and measurable performance conditions is inconsistent with widely accepted market practice.</i>

1	Elect Mark Compton as Director	For	For
	<i>Blended Rationale: A vote FOR the re-election of Mark Compton (Item 1), Neville Mitchell (Item 2), and Suzanne Crowe (Item 3) is warranted as no material issues have been identified regarding board and committee composition resulting from their nomination. A qualified vote FOR the re-election of Chris Wilks (Item 4) is warranted as he is one of two executive directors on a majority independent board. The presence of multiple executive directors represents a corporate governance concern where there is a lower level of board independence.</i>

5	Approve Remuneration Report	For	For
	<i>Blended Rationale: A vote FOR the remuneration report is warranted because no material disconnect between executive pay, company performance and shareholder outcomes has been identified for the period under review. STI bonuses were paid below target, which is aligned with weakened financial results, while LTI outcomes appear reasonably aligned with the results over the three-year performance period. Concerns continue to persist in the following: * Fixed remuneration and total target remuneration is targeted at the 75th or 80th percentile; * The CEO's fixed remuneration is well above the median of his market and industry peers; * Poor and inferior disclosure in the STI, particularly with respect to the financial target; * The LTI has a three-year performance period, which now falls short of better market practice among larger ASX-listed entities with four and five years; and * Inadequate minimum shareholding requirements for executives and directors.</i>		
6	Approve Issuance of Securities Under the Sonic Healthcare Limited Employee Option Plan	For	For
	<i>Blended Rationale: A vote FOR these resolutions is warranted because the Employee Option Plan (Item 6) and the Performance Rights Plan (Item 7) comprise part of the company's remuneration framework, which is structured to be sufficiently in line with accepted market practice.</i>

8	Approve LTI Options and Performance Rights to Colin Goldschmidt	For	For
	<i>Blended Rationale: A qualified vote FOR the FY24 LTI grant to Managing Director and CEO Colin Goldschmidt (Item 8) and Finance Director and CFO Chris Wilks (Item 9) is warranted. There are three performance measures (relative TSR, ROIC, and EPS growth) that reasonably align with improved shareholder interests. However, the qualification is to highlight the quantum of the CEO's LTI exceeds the median of market cap and industry peers, the absence of disclosure regarding the ROIC targets, and the relative TSR hurdle lacks a positive TSR gateway.</i>

10	Approve Renewal of Proportional Takeover Bid Approval Provisions	For	For
	<i>Blended Rationale: A vote FOR this resolution is warranted on the basis that the passing of this resolution will ensure that shareholders will have an ability to vote to accept or reject a proportional takeover bid. This is superior to any potential disadvantages that may arise from such a constitutional inclusion.</i>

<p><i>Blended Rationale: A vote FOR this resolution is warranted, although it is not without concern because: - There remains insufficient capital allocation alignment; and the short- and medium-term GHG reduction targets are not presented as aligned to a 1.5 C trajectory. - Scope 3 emissions reduction targets for Sasol Chemical are yet to be determined; and - The long-term decarbonisation roadmap, being subject to technology developments over time, requires more clarity. - The reduction in GHG emissions (scope 1&2) achieved in 2023 against base year 2017 is mainly due to lower production volumes. The main reasons for support are: - The Company achieved in 2023 some key milestones of its strategy, e.g. the increased use of renewables. - The Company generally meets expectations in terms of disclosure and governance surrounding climate change.</i></p>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: A vote AGAINST this proposal is warranted. Although overall compensation levels for the CEO declined somewhat in FY23, his total annual pay and three-year cumulative pay are relatively high, and a review of the pay program reveals several concerning features. Specifically, the majority of equity awards continue to lack performance vesting conditions. Further, there are renewed concerns regarding high base salaries and STI payout opportunities. Finally, continued monitoring of the company's practice of granting large off-cycle equity, particularly given the size and structure of the awards in recent years.</i>

	<p><i>Blended Rationale: A vote AGAINST the remuneration report is warranted despite the three-year analysis of pay alignment with performance not identifying any significant misalignment. Financial measures declined further in FY23 offset by an increase in share price recovering most of the lost ground from the prior year. The main remuneration practices that warrant concern include: * Board discretion has been exercised on several occasions in recent years and again in FY23 to award special recognition awards to three senior executives and one-off exertion payments to non-executive Director, previous CEO Elizabeth Gaines, * STI award assessments for KMPs in FY23 appear to be high at 85 and 89 percent of maximum in light of weaker financial results including declining Revenue, EBITDA, Net Profit, EBITDA margin, Return on equity and increased costs, * Inclusion of strategic measures in the STI and LTI has potential to duplicate executive reward, and may involve excessive board discretion, * Granting STI rights at the beginning of the annual performance year is not in line with better market practice as it allows executives to potentially gain from share price growth during of the year, and * One third of the LTI award for Fortescue Metals and 60 percent of the Fortescue Energy LTI award is allocated to achieving strategic objectives. This represents an excessive weighting to undisclosed, non-financial and potentially discretionary performance measures and lacks transparency for shareholders.</i></p>

	<p><i>Blended Rationale: A qualified vote FOR this resolution is warranted. There is a low concern identified under the pay for performance analysis. In addition, STI and LTI payouts appear to be in line with performance and shareholder outcomes over the relevant periods. STI disclosure also provides shareholders reasonable transparency of most STI targets. Whilst the CEO's total pay is around twice the CEO pay at companies of similar industry and size mainly due to higher LTI award, the overall structure of the annual LTI does not raise material concerns. The qualification serves to highlight concerns that the board implemented a one-off retention rights plan with no performance hurdles other than meeting a service period of at least 3.5 years. The maximum award opportunity for executive KMP (except the CEO) under the plan is 87.5 percent (pro-rated based on commencement date if applicable) of total fixed pay. A retention award or a similar award, especially if time-based in nature, is not consistent with good governance standards in the Australian market.</i></p>

<p><i>Blended Rationale: A qualified vote FOR the amended Employee Award Plan (Item 4) and amendments to outstanding awards (Item 5) is warranted. While the amended terms of the updated Employee Award Plan will allow the board to provide dividend equivalents for outstanding awards, representing a corporate governance concern for what is commonly known as "dividends on unvested shares" which were neither owned nor help in the performance period of the rights, the other amended terms appear reasonable. Shareholders may seek to express their concerns in their votes on the remuneration report.</i></p>

12	Approve Increase in Non-Executive Directors' Fees	None	For
	<i>Blended Rationale: A vote FOR this resolution is warranted. While the proposed increase is significant, FY23 director fees were below the median of market capitalisation (ASX 26-50) peers. Disclosed increases for FY24 will bring them nearly in line with these peers while fully utilising the current aggregate fee pool. The proposed increase will allow the company flexibility to appoint additional directors as required, given it is experiencing significant growth as the market and the lithium sector continues to grow.</i>

	<i>Blended Rationale: We consider a vote in favour of this item is warranted. Although we don't know yet exactly how much cross-shareholdings account for, the total amount of long-term investments is 3 bn yen (10% of net assets) at the 23/8 end, meaning the amount of X is within this. Since 23/8's Yuho is not out yet, all we can get is the amount of long-term investments from Tanshin. Again, the amount of the investments is 10% of the net assets, so the amount of X should be within the 20% threshold. (as this falls into long-term investments). We believe this estimate, using certain 23/8 data will be more accurate than the use of the 22/8 numbers to calculate the cross-shareholding.</i>

While we agree that the details related to Shann Mehta's pay could be better disclosed we consider there a few mitigating factors, including for succession planning purposes, that mean we can support the item. These are that his pay is in-line with the salary structure across the organisation and doesn't appear excessive to us considering his experience and strategic role as a family member in the business, and is capped in line with other senior managers in the business. In addition, the company has been well governed and management has been aligned with shareholder interests and has created good value over time. We will continue to monitor and engage.</i>

We acknowledge that the company has added ESG metrics to the short term bonus programme but at 5% weight with multiple inputs across various topics, we consider this to be significantly short of compensation programmes operated by best-in-class peers. We encourage the company to undertake a materiality assessment, define key targets that are material to the company and embed the targets with at least 10% weighting into pay structures. We also encourage the election of Board Directors with industry experience in this area to hold management to account. We have raised concerns about the level of board independence a number of times in the past and this independence continues to decline as directors depart this classified board. At the same time the level of pay awarded to executives is higher than peers. We are therefore voting against the directors standing for re-election and the pay plans and seek to engage further in the coming year.</i>		
6	Approve Issuance of Incentive Performance Rights to Paul Rennie	For	Against
	<i>Blended Rationale: We consider a vote against these items is warranted. We have raised concerns about the level of board independence a number of times in the past and this independence continues to decline as directors depart this classified board. At the same time the level of pay awarded to executives is higher than peers. We are therefore voting against the directors standing for re-election and the pay plans and seek to engage further in the coming year.</i>		
7	Approve the Amendments to the Company's Constitution	For	Against
	<i>Blended Rationale: A vote AGAINST this resolution is warranted because: - The proposed amendments to the constitution include wording that the company may conduct meetings by using virtual-only means. - Concerns are raised for any moves to completely eliminate any physical attendance at a meeting. Virtual-only meetings may impact on shareholder rights in holding directors publicly accountable and may hinder meaningful exchanges between directors and shareholders. - Constitutional language providing for a hybrid meeting format, which includes physical attendance concurrently with the use of virtual technology to hold meetings, would not negatively impact shareholder rights (compared with a virtual-only meeting format) and would reasonably reflect the preferences of shareholders.</i>

1	Elect Maro Evi Koulla Griva as Chairperson of the Meeting	For	For
2	Elect Sergei Koltunov, Axana Mansourian, Mariia Egorova, Alexey Smagin and Timur Lipatov as Directors	For	Against

Blended Rationale: A vote AGAINST this proposal is warranted because: - The resulting board is insufficiently independent. - The company lacks a remuneration committee and the board, which comprises two executives, is considered to fulfill the role of the remuneration committee. - The term of the candidate directors is not disclosed. As also indicated in the analysis of the EGM of April 28, 2023, the audit committee is insufficiently independent.

1	Approve Merger Agreement	For	For

Blended Rationale: A vote FOR this proposal is warranted. Concerns regarding the size of the transaction's deal spread and the board's decision forgo an auction process appear to be mitigated, given a combination of public reports of a potential sale, the board's concerns that the acquirer may not participate in the sales process, and the lack of inbound inquiries. Further, the offer represents a premium to the unaffected price and to the one-year high price, and there also appears to be downside risk of non-approval, given the stock's outperformance since announcement of the merger and since the subsequent expiry of the HSR waiting period.

2	Advisory Vote on Golden Parachutes	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted. Pursuant to the company's original agreements with executives, cash severance is double trigger and of a reasonable basis, with no excise tax gross-ups payable, while outstanding equity would only accelerate upon a qualifying termination. However, the company entered into new employment agreements with executives that may result in modified single trigger cash benefits and certain equity accelerations, as well as sizeable retention awards. As these new agreements are with the combined company and contingent upon the merger, these new modifications will be assessed in the say-on-pay context for the combined company.</i>

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Accept Annual Report	For	For
1.2	Approve Remuneration Report	For	Against
<i>Blended Rationale: A vote AGAINST the remuneration report is warranted because: - Only limited ex-post disclosure is provided to explain the evolution of variable payouts relative to company as well as individual performance. - During the year, new executives received sign-on bonuses as well as guaranteed STI payouts without an accompanying and compelling explanation. - The base salary for the new CEO appears to have been set well above his predecessor without a detailed explanation.</i>

4.1.2	Reelect Markus Neuhaus as Director	For	Abstain
<i>Blended Rationale: We consider a vote ABSTAIN is warranted as we observe the declining diversity trend on board level. The current diversity level on board (11%) is low compared to the average Swiss quality company. However, we acknowledge the challenges around the issue and believe it is necessary to provide the company more time to shift the diversity trend to positive territory. We also believe that the board has engaged with female candidates who might be able to join the board at the 2024 AGM and that Barry Callebaut is fully committed to meet the 30% gender quota by 2026. We will continue to engage.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR the proposal is warranted, with caution. Pay and performance are reasonably aligned for the year in review. Although the CEO has a relatively large target bonus opportunity, the annual bonus was largely based on pre-set financial metrics which appear to utilize rigorous target goals. The majority of the annual LTI program is based on performance-conditioned equity; however, a significant portion of the vesting percentage is determined based on one-year performance. The special equity award to each NEO also utilizes one-year performance periods, though its growth goals appear to be rigorous. Continued monitoring of these structural issues is warranted.</i>		
4	Advisory Vote on Say on Pay Frequency	One Year	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

2	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted as pay and performance are aligned for the year in review. Annual incentives were primarily based on objective criteria and the CEO's long-term awards were entirely performance-conditioned. However, the CEO's base salary and STI payout opportunities remained relatively large and long-term incentives rely primarily on annual performance periods, which compensation decisions warrant continued monitoring.</i>		
3	Advisory Vote on Say on Pay Frequency	One Year	One Year

	<i>Blended Rationale: WITHHOLD votes are warranted for compensation committee members Pamela Thomas-Graham and Angel Mendez in the absence of a say-on-pay proposal. 1.3	Elect Director Pamela Thomas-Graham	For	Withhold
	<i>Blended Rationale: WITHHOLD votes are warranted for governance committee member Pamela Thomas-Graham given the board's failure to remove, or subject to a reasonable sunset requirement, the multi-class capital structure, the supermajority vote requirement to enact certain changes to the governing documents, and the classified board, each of which adversely impacts shareholder rights. WITHHOLD votes are warranted for compensation committee members Pamela Thomas-Graham and Angel Mendez in the absence of a say-on-pay proposal. 3	Amend Omnibus Stock Plan	For	Against
	<i>Blended Rationale: Based on an evaluation of the estimated cost, plan features, and grant practices using the Equity Plan Scorecard (EPSC), a vote AGAINST this proposal is warranted due to the following key factors: - The plan permits repricing and exchange of grants without shareholder approval (overriding factor); - The plan permits cash buyout of awards without shareholder approval (overriding factor); - The equity program is estimated to be excessively dilutive (overriding factor); - The plan contains an evergreen feature (overriding factor); - The plan cost is excessive; - The three-year average burn rate is excessive; - The estimated duration of available and proposed shares exceeds six years; - The plan permits liberal recycling of shares; and - The plan allows broad discretion to accelerate vesting.</i>

5	Report on Lobbying Payments and Policy	Against	Against

Blended Rationale: We consider a vote against this item is warranted. We acknowledge the importance of greater disclosure of the company's payments and governance procedures for direct and indirect lobbying expenditures. However, the board explains that Stride's authority to provide educational services is dependent on laws and regulations of each state, and that its curriculum is overseen by non-profits or local or state education agencies, such as independent public charter school boards, local school districts or state education authorities. As a result, it says the company has to be an active participant in the political process, to inform policy and decision makers of its views on issues and to develop and maintain strong working relationships with governmental decision makers. It says the company actively reviews upcoming policy changes and regulatory initiatives and participates in dialogues and lobbying efforts related to issues of high importance to the company. The board says the company reports in federal, state, and local jurisdictions according to its legal obligations. We will continue to engage with the company.

Blended Rationale: A vote AGAINST this proposal is warranted. Following last year's relatively low say-on-pay vote result, the compensation committee demonstrated only limited responsiveness. The company, including independent directors, engaged with investors and disclosed certain feedback received. However, the disclosed shareholder feedback was relatively vague and the committee made only limited changes to address investor concerns.

The CEO was granted as substantial \$4.28 million in equity, in addition to his STI and LTI and subject to continued service only. The quantum is excessive given that existing incentive structures are already in place. The quantitative pay-for-performance model has identified a medium concern for pay, performance and shareholder outcomes.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	<i>Blended Rationale: There are significant concerns regarding incentive pay design and magnitude. While the STIP is based primarily on objective financial metrics, the matrix design allowed for nearly maximum payouts despite below-target achievement of one of the two primary metrics. Greater concerns are raised regarding equity award design and magnitude. Shareholders may appreciate that equity incentives are entirely performance-conditioned; however, the regular LTIP utilizes goals that are set and measured on an annual basis and the design carries significant upside potential. The value of the CEO's regular LTI awards more than doubled from the prior year's grants, and he also received a one-time \$113 million retention award. While the committee provides ample disclosure as to its rationale for the award, some shareholders may nevertheless question the size of the special award on top of the magnitude provided by the much larger regular LTIP grant. In light of these concerns, a vote AGAINST this proposal is warranted.</i>

5	Approve Advisory Vote on Climate Action Report	For	Against

Blended Rationale: Votes AGAINST this resolution are warranted because: - The absolute scope 3 emissions have increased by more than 60 percent since 2019, also reflecting the insufficient progress in ammonia emission intensity. - There is no disclosure on capital allocation alignment with regards to their climate strategy. - The company's targets are not SBTi approved and the company does not intend to seek SBTi validation across its suite of commitments in the near-term. It is noted that the company disclosed that Climateworks Centre's analysis has found that Orica's net zero ambition and interim operational emissions targets are compatible with an Australia specific 1.5 C decarbonisation pathway. - Their current modelling reveals high residual emissions of around 15 percent in the pathway to 2050.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Increase in the Capital Band Upper Limit to CHF 2.7 Million	For	Against
	<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The issuance request would allow for a capital increase without preemptive rights for up to 50 percent of the issued share capital.</i>		
2	Approve Creation of 891,172.48 Pool of Conditional Capital for Bonds or Similar Debt Instruments and Employee Incentive Plans	For	Against
	<i>Blended Rationale: A vote AGAINST the proposed authorization is warranted because: - The general share issuance request would allow for a capital increase without preemptive rights for up to 26.81 percent of the issued share capital. - The shares reserved for equity incentive plans would exceed 10 percent of the issued share capital and there are a range of concerns regarding current equity compensation practices. - The company has requested shares for equity compensation and for servicing convertible bonds under a single voting resolution, which is a negative governance practice, as it limits shareholder choice.</i>		
3	Transact Other Business (Voting)	For	Against
	<i>Blended Rationale: A vote AGAINST is warranted because: - This item concerns additional instructions from the shareholder to the proxy in case new voting items or counterproposals are introduced at the meeting by shareholders or the board of directors; and - The content of these any new items or counterproposals is not known at this time. Therefore, it is in shareholders' best interest to vote against this item on a precautionary basis.</i>

The proposed advance notice provisions provide the board with unchecked authority to request additional information from nominating shareholders and nominees. The potential downside of this authority, which could be used as a defensive measure in a contested election, outweighs the potential benefit to shareholders.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For
	<i>Blended Rationale: A vote FOR this proposal is warranted, as pay and performance were sufficiently aligned for the year in review. Annual incentives were primarily performance-based. However, the lack of pre-set performance goals in the long-term incentive plan warrants further monitoring, particularly if pay and performance do not remain aligned in future.</i>		
4	Advisory Vote on Say on Pay Frequency	One Year	One Year
	<i>Blended Rationale: A vote for the adoption of an ANNUAL say-on-pay frequency is warranted. Annual say-on-pay votes are considered a best practice as they give shareholders a regular opportunity to opine on executive pay.</i>

3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
<i>Blended Rationale: A vote AGAINST this proposal is warranted. The compensation committee failed to demonstrate sufficient responsiveness to last year's low say-on-pay vote. In addition, there is an unmitigated pay-for-performance misalignment for the year in review. One executive received greater total compensation than both the CEO and the median of company peer CEOs due to significant new hire and promotion-related equity awards, which were granted entirely in time-vesting RSUs. The CEO also received an entirely time-vesting long-term incentive of significant value, resulting in multiple executives paid at the level of a CEO for whom the majority of their compensation is fixed.</i>
